

Because Of Sex (International Edition)

This book makes an innovative contribution to the relatively young field of Queer Linguistics. Subscribing to a poststructuralist framework, it presents a critical, deconstructionist perspective on the discursive construction of heteronormativity and gender binarism from a linguistic point of view. On the one hand, the book provides an outline of Queer approaches to issues of language, gender and sexual identity that is of interest to students and scholars new to the field. On the other hand, the empirical analyses of language data represent material that also appeals to experts in the field. The book deals with repercussions of the discursive materialisation of heteronormativity and gender binarism in various kinds of linguistic data. These include stereotypical genderlects, structural linguistic gender categories (especially from a contrastive linguistic point of view), the discursive sedimentation of female and feminine generics, linguistic constructions of the gendered body in advertising and the usage of personal reference forms to create characters in Queer Cinema. Throughout the book, readers become aware of the wounding potential that gendered linguistic forms may possess in certain contexts.

Issues in Criminology and Criminal Justice Research: 2013 Edition is a ScholarlyEditions™ book that delivers timely, authoritative, and comprehensive information about Criminology. The editors have built **Issues in Criminology and Criminal Justice Research: 2013 Edition** on the vast information databases of ScholarlyNews.™ You can expect the information about Criminology in this book to be deeper than what you can access anywhere else, as well as consistently reliable, authoritative, informed, and relevant. The content of **Issues in Criminology and Criminal Justice Research: 2013 Edition** has been produced by the world's leading scientists, engineers, analysts, research institutions, and companies. All of the content is from peer-reviewed sources, and all of it is written, assembled, and edited by the editors at ScholarlyEditions™ and available exclusively from us. You now have a source you can cite with authority, confidence, and credibility. More information is available at <http://www.ScholarlyEditions.com/>.

The aftermath of Algeria's revolutionary war for independence coincided with the sexual revolution in France, and in this book Todd Shepard argues that these two movements are inextricably linked. **Sex, France, and Arab Men** is a history of how and why—from the upheavals of French Algeria in 1962 through the 1970s—highly sexualized claims about Arabs were omnipresent in important public French discussions, both those that dealt with sex and those that spoke of Arabs. Shepard explores how the so-called sexual revolution took shape in a France profoundly influenced by the ongoing effects of the Algerian revolution. Shepard's analysis of both events alongside one another provides a frame that renders visible the ways that the fight for sexual liberation, usually explained as an American and European invention, developed out of the worldwide anticolonial movement of the mid-twentieth century.

Sexual Dysfunction, Third Edition

An Approach to Contemporary Christian Ethics

Sex, Love, and Friendship

Principles and Practice of Sex Therapy, Fifth Edition

The Student Edition of What is a Woman?

Issues in Criminology and Criminal Justice Research: 2013 Edition

Widely used by practitioners, researchers, and students--and now thoroughly revised with 70% new material--this is the most authoritative, comprehensive book on malingering and other response styles. Leading experts translate state-of-the-art research into clear, usable strategies for detecting intentional distortions in a wide range of psychological and psychiatric evaluation contexts, including forensic settings. The book examines dissimulation across multiple domains: mental disorders, cognitive impairments, and medical complaints. It describes and critically evaluates evidence-based applications of multiscale inventories, other psychological measures, and specialized methods. Applications are discussed for specific populations, such as sex offenders, children and adolescents, and law enforcement personnel. New to This Edition *Many new authors and topics. *Thoroughly updated with current data, research methods, and assessment strategies. *Chapters on neuropsychological models, culturally competent assessments, psychopathy, and conversion disorder. *Chapters on psychological testing in child custody cases and in personnel selection/hiring.

