

2018 Puppies Wall Calendar (Mead)

"A writer's search for inspiration, beauty, and solace leads her to birds in this ... meditation on creativity and life"--

An irresistible photographic story featuring wild squirrels in homemade miniature domestic settings -- taking a bath, doing laundry, and barbecuing -- will surprise and amuse readers and animal lovers of all ages! Adorable squirrels as you've never seen them! You may think you know what squirrels do all day...but Mr. Peanuts is no ordinary squirrel. Instead of climbing trees, he plays the piano. ("Moonlight Sonata" is his favorite.) Instead of scurrying through the woods, he reads books (such as *A Tail of Two Cities*). But everything is more fun with company, so Mr. Peanuts writes a letter to Cousin Squirrel and invites him for a visit! Featuring candid photographs of wild squirrels in handcrafted, homemade miniature settings, this irresistible book is sure to delight readers young and old!

For fans of *Balto* and other real-life dog stories, here's a heavily illustrated middle-grade novel about a canine movie star of the 1920s, dramatically told in both words and pictures by an acclaimed author and a Caldecott Medal-winning illustrator. When movie director Larry Trimble travels to Berlin searching for his next big star--a dog!--he finds Etzel, a fierce, highly trained three-year-old German shepherd police dog. Larry sees past the snarls and growls and brings Etzel back to Hollywood, where he is renamed Strongheart. Along with screenwriter Jane Murfin, Larry grooms his protégé to be a star of the silver screen--and he succeeds, starting with Strongheart's first film, *The Love Master*, which is released in 1921. Strongheart is soon joined by a leading lady, a German shepherd named Lady Julie, and becomes a sensation. Touching, charming, playful, and based on real events, this moving tale by Candace Fleming and illustrated by Eric Rohmann tells all about "the wonder dog" who took America by storm. The World Report on Disability suggests more than a billion people totally experience disability. They generally have poorer health, lower education and fewer economic opportunities and higher rates of poverty than people without disabilities. This report provides the best available evidence about what works to overcome barriers to better care and services.

Calling all space lovers! Filled with space jokes, riddles, fun facts, tongue twisters, limericks, cartoons, puzzles, and activities, this comical cosmic collection also includes a list of 88 constellations and tips for finding some of them. Blast off into space with this uniquely Highlights mix of humor, activity and information, guaranteed to amuse every joke obsessed kid who loves learning about space. With galaxy giggles, planetary puzzles, out-of-this-world cartoons, and more, here are 501 stellar things to make kids smile.

It's winter break at St Vladimir's, and a massive Strigoi vampire attack has put the school on high alert. This year's trip away from the academy to the wintery peaks of Idaho has suddenly become mandatory. But Rose's troubles seem to follow her wherever she goes - dealing with the pain of knowing that her relationship with her tutor Dimitri can never be, things get even more complicated when one her closest friends admits his feelings for her. The glittering winter landscape may create the illusion of safety but Rose - and her heart - are in more danger than she ever could have imagined...

THE SUNDAY TIMES BESTSELLER. An inventive biography of one of the most famous ships of all time - an alluring combination of history, adventure and science. 'HISTORY BOOK OF THE YEAR' Christopher Hart, Sunday Times From Johnson's Dictionary to campaigns for liberty, the Enlightenment was an age of endeavours. 'Endeavour' was also the name given to a commonplace, coal-carrying vessel bought by the Royal Navy in 1768 for an expedition

to the South Seas. No one could have guessed that Endeavour would go on to become the most significant ship in the history of British exploration. Endeavour famously carried Captain James Cook on his first great voyage, but her complete story has never been told before. Here, Peter Moore sets out to explore the different lives of this remarkable ship – from the acorn that grew into the oak that made her, to her rich and complex legacy.

‘Fascinating and richly detailed... Peter Moore has brought us an acute insight into the ship that carried some of the most successful explorers across the world. A fine book that’s definitely worth exploring’ MICHAEL PALIN

