

## 2016 M A G A Z I N E

A New York Times bestseller! For the first time in his own words, President-elect Donald J. Trump explains his plan to make America great again! He wants to “put America’s interests first—and that means doing what’s right for our economy, our national security, and our public safety.” Throughout the 2016 campaign, Trump conjured images of American strength and culture when small towns boomed with industry, mom and pop shops bustled, and people said, “Merry Christmas!” The media scoffed at Trump’s vision and the people who supported him; they were blinded by the Clinton machine. But their eyes were opened after Trump won 62 million votes and the Oval Office. Even Republican House Speaker Paul Ryan said, “Donald Trump heard a voice in this country that no one else heard.” As Trump says in *Time to Get Tough*, “I’ve built businesses across the globe. I’ve dealt with foreign leaders. I’ve created tens of thousands of American jobs. My whole life has been about executing deals and making real money—massive money. That’s what I do for a living: make big things happen...” Trump is about to make the biggest deals of his life, and he’s going to make them for America! From reversing lax immigration policies to eliminating regulations that restrict small businesses, Donald Trump understands that America “doesn’t need cowardice, it needs courage.” President Elect Trump is about to “Make America Great Again” and *Time to Get Tough* is his blueprint!

Perhaps the most anticipated publication in American history, this is the full text, Volumes 1 and 2, of special counsel Robert Mueller's investigation. It is **THE REPORT AND NOTHING BUT THE REPORT**, in a beautifully typeset edition, with full searchability in ebook formats. It is, word for word, presented exactly as released by the Attorney General of the United States, with no positioning -- such as a celebrity introduction -- that would give it bias or impede its clarity. One of the most-talked-about investigations in American history, the subject of constant media discussion and speculation, non-stop and controversial attacks from the president, and the eager anticipation of a public wondering what the truth is, this long-awaited publication is an historic event. The Mueller Report continues Melville House's "tradition of publishing pivotal public documents."—The New York Times

This book explores Donald Trump’s political communication as a candidate and in the first two years in office. The 45th US President is dominating the media system and 'building the agenda' through the combined action of five strategies. He disintermediates his communication and manufactures a permanent campaign climate based on strong and inflammatory language to attract a constant and decisive media coverage. In disarticulating old-style political rhetoric, he privileges emotions over contents, slogans above thought. Trump’s jokes, mockeries and distinct rhetoric - showing similarities to rhetorical strategies of Nazis during the 1930s - help him impersonate the populist ‘everyday

man' who fights against the elites. His dominance of the news cycle also reflects a desire for higher TV ratings and Web traffic numbers. Essentially, Trump has critically exploited the media's news logics and taken advantage of the American public's lack of trust in journalism.

**THE NUMBER ONE BESTSELLER FROM THE 45th PRESIDENT OF THE UNITED STATES 'I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big.' - Donald J. Trump Here is Trump in action - how he runs his business and how he runs his life - as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and changes the face of the New York City skyline. But even a maverick plays by the rules, and Trump has formulated eleven guidelines for success. He isolates the common elements in his greatest deals; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks - really talks - about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur and an unprecedented education in the practice of deal-making. It's the most streetwise business book there is - and the ultimate read for anyone interested in making money and achieving success, and knowing the man behind the spotlight.**

**Time to Get Tough Make America Great Again! Simon and Schuster**

**"I recommend a book by Professor Williams, it is really worth a read, it's called White Working Class." -- Vice President Joe Biden on Pod Save America An Amazon Best Business and Leadership book of 2017 Around the world, populist movements are gaining traction among the white working class. Meanwhile, members of the professional elite—journalists, managers, and establishment politicians--are on the outside looking in, left to argue over the reasons. In White Working Class, Joan C. Williams, described as having "something approaching rock star status" by the New York Times, explains why so much of the elite's analysis of the white working class is misguided, rooted in class cluelessness. Williams explains that many people have conflated "working class" with "poor"--but the working class is, in fact, the elusive, purportedly disappearing middle**

