him overcome his stumbling blocks as well as her own. With any luck, they ' ll find a second chance at recovery, for both of them, at Hathaway House.

He needs to stop running from his mistakes.

Miracles of Healing introduces readers to ordinary folks who have gone through extraordinary experiences, from an eight-year-old who saw an angel and recovered from terminal cancer to a Nobel prizewinner whose skepticism was transformed into faith.

Nash has been struggling to get back on his feet after his last set of surgeries. He pushed for a transfer to Hathaway House on an old friend ' s recommendation and finally made it there—after multiple frustrating delays—only to find that he isn ' t ready for the strides he hopes to make in the new facility. To add insult to injury, on his first day at Hathaway House, he comes face-to-face with Alicia, the only woman he ' s ever loved and the last woman he ' d want to see him in his current condition. Alicia let Nash go more than a decade ago, unwilling to settle for a long-distance relationship with the sailor, certain that her future would bring other dreams and other loves. But, when her brother fell ill, all her dreams shattered. She devoted herself to nursing him and, after his death, to helping others. Seeing Nash again is both pleasure and pain. The rapport between them is instant, as if the years apart had never happened. But, if they couldn ' t make things work back then, when life was bright and new, do the people they ' ve become in the years since have a shot at a future together?

For he has already given up on regaining the future she keeps telling him that he can find here or, for that matter, any other future worth having. And, besides, don't they know he's too weak for the trip and for the treatment and for any of the plans the team has for him? Don't they know he's broken beyond repair, and nothing they can do will fix him? But apparently they don't because no one listens to him. Not the doctors. Not his sister. And definitely not the tiny woman who keeps delivering his coffee at 5:00 a.m. Ilse, head chef for Hathaway House, rarely ventures out of the kitchen she manages. It's easier to deal with the groceries and the staff than it is to see the pain and suffering of those she feeds. But something about Keith and his frailty calls to her. She can't help but go out of her way to ensure he has everything he needs. Even though she knows she cannot keep their relationship on a professional level, once started. Even if not in her best interests to do so. Because, in this case, surely Keith's best interests matter, so much more than her own.

Instead of romance, ... oh, wait. ... There is romance—of course! Welcome to Hathaway House. Rehab Center. Safe Haven. Second chance at life and love. In the time since they split up, his life has been one disaster after another, including the one that ended his career—the career that separated them in the first place. Meredith was horrified to hear what happened to Gregory. But seeing his file was an even bigger shock. Greg thinks he's basically back to normal, but Meredith knows he has a long way to go. She doesn't know how to tell him, without running the risk of him leaving Hathaway House before his healing can really take place. But the last thing she wants is for him to walk away from

her again. Not if there is any chance that they can find their way back to each other ...

A collection of real-life stories written by teenage girls and women relating their dreams concerning such things as love, friendship, and recognition of their talents, and how they make dreams and wishes come true.

When a doctor and a filmmaker reconnect... Just who is healing whom? Nearly a quarter of all British homes own a dog. Sadly, not all of them receive the love and care they deserve and some dogs are neglected or, worse, abused. Enter The Dog Rescuers. Every day, these dedicated and passionate RSPCA inspectors - like Anthony Joynes - contend with dog owners' abandonment and misuse of their pets, and spring into action on behalf of dogs in trouble, returning them to health, happiness and a loving new home. This collection of heartbreaking but ultimately heartwarming tales follows the likes of puppy Clover, who suffered damage to her face and lips, and Flint, the Lurcher who'd been used for badger baiting and lost most of his tail. When all seems lost, the RSPCA's dog rescuers are on hand, providing vital support to get Clover, Flint and friends the help they need and into forever

families so that they don't just survive, they thrive.

Recovery Position: A poignant, heartwarming and laugh out loud story of loss and love. Trust. A simple enough word. Uncomplicated. Unambiguous. But some people just don't get it. Or the damage done when it's broken. Divorced, single mum, Lisa Warren, is floundering through daily life. With a treacherous ex, a secretive friend and a creepy, anonymous texter threatening her peace of mind, suspicion and self-doubt are holding her back. And when a lemon meringue pie and a sartorial blip involving cling film have the power to push her to the brink, it's time to act. Perhaps dubious, self-help book, *The Travel Cure - The Fun Alternative to Pill Popping*, has a point after all. Could a trip way outside her comfort zone - even one with an exasperating bunch of strangers and an emotionally closed down doctor - be the prescription she

needs? Or is she simply exchanging one set of problems for another? For how does anyone recover from betrayal, loss and grief to find love again? It takes time. And trust. Step by painful step. But the harder the climb, the sweeter the prize.

Raphael's Story is a book of inspiration about a little colt who was injured at just 4 days old. He went through major surgery where a metal plate and 5 screws were placed in his leg so he could walk. His journey to recovery is described by the author in rhymes from what seemed to be Raphael's point of view. A heartwarming story filled with faith, hope and love. "Every Step is a Prayer."
