*On 7 December 1941, an armada of 354 Japanese warplanes launched a surprise attack on the United States, killing 2,403 people and forcing America's entry into the Second World War. With vivid prose and astonishing detail, Craig Nelson combines thrilling historical drama with individual concerns and experiences, following an ensemble of sailors, soldiers, pilots, diplomats, admirals, generals, the emperor and the president. Unmatched in breadth and depth, Pearl Harbor: From Infamy to Greatness in a portrait of the terror, chaos, violence and tragedy of the attack that would prove to be a turning point of the war.*

*On March 18, 1942, barely one hundred days after Japan's devastating "surprise attack" on the United States Navy's Pacific Fleet based at Pearl Harbor, a group of American soldiers were guarding a beach on the north shore of the Hawaiian island of Oahu against an expected Japanese amphibious invasion. The atmosphere was tense. Suddenly, a gunshot shattered the almost perfect silence of that tropical night. In its aftermath, one young American soldier lay dead not far from the beach he was guarding. But who was he? And what were the circumstances which had led to his tragic death? The Shadow of Sacrifice*

answers these questions and, in the process, tells the compelling and poignant story of the way in which that single gunshot has echoed down through the generations of one typical American family. Here is a mystery, a tragedy, a kind of love-story, a tale of survival and transformation, and the unfolding record of promises made and kept. The young American soldier who died mysteriously on that Hawaiian beach in 1942 was my beloved uncle, Private First Class Donald Joseph John Deignan, for whom I was proudly named. Our lives have always been closely and positively connected. Here, just in time for the 75th Anniversary of the Pearl Harbor Attack, is a thorough examination of the unbreakable and mutually beneficial bonds of love and loyalty which still unite us today. Veterans and their families, Baby-boomers, immigrants and people with disabilities will all find themselves reflected in our particular story.

**Gas Masks and Palm Trees: My Wartime Hawaii belongs on bookshelves next to books about the cause and effects of the December 7th attack. It paints a concise picture of changes that occurred on Oahu after the attack on Pearl Harbor. I continue the saga where others have left off. My personal chronological account of conditions and changes that took place have been recorded on paper for all to read. I was attending high school before December 7th, 1941. In July of 1942 I left school temporarily to work in a U S Navy office at Pearl Harbor. My position was unique and rewarding. I was responsible for correcting Secret, Restricted and Confidential publications that were distributed to U S and British Pacific ships and stations; I was exposed to two worlds in a wartime atmosphere. As a member of the USO Flying Squadron, I met and danced with servicemen from practically every state in the Union. One of the dances was held in a remote area for Carlson's Marine Raiders, where I met the famous Evans Carlson and Second in Command, Col. James Roosevelt, the President's son. up in wartime Hawaii. We were far outnumbered by young males. I don't believe that there is anyone else who has written a chronological account of events that happened in wartime Hawaii without additional stories from others. This is my story alone and how conditions and changes affected my life. Though Hawaii was never the same after the War, there were some things that remained the same. That was the difference between gas masks and palm trees. I try to picture the Hawaii that will survive forever.

Pearl Harbor will long stand out in mens minds as an example of the results of basic unpreparedness of a peace loving nation, of highly efficient treacherous surprise attack and of the resulting unification of America into a single tidal wave of purpose to victory. Therefore, all will be interested in this unique narrative by Admiral Wallin. The Navy has long needed a succinct account of the salvage operations at Pearl Harbor that miraculously resurrected what appeared to be a forever shattered fleet. Admiral Wallin agreed to undertake the job. He was exactly the right man for it \_ in talent, in perception, and in experience. He had served intimately with Admiral Nimitz and with Admiral Halsey in the South Pacific, has commanded three different Navy Yards, and was a highly successful Chief of the Bureau of Ships. On 7 December 1941 the then Captain Wallin was serving at Pearl Harbor. He witnessed the events of that shattering and unifying "Day of Infamy." His mind began to race at

high speeds at once on the problems and means of getting the broken fleet back into service for its giant task. Unless the United States regained control of the sea, even greater disaster loomed. Without victory at sea, tyranny soon would surely rule all Asia and Europe. In a matter of time it would surely rule the Americas. Captain Wallin salvaged most of the broken Pearl Harbor fleet that went on to figure prominently in the United States Navys victory. So the account he masterfully tells covers what he masterfully accomplished. The United States owes him an unpayable debt for this high service among many others in his long career.