NEW YORK TIMES BESTSELLER *From the former secretary of state and bestselling author -- a sweeping look at the global struggle for democracy and why America must continue to support the cause of human freedom. "This heartfelt and at times very moving book shows why democracy proponents are so committed to their work...Both supporters and skeptics of democracy promotion will come away from this book wiser and better informed." --The New York Times* *From the end of the Cold War and the collapse of the Soviet Union to the ongoing struggle for human rights in the Middle East, Condoleezza Rice has served on the front lines of history. As a child, she was an eyewitness to a third awakening of freedom, when her hometown of Birmingham, Alabama, became the epicenter of the civil rights movement for black Americans. In this book, Rice explains what these epochal events teach us about democracy. At a time when people around the world are wondering whether democracy is in decline, Rice shares insights from her experiences as a policymaker, scholar, and citizen, in order to put democracy's challenges into perspective. When the United States was founded, it was the only attempt at self-government in the world. Today more than half of all countries qualify as democracies, and in the long run that number will continue to grow. Yet nothing worthwhile ever comes easily. Using America's long struggle as a template, Rice draws lessons for democracy around the world -- from Russia, Poland, and Ukraine, to Kenya, Colombia, and the Middle East. She finds that no transitions to democracy are the same because every country starts in a different place. Pathways diverge and sometimes circle backward. Time frames for success vary dramatically, and countries often suffer false starts before getting it right. But, Rice argues, that does not mean they should not try. While the ideal conditions for democracy are well known in academia, they never exist in the real world. The question is not how to create perfect circumstances but how to move forward under difficult ones. These same insights apply in overcoming the challenges faced by governments today. The pursuit of democracy is a continuing struggle shared by people around the world, whether they are opposing authoritarian regimes, establishing new democratic institutions, or reforming mature democracies to better live up to their ideals. The work of securing it is never finished.*

Travel through time with the maestros as they explore the amazing history of timekeeping! Did you know that there is more than one calendar? While the most commonly used calendar was on the year 2000, the Jewish calendar said it was the year 5760, while the Muslim calendar said 1420 and the Chinese calendar said 4698. Why do these differences exist? How did ancient civilizations keep track of time? When and how were clocks first invented? Find answers to all these questions and more in this incredible trip through history.

A festive kit that "brings aspiring bakers, die-hard cookie lovers and anyone who adores cookie swaps together for a fun holiday experience" (MassLive.com). Christmas Cookie Contest in a Box has everything you need to host your own contest! It includes a link to download, customize, and print scorecards, judge badges, place cards, and prize ribbons. The accompanying handbook includes recipes from passionate, talented, professional, and semiprofessional bakers, along with photos of the cookies and personal stories behind these special cookie recipes. Showcasing a dozen winning Christmas cookie recipes, along with cookie swap tips from an expert baker, the book has chapters on a brief history of Christmas cookies, how to run the cookie contest, the art of judging a contest, baking tips, and a cookie tunes playlist. Recipes include: Berlinerkranser by Jessie Oleson, author of CakeSpy Presents Sweet Treats for a Sugar-Filled Life Pistachio Butter Cookies by Stacy Adimando, author of The Cookiepedia: Mixing, Baking, and Reinventing the Classics Chai-Spiced Meltaway Cookies by Jodi Liano, director of the San Francisco Cooking School Vegan Orange Ginger Cookies by Lorena Novak Bull, author of The Everything® Vegan Baking Cookbook Smile Cookies by Cindy Mushet, author of Baking Kids Love Gingersnap Thumbprints with Cranberry-Apricot Filling by Julia M. The Invention of Race in the European Middle Ages

'A nuclear nightmare told minute by minute ... extraordinary ... powerful storytelling. Ploky is a master' The Times The gripping story of the Chernobyl nuclear disaster, from an acclaimed historian and writer On the morning of 26 April 1986 Europe witnessed the worst nuclear disaster in history: the explosion of a reactor at the Chernobyl nuclear power plant in Soviet Ukraine. The outburst put the world on the brink of nuclear annihilation. In the end, less than five percent of the reactor's fuel escaped, but that was enough to contaminate over half of Europe with radioactive fallout. In Chernobyl, Serhii Plokyh recreates these events in all of their drama, telling the stories of the

firefighters, scientists, engineers, workers, soldiers, and policemen who found themselves caught in a nuclear Armageddon and succeeded in doing the seemingly impossible: extinguishing the nuclear inferno and putting the reactor to sleep. While it is clear that the immediate cause of the accident was a turbine test gone wrong, Plokhy shows how the deeper roots of Chernobyl lay in the nature of the Soviet political system and the flaws of its nuclear industry. A little more than five years later, the Soviet Union would fall apart, destroyed from within by its unsustainable communist ideology and the dysfunctional managerial and economic systems laid bare in the wake of the disaster. A poignant, fast paced account of the drama of heroes, perpetrators, and victims, Chernobyl is the definitive history of the world's worst nuclear disaster.

William Wegman's whimsical photographs of his Weimaraner dogs have been celebrated in the art world and enjoyed by pet lovers for nearly four decades. In this entirely new volume, renowned photography curator William A. Ewing presents more than 300 images from the artist's personal archive, unearthing previously unseen gems alongside the iconic images that have made Wegman—along with dressed-up dogs Man Ray, Fay Ray, and others—beloved worldwide. Presented in sixteen thematic chapters, William Wegman: Being Human foregrounds the photographer's penchant for play and his evergreen ability to create images that are at once funny, striking, and surreal. Audiences of all ages will fall in love—for the first time, or all over again—with Wegman and his friends.

