The acclaimed travel writer journeys by train across the Americas from Boston to Patagonia in this international bestselling travel memoir. Andes until he winds up on the meandering Old Patagonian Express steam engine. His epic commute finally comes to a halt in a desolate land of cracked hills and thorn bushes that reaches toward Antarctica. Along the way, Theroux demonstrates how train travel can reveal “the social miseries and scenic splendors” of a continent. And through his perceptive prose we learn that what matters most are the people he meets along the way, including the monologuing Mr. Thornberry in Costa Rica, the bogus priest of Cali, and the blind Jorge Luis Borges, who delights in having Theroux read Robert Louis Stevenson to him.

The chapters of this book are nothing but mirrors for seeing your ''self'' from different angles. And though the journey we are about to embark on is an inner one, it

will draw upon every aspect of your life. The only requirement asked of you is the willingness to honestly look at yourself in the most natural, intuitive manner. Remember, if we are seeking the root of 'self,' what we are actually seeking is you. As you read through these pages, you will find that you know much more than you thought you did about some very deep subjects. The fact is, you already know how to find yourself; you have just gotten distracted and disoriented. Once refocused, you will realize that you not only have the ability to find yourself, you have the ability to free yourself. Whether you

choose to do so or not is entirely up to you. But upon completion of your journey through these chapters, there will be no more confusion, no more lack of empowerment, and no more blaming others. You will know exactly what must be done. And should you choose to devote yourself to the ongoing journey of self-realization, you will develop a tremendous sense of respect for who you really are. In 1837 Mariquita Sánchez de Mendeville was so fed up with governor Juan Manuel de Rosas that she chose to leave her beloved city of Buenos Aires. Leaving was especially hard because Mariquita felt that she had played an influential role in transforming Buenos Aires from a Spanish colonial outpost into a brilliant capital in a world of republics. Juan Manuel de Rosas's version of order alienated Mariquita, who chose self-imposed exile in Montevideo over living under Rosas's stifling rule. The struggle went on for nearly two decades

until Mariquita finally came home for good in 1852 while Rosas went into exile. Mariquita's and Juan Manuel's lives corresponded with the major events and processes that shaped the turbulent beginnings of the Argentine nation, many of which also shaped Latin America and the Atlantic World during the Age of Revolution (1750-1850). Their lives provide an overarching narrative for Argentine history that both scholars and students will find intriguing.

Shunned by the conquistadors, it was left to others to carve into colonies. Guyana, Suriname and Guyane Franaise are what remain of their contest, and the 400 years of struggle that followed. Now, award-winning author John Gimlette sets off along this coast, gathering up its astonishing story. His journey takes him deep into the jungle, from the hideouts of runaway slaves to penal colonies, outlandish forts, remote Amerindian villages, a 'Little Paris' and a space port. He meets rebels,
