What if we could create the life of our dreams by knowing how to tap into the magical power of the words I AM. If I believe and you believe.... imagine what we could achieve?

Reviews "As a psychologist I am all too aware that the principals of the Laws of Attraction are badly explained everywhere. "Manifestation Magic" does what it says on the tin, it explains simply, easily and more importantly correctly how to get everything that you desire in life. Rich people do not think like other people, they know that they cannot fail. Most people find that reconciling your conscious mind with your subconscious mind is really difficult, and yet unless you master that basic skill you are doomed to be caught up in an endless loop of repeating past mistakes. Most people assume that it is the subconscious mind that gets in the way of their success and that is why you are doomed to fail, because it is your conscious mind that puts the damper on your hopes and dreams. However you have to successfully free yourself from your excuses and your self-limiting decisions and this eBook tells you exactly how to do it. It is simply the best read I have had in ages and I read every day." - Catherine Ford -- <http://www.catherineford.com>

"This book is a "must have!" I have studied most of the teachers featured in the movie "The Secret" and no one comes as close to explaining the real secret as (the author). If you are wanting to understand how to manifest everything you want in life, get this book and follow the steps he outlines!" - Pat Graham-Block <http://theartoflivingthesecret.com>

The Method is based upon the understanding that spiritual awakening is not an attainment, but a dissolution. These 5 steps are intended to permanently dissolve the deeply ingrained belief that you can *make* yourself free. If these steps are followed through with utter totality, awakening will be what's left as a byproduct.

NOW A MAJOR MOTION PICTURE, STARRING JASON SEGAL AND JESSE EISENBERG, DIRECTED BY JAMES PONSOLDT An indelible portrait of David Foster Wallace, by turns funny and inspiring, based on a five-day trip with award-winning writer David Lipsky during Wallace's Infinite Jest tour In David Lipsky's view, David Foster Wallace was the best young writer in America. Wallace's pieces for Harper's magazine in the '90s were, according to Lipsky, "like hearing for the first time the brain voice of everybody I knew: Here was how we all talked, experienced, thought. It was like smelling the damp in the air, seeing the first flash from a storm a mile away. You knew something gigantic was coming." Then Rolling Stone sent Lipsky to join Wallace on the last leg of his book tour for Infinite Jest, the novel that made him internationally famous. They lose to each other at chess. They get iced-in at an airport. They dash to Chicago to catch a make-up flight. They endure a terrible reader's escort in Minneapolis. Wallace does a reading, a signing, an NPR appearance. Wallace gives in and imbibes titanic amounts of hotel television (what he calls an "orgy of spectatorship"). They fly back to Illinois, drive home, walk Wallace's dogs. Amid these everyday events, Wallace tells Lipsky remarkable things—everything he can about his life, how he feels, what he thinks, what terrifies and fascinates and confounds him—in the writing voice Lipsky had come to love. Lipsky took notes, stopped envying him, and came to feel about him—that grateful, awake feeling—the same way he felt about Infinite Jest. Then Lipsky heads to the airport, and Wallace goes to a dance at a Baptist church. A biography in five days, *Although Of Course You End Up Becoming Yourself* is David Foster Wallace as few experienced this great American writer. Told in his own words, here is Wallace's own story, and his astonishing, humane, alert way of looking at the world; here are stories of being a young writer—of being young generally—trying to knit together your ideas of who you should be and who other people expect you to be, and of being young in March of 1996. And of what it was like to be with and—as he tells it—what it was like to become David Foster Wallace. "If you can think of times in your life that you've treated people with extraordinary decency and love, and pure uninterested concern, just because they were valuable as human beings. The ability to do that with ourselves. To treat ourselves the way we would treat a really good, precious friend. Or a tiny child of ours that we absolutely loved more than life itself. And I think it's probably possible to achieve that. I think part of the job we're here for is to learn how to do it. I know that sounds a little pious." —David Foster Wallace