Visitors to the Arctic enter places that have been traditionally imagined as otherworldly. This strangeness fascinated audiences in nineteenth-century Britain when the idea of the heroic explorer voyaging through unmapped zones reached its zenith. The Spectral Arctic re-thinks our understanding of Arctic exploration by paying attention to the importance of dreams and ghosts in the quest for the Northwest Passage. The narratives of Arctic exploration that we are all familiar with today are just the tip of the iceberg: they disguise a great mass of mysterious and dimly lit stories beneath the surface. In contrast to oft-told tales of heroism and disaster, this book reveals the hidden stories of dreaming and haunted explorers, of frozen mummies, of rescue balloons, visits to Inuit shamans, and of the entranced female clairvoyants who travelled to the

Arctic in search of John Franklin's lost expedition. Through new readings of archival documents, exploration narratives, and fictional texts, these spectral stories reflect the complex ways that men and women actually thought about the far North in the past. This revisionist historical account allows us to make sense of current cultural and political concerns in the Canadian Arctic about the location of Franklin's ships. The Proverbial Cat is a collection of delightful cat illustrations by artist Sydney Hauser. Over the years, Hauser's works of art and calligraphy have been tremendously popular among cat lovers. Her ability to capture feline expressions allows her to create illustrations that are warm and wise, with just a touch of "cattitude!" Paired with each illustration is a maxim, a proverb, or a thought that captures what it means to be a cat. The Proverbial Cat is a charming gift for those who celebrate the domestic cat!

Retold in graphic novel format, guardian-in-training Rose faces everything from misunderstandings between friends to fights among factions of Moroi during a school skiing trip as reports of horrific Strigoi attacks raise tensions, ultimately leading Rose and some of those closest to her into a battle that teaches her much about life, death, and love.

****SUNDAY TIMES AND THE NEW YORK TIMES BESTSELLER**** 'An epoch-defining book' Matt Haig 'If you read just one work of non-fiction this year, it should probably be this' David Sexton, Evening Standard Selected as a Book of the Year 2019 by the Sunday Times, Spectator and New Statesman A Waterstones Paperback of the Year and shortlisted for the Foyles Book of the Year 2019 Longlisted for the PEN / E.O. Wilson Literary Science Writing Award It is worse, much worse, than you think. The slowness of climate change is a fairy tale, perhaps as pernicious as the one that says it isn't happening at all, and

if your anxiety about it is dominated by fears of sea-level rise, you are barely scratching the surface of what terrors are possible, even within the lifetime of a teenager today. Over the past decades, the term "Anthropocene" has climbed into the popular imagination - a name given to the geologic era we live in now, one defined by human intervention in the life of the planet. But however sanguine you might be about the proposition that we have ravaged the natural world, which we surely have, it is another thing entirely to consider the possibility that we have only provoked it, engineering first in ignorance and then in denial a climate system that will now go to war with us for many centuries, perhaps until it destroys us. In the meantime, it will remake us, transforming every aspect of the way we live-the planet no longer nurturing a dream of abundance, but a living nightmare.

A weekly planner for the entire year of 2021. Monthly calendars, reflection templates and blank spaces separate weekly planning pages. Use this journal as an agenda or a tracker for your daily life.

Our dogs are our best friends. They are always happy to see us. They comfort us in our times of need. They also eat our shoes, stain our carpets, and embarrass us in front of our guests. Based on the runaway web phenomenon, Dog Shaming features hilarious and adorable photos of petulant pups accompanied by notes detailing their misdeeds: waking sleeping babies, eating vomit, chasing postmen, unplugging alarm clocks, peeing on stuff, etc. So share in the shaming and laugh through your frustration as Dog Shaming reminds us that unconditional love goes both ways.

This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters.

These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, **SOCIOLOGY IN OUR TIMES** is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. These much-loved guides celebrate, as ever, hundreds of authentic and delightful places to stay. Here is the latest - much requested - guide from the Sawday's kennel. Sift through the pages to find unexpected generosity and dashes of eccentricity in places where a dog can share your room. B&Bs, hotels, weekend boltholes and inns: remote and simple or wrapped in luxury, each one is special in its own way. Find tasty breakfasts to wake to, log fires to come home to and a guaranteed welcome for dogs -runarounds in the garden, towels for muddy paws, treats behind the bar. Above all: owners who know all the dog-friendly walks, woods, beaches, picnic spots and pubs on their patch. Pick an area from our map, select a coloured number (red for B&B/hotel, blue for self-catered) and find the relevant page. User-friendly maps and lively write-ups make each guide a pleasure to read - and a great gift for a friend.