*class. They often resent the poor and the professionals alike. But they don't resent the truly rich, nor are they particularly bothered by income inequality. Their dream is not to join the upper middle class, with its different culture, but to stay true to their own values in their own communities--just with more money. While white working-class motivations are often dismissed as racist or xenophobic, Williams shows that they have their own class consciousness. White Working Class is a blunt, bracing narrative that sketches a nuanced portrait of millions of people who have proven to be a potent political force. For anyone stunned by the rise of populist, nationalist movements, wondering why so many would seemingly vote against their own economic interests, or simply feeling like a stranger in their own country, White Working Class will be a convincing primer on how to connect with a crucial set of workers--and voters.*

**Following the epic, contentious 2016 presidential election, Joel Spring's ongoing documentation and analysis of political agendas for education reflect the major political issues since 2012. Here he examines the 2016 education planks of the Republican, Democratic, Libertarian, and Green Parties, using their official platforms and other statements, speeches given by each candidate, and media reports and publications. Each party's position is linked to previous political movements in education. Spring offers an alternative agenda for American schools, including a proposed education amendment to the U.S. Constitution and replacing human capital agendas with goals emphasizing education for a long life and happiness. Taking a fresh look at the social and political forces, educational research, and ideologies shaping their educational agendas and a comparative approach, the book stimulates reflection and discussion. Updates and changes in the Sixth Edition: Betsy DeVos's education agenda supporting vouchers, free market competition and for-profit schools and its relationship to the**

The stunning sequel to Parable of the Sower, the NEW YORK TIMES-bestselling novel. 'In the ongoing contest over which dystopian classic is most applicable to our time... for sheer peculiar prescience, Butler's novel may be unmatched' NEW YORKER 'Octavia Butler was playing out our very real possibilities as humans. I think she can help each of us to do the same' GLORIA STEINEM --- In order for me to understand who I am, I must begin to

**understand who she was. Asha was born into a broken world. There are many things she needs to know: how her country could embrace a violent, far-right President promising to make America great again, why they turned a blind eye to the suffering - and the truth about her mother. In her journals, Lauren Olamina tells of a great love divided between her young daughter, her community and the revelation that led her to found a new faith that teaches 'God Is Change'. But under a tyrannical religious regime who consider the mere existence of a black female leader a threat, Lauren knows she must soon either sacrifice her daughter and her followers - or forsake the beliefs that could transform human destiny. PRAISE FOR OCTAVIA E. BUTLER, THE NEW YORK TIMES BESTSELLING AUTHOR 'Unnervingly prescient and wise' YAA GYASI 'If there is one thing scarier than a dystopian novel about the future, it's one written in the past that has already begun to come true. This is what makes Parable of the Sower even more impressive than it was when first published' GLORIA STEINEM 'Butler's prose, always pared back to the bone, delineates the painful paradoxes of metamorphosis with compelling precision' GUARDIAN 'Octavia Butler was a visionary' VIOLA DAVIS 'One of the most significant literary artists of the twentieth century. One cannot exaggerate the impact she has had' JUNOT DIAZ 'An icon of the Afrofuturism world, envisioning literary realms that placed black characters front and center' VANITY FAIR 'Butler writes with such a familiarity that the alien is welcome and intriguing. She really artfully exposes our human impulse to self-destruct' LUPITA NYONG'O**

**The American experience has been defined, in part, by the rhetoric of exceptionalism. This book of 11 critical essays explores the notion as it is manifested across a range of contexts, including the presidency, foreign policy, religion, economics, American history, television news and sports. The idea of exceptionalism is explored through the words of its champions and its challengers, past and present. By studying how the principles of American exceptionalism have been used, adapted, challenged, and even rejected, this volume demonstrates the continued importance of exceptionalism to the mythology, sense of place, direction and identity of the United States, within and outside of the realm of politics. Instructors considering this book for use in a course may request an examination copy here.**

Review text: "We are lucky to have this book." Laurence Krute in: Anthropological Linguistics 2/2005.