An Instant New York Times Bestseller! Winner of the Coretta Scott King - John Steptoe for New Talent Author Award Filled with mystery and an intriguingly rich magic system, Tracy Deonn's YA contemporary fantasy Legendborn offers the dark allure of City of Bones with a modern-day twist on a classic legend and a lot of Southern Black Girl Magic. After her mother dies in an accident, sixteen-year-old Bree Matthews wants nothing to do with her family memories or childhood home. A residential program for bright high schoolers at UNC-Chapel Hill seems like the perfect escape—until Bree witnesses a magical attack her very first night on campus. A flying demon feeding on human energies. A secret society of so called "Legendborn" students that hunt the creatures down. And a mysterious teenage mage who calls himself a "Merlin" and who attempts—and fails—to wipe Bree's memory of everything she saw. The mage's failure unlocks Bree's own unique magic and a buried memory with a hidden connection: the night her mother died, another Merlin was at the hospital. Now that Bree knows there's more to her mother's death than what's on the police report, she'll do whatever it takes to find out the truth, even if that means infiltrating the Legendborn as one of their initiates. She recruits Nick, a self-exiled Legendborn with his own grudge against the group, and their reluctant partnership pulls them deeper

into the society's secrets—and closer to each other. But when the Legendborn reveal themselves as the descendants of King Arthur's knights and explain that a magical war is coming, Bree has to decide how far she'll go for the truth and whether she should use her magic to take the society down—or join the fight.

*"The best Law of Attraction books I've ever read" - Marion Page, Ohio "Your book has awakened a magical part of me I had forgot existed. I feel reborn. Thank you for coming into my life today" - Rhonda Laspas, USA "Well, Genevieve, I never had much time for 'Magic' and all this spiritual guff but you should be proud to hear you have made a believer out of a sceptic" - Rajeev Marney, UK Now, in response to huge reader demand, this latest addition to my magical Course in Manifesting series turns to the subject of money. In *Becoming Rich*, you'll not only learn the precise details of how you can use Magic to transform your entire financial world and start bringing money flowing to you. You'll also have the chance of winning a sizeable donation to your chosen favourite charity - but I'll get to this in a moment. So, why Magic? Only a few years ago I lived in a tiny flat, working twelve hours a day in a factory for minimum wage. Today, I live in a beautiful home by the sea, often earning more in one month than I used to in an entire year. In this book you will discover the steps that enabled me to turn my financial life around in this amazing, life-changing way. The change in my financial circumstances was so*

dramatic, it makes more sense to describe it as involving Magic than anything else. And when money starts to come tumbling your way in a manner that goes far beyond mere coincidence and luck, you will no longer doubt that Magic exists. Yet my finances were actually the last thing I mastered 'magically'. I felt cursed, blocked, financially stuck for ages. But having got things right once or twice, I went on to discover that, even after a lifetime of poverty, money turned out to be the very easiest thing of all to manifest using Magic. And I went on to bring an unbelievable amount of money into my life. If you're jaded by the whole New Age Law of Attraction idea, or have become bored by its failure to deliver... this book is for you. Because this is a practical book, offering concrete techniques and instructions for bringing wonderful things into your life. You're looking at this book because you need money, and it's now time to bring that money into your life. The plan is to build your knowledge slowly, gradually, building on what has gone before, moving on to more complex techniques only once the basics are mastered. So many people fail with Magic and the Law of Attraction because they rush headlong into using techniques, trying to create enormous manifestations, trying to manifest huge sums of money off the bat ... but making very simple yet crucial mistakes. When they are disappointed, they imagine they have been duped. The sceptics are right. This is just a load of nonsense. Then they give up, declaring it just doesn't work. But I'm telling you it does work. And you can make it work. This book will show you how. My intention is make sure that Becoming Rich will allow you to become a true creator of your own financial life, reawakening and rekindling your belief and interest in The Law of Attraction, Reality Creation, Cosmic Ordering or whatever you wish to call it. I prefer simply to call it Magic. But there's a bit more magic to come... Why? Because this time, I'm giving a huge slice of the book's profits back to you! (Or, at least, to those you care about.) For every copy sold, I will put \$1 into a fund, to be awarded to the favourite chosen charity of one lucky reader on 21st December 2015. The more copies sold, the bigger the donation will be. Full details for entering the draw can be found inside the book. Read Becoming Rich and you'll believe in Magic, too!