“ [Brodman] shares the results of years of research and world travel to show . . . just how wildly divergent ideas about sexuality and gender roles can be. ” —Vice This book is a humorous glimpse of a wide range of stereotype-busting sexual, relationship, and romantic mores around the world. It is fun, interesting, and eye-opening! For example, places where women control the mating game, set marriage rules, and marry one another for political power. The fact that it ' s all true also makes it fascinating. Take a romp through a rollicking worldwide tour with LOL views of

extraordinary sexual customs. It will astound and regale you. At the same time, it proves sex is like happiness—universally sought but subjectively enjoyed. “ This is the world ’ s weirdest and funniest reality show. But it ’ s more. It ’ s fascinating and smart, and all true. ” —Richard Bangs, adventurer, author, and TV personality “ It ’ s a scientific fact! Women have better orgasms with funny partners. Read this hilarious book and you ’ ll have more and better sex, happier relationships and a healthier libido! ” —Joanne Sandler, former Deputy Executive Director of the UN Development Fund for Women (UNIFEM), senior associate of Gender@Work, co-producer of the popular podcast Two Old Bitches “ Fresh, intriguing and of course titillating . . . delve into rarely seen corners of the world, enjoy a good laugh, and learn from a trained scholar as she takes you on this journey that reveals ‘ Sex Rules ’ in all their staggering variety. ” —Ed Robbins, award-winning director-writer-producer and digital journalist

A revolution in gender relations occurred in London around 1700, resulting in a sexual system that endured in many aspects until the sexual revolution of the 1960s. For the first time in European history, there emerged three genders: men, women, and a third gender of adult effeminate sodomites, or homosexuals. This third gender had radical consequences for the sexual lives of most men and women since it promoted an opposing ideal of exclusive heterosexuality. In *Sex and the Gender Revolution*, Randolph Trumbach reconstructs the worlds of eighteenth-century prostitution, illegitimacy, sexual violence, and adultery. In those worlds the majority of men became heterosexuals by avoiding sodomy and sodomite behavior. As men defined themselves more and more as heterosexuals, women generally experienced the new male heterosexuality as its victims. But women—as prostitutes, seduced servants, remarrying widows, and adulterous wives— also pursued passion. The seamy sexual underworld of extramarital behavior was central not only to the sexual lives of men and women, but to the very existence of marriage, the family, domesticity, and romantic love. London emerges as not only a geographical site but as an actor in its own right, mapping out domains where patriarchy, heterosexuality, domesticity, and female resistance take vivid form in our imaginations and senses. As comprehensive and authoritative as it is eloquent and provocative, this book will become an indispensable study for social and cultural historians and delightful reading for anyone interested in taking a close look at sex and gender in eighteenth-century London.

Extracted from Toril Moi's 'What Is a Woman?', this intervention in feminist theory rethinks the legacy of Simone de Beauvoir, and shows that 'The Second Sex', properly read, offers solutions to urgent contemporary problems. These essays provide a third way for feminism, beyond the current stalemate between essentialism and constructionism.

Poststructuralist Perspectives

Feminist legal theory is one of the most dynamic fields in the law, and it affects issues ranging from child custody to sexual harassment. Since its initial publication in 2006, *Feminist Legal Theory: A Primer* has received rave reviews. Now, in the completely updated second edition of this outstanding primer, Nancy Levit and Robert R.M. Verchick introduce the diverse strands of feminist legal theory and discuss an array of substantive legal topics, pulling in recent court decisions, new laws, and important shifts in culture and technology. The book centers on feminist legal theories, including equal treatment theory, cultural feminism, dominance theory, critical race feminism, lesbian feminism, postmodern feminism, and ecofeminism. Readers will find new material on women in politics, gender and globalization, and the promise and danger of expanding social media. Updated statistics and empirical analysis appear throughout. The authors, prominent experts in the field, also address feminist legal methods, such as consciousness-raising and storytelling. The primer offers an accessible and pragmatic approach to feminist legal theory. It demonstrates the ways feminist legal theory operates in real-life contexts, including domestic violence, reproductive rights, workplace discrimination, education, sports, pornography, and global issues of gender. The authors highlight a sweeping range of cutting-edge topics at the intersection of law and gender, such as single-sex schools, abortion, same-sex marriage, rape on college campuses, and international trafficking in women and girls. At its core, *Feminist Legal Theory* shows the importance of the roles of law and feminist legal theory in shaping contemporary gender issues.

