Through excellent advice, you will comprehend how emotions control our life and how thoughts work, for you to understand, from that analysis, the path to achieve your own goals and attain a fulfilling life. Anthony Robbins is a life coach. Psychologists, inspiring and motivational speaker with a passion for helping people to live better, he has spread his wisdom on numerous works. They have all achieve an extraordinary success y has brought him a large group of followers that learn precious teachings from his seminars and his books, which he has generously given. Anthony Robbins has witnessed, in his work in hospitals and his own consultation office, of the unhappiness many people endure for whom life proceeds without purpose or success. Those people are waiting for life to give them, and then they complain about the results. This book is especially written for those people, with the purpose of showing them that they can take control of the process of their own lives.

A popular psychologist's secrets for maintaining loving, lasting relationships.

This is a Summary of Tony Robbins' Awaken the Giant Within How to Take Immediate Control of Your Mental, Emotional, Physical and Financial Destiny! Tony Robbins is a bestselling author, and the nation's leader in the science of peak performance. With his book he shares his most effective strategies and techniques for mastering your emotions, your body, your relationships, your finances, and your life. Ask any person and you're bound to get the same answer, every individual has a dream. Every person dreams of achieving his or her ambitions, whether it's now or in the future. At some point, all people wonder what they could do with their lives. Even if they don't say it out loud, most people have a vision of sorts for the type of life they desire. However, only a few individuals manage to make their dreams come true. Everyday problems and struggles often distract people, obscuring and ultimately pushing their dreams and ambitions at the bottom of their to-do list. Over time, the same dreams become relegated to the world of fantasy and eventually the once vivid dream becomes something impossible to obtain. Available in a variety of formats, this summary is aimed for those who want to capture the gist of the book but don't have the current time to devour all 544 pages. You get the main summary along with all of the benefits and lessons the actual book has to offer.

Success is attainment, without regard to the things attained. Success is essentially the same in all cases; the difference is in the things the successful people want, but not in the success. Success is essentially the same, whether it results in the attainment of health, wealth, development or position; success is attainment, without regard to the things attained. And it is a law in nature that like causes always produce like effects. You will learn many of the hidden secrets of Prof. Wattles and the art and science of success in this book.

ABOUT THE ORIGINAL BOOK "Control Your Destiny", is a self-help book whose objective is to get people to achieve the control they seek in their lives and, in the same way, they are invited to develop their best potential in their personal, professional and economic life. As its name says, this book, written by Anthony Robbins, is an open door to make big and ambitious changes, to achieve it, the author provides us with the tools to discover our true potential and manage it to reach prosperity in a conscious way and not by mere luck. The premise of this work is based on the idea that, although happiness is an innate emotion in the human being, few men are happy and satisfied with their lives. So, if we can all be happy, what is holding us back? Tony Robbins argues that our decisions play an important role, as well as our beliefs and the pleasure and pain that determine our choices. Surely, many of us, if not all of us, have dreamed of being different or fulfilling goals that seem unattainable. Unfortunately, the tedium of daily life and obligations can begin to undermine our dreams. Little by little, this leads us to begin to limit ourselves and, in the long run, to abandon the objectives we had. Living in such an oppressive situation, can make us believe that there is no way out; However, for Robbins the change is not an unattainable process, but could be achieved through something called Neuroassociative Conditioning (NAC). What is relevant about the NAC for this work is that the author defines six master steps that will help us determine what we want and what we need to do to obtain it. First, he points out that questions have great power, as does adopting a transformative vocabulary. In addition, it will show us how to achieve emotional balance, to establish and implement objectives and, finally, to learn to be consistent. All these introspective tools will help us make a lasting change that will impact different areas of our lives. Once he has provided us with these tools for change, the author proposes a seven-day exercise to transform our lives. This exercise seeks to make us responsible for our destiny in different areas: emotional, rational, economic and physical. This process will not only help you transform, but you will also be more consistent with the new identity you have acquired. Anthony Robbins is a life coach, psychologist, speaker and motivational inspirer passionate to help people to live better, and has spread his wisdom in numerous works. All have achieved extraordinary success and have forged a large group of followers who draw from their seminars and books the precious teachings that the author generously delivers. Anthony Robbins, in his work in hospitals and in his own office, has witnessed the unhappiness of many people for whom life goes on without purpose and without success. They are those people who are waiting for what life gives them, and who later regret the results. This book is especially to those people destined, in order to show them that they can take charge of the process control of their lives. Control Your Destination was published in 1992 by Summit Books and, quickly, it became one of the best-selling books according to the New York Times.

