**Warm, wise, and magical—the latest novel by the bestselling author of *THE LITTLE PARIS BOOKSHOP* and *THE LITTLE FRENCH BISTRO* is an astonishing exploration of the thresholds between life and death Henri Skinner is a hardened ex-war reporter on the run from his past. On his way to see his son, Sam, for the first time in years, Henri steps into the road without looking and collides with oncoming traffic. He is rushed to a nearby hospital where he floats, comatose, between dreams, reliving the fairytales of his childhood and the secrets that made him run away in the first place. After the accident, Sam—a thirteen-year old synesthete with an IQ of 144 and an appetite for science fiction—waits by his father's bedside every day. There he meets Eddie Tomlin, a woman forced to confront her love for Henri after all these years, and twelve-year old Madelyn Zeidler, a coma patient like Henri and the sole survivor of a traffic accident that killed her family. As these four very different individuals fight—for hope, for patience, for life—they are bound together inextricably, facing the ravages of loss and first love side by side. A revelatory, urgently human story that examines what we consider serious and painful alongside light and whimsy, *THE BOOK OF DREAMS* is a tender meditation on memory, liminality, and empathy, asking with grace and gravitas what we will truly find meaningful in our lives once we are gone.**

The Hill of Dreams

A record of the writer's actual dreams is populated by characters from his novels.

In English for the first time, a wild and darkly funny book that combines Surrealist painter Leonora Carrington's fantastical writing and illustrations for children The maverick surrealist Leonora Carrington was an extraordinary painter and storyteller who loved to make up stories and draw pictures for her children. She lived much of her life in Mexico, and her sons remember sitting in a big room whose walls were covered with images of wondrous creatures, towering mountains, and ferocious vegetation while she told fabulous and funny tales. That room was later whitewashed, but some of its wonders were preserved in the little notebook that Carrington called The Milk of Dreams. John, who has wings for ears, Humbert the Beautiful, an insufferable kid who befriends a crocodile and grows more insufferable yet, and the awesome Janzamajoria are all to be encountered in The Milk of Dreams, a book that is as unlikely, outrageous, and dreamy as dreams themselves.

Two books in one: If There Be Thorns and Seeds of Yesterday, from V.C. Andrews's classic series that begins with Flowers in the Attic.

An affecting biography of the author of Anne of Green Gables is the first for young readers to include revelations about her last days and to encompass the complexity of a brilliant and sometimes troubled life. Once upon a time, there was a girl named Maud who adored stories. When she was fourteen years old, Maud wrote in her journal, "I love books. I hope when I grow up to be able to have lots of them." Not only did Maud grow up to own lots of books, she wrote twenty-four of them herself as L. M. Montgomery, the world-renowned author of Anne of Green Gables. For many years, not a great deal was known about Maud's personal life. Her childhood was spent with strict, undemonstrative grandparents, and her reflections on writing, her lifelong struggles with anxiety and depression, her "year of mad passion," and her difficult married life remained locked away, buried deep within her unpublished personal journals. Through this revealing and deeply moving biography, kindred spirits of all ages who, like Maud, never gave up "the substance of things hoped for" will be captivated anew by the words of this remarkable woman.

**A Book of Dreams - The Book That Inspired Kate Bush's Hit Song 'Cloudbusting'**

*Still, to say that it all began when Sophie Mol came to Ayemenem is only one way of looking at it . . . It could be argued that it actually began thousands of years ago. Long before the Marxists came. Before the British took Malabar, before the Dutch Ascendancy, before Vasco da Gama arrived, before the Zamorin's conquest of Calicut. Before Christianity arrived in a boat and seeped into Kerala like tea from a teabag. That it really began in the days when the Love Laws were made. The laws that lay down who should be loved, and how. And how much.*

*"Cloudbusting"...was inspired by a book that I first found on a shelf... It was just calling me from the shelf, and when I read it I was very moved by the magic of it. It's about a special relationship between a young son and his father. The book was written from a child's point of view. His father is everything to him; he is the magic in his life, and he teaches him everything, teaching him to be open-minded and not to build up barriers' - Kate Bush This famous book, the inspiration behind Kate Bush's 1985 hit song 'Cloudbusting', is the extraordinary account of life as friend, confidant and child of the brilliant but persecuted Austrian psychoanalyst Wilhelm Reich. Peter, his son, shared with his father the revolutionary concept of a world where dream and reality are virtually indistinguishable, and the sense of mission which set him and his followers apart from the rest of the human race. Here, Peter Reich writes vividly and movingly of the mysterious experiences he shared with his father: of flying saucers; the 'cloudbuster' rain-makers and the FDA narks; and of the final tragic realization of his father's death, which woke him up to the necessity of living out his life in an alien world. Already regarded as a modern classic, A Book of Dreams is not only a beautifully written narrative of a remarkable friendship and collaboration, but a loving son's heartfelt tribute to a loving father. **Leigh prayed that her dreams and Luke's devotion would save her from tragedy even though her foul secret seemed to darken her life. In April 1988, Valerie Solanas - the writer, radical feminist and would-be assassin of Andy Warhol - was discovered dead in her hotel room, in a grimy corner of San Francisco. She was only 52; alone, penniless and surrounded by the typed pages of her last writings. In *The Faculty of Dreams*, Sara Stridsberg revisits the hotel room where Solanas died, the courtroom where she was tried and convicted of attempting to murder Andy Warhol, the Georgia wastelands where she spent her childhood, where she was repeatedly raped by her father and beaten by her alcoholic grandfather, and the mental hospitals where she was interned. Through imagined conversations and monologues, reminisces and rantings, Stridsberg reconstructs this most intriguing and enigmatic of women, articulating the thoughts and fears that she struggled to express in life and giving a powerful, heartbreaking voice to the writer of the infamous *SCUM Manifesto*.**