This book showcases experiences from research, field projects and best practice in climate change adaptation in countries in the Latin American region, focusing on managing vulnerability and fostering resilience. It includes a selection of papers presented at a specialist symposium on climate change adaptation held in Rio de Janeiro, Brazil in November 2016. Consistent with the need for more cross-sectoral interaction among the various stakeholders working in the field of climate change adaptation in Latin America, the book documents and disseminates the wealth of experiences in the region. It is divided into two main parts: Part 1 addresses the current and future impacts of climate change on fauna, flora and landscapes, while Part 2 is concerned with the socio-economic aspects of climate change adaptation, analyzing some of the main problems prevailing in this vulnerable region and examining ways to address them.

This two-volume textbook provides a comprehensive overview on the broad field of Animal Biotechnology with a special focus on livestock reproduction and breeding. The reader will be introduced to a variety of state-of-the-art technologies and emerging genetic tools and their applications in animal production. Also, ethics and legal aspects of animal biotechnology will be discussed and new trends and developments in the field will be critically assessed. The two-volume work is a must-have for graduate students, advanced undergraduates and researchers in the field of veterinary medicine, genetics and animal biotechnology. This second volume is dedicated to genetic tools in animal biotechnology such as somatic cloning, transgenic technologies and the application of stem cells in livestock breeding. Also, ethics and legal aspects are discussed.

Crippled America by Donald Trump | Key Takeaways & Analysis Preview: Much has been written about Donald Trump and his campaign for the 2016 Republican nomination for president. But what does the billionaire builder and media personality himself have to say about what America's greatest problems are? And just as important, what solutions does he offer to address these issues? Crippled America: How to Make America Great Again offers a revealing look at his thinking... How Russian Hackers and Trolls Helped Elect a President: What We Don't, Can't, and Do Know

*Russia has deployed cyber operations to interfere in foreign elections, launch disinformation campaigns, and cripple neighboring states—all while maintaining a thin veneer of deniability and avoiding strikes that cross the line into acts of war. How should a targeted nation respond? In Russian Cyber Operations, Scott Jasper dives into the legal and technical maneuvers of Russian cyber strategies, proposing that nations develop solutions for resilience to withstand future attacks. Jasper examines the place of cyber operations within Russia's asymmetric arsenal and its use of hybrid and information warfare, considering examples from recent French and US presidential elections and the 2017 NotPetya mock ransomware attack, among others. Jasper shows the international effort to counter these operations through sanctions and indictments has done little to alter Moscow's behavior and instead proposes that nations use data correlation technologies in an integrated security platform to establish a more resilient defense. Russian Cyber Operations provides a critical framework for determining whether Russian cyber campaigns and incidents rise to the level of armed conflict or operate at a lower level as a component of competition. Jasper's work offers the national security community a robust plan of action critical to effectively mounting a durable defense against Russian cyber campaigns.*

*Is Trump our contemporary Berlusconi? In 2015, Frank Bruni coined the term 'Trumpusconi' when the media noticed some similarities between the then US presidential candidate Donald Trump and Italy's former Prime Minister Silvio Berlusconi. At that time, while many Italians joked about Trump as a déjà-vu, scholars began to analyse these two*

political 'outsiders' in an attempt to imagine Trump's probable presidency by studying Berlusconi's career. Regardless of any political view, it is against this background that this work analyses these two political figures through discourse analysis, to understand whether their similarities go beyond their personality traits and lifestyles. The work is divided into two sections: the first part provides some information on Berlusconi and Trump's socio-cultural origins and educational backgrounds, their first steps in their real-estate careers, their progression into the world of media and politics, and their relationships with women. The second part of the study proposes a discourse analysis performed on a corpus of speeches held by each politician at the beginning of their political career, in order to understand whether their personalities and lifestyles are reflected in their idiolects. The book partially confirms the media's ideas about the 'Trumpusconi' phenomenon, acknowledging some similarities between the two moguls. However, it also shows that Berlusconi and Trump belong to two different eras: even if Berlusconi's lifestyle, language, scandals, and politics will continue to negatively and positively influence Italy for many years to come, the era of social media is leading the world towards models that differ from those of his time. Western politics is becoming ever more similar to a form of infotainment, and Trump is the perfect incarnation of this evolution. Only time will reveal his long-term legacy.