A Quick and Simple Guide to Taking Charge of Your Life

Unlimited Power

A Black Choice

Summary: Awaken the Giant Within

WHAT GOOD IS INSPIRATION IF IT'S NOT BACKED UP BY ACTION? Based on the finest tools, techniques, principles, and strategies offered in Awaken the Giant Within, best-selling author and peak performance consultant Anthony Robbins offers daily inspirations and small actions -- exercises -- that will compel you to take giant steps forward in the quality of your life. From the simple power of decision-making to the more specific tools that can redefine the quality of your relationships, finances, health, and emotions, Robbins shows you how to get maximum results with a minimum investment of time.

Arguably our brain's greatest sense is the ability to understand the minds of others - our sixth sense. In Mindwise, renowned psychologist Nicholas Epley shows that this incredible capacity for inferring what others are thinking and feeling is, however sophisticated, still prone to critical errors. We often misread social situations, misjudge others' characters, or guess the wrong motives for their actions. Drawing on the latest in psychological research, Epley suggests that only by learning more about our sixth sense will we have the humility to overcome these errors and understand others as they actually are instead of as we imagine them to be.

Thousands of books have been written offering the 'secrets' to personal fulfillment and happiness: how to walk The Road Less Traveled, Win Friends and Influence People, or Awaken the Giant Within. But which are the all-time classics? Which ones really can change your life? Bringing you the essential ideas, insights and techniques from 50 legendary works from Lao-Tzu to Benjamin Franklin to Paulo Coelho, 50 Self-Help Classics is a unique guide to the great works of life transformation.

Human beings are primates, and primates are political animals. Our brains, therefore, are designed not just to hunt and gather, but also to help us get ahead socially, often via deception and self-deception. But while we may be self-interested schemers, we benefit by pretending otherwise. The less we know about our own ugly motives, the better - and thus we don't like to talk or even think about the extent of our selfishness. This is "the elephant in the brain." Such an introspective taboo makes it hard for us to think clearly about our nature and the explanations for our behavior. The aim of this book, then, is to confront our hidden motives directly - to track down the darker, unexamined corners of our psyches and blast them with floodlights. Then, once everything is clearly visible, we can work to better understand ourselves: Why do we laugh? Why are artists sexy? Why do we brag about travel? Why do we prefer to speak rather than listen? Our unconscious motives drive more than just our private behavior; they also infect our venerated social institutions such as Art, School, Charity, Medicine, Politics, and Religion. In fact, these institutions are in many ways designed to accommodate our hidden motives, to serve covert agendas alongside their "official" ones. The existence of big hidden motives can upend the usual political debates, leading one to question the legitimacy of these social institutions, and of standard policies designed to favor or discourage them. You won't see yourself - or the world - the same after confronting the elephant in the brain.

Summary of Awaken the Giant Within "Most people fail in life simply because they major in minor things." "Any time you sincerely want to make a change, the first thing you must do is to raise your standards. When people ask me what really changed my life eight years ago, I tell them that absolutely the most important thing was changing what I demanded of myself. I wrote down all the things I would no longer accept in my life, all the things I would no longer tolerate, and all the things that I aspired to becoming." "You see, in life, lots of people know what to do, but few people actually do what they know. Knowing is not enough! You must take action." "Once you have mastered time, you will understand how true it is that most people overestimate what they can accomplish in a year- and underestimate what they can achieve in a decade!" How to create lasting change: Raise your standards Change your limiting beliefs Change your strategy Here is a Preview of

Charles J. Givens' *Wealth Without Risk* has become a classic in the field of financial self-help books for one simple reason: it works. His safe, legal, and proven approach has already started millions of Americans on the road to accumulating wealth through better strategies for personal finance, tax reduction, and investment. More *Wealth Without Risk* keeps you at the cutting edge of practical, easy-to-use financial techniques. Givens delivers more than 350 low-risk financial strategies -- with special sections on protecting your credit and keeping the IRS's hands out of your wallet -- including how and why to:

- * Get your next raise totally tax-free**
- * Make your vacations and trips tax-deductible**
- * Get your retirement-plan money tax- and penalty-free before age 59 1/2**
- * Use high-powered, little-known strategies for getting out of debt and rebuilding credit**
- * Get next year's tax refund this year**

And much, much more!

