"Describes the life and career of pro wrestler Adam Copeland, also known as Edge"--Provided by publisher.

He's called the human highlight reel of professional wrestling. His high-flying acrobatics have thrilled fans on every continent. He's been crowned champion of the world's greatest wrestling promotions, from Mexico to the U.S. But he's never revealed the inside story of what it's like to be a champion. Until now. Wrestling fans know him as Rey Mysterio, an American luchador of unparalleled talent, the ultimate proof that good things come in small packages. Now for the first time, Rey adds the personal side to the story: • How he had to fight to get a tryout in the ring • Who he wrestled before Rey Misterio Jr. -- and even before Colibri, usually noted as his first identity • What it was like to wrestle in Mexico -- from the early days to the riots • How he fought plans for his unmasking in WCW -- and why he wishes he hadn't succeeded • The inside story of the 619, West Coast Pop, and his other signature moves • The impact of Eddie Guerrero on his career in WWE • The personal struggle that cost him his ring time in 2008 but ultimately made him a stronger man • His real passion in life as husband and father In *Rey Mysterio: Behind the Mask* Rey talks candidly about his twenty-plus-year career, from the days of sneaking into bars as a fourteen-year-old to his most recent showdowns in WWE. He speaks of the emotional moments in the ring with his uncle Rey Misterio, and the dark days when he went under the knife to repair his damaged knee. Along the way, Mysterio introduces American audiences to the mysteries of lucha libre, the high-flying anything-goes Mexican wrestling style that he has done so much to popularize in the U.S. He also talks about the debts he owes to wrestlers such as Konnan, known as the Mexican Hulk Hogan, and dishes some behind-the-scenes dirt on the collapse of WCW at the height of the Monday Night Wars. Mysterio talks tenderly -- but realistically -- of his friend Eddie Guerrero, providing a well-rounded picture of one of the most beloved wrestling figures of recent history. He also details his march toward the Heavyweight Championship, and his mastery of the WWE Triple Crown -- a feat that placed him in an elite group for all time. *Behind the Mask* is the intimate portrait of one of wrestling's greats, a story wrestling fans of all ages won't want to miss.

Adam Copeland on Edge

People around the world know Dave Batista as World Wrestling Entertainment's "the Animal," the rope-shaking, spine-busting World Heavyweight Champion, one of the most popular Superstars in recent years. The crowd turned Batista from heel to babyface after they were electrified by his awesome physique and physical wrestling style. Few fans, however, know that Batista didn't join the profession until he was thirty years old -- an age at which many wrestlers are thinking about hanging up their boots. Nor do most fans know the tremendous toll the climb to the top has taken on Batista's personal life. While successfully staying away from hard drugs and -- usually -- liquor, he found sex too tempting to resist. "Women were my drug of choice," the Animal confesses. That addiction cost him his marriage, destroying a relationship that had helped him climb from poverty to the pinnacle of sports entertainment in less than two years. Now, in *Batista Unleashed*, the WWE Superstar comes clean about the choices he made and the devastating effects they had on his family. He talks about the injury that stripped him of his title -- an injury he blames on Mark Henry's carelessness. While being sidelined cost Batista untold hundreds of thousands of dollars in lost income, it also set the stage for a tremendous comeback that cemented the Animal's reputation as a true champion. Batista talks about growing up in the worst part of Washington, D.C., where three murders occurred in his front yard before he was nine. He speaks lovingly about his mother -- a lesbian -- and how hard she worked to keep the family not just together but alive. He talks candidly about his own criminal past: a conviction on a drug charge and another, since overturned, on assault. He speaks of his days as a bouncer and a lifeguard, and tells how bodybuilding may have saved his life. Once he made it to the WWE, Batista realized he wasn't really ready for the big time. His career seemed headed for a fall until Fit Finlay took him under his wing. But his real education came when he joined Evolution and rode with Triple H and Ric Flair, two of sports entertainment's all-time greats. Batista talks about what they taught him, and details some of their wild times on the road. But the champ also reveals a kinder, gentler side. While his soft-spoken manner in the locker room has sometimes been misinterpreted as arrogance, in truth Batista's always been somewhat shy and quiet. Emotional by nature, he reveals for the first time that the tears fans saw at *WrestleMania 21*, when he won the World Heavyweight Championship for the first time, were very real. And he speaks movingly about his problems with his ex-wives and teenage daughters, and how it felt to become a grandfather. While his straight-shooting mouth has occasionally gotten him into trouble -- most notably in a backstage confrontation with Undertaker after some remarks about *SmackDown!* -- Batista is his own harshest critic. He explains his early limitations as a wrestler and the work he has done to overcome them. Interspersing his memoir with accounts from life on the road,

Batista lightens the narrative with a surprising sense of humor. An Animal in the ring, he reveals himself as an honest and even humble man in everyday life.