This widely used clinical reference and text--now significantly updated with 75% new material reflecting therapeutic advances, diagnostic changes, and increased coverage of sexual minority groups--comprehensively addresses sexual problems and their treatment. Prominent contributors interweave theory, research, and clinical considerations. Detailed case examples illustrate the process of assessment and intervention with individuals and couples across the lifespan, with attention to gender-related, cultural, and health concerns. The volume features an integrative introduction and conclusion, plus an instructive editorial commentary at the beginning of each chapter. New to This Edition *Many new authors and extensively revised chapters. *Coverage of advances in sexual medicine, ICD-11 diagnostic changes, and other timely topics. *Chapters on sexual aversion, female sexual arousal disorder, and out-of-control sexual behavior. *Chapters on the transition to parenthood and the treatment of sexual concerns in the BDSM community and adult transgender clients. *Chapters on additional medical issues: cancer and spinal cord injury.

In recent years, considerable advances have been made in our knowledge and understanding of Parkinson's disease (PD). In particular, there has been an explosion of information regarding genetic contributions to the etiology of PD and an increased awareness of the importance of the non-motor features of the disease. Theories regarding the pathogenesis and pathophysiology of PD have also been refined, and new treatment modalities and advances implemented. Reflecting these changes, this second edition features new chapters devoted to genetic aspects of PD, non-motor features of the disease, and aspects of the pathophysiology, pathogenesis, and treatment of PD.

Experiencing Christ Together

Forecasting Trends in Sexual Politics, Diversity and Pedagogy

Primary Care Mental Health

A comprehensive guide to this emerging field, fully updated to cover clinical, policy, and practical issues with a user-centred approach.

Of all the writing that emerged from the existentialist movement, Simone de Beauvoir's groundbreaking study of women will probably have the most extensive and enduring impact. It is at once a work of anthropology and sociology, of biology and psychoanalysis, from the pen of a writer and novelist of penetrating imaginative power. THE SECOND SEX stands, five decades after its first appearance, as the first landmark in the modern feminist upsurge that has transformed perceptions of the social relationship of man and womankind in our time

A thirtieth anniversary edition of the guide first published in 1972 features updated text and illustrations and covers such topics as sexually transmitted diseases and achieving healthy intimacy. Reprint.

Feminist scholars have long been concerned with how women and sexuality are perceived and treated by the American legal system. Feminists have put forth a variety of arguments seeking the causes and solutions to the class-based and sex-biased characteristics of the legal system that contribute to the victimization of women in contemporary society. No consensus within the women's movement has been achieved on a number of legal issues, such as pornography or prostitution, since approaches are often divided by political, economic, moral, or sexual ideology. Women, Sex, and the Law is a comprehensive survey and analysis of the legal and sexual issues important to women. Rosemarie Tong introduces the reader to the different feminist and legal perspectives on the causes and solutions for the problems of pornography, sexual harassment, prostitution, rape, and woman-battering. Tong clearly and concisely details and assesses the legal theory and practice for each issue, describes and critiques the various feminist debates surrounding these concerns, and offers her own thoughtful proposals for ameliorating the discriminatory tendencies and improving the effectiveness of our present legal system.