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

A designer's deep dive into seven science fiction films, filled with "gloriously esoteric nerdery [and] observations as witty as they are keen" (Wired). In Typeset in the Future, blogger and designer Dave Addey invites sci-fi movie fans on a journey through seven genre-defining classics, discovering how they create compelling visions of the future through typography and design. The book delves deep into 2001: A Space

Odyssey, Star Trek: The Motion Picture, Alien, Blade Runner, Total Recall, WALL·E, and Moon, studying the design tricks and inspirations that make each film transcend mere celluloid and become a believable reality. These studies are illustrated by film stills, concept art, type specimens, and ephemera, plus original interviews with Mike Okuda (Star Trek), Paul Verhoeven (Total Recall), and Ralph Eggleston and Craig Foster (Pixar). Typeset in the Future is an obsessively geeky study of how classic sci-fi movies draw us in to their imagined worlds.

From the Preface: This manual, Child Protective Services: A Guide for Caseworkers, examines the roles and responsibilities of child protective services (CPS) workers, who are at the forefront of every community's child protection efforts. The manual describes the basic stages of the CPS process and the steps necessary to accomplish each stage: intake, initial assessment or investigation, family assessment, case planning, service provision, evaluation of family progress, and case closure. Best practices and critical issues in casework practice are underscored throughout. The primary audience for this manual includes CPS caseworkers, supervisors, and administrators. State and local CPS agency trainers may use the manual for preservice or inservice training of CPS caseworkers, while schools of social work may add it to class reading lists to orient students to the field of child protection. In addition, other professionals and concerned community members may consult the manual for a greater understanding of the child protection process. This manual builds on the information presented in A Coordinated Response to Child Abuse and Neglect: The Foundation for Practice. Readers are encouraged to begin with that manual as it addresses important information on which CPS practice is based-including definitions of child maltreatment, risk factors, consequences, and the Federal and State basis for intervention. Some manuals in the series also may be of interest in understanding the roles of other professional groups in responding to child abuse and neglect, including: Substance abuse treatment providers; Domestic violence victim advocates; Educators; Law enforcement personnel. Other manuals address special issues, such as building partnerships and working with the courts on CPS cases.

Sociology in Our Times

A powerful novel of refugees escaping from war-torn Syria, masterfully told by a journalist who witnessed the crisis firsthand. In a country ripped apart by war, Tareq lives with his big and loving family . . . until the bombs strike. His city is in ruins. His life is destroyed. And those who have survived are left to figure out their uncertain future. Tareq's family knows that to continue to stay alive, they must leave. As they travel as refugees from Syria to Turkey to Greece, facing danger at every turn, Tareq must find the resilience and courage to complete his harrowing journey. While this is one family's story, it is also the timeless tale of the heartbreaking consequences of all wars, all tragedy, narrated by Destiny itself. When you are a refugee, success is outliving your loss. An award-winning author and journalist—and a refugee herself—Atia Abawi captures the hope that spurs people forward against all odds and the love that makes that hope grow. Praise for A Land of Permanent Goodbyes: Featured on NPR's Morning Edition! Featured by Dana Perino's on The Five! Featured as a most-anticipated book of 2018 on The Huffington Post! "[A] heartbreaking and to-the-minute timely story of the Syrian refugee crisis. Abawi gives even more humanity, depth, and understanding to the headlines."—Bustle ★ "From award-winning journalist Abawi comes an unforgettable novel that brings readers face to face with the global refugee crisis . . . A heartbreaking, haunting, and necessary story that offers hope while laying bare the bleakness of the world."—Kirkus Reviews, starred review ★ "Abawi skillfully places humanity enmeshed in war into two sides: the 'hunters' who feed on the suffering and the 'helpers' who lend a hand. An inspiring, timely, and must-have account about the Syrian refugee disaster and the perils of all wars."—School Library Journal, starred review ★ "[A] gripping and heartrending novel . . . [and an] upsetting yet beautifully rendered portrayal of an ongoing humanitarian crisis."—Publishers Weekly, starred review "As author Atia Abawi artfully illustrates, refugees are created by circumstances that can happen anywhere. A perfect companion novel to Alan Gratz's Refugee, this humanizing, often harrowing and sometimes transcendent novel fosters compassion and understanding."—BookPage, Top Teen Pick "[T]his could be paired with Sepetys' book . . . Salt to the Sea, for a multi-era look at the casualties of war."—The Bulletin of the Center for Children's Books "This is a harrowing and vitally important novel about an ongoing crisis. Tareq's story will linger with readers long after they've turned the final page."—Bookish "A Land of Permanent Goodbyes is an engrossing, heartbreaking story of survival, giving readers an authentic glimpse of the suffering and destruction in Syria."—Voice of Youth Advocates "A well-written, well-researched book."—School Library Connection "This touching read will stir empathy and compassion about the harrowing plight of refugees. Abawi . . . helps give perspective on how religion can be used to help create a world where the most basic human rights are violated."—Booklist