Millions of users create and share Excel spreadsheets every day, but few go deeply enough to learn the techniques that will make their work much easier. There are many ways to take advantage of Excel's advanced capabilities without spending hours on advanced study. Excel Hacks provides more than 130 hacks -- clever tools, tips and techniques -- that will leapfrog your work beyond the ordinary. Now expanded to include Excel 2007, this resourceful, roll-up-your-sleeves guide gives you little known "backdoor" tricks for several Excel versions using different platforms and external applications. Think of this book as a toolbox. When a need arises or a problem occurs, you can simply use the right tool for the job. Hacks are grouped into chapters so you can find what you need quickly, including ways to: Reduce workbook and worksheet frustration -- manage how users interact with worksheets, find and highlight information, and deal with debris and corruption. Analyze and manage data -- extend and automate these features, moving beyond the limited tasks they were designed to perform. Hack names -- learn not only how to name cells and ranges, but also how to create names that adapt to the data in your spreadsheet. Get the most out of PivotTables -- avoid the problems that make them frustrating and learn how to extend them. Create customized charts -- tweak and combine Excel's built-in charting capabilities. Hack formulas and functions -- subjects range from moving formulas around to dealing with datatype issues to improving recalculation time. Make the most of macros -- including ways to manage them and use them to extend other features. Use the enhanced capabilities of Microsoft Office 2007 to combine Excel with Word, Access, and Outlook. You can either browse through the book or read it from cover to cover, studying the procedures and scripts to learn more about Excel. However you use it, Excel Hacks will help you increase productivity and give you hours of "hacking" enjoyment along the way.

***New York Times bestseller** A Guardian / Observer Book of the Year When powerful real-estate tycoon Nero Golden immigrates to the States under mysterious circumstances, he and his three adult children assume new identities, taking 'Roman' names, and move into a grand mansion in downtown Manhattan. Arriving shortly after the inauguration of Barack Obama, he and his sons, each extraordinary in his own right, quickly establish themselves at the apex of New York society. The story of the Golden family is told from the point of view of their Manhattanite neighbour and confidant, René, an aspiring filmmaker who finds in the Golden family the perfect subject. René chronicles the undoing of the house of Golden: the high life of money, of art and fashion, a sibling quarrel, an unexpected metamorphosis, the arrival of a beautiful woman, betrayal and murder, and far away, in their abandoned homeland, some decent intelligence work. Invoking literature, pop culture, and the cinema, Salman Rushdie spins the story of the American zeitgeist over the last eight years, hitting every beat: the rise of the birther movement, the Tea Party, Gamergate and identity politics; the backlash against political correctness; the ascendancy of the superhero movie, and, of course, the insurgence of a ruthlessly ambitious, narcissistic, media-savvy villain wearing make-up and with coloured hair. In a new world order of alternative truths, Salman Rushdie has written the ultimate novel about identity, truth, terror and lies. A brilliant, heartbreaking realist novel that is not only uncannily prescient but shows one of the world's greatest storytellers working at the height of his powers.*

How Boston radio station WBCN became the hub of the rock-and-roll, antiwar, psychedelic solar system. While San Francisco was celebrating a psychedelic Summer of Love in 1967, Boston stayed buttoned up and battened down. But that changed the following year, when a Harvard Law School graduate student named Ray Riepen founded a radio station that played music that young people, including the hundreds of thousands at Boston-area colleges, actually wanted to hear. WBCN-FM featured album cuts by such artists as the Mothers of Invention, Aretha Franklin, and Cream, played by announcers who felt free to express their opinions on subjects that ranged from recreational drugs to the war in Vietnam. In this engaging and generously illustrated chronicle, Peabody Award-winning journalist and one-time WBCN announcer Bill Lichtenstein tells the story of how a radio station became part of a revolution in youth culture. At WBCN, creativity and countercultural politics ruled: there were no set playlists; news segments anticipated the satire of The Daily Show; on-air interviewees ranged from John and Yoko to Noam Chomsky; a telephone "Listener Line" fielded questions on any subject, day and night. From 1968 to Watergate, Boston's WBCN was the hub of the rock-and-roll, antiwar, psychedelic solar system. A cornucopia of images in color and black and white includes concert posters, news clippings, photographs of performers in action, and scenes of joyousness on Boston Common. Interwoven through the narrative are excerpts from interviews with WBCN pioneers, including Charles Laquidara, the "news dissector" Danny Schechter, Marsha Steinberg, and Mitchell Kertzman. Lichtenstein's documentary WBCN and the American Revolution is available as a DVD sold separately.