Minimalism is the thing that gets us past the things so we can make room for life's most important things—which actually aren't things at all. At age 30, best friends Joshua Fields Millburn & Ryan Nicodemus walked away from their six-figure corporate careers, jettisoned most of their material possessions, and started focusing on what's truly important. In their debut book, *Joshua & Ryan*, authors of the popular website *The Minimalists*, explore their troubled pasts and descent into depression. Though they had achieved the American Dream, they worked ridiculous hours, wastefully spent money, and lived paycheck to paycheck. Instead of discovering their passions, they pacified themselves with ephemeral indulgences—which only led to more debt, depression, and discontent. After a pair of life-changing events, Joshua & Ryan discovered minimalism, allowing them to eliminate their excess material things so they could focus on life's most important "things": health, relationships, passion, growth, and contribution.

SUMMARY - Awaken The Giant Within by Anthony Robbins

Summary of Awaken the Giant Within

"Bibliography found online at tonyrobbins.com/masterthegame"--Page [643].

This self-help guide shows the reader step-by-step how to perform at their peak while gaining emotional and financial freedom, attaining leadership and self-confidence, and winning the confidence of others. It should enable the reader to gain the knowledge and courage to remake themselves.

Emotions are the driving force behind all human action and experience. The most sublime acts of creation and the most depraved behaviour are products of human emotion unleashed. And within each one of us is the potential for the whole range of those emotions. In INNER STRENGTH, Tony Robbins shows you how to master the powerful emotional forces that drive everything you do. In this new blockbuster Robbins takes you on a journey into your deepest self, and into the next stage of your evolution where instead of ignoring or suppressing your emotions, you embrace all of them, good and bad. Robbins challenges you to strip away your intellect and your daily routines to get at your essence – what's behind your drive to achieve? Is it the desire to find love? To raise your children well? To be financially free? What are you doing it all for? To get more out of life, you have to own your own nature. INNER STRENGTH offers you a personal emotional fitness plan. This step-by-step regimen will help you discover which emotions dominate your life, and provide you with an emotional 'prescription' – an antidote to the patterns that have been holding you back. The 12-minute emotional 'workout' will transform your outlook and level of fulfillment in a matter of weeks. Harness the power of your emotions and you will not only be fulfilled, you will also achieve more and greater things than you ever thought yourself capable of.

Accelerate your journey to financial freedom with the tools, strategies, and mindset of money mastery. Regardless of your stage of life and your current financial picture, the quest for financial freedom can indeed be conquered. The journey will demand the right tools and strategies along with the mindset of money mastery. With decades of collective wisdom and hands-on experience, your guides for this expedition are Peter Mallouk, the only man in history to be ranked the #1 Financial Advisor in the U.S. for three consecutive years by Barron's (2013, 2014, 2015), and Tony Robbins, the world-renowned life and business strategist. Mallouk and Robbins take the seemingly daunting goal of financial freedom and simplify it into a step-by-step process that anyone can achieve. The pages of this book are filled with real-life success stories and vital lessons, such as...

- Why the future is better than you think and why there is no greater time in history to be an investor
- How to chart your personally tailored course for financial security
- How markets behave and how to achieve peace of mind during volatility
- What the financial services industry doesn't want you to know
- How to select a financial advisor that puts your interests first
- How to navigate, select, or reject the many types of investments available
- Success without fulfillment is the ultimate failure! Financial freedom is not only about money—it's about feeling deeply fulfilled in your own personal journey

"Want an eye-opening guide to money management—one that tells it like it is and will make you laugh along the way? Peter Mallouk's tour of the financial world is a tour de force that'll change the way you think about money." —Jonathan Clements, Former

Everyone is born with the capacity to be happy and achieve their greatest destiny, but not everyone is happy and fulfilled. To illustrate the powerful lessons he's learned about success, personal growth, and transformation, Robbins taps into his years of experience as a personal and professional coach, his own experience in surmounting obstacles and thriving, and anecdotes about high-achieving people. He indicates that these lessons are available for anyone to apply regardless of background or past failures. At one time or another, everyone has had a glimpse of their best life, or who they think they could become in an ideal world. Sustaining the motivation to make those...
