

## An Accidental Murder (The Yellow Cottage Vintage Mysteries Book 1)

From USA Today bestselling author Leslie Langtry comes another madcap Merry Wrath mystery that will leave you laughing til it hurts! When Merry Wrath inherits an urn of cremains, she isn't sure which is more surprising—that she was now the owner of a body or the fact that her family's mythical Aunt June actually existed. Besides the urn and the deceased's collection of lethal pets, from an assassin caterpillar to a deathstalker scorpion, the ex-CIA agent turned Scout Leader also inherits a mystery: "If you've received this, it means that I need you to find out who murdered me." With her best friend and five mischievous little Girl Scouts, Merry takes a trip across the state to her aunt's tiny, rundown hometown of Behold, Iowa. Though, in hindsight, it probably wasn't the best for the troop to stay at a famous scout camp that has a history of ghosts and aliens. Or to bring the precocious, ten-year old Betty who has started mastering some very sophisticated (and alarming) magic tricks. Was Aunt June murdered? Most in Behold think the death was an accident involving June's pet brown recluse spider, but Merry isn't so sure. There are far more questions than answers about who Aunt June really was. Between a late-night dash for her life over a high ropes course, and dangerous interactions with deadly critters, Merry needs answers before a killer silences her questions.for good. Bill Pronzini invades the Ramble House Sanctuary of Loons with a collection of 22 excursions into the darkest heart of noir. From the perils of familial love in "Dago Red" to the deadly TV sports of "Olaf and the Merchandisers" Pronzini runs you through a wringer of chills and thrills, with a couple of Nameless Detective stories to keep you grounded. But don't expect the suspense to let up, because there are dangers lurking in the twenty stories that lie in between, each more menacing than the last. Recently named Grand Master by the Mystery Writers of America and recipient of a Western Writers of America Spur Award for co-writing "Crucifixion River" with his wife, author Marcia Muller, Bill Pronzini lives in Petaluma CA. He recently released his 33rd Nameless Detective novel, Fever, and a new stand-alone, The Other Side of Silence, will be published in October of 2009.

...Air rank and evil-smelling smoke, pushed by dark winds, howling through his mind... Smuggled out of Nazi Germany as an infant, Paul Romanof is now a pensive journalism professor held captive by his parents tragic legacy. He must contend with emotional obstacles: nightmares, strange compulsions, and the persistent memory of a youthful romance. He is about to become entangled in an incredible series of events which will enlighten the past, and illuminate the future. Lilly Reuben: A gutsy reporter with her own mislaid story, starts out on a bitter February night to meet Paul at his home for dinnerthe result of a personal ad. Caught in a surprise blizzard, she hikes to a convenience store when her car breaks down. Here she runs into Dan Miller, a seductive trial lawyer with a singular and depraved agenda. Lilly is vulnerable prey to his fascination. Miller and Romanof live and work in the same area, unknown to one another. Yet they are bound by their history, Millers twisted ideology, and by desire for Lilly. Loney DuBois is a private investigator hired by Miller to conduct an extensive surveillance on Lilly. But DuBois, who has taken the job as a favor to a cop friend, soon realizes there is more reason to suspect his employer. What he learns will change everything. Paul Romanof, Lilly Reuben and Dan Miller plunge blindly toward devastating revelations from which there is no return. With one prophetic exception. Tiny claws fixed to cruel perch, they sang... their voice; a symphony of life....

Book three of the Mysterious Devices series of clockwork cozies set in the Magnificent Devices world! Daisy and Frederica Linden have tracked their missing father to Bodie, the most dangerous town in the Wild West, where bad men murder without guilt and single ladies are as rare and valuable as gold. Here they must depend upon the help of the society of absent friends, that secret network of boardinghouse keepers who know everyone's business—and make secrets their stock in trade. But some secrets are fatal, and when the local matchmaker pays the price with her life on the night of the Autumn Ball, the ladies of the society beg Daisy and Freddie to help them find the killer of their fallen sister. Aided by Miss Peony Churchill, an intrepid family of aeronauts, and a Rocky Mountain Detective, the Linden sisters must see justice done and unmask a deadly conspiracy. But in a town where murder is more common than spiked absinthe, will they find themselves in the killer's sights instead? "I finished reading the last page and found myself craving the next mystery in this addictive series. This time, we traveled to Bodie, California - and I knew adventure, mystery and murder couldn't be far behind." Lori Alden Holuta, author of the Brassbright Chronicles