Untitled Document Jared Scott: Some love him and some hate him. Unfortunately, there's a lot more in the second group than the first. There's the traitor, Trazer, whose ear Jared shot off in Viet Nam; Korbler, his incompetent CIA boss; and of course there's the three gals from the Honolulu First Baptist Church choir he got pregnant-he left them all holding the (diaper) bag. But the hate that hurts the most is from his mother, who has never forgiven him for killing his brother, albeit accidentally. Throw in some PTSD and manic-depressive tendencies and you've got a candidate for Loser of the Year. Actually, Loser of the Decade. Enter Lori, a beautiful young woman with a big heart and bad judgment. She thinks he can be "fixed," if she loves him enough, a prospect that terrifies Jared almost as much as Trazer's quest for revenge. In fact, Jared is mentally lacing up his emotional escape track shoes

Bad enough under any circumstances, but her father also happens to be the newly elected Governor of Hawaii. Lori's biting challenge to Jared's run-away mentality brings out the best in him as he reluctantly plunges into a dark underworld of white slavery, war crimes and a secret so shocking it will change history if exposed. Set in 1980 Honolulu, *Forty Years and Forty Fathoms* is a mystery thriller about a man's redemption and a woman's utter sacrifice of her honor. marriage--and the sacred thread through it all--led to an intimate relationship with Jesus Christ. When Dianne Derby arrived as a news anchor in Colorado Springs, she was hungry for approval, affirmation, and connections. She raced from one event to the next, capturing stories and sound bites. Everything changed when she met centenarian Jim Downing at a luncheon for World War II veterans. At the time, Jim was the second-oldest living survivor of Pearl Harbor. Jim asked Dianne an important question: "Would you like to meet the most fulfilled person you'll ever know? You're looking at him." Dianne and Jim began meeting on Tuesdays, where eventually she invited her followers into their dialogues with dozens of videos on Facebook Live, where viewers could learn from Jim just as she had. With thousands of views, the chats struck a chord with people who were hungry for a meaningful life. Over the course of five years, Jim Downing taught Dianne Derby to slow down; to embrace only what is true, real, and good; and to live a life of significance. She delivered the eulogy at his funeral, a memorial service that was broadcast for the world. His lessons live on in her stories, her friendships, and the significance of her work as a journalist, a mother, a wife, and a follower of Christ.

delivers an inspiring and unforgettable eyewitness account of the Pearl Harbor attack and his remarkable return to the fight. At 8:10 a.m. on December 7, 1941, Seaman First Class Donald Stratton was consumed by an inferno. A million pounds of explosives had detonated beneath his battle station aboard the USS Arizona, barely fifteen minutes into Japan's surprise attack on American forces at Pearl Harbor. Near death and burned across two thirds of his body, Don, a nineteen-year-old Nebraskan who had been steeled by the Great Depression and Dust Bowl, summoned the will to haul himself hand over hand across a rope tethered to a neighboring vessel. Forty-five feet below, the harbor's flaming, oil-slick water boiled with enemy bullets; all around him the world tore itself apart. In this extraordinary, never-before-told eyewitness account of the Pearl Harbor attack—the only memoir ever written by a survivor of the USS Arizona—ninety-four-year-old veteran Donald Stratton finally shares his unforgettable personal tale of bravery and survival on December 7, 1941, his harrowing recovery, and his inspiring determination to return to the fight. Don and four other sailors made it safely across the same line that morning—a small miracle on a day that claimed the lives of 1,177 of their Arizona shipmates—approximately half the American fatalities at Pearl Harbor. Sent to military hospitals for a year, Don refused doctors' advice to amputate his limbs and battled to relearn how to walk. The U.S. Navy gave him a medical discharge, believing

he would never again be fit for service, but Don had unfinished business. In June 1944, he sailed back into the teeth of the Pacific War on a destroyer, destined for combat in the crucial battles of Leyte Gulf, Luzon, and Okinawa, thus earning the distinction of having been present for the opening shots and the final major battle of America's Second World War. As the seventy-fifth anniversary of the Pearl Harbor attack approaches, Don, a great-grandfather of five and one of six living survivors of the Arizona, offers an unprecedentedly intimate reflection on the tragedy that drew America into the greatest armed conflict in history. *All the Gallant Men* is a book for the ages, one of the most remarkable—and remarkably inspiring—memoirs of any kind to appear in recent years. \*Library Journal

*Kill Without Remorse* follows the adventures of a TV newsman who exposes drug trafficking in the San Francisco Bay area. He experiences tragedy at the hands of the Mexican Mafia and fights to avenge the death of his sister and wife.

