'An entertaining guide to economics by a former adviser to Barack Obama that uses the lessons of the music business to explain what is happening in the rest of the world' The Times, Books of the Year 'A key voice on a vast array of economic issues for more than two decades' Barack Obama 'An absolutely brilliant mind. The definition of left and right brain balance' Quincy Jones 'The music business keeps re-inventing itself (from records, to tape, to CDs to streaming) and Alan Krueger covers all the bases. As one former LSE student once sang: 'its only rock and roll but I like it, like it, yes I do.' That applies to this book too' Richard Thaler, Nobel Prize Recipient and author of 'Nudge' 'Rockonomics is entertaining, educational and enlightening. Alan Krueger gives us a backstage tour of the music industry - and in doing so, he creates a brilliant metaphor for our entire economy. Highly recommended' Harlan Coben Alan Krueger, the former chairman of the president's Council of Economic Advisers, uses the music industry, from rock artists to music executives, from managers to promoters, as a way in to explain the principles of economics, and the forces shaping our economic lives. The music industry is often a leading indicator of today's economy; it is among the first to be disrupted by the latest wave of technology, and examining the ins and outs of how musicians create and sell new songs and plan concert tours offers valuable lessons for what is in store for businesses and employees in other industries that are struggling to adapt. Drawing on interviews with leading band members, music executives, managers, promoters, and using the latest data on revenues, royalties, tour dates, and merchandise, Rockonomics takes readers backstage to show how the music industry really works - who makes money, how the economics of the music industry has undergone a radical transformation during the last twenty years, and what this tells us about our wider economy today.

Storm Ellison is the sexiest man on two legs. The gorgeous young star of "Trapped on an Island," the hottest reality show on television, is instantly recognizable the moment he leaves his palatial mansion. Paparazzi follow him everywhere, leaving him no peace or privacy, selling his pictures to the tabloids, and cementing his reputation in the press as a slutty gay playboy. As Storm prepares to sign his first major movie deal, his manager decides he needs protection. What he doesn't expect, is to be attracted to the cold bastard who's now running his life. Balthazar Grant, freelance bodyguard, is a huge, handsome, rough and ready former Marine, trained by the best, and willing to step between Storm and anyone stupid enough to come at him. Always stoic and serious, Taz lends a deadly presence to Storm's entourage whenever he ventures out in public. Storm doesn't want a bodyguard, much less one who won't let him live his fast and loose lifestyle with impunity and he's certainly not one to be dictated to by an overconfident Marine who has opinions about everything including who he should hook-up with. When a deadly threat hits Storm's world, he's suddenly living his own reality show, only this one has an outcome which doesn't involve being voted off an island. Will Storm wake up before it's too late and will Taz be able to fight his attraction to the handsome young superstar while trying to convince him he's in very real danger? The pair will soon learn that reality is stranger than fiction.

Book 1

Meet Toto: she's no ordinary cat, and she can't wait to have an adventure with you! From one of the UK's best-loved broadcasters, purrfect for fans of The Aristocats, The Secret Life of Pets and Atticus Claw Breaks the Law. Toto the cat and her brother Silver live footloose and fancy-free in a townhouse in London. Toto is almost totally blind, and learned to trust her senses from a ninja cat-master who taught her back in Italy where they were born. By day, Toto and Silver seem to be ordinary cats, but by night, they love to have adventures! One evening, news reaches Toto that a king cobra has escaped from London Zoo! Together with help from a very posh cat and two hungry tigers, Toto and Silver must investigate. Can they find the giant snake, before it's too late? Ideal for reading aloud or for children to curl up with and read alone, the story features brilliant black and white illustrations throughout. With gentle themes of friendship, inclusivity and winning in the face of adversity, this is a hilarious must-read for all animal-loving kids! Dermot says: 'The idea for Toto first came to me when my wife and I rescued two stray cats from an olive grove in Italy. One of them, Toto, has been blind from birth, but we quickly realised she had ninja-like reactions. Like a lot of cat owners (or cat servants), we like to imagine our pets having secret lives when we're out or asleep. So before I knew it I was writing about Toto and her brother Silver's nocturnal adventures around London. I really hope that children who pick it up enjoy reading the adventures of our little Italian underdog (cat).' Have you seen Toto's other adventures? The Incredible Cheese Heist and The Superstar Catastrophe are out now, and make perfect Christmas gifts for young readers.

Over the past decade, an audacious programme called Football Dreams has held trials for millions of 13-year-old boys across Africa looking for football's next superstars. Led by the Spanish scout who helped launch Lionel Messi's career at Barcelona and funded by the desert kingdom of Qatar, the programme has chosen a handful of boys each year to train to become professionals – a process over a thousand times more selective than getting into Harvard. In *The Away Game*, reporter Sebastian Abbot follows a small group of the boys as they are discovered on dirt fields across Africa, join the glittering academy in Doha where they train, and compete for the chance to gain fame and fortune at Europe's top clubs. Abbot masterfully weaves together the dramatic story of the boys' journey with an exploration of the art and science of trying to spot talent at such a young age. Richly reported and deeply moving, *The Away Game* is set against the geopolitical backdrop of Qatar's rise from an impoverished patch of desert to an immensely rich nation determined to buy a place on the international stage. It is an unforgettable story of the joy and pain these talented African boys experience as they chase their dreams in a dizzying world of rich Arab sheikhs, moneyhungry agents, and football-mad European fans.

From one of the UK's best-loved broadcasters, the Toto series is purrfect for fans of The Aristocats, The Secret Life of Pets and Atticus Claw Breaks the Law. Dermot says: 'The idea for Toto first came to me when my wife and I rescued two stray cats from an olive grove in Italy. Like a lot of cat owners (or cat servants), we like to imagine our pets having secret lives when we're out or asleep. So before I knew it I was writing about Toto and her brother Silver's nocturnal adventures around London. I really hope that children who pick it up enjoy reading the adventures of our little Italian underdog (cat).' Have you read Toto's other adventures: The Great Snake Escape and The Incredible Cheese Heist?