Highlights the triumphs and tragedies Jimmy Korderas experienced over his career as a WWE referee, sharing the experiences of being in the ring during Owen Hart's accident and about the effects of the Chris Benoit tragedy.

December 2001: Vince McMahon steps out of a snowy night into a diner in upstate New York for a meeting with old friend Phil Thomson, now a highly placed government official. Thomson has a strange proposition: creating a new covert black-ops group using the Superstars of World Wrestling Entertainment. The WWE's talented men and women are perfect. Highly skilled athletes with the ideal cover, they travel all across the country and the globe; no one would find it unusual to find them in a town one day and gone the next. The government would train and support the wrestlers in every way possible except one: no one must know the truth. March 2006: The Superstars have been handed their latest assignment -- take down a commercial-grade methyl-amphetamine plant that is bankrolling terrorist activities in Europe. Their mission seems simple and straightforward, until a member of their team is taken prisoner. Now all that they've worked so hard for is in jeopardy, and one of their own might be killed...

The inside story of DX, otherwise known as, D Generation-X, from their formation to today told by the men who created it. DX is generally considered one of the most popular factions in professional wrestling history, not to mention, one of the most notable. D-Generation X, as they were also known, headed by Triple H and Shawn Michaels and had a changing roster of rebels who did whatever they wanted, whenever, wherever--regardless of the ultimate outcome. Created as a way for two friends to work together, the clique became so popular that other wrestlers joined, and DX became one of the factions in WWE climbing back to the top and putting Ted Turner's WCW out of business.

Everyone's got a price. Everyone's got to pay. 'Cause the Million Dollar Man always gets his way. After proving his point, Ted DiBiase would laugh and fan out his large roll of hundreds, worsening the degradation of whoever had been foolish enough to accept his challenge or get in his way. Defeated opponents -- put to sleep with his Million Dollar Dream -- would have the added humiliation of awakening to discover that the Million Dollar Man had been stuffing bills down their throats. Winning match after match, yet no closer to the championship, DiBiase wanted the title, but he couldn't seem to win it. His solution: pay Andre the Giant to win the title, make sure the referee was also "taken care of," and then have Andre hand the championship title over to him. True to his taunt, the Million Dollar Man had gotten his way, and Ted DiBiase became the most hated person in sports entertainment. Making his way to the top of the profession that he had loved since he was a child, Ted DiBiase never did anything by half measures. He couldn't, because the men he

respected and worked side by side with expected that "Iron" Mike's kid would give his all. And each day while on the road learning what it was to be a wrestler, Ted remembered how his father had taught him to give his all every time. It was how his father lived -- and how he lost his life, dying during a wrestling match while Ted was still a boy. From the dusty roads of Texas to the bayous of Louisiana, Ted moved from one wrestling promotion to another -- sometimes a babyface, other times a heel. He learned how to tell a story and how to draw the fans in, both inside and outside the ring. In 1987, Vince McMahon had an idea for a new character, the Million Dollar Man, and one person came to mind: Ted DiBiase. For nearly a decade, fans waited to see just how Ted could prove his adage that "Everyone's got a price." When he was sidelined by a neck injury, DiBiase started a second wrestling career, as a manager. He managed some of the biggest stars: Bam Bam Bigelow, King Kong Bundy, and a very green wrestler, the Ringmaster (who would later be known as Stone Cold Steve Austin). Ted DiBiase, the Million Dollar Man, is fondly remembered by wrestling fans for his style and his command of the ring. This is the inside glimpse of three decades inside and outside the squared circle.

Adam Copeland on Edge is more than an autobiography. It's what the author himself describes as "a mental picture" that he has long wanted to paint for the reader. It's also a dream—"one of many"—that he decided to realize while at home convalescing from potential career-ending neck surgery. And it's a journey that explores not only his life but also his innermost thoughts. Despite growing up with "a lot less materially than other people" in the small town of Orangeville, Ontario, Copeland recalls his formative years fondly. He remembers a loving mother who, while working multiple jobs just

to pay the rent, nurtured her son's passion for Spider-Man comics and KISS albums. He also recalls the family tragedy that created a void in his life at nine years of age, and how that void was soon filled by the yellow-and-red-clad form of wrestling legend Hulk Hogan, whose intensity and personality "made me feel like I could accomplish anything." With vivid detail and sincerity, Copeland offers his thoughts about not only fulfilling his goals but also building upon them. While revisiting his greatest matches, he shares his actual surprise over winning the Intercontinental title for the first time; the anxiety he felt while splitting up with Christian and establishing a solo career; his eventual determination "to grab the damn ball out of someone's hands and take off" on SmackDown!; the distress of almost losing his long blond hair to Kurt Angle; his wonder over enjoying a brief Tag Team title reign with the icon who first inspired him; the simultaneous pain of a broken marriage and two ruptured discs in his neck; and the nervous energy of returning to Raw in March 2004 and setting his sights on the WWE World Heavyweight Championship.