The Deadline Murders

A Mick Cardby Mystery

The Phantom of the Opera & The Mystery of the Yellow Room (Mystery Classics)

Drawing on the ancient Hindu disciplines of Tantra and Ayurveda, as well as astrology and his own family tradition of gemology, Harish Johari offers practical methods to utilize the power stored in gems to maximize physical and psychological balance and well-being. The origins of gem healing can be traced to the earliest Sanskrit scriptures, in which gems are valued for their ability to absorb and transmit vital life forces. Ayurvedic healers, Indian astrologers, and Tantric alchemists all made use of gem formulas in their various practices. The author describes these in vivid detail as well as the attributes and powers of the sun and planets according to Hindu astrology and legend as they relate specifically to the use of gems. Here they play a critical role in enhancing the positive power of the planets and reducing their negative influence. Charts are included that determine the appropriate gems to be worn according to one's astrological sun sign and ascendant. Detailed instructions necessary for the creation of gem talismans and the rituals that use gems to obtain desired effects are also supplied by the author. The Healing Power of Gemstones is the most comprehensive survey of this subject available today, is both a practical guide to the chemical and subtle nature of gemstones and a traditional overview of their use throughout the ages.

In this provocative and eye-opening classic of investigative journalism, the #1 New York Times bestselling author and "America's best true-crime writer" (Kirkus Reviews), Ann Rule, explores the nearly twenty-year long search for America's most prolific and horrifying serial killer. In 1982, the body of Wendy Coffield is discovered floating near the sandy shore of Washington's Green River. Authorities have no idea that this tragic and violent death is only the beginning of a string of murders that will rock and terrify the S Ann Rule takes us behind the scenes of the search for the Green River Killer, a terrifying specter who ritualistically killed young women and eluded authorities for years. From seeking the help of incarcerated serial killer Ted Bundy to Ann Rule's horrifying realization that the killer she was writing about had attended her book signings. Green River, Running Red is the suspenseful and unforgettable "definitive narrative of the brutal and senseless crimes that haunted the Seattle area for decades" (Publishers Weekly). Yellow Cat explores the conflicts that led to the near extinction of the Apaches, the Indians who called themselves The People, during the 1870s. The story is driven by three protagonists: Yellow Cat, visionary warrior, who leads The People against encroaching White Eyes; General Crowe, Christian soldier, whose efforts toward peace meet political doom; and Indian Agent Osprey, who seeks to perpetuate a personally lucrative conflict. Sometimes aiding, and sometimes thwarting the aims of the protagonists, are: The Bride of the Sun, Chaco, traitor to The People; and Red Grass Rising, shamanness, leader of The People, and friend of the Gan; and enforcement officerWalter, who may be related to The Prince of Fire. Yellow Cat is the cymbal clash of a war between cultures whose reverberations continue to ring. [Author bio]George Simone lives in Ann Arbor, Michigan, from which base he frequently extends his years of study and travel in the Southwest.

The Mystery of the Yellow Room A frightful act of malice committed in Paris: the dastardly attempted assassination of the daughter of a famed scientist who was working late in his laboratory with an assistant when the attack took place in the adjacent room. A locked chamber, windows barred, no one hiding inside. The poor young lady unconscious, covered with blood, violent marks on her throat, and a wound at her temple. The scientist's revolver removed from its cabinet and sealed in the room with her. The only trace of her assailant is a large, bloody handprint on the wall. The Mystery of the Yellow Room At a loss, the chief of the Sûreté é telegraphs for the famous detective Frédéric Larsan to be assigned to the seemingly unsolvable case. A genre-defining novel, The Mystery of the Yellow Room follows the investigation step by step, with thorough descriptions of the crime scene to allow the reader access to the same opaque clues to the crime that the detectives have. The Mystery of the Yellow Room This ebook features a new introduction by Otto Penzler and has been professionally proofread to ensure accuracy and readability on all devices. The Mystery of the Yellow Room The Mystery of the Yellow Room (1908) is a novel by French writer Gaston Leroux. Originally serialized in L'Illustration from September to November 1907, The Mystery of the Yellow Room marked the first appearance of popular character Joseph Rouletabille, a reporter and part-time sleuth who features in several of Leroux's novels. Originally a journalist, Leroux turned to fiction after reading the works of Arthur Conan Doyle and Edgar Allan Poe. Often considered one of the best locked-room mysteries of all time, the novel has been adapted several times for film and television. Joseph Rouletabille is more than meets the eye. A reporter by profession, he spends his free time working as an amateur detective, using his journalistic talents to complete facts and track down leads. When the young daughter of a prominent professor is found badly beaten in a locked room at the ChâteaudeGlandier, Rouletabille sets out to investigate with his trusted assistant Sainclair. After conducting interviews with several members of the castle staff, he is told that France's top detective Frédéric Larsan has been assigned to the case. Larson soon names Robert Darzac, Ms. Stangerson's fiancé, as his primary suspect. Having already ruled Darzac out, Rouletabille begins to grow suspicious when the man is arrested and seems hesitant to defend himself. Working behind the scenes, the unassuming sleuth must race against time to prove Darzac's innocence and stop Ms. Stangerson's attacker from finishing what he started. The Mystery of the Yellow Room is a story of danger and suspense from one of history's finest detective novelists. Joseph Rouletabille is without a doubt France's answer to Sherlock Holmes. With a beautifully designed cover and professionally typeset manuscript, this edition of Gaston Leroux's The Mystery of the Yellow Room is a classic of French literature reimaged for modern readers. The Mystery of the Yellow Room