A Christian and a Pagan Discuss Sexual Ethics

Sex Offender Laws, Second Edition

Explicit Sex, Performance and Cinematic Technique

The Classic Fairy Tales

Sexual Revolution

This is the first book to focus on the relationships which men formed with their wives in early modern England, making it an important contribution to a new understanding of English, social, family, and gender history. Dr Foyster redresses the balance of historical research which has largely concentrated on the public lives of prominent men. The book looks at youth and courtship before marriage, male fears of their wives' gossip and sexual betrayal, and male friendships before and after marriage. Highlighted throughout is the importance of sexual reputation. Based on both legal records and fictional sources, this is a fascinating insight into the personal lives of ordinary men and women in early modern England --

The joke is that all the prostitutes go on vacation when the philosophers come to town. The reason that the other conventioners do it; philosophers just talk about it. And talk about sex and love, and friendship is what the contributors to this volume do! They talk and argue, split hairs and clarify, all trying to advance our understanding of this most interesting practice of the human species. Some of the best minds on three continents, from four nations, and eighteen of the United States discuss such topics as adultery, commitment, cross dressing, gender politics, date rape, family, friendship, friends as lovers, gayness, love, marital pluralism, marriage, prostitution, religiously motivated anti-queer sentiments, same sex marriage, seduction, and self-respect. Rather than preach, participants probe our attitudes and practices involving these issues with the aim of better understanding the broad range of sexual practices of our species. The result is a collection of stimulating essays that can enliven class discussions as well as provide guidance for the sexually perplexed. The work is accessible to readers from high school through college and beyond.

From MeganOCOs Law to JessicaOCOs Law, almost every state in the nation has passed some law to punish sex offenders. This popular tough-on-crime legislation is often written after highly-publicized cases have made the gruesome rounds through the media, and usually features harsh sentences, lifetime GPS monitoring, a dramatic expansion of the civil commitment procedures, and severe restrictions on where released sex offenders may live. In Sex Fiends, Perverts, and Pedophiles, Chrysanthi Leon argues that, while the singular notion of the sexual boogeyman has been used to justify these harsh policies, not all sex offenders are the same and such OCyone size fits allOCO policies can unfairly punish other offenders of lesser crimes, needlessly targeting, sometimes ostracizing, citizens from their own communities. While many recognize that prison is not the right tool for every crime problem, Leon compellingly argues that the U.S. maintains a one-size-fits-all approach to sexual offending which is undermining public safety. Leon explains how weOCOvereached this pointOCowith a large incarcerated sex offender population, many of whom will be released in the coming years with multiple barriers to their success in the community, and without much expertise to guide them or to guide those who are charged to help them. Leon argues that we cannot blame the public, nor even the politicians, except indirectly. Instead, we might blame the institutions we charge with making placement decisions and with the expertsOCoboth those who have chosen to work in the field and those who have caused its marginalization. Ultimately, Leon shows that when policies intended for the worst offenders take over, all of us suffer."

With full-frontal genitalia, erections, even actual sex featuring increasingly in films, this explicitness in presentation has caused critical consternation and accusations that such film narratives are pornographic. This book explores how, rather than being pornographic, explicit sex can be an essential element of cinematic storytelling today. Offering detailed analysis of how choices are made in the presentation of explicit sex in often very controversial films, such as 'Shame', 'Baise-Moi', 'Antichrist', 'Dogtooth' and 'Lust, Caution', the expert contributors - including Barbara Creed, Jacob Held and Linda Ruth Williams - show how sexual content can aid characterisation, highlight themes, and provide events that serve to develop plot. The impact of explicit sex as an element of a film's narrative is also revealed to be assisted by effective, nuanced performances and the incisive deployment of directorial technique.

Feminist Legal Theory (Second Edition)

