of civilisations and power. Half a millennium before the birth of modern sociology in the West, Ibn Khaldun—scholar, political counsellor, and Malikite judge—wrote a revolutionary sociological-philosophical treatise, the Muqaddima. This book places his broad, complex, and refined treatise against the background of the Islamo-Greek culture of his time and analyses its main sociological, but also philosophical, historical, and scientific perspectives. Finally, thanks to its "universalisable" core, the author recontextualizes the teachings from the Muqaddima to reveal the deep insights it provides into the society, politics and law of

contemporary liberal and multicultural civilisations. A deeper reception of Ibn Khaldun's perspective is not only important in understanding the Arab contribution to social theory, social history and philosophy, but also diversifies the sociological project beyond the Euro-American standpoint. Given its interdisciplinary appeal, the book addresses a wide readership of students and scholars in sociology, the sociology of law, philosophy of law, philosophy of history, political philosophy, history of civilisations, political sociology, and Arabic studies.

these stories explore troubling motifs in contemporary Indian life through the figures and narratives of indigenous tribes in India. At once delicate and violent, Devi's stories map the experiences of the "tribals" and tribal life under decolonization. In "The Hunt," "Douloti the Bountiful" and the deftly wrought allegory of tribal agony "Pterodactyl, Pirtha, and Puran Sahay," Ms. Devi links the specific fate of tribals in India to that of marginalized peoples everywhere. Gayatri Spivak's readings of these stories connect the necessary "power lines" within them, not only between local and international structures of power (patriarchy, nationalisms, late capitalism), but also to the university.