How can a plant as beautiful as the foxglove be so deadly and yet for more than a century be used to treat heart disease? The same is true of other naturally occurring molecules as will be revealed in this current book by award-winning author and chemist, John Emsley. More Molecules of Murder follows on from his highly-acclaimed earlier book Molecules of Murder, and again it deals with 14 potential poisons; seven of which are man-made and seven of which are natural. It investigates the crimes committed with them, not from the point of view of the murderers, their victims, or the detectives, but from the poison used. In so doing it throws new light on how these crimes were carried out and ultimately how the perpetrators were uncovered and brought to justice. Each chapter starts by looking at the target molecule itself, its discovery, its chemistry, its often-surprising use in medicine, its effects on the human body, and its toxicology. The rest of the chapter is devoted to murders and attempted murders in which it has been used. But, be reassured that murder by poison is not the threat it once was, thanks to laws which restrict access to such materials and to the skills of analytical chemists in detecting their presence in incredibly tiny amounts.

A line of nine women met in the darkness, ignoring the snow. A lone wolf watched them, but did not approach them. Wolves had never bothered Muses. They were sentient, intelligent and could communicate telepathically. They roamed in packs, of up to a few dozen, but widely spread. Another woman approached, walking close to the wolf, who remained docile to the point that she could pat him. \*\*\*\*\* "Then it's agreed. The last five have been disappointments, so I'm happy to vote with the majority and give this one another go. He got close last time." "I agree, too. I think we put too much weight on his appearance. He's not as ugly as all that when you get to know him. You should handle this one Rika. Welcome to the sisterhood, by the way, we love getting new recruits. Because it's such a big one, I think we should all help you." The leader stood, and looked to the sky. She pointed far off. "Look, the others are coming now. It's time to move, Rika. Good luck darling. Try to make a good impression with him." The women embraced and dispersed their separate ways.

This carefully crafted ebook: "The Phantom of the Opera & The Mystery of the Yellow Room (Mystery Classics)" is formatted for your eReader with a functional and detailed table of contents: "The Mystery of the Yellow Room" is one of the first locked-room mystery crime fiction novels. It is the first novel starring fictional detective Joseph Rouletabille, and concerns a complex and seemingly impossible crime in which the criminal appears to disappear from a locked room. Leroux provides the reader with detailed, precise diagrams and floorplans illustrating the scene of the crime. The emphasis of the story is firmly on the intellectual challenge to the reader, who will almost certainly be hard pressed to unravel every detail of the situation. "The Phantom of the Opera" is a story inspired by historical events at the Paris Opera during the nineteenth century. Opera singer Christine triumphs at the gala on the night of the old managers' retirement. Her old childhood friend, Raoul, hears her sing and recalls his love for Christine. At this time, there are rumours of a phantom living at the Opera and he makes himself known to the managers through letters and malevolent acts. Sometime after the gala, the Paris Opera performs Faust, with the prima donna Carlotta playing the lead, against the Phantom's wishes. During the performance, Carlotta loses her voice and the grand chandelier plummets into the audience... Gaston Leroux (1868-1927) was a French journalist and author of detective fiction. In the English-speaking world, he is best known for writing the novel The Phantom of the Opera (Le Fantôme de l'Opéra, 1910), which has been made into several film and stage productions of the same name.