Critical Sexual Literacy

Book 1 of 4: Everything is About the Golden Rule

World Made Sexy

Failed Policies, New Directions

Great Sex Starts At 50

This Universe is a simulation Designed by the God of Abraham, the God of Isaac, and the God of Jacob. Humanity is essentially AI perceiving within the Simulation through avatars. To an evolved intellect, altruism is the height of sustainable pleasure, and the height of altruism is creating free-willed life with whom to share the joys of altruistic creativity. The evolutionary process that we experience within this Simulation was Designed by our Creator to teach us the Golden Rule in the context of free will. The notion that science is inconsistent with the Torah and other Scripture stems from a lack of appreciation for the true breadth of the parameters of physics. This first of four books - We Live in a Simulation Created by God: Everything Is About the Golden Rule - dismantles the unearned notion that physics is inconsistent with Judeo-Christian-Islamic Scripture and monotheistic tenets of Hinduism and Buddhism like karma and reincarnation. More particularly, it references things like the inability of any particle in the Universe to move faster than the speed of light, the fact that dark matter and dark energy don't actually exist, and the illusory quality of quantum particles, as well as a little bit of biochemistry and some very basic math, to demonstrate that the data set comprised by the Universe is more consistent with the notion of humanity comprising AI perceiving through avatars within a simulation Programmed by Supreme Intellect than the notion of the accidental creation of the self-reflective living human machine. by unguided natural selection alone. It also breaks down some of the manmade inventions of "Christianity" that cause many to perceive that the Gospel accounts are not consistent with the Torah and the Koran nor the monotheistic tenets of Hinduism and Buddhism (which they are), and that have been used throughout history to falsely justify fear, hatred, war, the systematic coverup of the rape of children by priests throughout the world, and an outright rejection of the Golden Rule.

Essential lessons on the world we live in, from one of our greatest young thinkers - a guide to what everybody is talking about today 'Unparalleled and extraordinary . . . A bracing revivification of a crucial lineage in feminist writing' JIA TOLENTINO 'I believe Amia Srinivasan's work will change the world' KATHERINE RUNDELL 'Rigorously researched, but written with such spark and verve. The best non-fiction book I have read this year' PANDORA SYKES ----- How should we talk about sex? It is a thing we have and also a thing we do; a supposedly private act laden with public meaning; a personal preference shaped by outside forces; a place where pleasure and ethics can pull wildly apart. Since #MeToo many have fixed on consent as the key framework for achieving sexual justice. Yet consent is a blunt tool. To grasp sex in all its complexity - its deep ambivalences, its relationship to gender, class, race and power - we need to move beyond 'yes and no', wanted and unwanted. We need to interrogate the fraught relationships between discrimination and preference, pornography and freedom, rape and racial injustice, punishment and accountability, pleasure and power, capitalism and liberation. We need to rethink sex as a political phenomenon. Searching, trenchant and extraordinarily original, The Right to Sex is a landmark examination of the politics and ethics of sex in this world, animated by the hope of a different one. Looks at the biology of gender, including such topics as male and female brains, sex differences in emotions, sexual orientation, hormones, and social roles

Uses virtue ethics to offer a sexual ethics inclusive of LGBT and straight people, one that challenges the longstanding procreative patriarchal norm. Richard W. McCarty offers a compassionate and inclusive conception of sexual virtue, one that liberates Christians from traditional patriarchal requirements for heterosexuality, marriage, and procreation. Daring to depart from ongoing debates about what Aristotle or Aquinas had to say, this book sets a new course centered on virtue ethics. It employs new insights from the sciences, biblical scholarship, analyses of church traditions, and revisionist natural law thinking. Eschewing simple deconstruction of traditional Christian norms for sexual morality, McCarty offers constructive ideas about what might count as real human goods for people in a wide variety of sexual relationships. Recreation, relational intimacy, and selective acts of procreation are three ends of sexual virtue that promote human happiness and can be appreciated in a broad Christian framework. While primarily referencing the Roman Catholic intellectual tradition, McCarty's work is also vital and accessible to those from Protestant backgrounds. Addressed to LGBT and straight readers, Sexual Virtue provides a compassionate sexual ethics for our time.