When Donald Trump popularized the campaign slogan "Make America Great Again (MAGA)" in his 2016 presidential campaign, he anchored it on dozens of campaign promises centered around whisking the United States of America out of its "decline", as large majorities of Americans believed it was and it is still the case today. *THE BARGAIN WITH AMERICA*, is an insightful, research-rich and engaging account of the hectic and extraordinary Trump presidency focusing on the promises he made to America and Americans and the challenges that come with living up to his words in an environment replete with conflicting factions, deep polarization, and competing game plans. It is against the backdrop of a changing world, a highly bi-partisan political landscape, the underhandedness of faceless socio-economic and political forces in the country operating under the radar, and a relentless media that the 45th president of the United States of America is operating to

keep his bargain with the people and the country. In this account, Janvier T. Chando presents Donald Trump's time in office vis-à-vis his campaign promises and slogan to "Make America Great Again" in a compelling manner that makes THE BARGAIN WITH AMERICA an extraordinary feat of analysis.

### ***Trump for President In 2016***

Donald Trump Is The Only Choice In The 2016 Presidential Election! America needs a Washington outsider with a record of getting things done. That man is Donald Trump! . If you are like me you probably feel that America has been adrift and in decline for sometime now. With stagnant and declining wages for the middle class and growing threats from abroad it feels like the American dream is slipping away What we need is a leader who can restore the American dream and make America great again. That man is Donald Trump. Do you really think someone from within the Washington beltway can get the job done? We've been there and tried that. It hasn't worked. We need someone with a fresh approach. That man is Donald Trump. You may be sceptical of Mr. Trump because all of the Washington insiders from both parties have been attacking him. They call him reckless, inexperienced, and ignorant (and those are some of the nicer things ...) Why would you listen to these voices though, when it is these same voices that have led America to the point it's at today? Donald Trump would make an excellent president. Here's why: He's not afraid to speak his mind He is an experienced and successful businessman He is a great negotiator He doesn't bend down and hide from the press, he stands up to them His immigration policies He exudes confidence and is a great orator Voting for Donald Trump may seem like a shot in the dark, but what choice does America have? Hillary Clinton?!? Ted Cruz !?! I was sceptical at first as well. The more I looked into Trumps record, however, the more I realized that he is the right man for the job. It's time to stop playing the Washington game. Someone needs to take a fire hose to the lobbyists and career politicians who infest our nation's capitol like cockroaches. That man is Donald Trump. Donald Trump - The Top Reasons He SHOULD Win The 2016 Presidential Election will explain to you why Trump is literally our nation's last hope. Let's work together to elect Donald Trump and make America Great Again! Scroll up and click the "Buy" Button to get your own copy today!

Quote from Mitt Romney about the Impeachment trial "Right Matters" Mitt Romney Right Matters 2020 Senate Impeachment Trial Quote Mitt Romney for President 2020 Mitt Romney voted to convict President Trump of abuse of power, the ONLY Republican to support removing him from office in the impeachment trial. mitt romney, romney, mitt, president, 2012, obama, election, republican, democrat, politics, campaign, love, vote, america, barack obama, 2012 election, 2020, mitt romney tee, support, american, barack, barrack, barrack obama, barrack obama tee, bernie, i heart barrack, i heart obama, mitt romney 2020, mitt romney for president, mitt romneys, mormon, presidential, romney ryan, romney tee, senate, united states, voting, agnostic, anti trump 2020, atheism, atheist, bernie strump, donald trump, republican, 2020, president, election, donald, make america great again, conservative, democrat, america, bernie, maga, trump 2020, usa, 2016, bernie sanders, liberal, politics, trump 2016, clinton, funny, gop, pence, sanders, anti trump, feel the bern, hillary clinton, impeach, political, blue, government, never trump, presidential, resist, right wing, vote, american, anti, ben shapiro, bernie 2020, bush, clown, democratic, donald trump 2020, drumpf, dump trump, elect, fuck trump, hair, hillary, impeach trump, mike, mike pence, no trump, president trump, protest, re elect, sticker, trending, united states, 2024, adult, again, alt right, andrew yang, anti donald trump, anti nazi, anti racism, anti trump shirts, any, anyone, biden, bill oreilly, blue lives matter, boogaloo, boogaloo 2020, bumper, bumper sticker, centipede, crazy bernie, crooked hillary, cruz, donald j trump, donald j trump 2020, donaldjtrump, election 2016, election 2020, elephant, else, fascism, fascist, fox news, functional, functioning, glenn beck, great, jeb, joe, kanye 2020, libertarian, literally, lyin ted, maga poster, make, meme, moron, mueller, nimble, no más trump, not my president, obamacare, please, police, popular, potus, president donald trump, presidential election, pro trump, reagan, red, reddit, reelect, republicans, resistance, right, rubio, russia, sanity, scandal, signed trump, signed trump poster, slakmehl, socialism, socialist,

