Collecting for a New  
Century

From Michelangelo to  
Rubens, Degas and  
Picasso, erotic art has  
attracted many great  
masters, who created  
works that captivate  
the beholder like few  
others. In spite of, or

File Type PDF

maybe even because  
of, this attraction,  
erotic art has never  
failed to evoke  
controversy, and  
regularly had to  
defend itself from  
charges of  
pornography. This  
book guides readers  
from early portrayals  
of erotic scenes  
produced in the 16th  
and 17th centuries, to

The invention of

Cubism and Futurism

and ultimately one of  
the most significant  
innovations in  
twentieth-century art.

Collage has  
traditionally been  
viewed as a new  
expression of  
modernism, one allied  
with modernism's  
search for purity of  
means, anti-  
illusionism, unity, and  
autonomy of form.

File Type PDF

Auguste Rodin

(Erotic

This book - the first comprehensive study of collage and its relation to modernism - challenges this view.

Christine Poggi argues that collage did not become a new language of modernism but a new language with which to critique modernism. She focuses on the ways Cubist collage -

new relationship of  
exchange.

On the 100th anniversary of their deaths, Gustav Klimt and Auguste Rodin are celebrated as two pioneers of modernism who set new standards in their chosen media.

Although they worked in different media, Auguste Rodin and

The celebrated French artist Henri de Toulouse-Lautrec (1864 1901) created works that epitomize the theatricality, elegance, and decadence of late-19th-century Paris. This beautifully illustrated book features a selection of Toulouse-Lautrec s drawings, paintings, and posters,

some of which have

David Hockney (b. 1937) is one of the most significant artists exploring and pushing the boundaries of figurative art today.

Hockney has been engaged with portraiture since his teenage years,

Hockney's portraits in

all media—painting,

drawing, photography,

Featured subjects include members of Hockney's family and private circle, as well as portraits of such artists and cultural figures as Lucian Freud, Francesco Clemente, R. B. Hockney's creative  
development and

concerns about  
representation can be  
traced through his  
portrait work: from his

his experimentation

from his recent camera

return to painting from  
life. Featuring more