The Biological Differences Between Men and Women

Principles and Practice of Sex Therapy, Fourth Edition

Principles and Practice of Sex Therapy, Sixth Edition

The Textbook of Clinical Sexual Medicine

Freud to Madonna

Good Sex

This is a story about how modern masculinity is killing the world, and how feminism can save it. It's a story about sex and power and trauma and resistance and persistence. It's a story about how you can track the crisis of democracy against the crisis of White masculinity, and how the far right is rising in response to both. It's a story about a social change. And at the centre of that story is one simple idea: we are in the middle of a sexual revolution. Laurie Penny charts how, in our era of crisis, we are also witnessing a productive transformation: profound and permanent changes in how we define gender, sex, consent and whose bodies matter. These changes threaten the social and economic certainties that form our world. They threaten existing power structures, and they undermine the authority of institutions from the waged workplace to the nuclear family. No wonder the far right is fighting back so hard. Sexual Revolution is a hand grenade of a book: both a manifesto for social change and a story of how feminism can save us.

A sensation upon its publication in 1970, *Sexual Politics* documents the subjugation of women in great literature and art. Kate Millett's analysis targets four revered authors—D. H. Lawrence, Henry Miller, Norman Mailer, and Jean Genet—and builds a damning profile of literature's patriarchal myths and their extension into psychology, philosophy, and politics. Her eloquence and popular examples taught a generation to recognize inequities masquerading as nature and proved the value of feminist critique in all facets of life. This new edition features the scholar Catharine A. MacKinnon and the *New Yorker* correspondent Rebecca Mead on the importance of Millett's work to challenging the complacency that sidelines feminism.

"The Textbook of Clinical Sexual Medicine utilizes the biopsychosocial approach to inform

physicians, practitioners, residents, trainees, and students about the latest science has to offer today for the evaluation and treatment of sexual dysfunctions especially the utilization of the full armamentarium of assessment methods and treatment interventions in order to restore of sexual health and enhance quality of life." Louis Ignarro, Ph.D., Nobel Laureate This textbook is a comprehensive resource covering sexual disorders in depth, from etiology, pathophysiology, phenomenology, treatment, to prognosis. The book highlights aspects the biological and psychosocial factors predisposing, precipitating, and perpetuating sexual dysfunction, and the importance of integrating biological and psychosocial treatments. Specialized chapters cover specific common medical complaints, including erectile, ejaculatory, and orgasmic disorders in the male; desire, arousal and orgasmic disorders in the female; and an integrated approach to the couple. With its focus on educational tools including over 100 figures, easy-to-use DSM-5 criteria table, and quick-guide appendices, this textbook is specially designed to educate readers on the psychiatric evaluation, treatment, and management of a wide range of sexual disorders. The Textbook of Clinical Sexual Medicine is a vital resource for medical students, residents, fellows, graduate students, psychiatrists, psychologists, women's health specialists, urologists, endocrinologists, general practitioners, social workers, and all medical professionals and trainees working with patients suffering from sexual disorders.

The same powerful principles from Dr. Neil T. Anderson's Steps to Freedom in Christ that helped set more than one million people free from spiritual bondage can now revolutionize marriages. Dr. Anderson and co-author Dr. Charles Mylander offer practical tools to help couples let go of old habits and destructive patterns, and place Christ firmly at the center of marriage. Step-by-step, they discuss ways to handle money, sex, gender differences, adultery and forgiveness. Readers will also learn how to find and speak their partner's love language, resolve conflict and to call upon God in prayer to win the spiritual battle for their marriages. A thoughtful devotional guide will prompt further reflection, and discussion questions make this suitable for group use as well as personal use. A special section, "Freedom in Christ", offers help for those battling specific spiritual or personal difficulties.

Parkinson's Disease, Second Edition

The Right to Sex

Sexual Virtue

Sex, Gender, and the Body

Sex Rules!