MAGA Kids is a series of picture books created by U.S. Army Iraq Veteran / Writer Illustrator, SGT Crowley. They celebrate the AMAZING Political Movement of "Make America Great Again", that swept over America During the 2016 Presidential Election. The Acronym of MAGA continues to be a rally call to all people who believe in our 45th President of the United States, President Donald Trump!

We have a mess on our hands. Nothing works right anymore. Nothing works the way it did once upon the time. We loose on too many fronts. We loose even when loosing is not even an option. We loose too much, too fast. Enough is enough, America. We must fix this mess. Here's the solution. Here's my Presidential agenda on how to solve these things, one by one, step by step. Here's how exactly we will have Mexico pay for the wall. Here's how we will deal with immigration, terrorism, taxes, our military and our veterans. Here's at the heart of how we will pay off our national debt in 8 years, without starting 'trade wars' as pundits would have us believe. Here is the roadmap to success. The best days of America are ahead of us. Support me in this campaign and enjoy this book. It's part of the solution. It's how to Make America Great Again.

Donald Trump

Critical Essays

*What is New Possibilities? New Possibilities is an ambitious reality show created by TTV - Trump Television. Fed up that no country could ever get it right, Donald Trump decided to try his hand in space colonization. As usual, when Donald Trump does something, he's in it to win big. New Possibilities: A Post-MAGA Speculation follows the story of those on the paradise planet of New Lago as*

*they struggle to realize their dreams and the changes the planet must make to cope with potential destruction from alien forces. What is a Post-MAGA Speculation? Science fiction ages poorly. Take a look at typical sci-fi from the 50s. It might hold up from a literary perspective, but things never seem right in regards to technology. Characters rarely use computers, and that's because authors at the time hadn't envisioned how computers would dominate future generations. In the same vein, Post-MAGA speculation purports that all science fiction has been rendered irrelevant. No science fiction author, no matter their brilliance, could have predicted the presidency of Donald Trump and the impact it will bring. Post-MAGA Speculation tries to imagine the future that will be shaped by Trump's hands and the marvels it will behold.*

*The 2016 election was a unique one for many people. There was a lot of division and rhetoric from the media to politicians trying to influence the outcome. Latinos like myself who supported Trump for president were met with hate and vile simply for our opinions and views. I explain my experience as a MAGA Latino during the 2016 elections, from observations to ways I dealt with the disinformation pushed by the media. My experience dealing with those who did not approve of my support and how influences around us tried to change how people might vote. I contrast my views from 2000 to how they changed in 2016. Although this book is about the 2016 election it is not a dated piece. A lot of the information provided was as relevant in the 2016 election as well as today and in the future.*

*An accessible primer on the disciplinary form's principles explains how to draw on street fighting skills in order to build self-defense capabilities and promote overall fitness, in a resource that includes coverage of such areas as strength training, fat burning, and escaping a threatening situation. Original.*

*How were social media posts, scripted speeches, traditional news media and political cartoons used and understood during the Brexit campaign? What phrases and metaphors were key during and after the 2016 Brexit referendum? How far did the Remain and Leave campaigns rely on metaphor to engage with supporters in communicating their political positions? These questions, and many others, can be answered only through a systematic analysis of the actual language used in relation to Brexit by the different parties involved. By drawing on a range of data sources and types of communication, and presenting them as 'frames' through which individuals can attempt to understand the world, the author provides the first book-length examination of the metaphors of Brexit. This book takes a detailed look at the rhetorical language behind one of the major political events of the era, and it will be of interest to students and scholars of linguistics and political science, as well as anyone with a special interest in metaphor, rhetoric, Brexit, or political communication more broadly.*