Then cruise L.A. with me and Sylvester Stallone on the heels of Rocky III. Learn why Minnesota Governor Jesse Ventura hates my guts. Go head-to-head with Dennis Rodman in a hard-liquor drinking contest, and share a dressing room with Liberace. WWE: Roman Empire takes you behind the curtain for a closer look at one of Sports Entertainment's biggest Superstars, Roman Reigns, as he tries to hold onto the WWE Championship while his former allies Seth Rollins and Dean Ambrose gun for his crown. Roman Reigns: the Big Dog. The juggernaut descendent of wrestling royalty has made it to the top of the mountain in WWE – just as everyone predicted he would. But it's lonely at the top, and with the top two contenders for the WWE Championship being his former Shield brothers Dean Ambrose and Seth Rollins, keeping the title will be a lot harder than winning it. Writer Dennis Hopeless (Jean Grey, Spider-Woman) and artist Serg Acuña take readers on a ride full of broken alliances and big action. In Foley Is Good, Mick Foley -- former Commissioner of the World Wrestling Federation, aka Cactus Jack, Dude Love, and Mankind -- picks up right where his smash #1 New York Times bestseller Have a Nice Day! left off, giving readers an inside look at the behind-the-scenes action in the Federation. With total honesty and riotous humor, Mick Foley shines a spotlight into some of the hidden corners of the World Wrestling Federation. From the ongoing controversy surrounding "backyard wrestling" to the real story behind his now-infamous "I Quit"

match with The Rock, Foley covers all the bases in this hysterically funny roller-coaster ride of a memoir. How did an untrained former college football player end up in the middle of a ring, wrestling during the highest-rated segment during the WWE's acclaimed Attitude Era? That's the story behind Looking at the Lights. As a childhood friend of Shane McMahon, Pete Gas was given the opportunity most only pray for. Beginning with appearances to interfere in McMahon's matches, his role blossomed into becoming a full-fledge wrestler and leading the Mean Street Posse to WrestleMania, becoming one of the most fascinating success stories of the era. From his humble upbringing and friendship with Shane (and the McMahon family as a whole), Gas shares how a 9-to-5 average Joe got the chance of a lifetime and made the most out of it. But getting your foot in the door is one thing; staying is a completely different animal. With all eyes on him, knowing his lack of training and meal ticket being the boss's son, Gas knew he had to win over all those doubters: from the fans and announcers to the wrestlers themselves. Knowing he had to prove himself, Gas took beatings, chair shots, and additional training to not only show that he could wrestle, but that he belonged with such superstars as The Rock, "Stone Cold" Steve Austin, and The Undertaker. Featuring forewords by Edge and JBL, who famously nailed Gas in the head with a steel chair, readers will get an inside look into not only the training and sacrifice these athletes go through, but the behind-the-scenes workings of a day in the WWE.

He's the last thing you'll ever see... Seven-feet-tall. Four hundred pounds. A blood-crust, rusty steel plate screwed into his skull. But perhaps the most terrifying thing about reclusive psychopath Jacob Goodnight are the razor-sharp nails on his forefingers, the ones that circle around his victims' eyes just before he takes them. Holed up within the long-abandoned Blackwell Hotel, nine floors of hidden passageways and two-way mirrors that once acted as a playground for the rich and privileged, Jacob's disturbing gaze is now fixed on Kira, Christine, Michael, Tye, Zoe, Melissa, Richie, and Russell

-- eight delinquents hoping to shave time off their county jail sentences by performing community service and restoring the building -- and detention officer Frank Williams, the former cop who put a bullet in Jacob's head four years prior. Goodnight sees the sins in their eyes -- he always does -- and he's going to pluck them out, one by one... See *No Evil*, a violent, bloody account of madness and revenge, is a novelization of the terrifying new thriller from WWE Films and Lionsgate, starring WWE Raw Superstar Kane.

Professional wrestler Triple H (Hunter Hearst Helmsley) shares the secrets of his fitness routines and explains how he conditions his body to get and stay in shape.

