to blend in with its surroundings, is colour blind! This book is full of amazing facts on earth's wonderful creatures, many of them endangered. Learn more about them so that you can protect them. From the extraordinary distance our food can travel to reach our tables to the remarkable benefits of eating avocados, John Farndon shows the amazing, often shocking, truth behind the food we eat. Covering everything from the big businesses that control food production around the world to the dangers of food dyes, this book reveals the complex facts behind the simplest of meals. Here's a spooky story: Slenderman has been seen around the world for over 2,000 years. This book - dedicated to the authors who

101)**

tragically and violently lost their lives shortly after writing it - aims to tell you everything you want to know about Slenderman. What does he look like? What are his powers? What is his purpose? All this and more can be found within these very pages. Including excerpts from historical Slenderman documents (such as the 15th century poem that ends with the words 'He watches you yet has no sight, He taketh you away at night') this is the surefire way to learn all about Slenderman. The question - of course - is dare you read it?
