In the only Apple-certified guide to iLife '06, you will be making miracles with iLife within the first few pages. Using real-life material and practical lessons that you can apply immediately to your own projects, this book/DVD combo offers a complete, self-paced course in all aspects of iLife '06. Focused lessons take you step-by-step through everything from arranging your iTunes library to creating Hollywood-style movies using motion titles. Fully updated to cover all the new features of iLife '06 including the brand new iWeb application, this book will take you from newbie to producer of your own media content in one day! The book is both a self-paced learning tool and the official curriculum of the Apple Training and Certification Program, used by schools and training centers worldwide. An easy, accessible style paired with ample illustrations and keyboard shortcuts guarantee that readers will make iLife their life in no time.

In this Apple-certified guide, Richard Harrington shows teachers how to integrate digital media arts into their existing curriculum using iLife '08, iWork '08, and practical, step-by-step projects. Developed in collaboration with the Pearson Education Foundation in accordance with the National Educational Technology Standards council, the book includes class-room tested guidelines from the Foundation's Digital Media Arts program, as well as inspirational profiles of successful digital media classroom projects around the world. Designed to be used with Apple Training Series: iLife '08 and Apple Training Series: iWork 08, this guide covers everything from designing a photo essay to creating polished video projects, and will have teachers and students producing websites, podcasts, video blogs, and DVDs in no time. Students learn to:
• Express a Feeling: Create a photo-essay slideshow, add sound, and publish it on the web
• Make a Factual Case: Track data in a spreadsheet, organize it into charts, then deliver as a Keynote presentation
• Make a Persuasive Case: Research an issue, develop an argument, and create a PSA in iMovie and burn it to DVD
• Solve a Problem: Reconcile income and expenses in a household budget and chart financial scenarios
• Tell a Story: Document the personal history of a community leader in a short, sophisticated movie

Audio producer Jeff Sobel is your guide to the only professional audio post-production application designed specifically for the Final Cut editor: Soundtrack Pro 3. Working seamlessly between Final Cut Pro and Soundtrack Pro, you'll master audio restoration and clean-up, build and edit multitrack projects, record and edit voice-overs and narration, and experiment with advanced mixing and effects. Using footage from the hit TNT show Leverage and the gorgeous HD documentary OneSixRight, this step-by-step, Apple-certified guide starts with sound editing and mixing basics in Final Cut Pro, and moves on to the fine points of fixing audio files, working with the frequency spectrum, recording and editing dialogue, and spotting sound effects in Soundtrack Pro. Finally, you'll score a sophisticated multitrack montage sequence, and mix and conform it to professional standards. Whether you're a seasoned editor or just getting started, this book shows you how to use Final Cut Studio as an integrated package to produce superb audio and sound design. DVD-ROM includes lesson and media files
Focused lessons take you step by step through real-world projects
Accessible writing style puts expert instructors at your side

***This book covers GarageBand 10.0. The content and/or media files do not work with subsequent releases of the software. In the only Apple-certified guide to GarageBand 10.0.0, readers will be creating original works within the first few chapters. Using real-life material and practical lessons that they can apply immediately to their own projects, this book/media combo offers a complete, self-paced course in all aspects of GarageBand. Focused lessons take you step-by-step through fun, real-world projects, and GarageBand 10.0.0 features. Exclusively for this book, author/musician Mary Plummer works with a host of talented artists ranging from a student songwriter to a professional touring guitarist, an award-winning poet, an independent hip hop recording artist, and award winning dancers to create all new, real-world projects that readers will step-through. Along the way readers will get to mix a songwriter's demo, test amp simulators and stomp boxes with an electric guitar solo, edit spoken dialog for an audio book, lay down original hip-hop beats using a drum machine patch and dynamic tempo changes, and add percussion and effects to a dance video to enhance the sound. For mobile users, the book includes an overview of GarageBand for iOS and sharing GarageBand songs via iCloud between iOS devices and your Mac. This self-paced learning tool pairs an easy, accessible style with ample illustrations and keyboard shortcuts to guarantee that readers become proficient with GarageBand 10.0.0 in no time.***

***In this best-selling guide to Motion 4, you'll create eight sophisticated projects including a 3D show promo, a network-style title sequence, a DVD motion menu, and an actual temp effect used in Overture Film's Traitor. Each chapter represents a complete lesson, with a commercial-quality project to work through as you learn. Master trainer Mark Spencer starts with the fundamentals of motion graphics and quickly moves into compositing, animation, motion graphics design, visual effects design, and the world of 3D. The book is fully revised to take advantage of the software's new features: you'll explore 3D shadows, reflections, and depth of field; "fly" a camera from one object to another; ripple text characters on and off the screen with ease; animate date and time sequences automatically; and master Motion's remarkable new linking behavior. Along the way, you'll work with particles, generators, filters, effects, templates, greenscreen mattes, keying, tracking, paint, and more. Whether you're just entering the field or are already an accomplished motion graphics pro, this book will have you designing in Motion in record time. DVD-ROM includes lesson and media files