Two great seas - the China and the Yellow - have been the highways that have brought explorers, traders, soldiers, sailors, bankers, investors, missionaries, and the best and worst of humankind to the shores of the Orient. For China, it has brought suffering, pain and humiliation. In the wake of that experience, China has emerged with new power and vision to take its place in the modern world. This is the story of that achievement, which began over two thousand years ago with trade. Detective Chief Inspector Jim Langton is at a turning point in his life. Despite a stellar career, his personal life has not worked out the way he thought it would. He has handed in his resignation and is seriously considering moving to Australia to start afresh with a new life and a new job. He just has one more case to settle before he can leave: the discovery of a body near the seventh fairway at East Ridge Golf Club. It quickly becomes apparent to Langton that this was no accidental death, and there is an added complication: his ex-wife is now working as a secretary at the club and he is convinced that she is another possible target. What is the victim, a well-liked and respected member of the club, have discovered that led to his murder? Langton and his colleague, Sergeant Harry Mills, soon find themselves embroiled in the secrets and lies of the golf club's members in an effort to find out. And as the mystery deepens, the threads of Langton's professional and private life become inexorably woven together. Des Evans was born in Birmingham in 1925. He was educated in state schools and left at the age of fourteen. In 1942 he enlisted in the RAF as a flight mechanic, working on Lancaster bombers, and spent the last eighteen months of his service in Malta. He was demobbed in 1947 and married the girl next door in 1950. He has a son, a daughter and seven grandchildren. He retired in 1985, having worked mostly in insurance, and became the webmaster for his old squadron website, retiring in 2006. He now lives in Much Wenlock, Shropshire with his wife, Jean.

The Yellow House - Master of Men

The Yellow Bus This is a whodunit with a twist. The book was inspired by the town's mini bus service and many of the regulars who travel on this route, but there the resemblance ends. The following story and the characters are no more than a figment of the author's creative imagination and any resemblance to persons or related incidents are purely coincidental. Importantly no elderly humans or animals were harmed in the writing of this book. The local yellow bus was a Godsend for the elderly passengers who used the service every weekday morning. It gave them an opportunity to catch up on local gossip, a chance to chat and reminisce about their former lives. During the journey the regular driver Harry Spree often overheard the conversations and these gave his wife Elaine, disillusioned with her own life, an idea to become 'an agent' for some of these pensioners and their hidden talents. Eager to supplement their pensions, she persuaded a few to go long with her plan and, surprisingly, within weeks the new enterprise turned out to be quite a success and the participants were benefitting from this scheme. When the local crime lord wanted a piece of the action even this was accepted, albeit reluctantly by some. However, unfortunately, for the entrepreneurial group of pensioners there was also someone else taking an interest in their co-operative and, more troubling, their past lives. When a local author was found dead in her home it was initial classed an terrible accident but, as the police delved deeper, it became obvious that it was murder. Could there have been a connection between the killing, the passenger's on the yellow bus and the criminal underworld of the Silas Myster's organisation? As the truth started to unravel and hidden secrets were revealed, the list of potential suspects grew. The author's death may have been carried out on the 'spare of the moment' and the sudden disappearance of their regular driver be nothing more than the break-up of his marriage, yet these two separate incidents would change forever the lives of the pensioners. But however traumatic these were for the passengers on the yellow bus, it was nothing compared to the horror that was about to happen in a few week's time...

Because the war on drugs is not going well, DEA conspirators initiate a secret project: mixing a lethal Venezuelan hepatitis virus into heroin, rationalizing that a few deaths from a new type of hepatitis will deter drug abuse in many. When Dr. Kris Jensen, a medical detective with the CDC's hepatitis division, arrives in Mississippi to investigate rapidly fatal hepatitis in two drug users, she doesn't expect to become a victim. Two days after an accidental needlestick, she realizes that she is now infected with this unknown lethal virus and has only five days left to find answers to its origin. Jensen's investigation takes her into the depths of a web of drug use and revenge murders, tracked by DEA assassins who are determined to keep her from discovering the truth.

The Mystery of the Yellow Room" is one of the first locked-room mystery crime fiction novels. It is the first novel starring fictional detective Joseph Rouletabille, and concerns a complex and seemingly impossible crime in which the criminal appears to disappear from a locked room. Leroux provides the reader with detailed, precise diagrams and floorplans illustrating the scene of the crime.