He first burst onto the scene in the nineties, covered in gold face paint and exhibiting a one-of-a-kind flamboyant style that bewildered his foes and thrilled his fans. Inside the ring, Goldust is as tough as they come, known for using outrageous mind games and taking down his opponents with unparalleled ruthlessness. It's no surprise, then, that wrestling is in his blood; Goldust is the son of Dusty Rhodes, "The American Dream." What is it like to be the son of a wrestling icon and follow him into the same profession? In this no-holds-barred account, Dustin Rhodes speaks frankly and openly about his journey. He talks about being a young boy who desperately missed his dad. A young man who only wanted to follow in his father's footsteps and threw aside a football scholarship to eke out a meager existence in regional wrestling. A green wrestler struggling to prove to his peers that his work, not his name, had gotten him to where he was. Rhodes describes how, in the midst of a painful five-year estrangement with his father, he finally made a name for himself as Goldust and then let it all go, tumbling into a descent of self-medication that led him away from a red-hot career as a WWE Superstar and nearly cost him his life. When he finally hit bottom, Rhodes knew where to look for help from the family he always had: his father and World Wrestling Entertainment. When he got clean and sober and was offered the chance to wrestle for WWE, he snapped up the offer. The everyday existence of life on the road, working with and watching the new Superstars-- like his brother Cody Rhodes--has reminded Rhodes of why he loves being a wrestler. *Cross Rhodes* is an intimate portrait of one man's road to redemption and a unique glimpse into one of the most famous families in WWE.

WrestleCrap: The Very Worst of Professional Wrestling examines some of the ridiculously horrible characters and storylines that pro wrestling promoters have subjected their fans to over the past twenty years. Why would any sane person think that having two grown men fight over a turkey was actually a reasonable idea? Was George Ringo, the Wrestling Beatle, really the best gimmick that a major promotional organization could come up with? And who would charge fans to watch a wrestler named the Gobbeldy Gooker emerge from an egg? In an attempt to answer such questions and figure out just what the promoters were thinking, authors Randy Baer and R.D. Reynolds go beyond what wrestling fans saw on the screen and delve into the mindset of those in the production booth. In some instances, the motivations

driving the spectacle prove even more laughable than what was actually seen in the ring. Covering such entertainment catastrophes as an evil one-eyed midget and a wrestler from the mystical land of Oz, not to mention the utterly comprehensible Turkey-on-a-Pole match (a gimmick which AWA fans might recall), WrestleCrap is hysterically merciless in its evaluation of such organizations as the WCW and the WWF. This retrospective look at the wrestling world's misguided attempts to attract viewers will leave wrestling fans and critics alike in stitches.

WWE Superstars Tell the Stories of Their Most Memorable Matches

Adam Copeland on Edge is what the author describes as “a mental picture.” It's also a dream—“one of many”—that he decided to realize while at home convalescing from potential career-ending neck surgery. And it's a journey that explores not only his life but also his innermost thoughts. In the small town of Orangeville, Ontario, Copeland was raised by a loving mother who, while working multiple jobs just to pay the rent, nurtured her son's passion for Spider-Man comics and KISS albums. When a family tragedy created a void in Copeland's life, that void was soon filled by the wrestling legend Hulk Hogan, who “made me feel like I could accomplish anything.” For Copeland, “anything” meant becoming a wrestler, an ambition shared by his friend Jason Reso, who would eventually form the indie tag team Suicide Blondes with Copeland, then join him in WWE as Edge's “brother,” Christian. Winning a newspaper essay contest earned Copeland free wrestling training from independent veterans Sweet Daddy Siki and Ron Hutchinson. The author shares his vivid, often outrageous memories of wrestling throughout Canada and the midwestern United States and befriending future WWE Superstars like Terry Richards (Rhyno), Sean Morley (Val Venis), and Chris Jericho. Hard work and persistence brought Copeland to World Wrestling Entertainment. But his “inauspicious” Raw debut—during which he accidentally knocked out his opponent—supports his claim that “I had no idea” how to make the transformation to Edge. Copeland retraces the steps he took to “Edgeucate” himself, from his goth days with the Brood's Christian and Gangrel to ushering in the “E&C Dynasty,” which in turn revitalized WWE's Tag Team division (with the aid of the Hardy Boyz, the Dudley Boyz, and countless tables, ladders, and chairs). With vivid detail and sincerity, Copeland offers his thoughts about not only fulfilling his goals but also building upon them. He shares his actual surprise over winning the Intercontinental title for the first time; the anxiety he felt while splitting up with Christian; his eventual determination “to grab the damn ball out of someone's hands and take off”; the distress of almost losing his long blond hair to Kurt Angle; his wonder over enjoying a brief Tag Team title reign with the icon who first inspired him; the simultaneous pain of a broken marriage and two ruptured discs in his neck; and the nervous energy of returning to Raw in March 2004 and setting his sights on the WWE World Heavyweight Championship.