This book challenges the common belief that race and racism are phenomena that began only in the modern era.

'Being in charge of your own life, and making decisions based on what you want to do rather than what you have to do, gives you a rare kind of contentment and shows you that every ordinary day offers magnificent opportunities.' Award-winning blogger Rhonda Hetzel shares the day-to-day practicalities of a simple life and shows you how to rediscover the heart of your home. With a year of monthly projects that make household management easier, Rhonda encourages you to set up good systems, make what you need and appreciate what you have. Learn how to stretch money further, safely clean your home and cook from scratch with 40 favourite recipes, including

step-by-step guides to baking bread and making cheese. Whether you're part of a family, living alone or thinking about retirement, this is an inspiring, indispensable guide to slowing down, taking stock of your life and finding pleasure and satisfaction at home.

*Keep Calm: The New Mum's Manual, with an introduction by Jools Oliver, is the perfect antidote to inflexible, guilt-inducing parenting guides. Turning the tables on encyclopaedic tomes on parenthood and their often conflicting advice, GP and mum-of-two Dr Ellie will empower you to relax, trust your instincts and enjoy your new baby. Includes: * Early days - looking after baby and listening to your instincts * Sleeping - establishing a flexible routine that works * Feeding - making the right, guilt-free choices * Soothing - understanding crying and settling your baby * Weaning - starting with a simple action plan for success * Development - identifying key milestones and not worrying * Health - recognising baby illnesses and when to call the doctor * Vaccinations - understanding the facts and getting them without tears This isn't a one-size-fits-all routine but a lighthearted, sensible guide that is full of essential advice to build your confidence and bring back mummy power.*

Where and who do we want to be? How might we get there? What might happen if we stay on our current course? In *The Future of Serious Art*, Bidisha uses her personal journey through novels, TV and film to mirror the seismic changes that have occurred in culture and its industries in recent years. The digital revolution has brought all of TV, cinema and music into the palms of our hands. It's easier than ever to bring stories to life, but what happens when artistic work is rebranded as 'content creation'? Where does this leave literary novelists and arthouse filmmakers? What about those auteur-directors who make mainstream but thoughtful films for the big screen? As a storyteller herself, and a woman of colour who isn't a millennial, Bidisha asks who is taken seriously as an artist, what is taken seriously as art now and how that might change over the next century. This brief but mighty book is one of five that comprise the first set of FUTURES essays. Each standalone book presents the author's original vision of a singular aspect of the future which inspires in them hope or reticence, optimism or fear. Read individually, these essays will inform, entertain and challenge. Together, they form a picture of what might lie ahead, and ask the reader to imagine how we might make the transition from here to there, from now to then.

Lesser Feasts and Fasts has not been updated since 2006. This new edition, adopted at the 79th General Convention (resolution A065), fills that need. Biographies and collects associated with those included within

the volume have been updated; a deliberate effort has been made to more closely balance the men and women represented within its pages.

The Dark Between the Stars is space opera on a grand scale. Twenty years after the elemental conflict that nearly tore apart the cosmos in The Saga of Seven Suns, a new threat emerges from the darkness, and the human race must set aside its own inner conflicts to rebuild their alliance with the Ildiran Empire for the survival of the galaxy. Praise for THE SAGA OF THE SEVEN SUNS: 'Sure-footed, suspenseful and tragic ... an exhilarating experience' Locus 'Space opera at its most entertaining' Starlog 'THE SAGA OF THE SEVEN SUNS is worthy of mention in the same breath as Asimov's Foundation series and Hamilton's Nightdawn trilogy. This is science fiction on the grandest of scales, a modern classic' The Alien Online 'A realm of wondrous possibilities ... A fascinating series' Brian Herbert 'A space opera to rival the best the field has ever seen' SF Chronicle

During two long, humid summers, Bidisha was guided through Venice's intricate social conventions by her best friend's family. While learning valuable lessons about 'the Italian way', Bidisha also glimpsed disturbing prejudices that exist close beneath the sophisticated surface.