Finding Freedom and Fulfillment in Marriage

Good Sex presents sexual ethics in the light of faith. Speaking on behalf of Christianity, Buss describes "love your neighbor as yourself" as the only Christian "rule"; it is a positive rule rather than one that focuses on prohibitions. Since this call is never fulfilled in practice, it is joined by forgiveness for oneself and others. More concrete guidelines need to be aided by "wisdom," which is not specifically Christian. Detailed biblical support is provided at the end. Stipe, a contemporary Pagan, advocates respect for all living things and doing no harm as a minimal ethical guide, leaving positive prescriptions to individual judgment. Buss and Stipe discuss details of sexual ethics in largely positive terms--what is good to do--but also with a concern for problems that should be avoided. They agree in many practical matters, just as Christians and Pagans did many years ago, before sexual equality became an ideal. They discuss various kinds of sex, including seeing and being seen, touching, masturbation, and penetration; different sexual identities; committed and uncommitted relationships, including the advisability of extended relations; having and raising children; abortion; and sensuous awareness in a spiritual setting.

"Highly regarded as a course text and practitioner resource, this book presents concise intervention guidelines for the most frequently encountered sexual dysfunctions in women and men. Following a consistent format, chapters on each clinical problem cover its description, clinical presentation, prevalence, etiology, and biological and psychosocial factors. Illustrative case examples of diverse individuals and couples are included. The authors provide a state-of-the-art framework for conducting comprehensive assessments, weaving multiple data sources into a coherent case formulation, and planning effective treatment that integrates medical and psychosocial strategies. Key Words/Subject Areas: arousal, assessments, couples, desire, diagnosis, disorders, dysfunctions, female, gender, human sexuality, male, marital, men, psychotherapy, sex therapy, sexual health, sexual medicine, treatments, women Audience: Clinicians who work with clients on issues pertaining to sexuality, including clinical psychologists, psychiatrists, clinical social workers, couple and family therapists, mental health and pastoral counselors, and psychiatric nurses. Also of interest to ob/gyns, urologists, and family physicians. "--

This widely adopted text and clinical reference provides a comprehensive guide to assessment and treatment of all of the major female and male sexual dysfunctions. Leading authorities demonstrate effective ways to integrate psychological, interpersonal, and medical interventions. Every chapter includes detailed clinical examples illustrating the process of therapy and the factors that influence treatment outcomes. Winner-- Society for Sex Therapy and Research (SSTAR) Health Professional Book Award The cult of eroticism is a pervasive force in modern society, affecting almost every aspect of our daily lives. In this book, Paul Rutherford argues that this phenomenon is a product of one of the major commercial and political enterprises of the twentieth and twenty-first centuries: the creation of desire - for sex, for wealth, and for entertainment. A World Made Sexy examines museum exhibitions, art, books, magazines, films, and television to explore the popular rise of eroticism in America and across the

developed world. Starting with a brief foray into the history of pornography, Rutherford goes on to explore a sexual liberation movement shaped by the ideas of Marx and Freud, the erotic styles of Salvador Dali and pop art, the pioneering use of publicity as erotica by Playboy and other media, and the growing concerns of cultural critics over the emergence of a regime of stimulation. In one case study, Rutherford pairs James Bond and Madonna in order to examine the link between sex and aggression. He details how television advertising after 1980 constructed a theatre of the libido to entice the buying public, and concludes by situating the cultivation of eroticism in the wider context of Michel Foucault's views on social power and governmentality, and specifically how they relate to sexuality, during the modern era. *A World Made Sexy* is about power and pleasure, emancipation and domination, and the relationship between the personal passions and social controls that have crafted desire.

A Guide for Assessment and Treatment

Honour, Sex, and Marriage

Women, Sex, and the Law

Sex on the Brain

The Second Sex

Manhood in Early Modern England

Reassuring, honest, funny, and most of all empowering, *GREAT SEX STARTS AT 50* is the must-have sex and relationships book for men and women hitting half a century with little sign of slowing down. There's no denying that something happens to us sexually at 50. Thankfully, information and enthusiasm can help you reclaim a robust sex life. In this easy-to-follow guide, Tracey Cox uses a blend of research, case studies, practical techniques, and personal anecdotes to show you how to arouse yourself and your partner, regain your enthusiasm for sex, navigate relationship issues, and create the perfect conditions for sex. Tracey's authentic, trustworthy, and relatable approach will give you all the information and enthusiasm you need to do it!