"Imagine a strategy memo forecasting cyberattacks by Russian hackers, trolls, and bots designed to roil social discontent and damage the electoral prospects of a major party US presidential nominee, or, if she winds up winning, to sabotage her ability to govern by seeding allegations of Democratic voter fraud. Guaranteed payoff. No fingerprints. No keystroke record. No contrails in the cloud. To ensure that Americans would believe that disparaging messages about her were made in the US, use bitcoin to buy space and set up virtual private networks (VPNs) on American servers. Distribute hacked content stolen from the accounts of her staff and associates through an intermediary, WikiLeaks. Use identity theft, stolen Social Security numbers, and appropriated IDs to circumvent Facebook and PayPal's demand for actual names, birth dates, and addresses. On platforms such as Instagram and Twitter, register under assumed names. Diffuse and amplify your attack and advocacy through posts on Facebook, tweets and retweets on Twitter, videos on YouTube, reporting and commentary on RT, blogging on Tumblr, news sharing on Reddit, and viral memes and jokes on 9GAG. Add to the mix a video game called Hilltendo in which a missile-straddling Clinton figure vaporizes classified emails sought by the FBI. Employ "online agitators" and bots to upvote posts from imposter websites such as BlackMattersUS.com to the top of such subreddits as r/The\_Donald and r/HillaryForPrison. Drive content to trend. To maximize the impact of your handiwork, use data analytics and search-engine maximization tools built into the social media platforms. To test and fuel doubts about the security of US voter information, hack the election systems of states. And, throughout the primary and general election season, insinuate the notion that if Hillary Clinton were to win, she would have done so by rigging the election, an outcome that would repay her assaults on the legitimacy of their leader's presidency with doubts about her own. Were she instead to lose, she would no longer be a thistle in the toned torso of the hackers and trolls' boss's likely boss. Every result but one produces desirable results for the Kremlin. Outcome one: Clinton is off the international stage. Outcome two: she wins but can't govern effectively. Outcome three: the former Secretary of State is elected and the country simply moves on, but the sabotage nonetheless has magnified cultural tensions and functioned as a pilot from which to birth later success - perhaps when she runs for a second term. The only eventuality that damages the Russian cybersoldiers and their commander-in-chief is the fourth in which, in real time, the cyberattackers are unmasked by a vigilant intelligence community, condemned by those in both major political parties and around the world, characterized by the media as spies and saboteurs, the Russian messaging is blocked or labeled as Russian propaganda, and, when included in media accounts, the stolen content is relentlessly tied to its Russian origins and sources. None of that happened. Instead, to the surprise of the Russian masterminds as well as both Hillary Clinton and Donald Trump, he won the Electoral College and with it a four-year claim on 1600 Pennsylvania Avenue. Although

countrywide she bested him by almost 2.9 million votes, he unexpectedly captured an Electoral College majority by running the table. By the end of the evening of November 8, Florida as well as Wisconsin, Michigan, and Pennsylvania were in his column. The ways in which Russian hacking and social media messaging altered the content of the electoral dialogue and contributed to Donald Trump's victory are the subjects of this book. To begin my exploration, this overview chapter will highlight key findings of the US intelligence community; preview my focus on the hackers and trolls and the synergies between them; justify casting the Russian machinations as acts of cyberwar; outline ways in which susceptibilities in our system of government and media structures magnified their effects; and note five presuppositions that will shape my analysis of the Russian trolls' work and one that will guide my study of the effects of the hackers."--

MAGA MILFS are Mature Intelligent Ladies Fighting Socialism. MAGAMILFS.com is on a mission to protect America from socialists, the low IQ individuals such as AOC who promotes the dangerous and risky Green New Deal. Maggie, one of the many MAGA MILFS who helped elect President Donald Trump in November 2016, defeats socialism in Episode 1 entitled A Green New Dope. Since we live in the United States of America, this book embodies our rights to Freedom of Speech presented in the First Amendment in the Bill of Rights. Created, Illustrated and Printed in the USA...Thank God!

