Publisher Description

Jeanne de Penthièvre (c.1326-1384), duchess of Brittany, was an active and determined ruler who maintained her claim to the duchy throughout a war of succession and even after her eventual defeat. This in-depth study examines Jeanne's administrative and legal records to explore her co-rule with her husband,

the social implications of ducal authority, and her strategies of legitimization in the face of conflict.

While studies of medieval political authority often privilege royal, male, and exclusive models of power, Erika Graham-Goering reveals how there were multiple coexisting standards of princely action, and it was the navigation of these expectations that was more important to the successful exercise of power than adhering to any single approach. Cutting across categories of hierarchy, gender,

### Princes and Princely Culture

*Rome and Religion in the Medieval World provides a panoramic and interdisciplinary exploration of Rome and religious culture. The studies build upon or engage Thomas F.X. Noble's interest in Rome, especially his landmark contributions to the origins of the Papal States and early medieval image controversies. Scholars from a variety of disciplines offer new viewpoints on key issues and questions relating to medieval religious, cultural and intellectual history. Each study explores different dimensions of Rome and religion, including medieval art, theology, material culture, politics, education, law, and religious practice. Drawing upon a wide range of sources, including manuscripts, relics, historical and normative*

*texts, theological tracts, and poetry, the authors illuminate the complexities of medieval Christianity, especially as practiced in the city of Rome itself, and elsewhere in Europe when influenced by the idea of Rome. Some trace early medieval legacies to the early modern period when Protestant and Catholic theologians used early medieval religious texts to define and debate forms of Roman Christianity. The essays highlight and deepen scholarly appreciation of Rome in the rich and varied religious culture of the medieval world.*

Prince of Wales as he approaches his seventieth birthday at a watershed in the history of the modern British monarchy. Exploring beyond the banal newspaper headlines that have caricatured Charles over the years, the book debunks the myths about the man who will be King, telling his full, true story; exploring his complex character, his profoundly held beliefs and deep thinking about religion - including Islam - politics, the armed services, monarchy and the constitution, providing an illuminating portrait of what kind of monarch Charles III will be. Although this book is

not an official biography, the Prince's office, Clarence House, has agreed to cooperate with the author - who has spent nearly thirty years chronicling the story of the House of Windsor as an author, journalist and broadcaster. The author, who has met Prince Charles on countless occasions, will draw on the knowledge and memories of a number of sources close to the Prince who have never spoken before, as well as members of the Royal Household past and present who have served the Prince during his decades of public service. It will reveal that there are plans

for Charles to serve as Prince Regent once the Queen turns ninety-five, how he already reads ALL the Government papers/boxes at his mother's insistence, and why he feels it is his constitutional duty to pass on to ministers his thoughts and feelings in his controversial 'black spider memos'. Beyond that, Charles at Seventy also reveals the truth about the Prince's deeply loving but occasionally volatile relationship with his second wife and chief supporter, Camilla. The result is an intriguing new portrait of a man on the cusp of kingship.

"Princely marriage is the brilliant edition of a universal fact" – so said the nineteenth-century writer Walter Bagehot. In 2007, Queen Elizabeth II and Prince Philip, Duke of Edinburgh, celebrate their sixtieth wedding anniversary. This love story of the world's most famous couple presents a thematic look at the most outstandingly successful marriage of recent times. This illustrated study explores the pressures and stresses of living life in the glare of public scrutiny. It is an early case of a married couple leading independent lives of extraordinary public service and indicating a path for others to

### History of the British Empire

Aristocratic dynasties have long been regarded as fundamental to the development of early modern society and government. Yet recent work by political historians has increasingly questioned the dominant role of ruling families in state formation, underlining instead the continued importance and independence of individuals. In order to take a fresh look at the subject, this volume provides a broad discussion on the formation of dynastic identities in relationship to the lineage's own history, other families within the social elite, and the ruling dynasty.

Individual chapters consider the dynastic identity of a wide range of European aristocratic families including the CroËs, Arenbergs and Nassaus from the Netherlands; the Guises-Lorraine of France; the Sandoval-Lerma in Spain; the Farnese in Italy; together with other lineages from Ireland, Sweden and the Austrian Habsburg monarchy. Tied in with this broad international focus, the volume addressed a variety of related themes, including the expression of ambitions and aspirations through family history; the social and cultural means employed to enhance status; the legal, religious and political

attitude toward sovereigns; the role of women in the formation and reproduction of (composite) dynastic identities; and the transition of aristocratic dynasties to royal dynasties. In so doing the collection provides a platform for looking again at dynastic identity in early modern Europe, and reveals how it was a compound of political, religious, social, cultural, historical and individual attitudes.

Born to privilege, living on the edge of the royal circle, Lady Diana Spencer assumed-like everyone else-that little adjustment would be needed to adapt to her new role, the Princess

of Wales and future Queen of England. What everyone, including Diana, failed to factor in was that Charles, at age thirty-three, was not only a confirmed bachelor, surrounded from infancy with people to anticipate and provide his every need, he was also in a long-term, committed relationship. However, it was his duty to marry and provide an heir to the throne of England. Meanwhile, Diana, almost a generation younger, envisioned (as Edward VIII had) what a modern monarchy could be; how it could be relevant in today's complex society-a monarchy she was determined to have for her son. That these two forces-the status

Women, Diplomacy and International Politics since 1500 explores the role of women as agents of diplomacy in the trans-Atlantic world since the early modern age. Despite increasing evidence of their involvement in political life across the centuries, the core historical narrative of international politics remains notably depleted of women. This collection challenges this perspective. Chapters

cover a wide range of geographical contexts, including Europe, Russia, Britain and the United States, and trace the diversity of women's activities and the significance of their contributions. Together these essays open up the field to include a broader interpretation of diplomatic work, such as the unofficial avenues of lobbying, negotiation and political representation that made women central diplomatic players in the salons, courts and boudoirs of Europe. Through a selection of case studies the book throws into new perspective the operations of political power in local and national domains, bridging and at times reconceptualising the relationship of the