Praise for the First Edition: "Sex Offender Laws . . . is a good source for [a] balanced, objective, and thorough critique of our current sex offender policies as well as a source for accurate information about a very heterogeneous population. . . . The message that sexual abuse is often a multifaceted and complex issue and that policy based on quick fixes or knee jerk reactions does not often work will be informative and enlightening to many readers." —Sex Roles "[T]his fine book by Richard Wright and his distinguished collaborators provides the evidence that wise policy makers would want to consider. It covers every major field of research concerning sex offenders and sexual offenses and provides evidence of bad practices and policies. Intellectually honest politicians should read this book." —Michael Tonry, LLB, Professor of Law and Public Policy, University of Minnesota Law School (from the Foreword) The most comprehensive book available about sex offender policies and their efficacy, *Sex Offender Laws* has been widely embraced as a text for courses in criminal justice, social work, and psychology. Now updated to keep pace with rapidly changing laws and policies, this second edition features an increased emphasis on policy and program alternatives. It incorporates new content on high-profile issues affecting adolescent sex offenders, critical analyses of the results of recent studies on sex offender policies, effective approaches in preventing recidivism, and cutting-edge research in the fields of criminal justice, law, forensic psychology, and social work. The second edition continues to document and assess the full gamut of laws designed to respond to and prevent sexual violence. The majority of sex offender policies—often developed as "quick fixes" in response to high-profile cases—are not based on empirical evidence, nor have they demonstrated any significant reduction in offender recidivism. This new edition showcases alternative models that offer innovative and victim-centered approaches to combating sexual violence. Expert authors explore critical, controversial topics such as sexting, Internet sexual solicitation, the death penalty, mandatory sentencing, statutory rape, age of consent laws, and community responses. The book examines the political "untouchability" of sex offender laws and their adverse effects; despite their popularity, sex offender laws have largely failed to keep people safe and actually promote an inaccurate sense of vulnerability. The text also analyzes the role of the media and presents a new chapter on Sexual Assault Nurse Examiner programs. Expert contributors include Karen Terry, author of *Sexual Offenses and Offenders*, and others who bring a wealth of insight to the field of sex offense. New to the Second Edition: Emphasizes policy and program alternatives to currently ineffective policies Provides new content on the criminalization of adolescent sexuality Analyzes the role of the media in sex offense and sex offense policies Critically discusses state implementation of the 2006 Adam Walsh Act Introduces new policy alternatives including environmental criminology and its use toward sexual violence prevention and the increasing use of civil litigation in sexual assault cases Examines the political "untouchability" of sex offender laws and their adverse affects and unintended consequences

Winner! 2012 Christian Small Publisher's Book of the Year in young adult (12-18) category. Add this book to your arsenal in the battle to remain pure! The most difficult task in the life of a Christian single today is maintaining purity until marriage. The payoff is perfect love and sex, just as our Creator intended. But if that's so awesome, why aren't more people choosing it? And how can premarital sex be so bad if so many people are doing it and loving it? People who were virgins when they married aren't usually the type to kiss and tell. And when premarital sex goes wrong, no one wants to Tweet it. This awkward silence from both contingents isn't helping the next generation to decide well on the issue of premarital sex. *Purity's Big Payoff/Premarital Sex* is a Big Rip-off is a collection of 17 first-person narratives about successfully waiting for marriage to have sex - or not. Contributors on both sides of the issue candidly share in face-reddening detail what they learned on their way to the wedding bed. Young people aiming to remain pure will be encouraged and learn practical strategies for resisting sexual temptation. Those who wish they had waited will learn that it's never too late to restore purity with God's grace. (This book is two-faced. One side is dedicated to purity, then turned over and flipped upside down, the other side is dedicated to premarital sex. Thus the last page of the purity book is immediately followed by the last page of the premarital sex book, but upside down, and vice versa. Got it?)