E Pluribus Awesome! Why Donald Trump Will Win the 2016 Election and Make America Great Again Resistance is futile! Donald Trump is not a bought and paid for political puppet - he is a dagger in the heart of a political establishment that's owned and operated by billionaire globalists and special interests. The 2016 Election is political dynamite! It's Populist Trump vs. Billionaire Elitists, the masters of Main Stream Media. It's Trump and Real Change vs. Clinton and the Status Quo. It's America First vs. Open Borders and Globalist ambitions. The Main Street Media and smug pundits are bewildered at how Trump has started a movement, attracted the most Republican primary votes in history and are terrified that Trump may become president and make America great again. But Andy Colere is not bewildered. In this brief but authoritative book, Andy Colere lays out chapter and verse why Donald Trump will win the 2016 presidential election - in a landslide. E Pluribus Awesome! explains why Republican and Democrat alike should vote Trump. CONTENTSPart 1: The Bewildered Chapter 1: The Candidate Chapter 2: Heart on His Hat Chapter 3: The Second Coming Chapter 4: Economic Patriotism Part 2: Trump & Trade Chapter 5: A Confederacy of Dunces Chapter 6: "How stupid are our leaders?" A Step-by-Step Guide to the World's Easiest-to-Learn, Most-Effective Fitness and Fighting Program

**From #1 New York Times bestselling author and co-host of Pod Save America—how to combat political truth decay and baldfaced lies of the Right Wing propaganda machine. In BATTLING THE BIG LIE, bestselling author Dan Pfeiffer dissects how the Right Wing built a massive, billionaire funded disinformation machine powerful enough to bend reality and nearly steal the 2020 election. From the perspective of someone who has spent decades on the frontlines of politics and media, Pfeiffer lays out how the Right Wing media apparatus works, where it came from, and what progressives can do to fight back against disinformation. Over a period of decades, the Right Wing has built a massive media apparatus that is weaponizing misinformation and spreading conspiracy theories for political purposes. This “MAGA Megaphone”—personified by Fox News and fueled by Facebook—is waging war on the very idea of objective truth...and they are winning. This disinformation campaign is how Donald Trump won in 2016, almost won in 2020, and why the United States is incapable of addressing problems from COVID-19 to climate change. Pfeiffer explains how and why the Republicans have come to depend on culture war grievances, crackpot conspiracies, and truly sinister propaganda as their primary political strategies, including: Republican efforts from Roger Ailes to Steve Bannon and Donald Trump to sow distrust while exploiting the media’s biases and the Democratic Party’s blind spots. The optimization of Facebook as the ultimate carrier of Trumpist messaging. Educating the Left to stop clutching pearls and start “fighting fire with fire.” How to fight back against the trolls spreading disinformation and hate on the Internet. A functioning democracy depends on a shared understanding of reality. America is teetering on the edge because one of the two parties in our two-party system views truth, facts, and science as their opponent. BATTLING THE BIG LIE is call to arms for anyone and everyone that cares about truth and democracy. There are no easy answers or quick fixes, but something must be done. This book promotes the benefits the USA will gain by electing Donald Trump as President in Nov-2016. He is a proven manager, and conservative politically, but is free of the political debts and bias that most career politician candidates have. We are fortunate that he is running. Volunteer at [www.DonaldTrump.com](http://www.DonaldTrump.com) . We had to figure that by electing a decidedly non-career-politician, that things would be... different. But is this any way to run a country? Many opinions have been shared about Donald Trump, but we can learn so much more about the man via what he himself says - in 140 characters or less. Trump has tweeted nearly 35,000 times since launching**

**@realDonaldTrump in March 2009, commenting on everything from immigration to policy climate change to even pop culture. As President, Trump tweets without ceasing, sometimes a dozen times a day, seemingly during important events and meetings. Apparently he believes that twitter is an effective tool for him to drive his agenda. But it's one thing to be a brash, bold, and outspoken, maverick businessman, it's quite another when the leader of the most powerful country in the world is talking politics as stream of consciousness.**