“A valuable reexamination” (Booklist, starred review) of the event that changed twentieth-century America—Pearl Harbor—based on years of research and new information uncovered by a New York Times bestselling author. The America we live in today was born, not on July 4, 1776, but on December 7, 1941, when an armada of 354 Japanese warplanes supported by aircraft carriers, destroyers, and midget submarines suddenly and savagely attacked the United States, killing 2,403 men—and forced America’s entry into World War II. *Pearl Harbor: From Infamy to Greatness* follows the sailors, soldiers, pilots, diplomats, admirals, generals, emperor, and president as they engineer, fight, and react to this stunningly dramatic moment in world history. Beginning in 1914, bestselling author Craig Nelson maps the road to war, when Franklin D. Roosevelt, then the Assistant Secretary of the Navy, attended the laying of the keel of the USS Arizona at the Brooklyn Navy Yard. Writing with vivid intimacy, Nelson traces Japan’s leaders as they lurch into ultranationalist fascism, which culminates in their scheme to terrify America with one of the boldest attacks ever waged. Within seconds, the country would never be the same. Backed by a research team’s five years of work, as well as Nelson’s thorough re-examination of the original evidence assembled by federal investigators, this page-turning and definitive work “weaves archival research, interviews, and personal experiences from both sides into a blow-by-blow narrative of destruction liberally sprinkled with individual heroism, bizarre escapes, and equally bizarre tragedies” (Kirkus Reviews). Nelson delivers all the terror, chaos, violence, tragedy, and heroism of the attack in stunning detail, and offers surprising conclusions about the tragedy’s unforeseen and resonant consequences that linger even today. War is uncomfortable for Christians, and worldwide war is unfamiliar for today's generations. Jim Downing reflects on his illustrious military career, including his experience during the bombing of Pearl Harbor, to show how we can be people of faith during troubled times. The natural human impulse is to run from attack. Jim Downing—along with countless other soldiers and sailors at Pearl Harbor on December 7, 1941—ran toward it, fighting to rescue his fellow navy men, to protect loved ones and civilians on the island, and to find the redemptive path forward from a devastating war. We are protected from war these days, but there was a time when war was very present in our lives, and in *The Other Side of Infamy* we learn from a veteran of Pearl Harbor and World War II what it means to follow Jesus into and through every danger, toil, and snare. The first Torpedo tore off her bow; two more torpedoes broke her hull in two pieces and put her on the bottom. About 176 men perished in the sinking. Another 760 were cast into the sea. Two destroyer picked up about 500 of them and fled the scene to be out of reach of the Japanese dive bombers before dawn began to light up the eastern sky. This book is about the rescue of the remaining crew members who remained in the dark murky waters of Kula Gulf. These unfortunate men had no assurance that they would ever be rescued. Many of them spent what seemed to be endless hours tortured by thirst; plagued by the pain of burns and other injuries that exposed raw flesh to the Salt Water. It was a hellish situation if there ever was one. From time to time another and another gave up the fight to survive and sank below the sea to rise no more. Here they were cast into the dark waters right at the enemies doorstep. But their salvation was waiting in the wings as the valor and devotion to their fellow comrades decided the issue. The battleships Arizona and Oklahoma were sunk. The battleships California, West Virginia and Tennessee were badly damaged and would not rejoin the United States fleet for months. *Memorializing Pearl Harbor examines the challenge of representing history at the site of the attack that brought America into World War II. Analyzing moments in which history is re-presented—in commemorative events, documentary films, museum design, and educational programming—Geoffrey M. White shows that the memorial to the Pearl Harbor bombing is not a fixed or singular institution. Rather, it has become a site in which many histories are performed, validated, and challenged. In addition to valorizing military service and sacrifice, the memorial has become a place where Japanese veterans have come to seek recognition and reconciliation, where Japanese Americans have sought to correct narratives of racial mistrust, and where Native Hawaiians have challenged their ongoing erasure from their own land. Drawing on extended ethnographic fieldwork, White maps these struggles onto larger controversies about public history, museum practices, and national memory.*