When the exotic stranger Vianne Rocher arrives in the old French village of Lansquenet and opens a chocolate boutique called "La Celeste Praline" directly across the square from the church, Father Reynaud identifies her as a serious danger to his flock. It is the beginning of Lent: the traditional season of self-denial. The priest says she'll be out of business by Easter. To make matters worse, Vianne does not go to church and has a penchant for superstition. Like her mother, she can read Tarot cards. But she begins to win over customers with her smiles, her intuition for everyone's favourites, and her delightful confections. Her shop provides a place, too, for secrets to be whispered, grievances aired. She begins to shake up the rigid morality of the community. Vianne's plans for an Easter Chocolate Festival divide the whole community. Can the solemnity of the Church compare with the pagan passion of a chocolate éclair? For the first time, here is a novel in which chocolate enjoys its true importance, emerging as an agent of transformation. Rich, clever, and mischievous, reminiscent of a folk tale or fable, this is a triumphant read with a memorable character at its heart. Says Harris: "You might see [Vianne] as an archetype or a mythical figure. I prefer to see her as the lone gunslinger who blows into the town, has a showdown with the man in the black hat, then moves on relentless. But on another level she is a perfectly real person with real insecurities and a very human desire for love and acceptance. Her qualities too - kindness, love, tolerance - are very human." Vianne and her young daughter Anouk, come into town on Shrove Tuesday. "Carnivals make us uneasy," says Harris, "because of what they represent: the residual memory of blood sacrifice (it is after all from the word "carne" that the term arises), of pagan celebration. And they represent a loss of inhibition; carnival time is a time at which almost anything is possible." The book became an international best-seller, and was optioned to film quickly. The Oscar-nominated movie, with its star-studded cast including Juliette Binoche (The English Patient) and Judi Dench (Shakespeare in Love), was directed by Lasse Hallstrom, whose previous film The Cider House Rules (based on a John Irving novel) also looks at issues of community and moral standards, though in a less lighthearted vein. The idea for the book came from a comment her husband made one day while he was immersed in a football game on TV. "It was a throwaway comment, designed to annoy and it did. It was along the lines of...Chocolate is to women what football is to men..." The idea stuck, and Harris began thinking that "people have these conflicting feelings about chocolate, and that a lot of people who have very little else in common relate to chocolate in more or less the same kind of way. It became a kind of challenge to see exactly how much of a story I could get which was uniquely centred around chocolate." Rich with metaphor and gorgeous writing...sit back and gorge yourself on Chocolat.

Experience True Liberation by Seeing Your Beauty, Femininity, and Freedom From Heavens Point of View Has Christianity kept women trapped in the stone age? In many ways, yes; but this is not by Gods design. As society offers women opportunities to explore outer-space and govern nations, the church often stifles and limits them. The tide is changing, though. Amber Picotas Gods Feminist Movement is a new covenant manifesto calling women to embrace their true identity in Christ and fulfill their destiny as revolutionaries who shape the course of history with the Kingdom of God. There is a powerful new feminist movement emerging in the body of Christ. Its not politically driven and its not being championed by an uprising of angry man-haters. Based on an intense study of Scripture, factoring in historical and contextual hermeneutics and original languages, Picota shares a practical, non-legalistic, and non-traditional (yet deeply Biblical) look at topics that women commonly face, such as: Dating and Modesty Female Leaders in the Church Submission in Marriage Beauty and Self-Image Celebrate the power and beauty of womanhood. God has given you permission to change the world by being you! Break off religious traditions that keep women trapped in old school legalism and move beyond Christian clichs that minimize a womans true position in Christ!

From the author of Becoming Magic. It was 2010 and I had wasted my life. Stuck in a dead end job, divorced and in debt. For me, every day was much like the last. But things were about to change. Dramatically. So, how did a lonely, overweight, depressed 40-something woman go from poverty, debt and despair to a life of fulfilment, happiness, wealth and spiritual awakening? Did I rob a bank, win the lottery or marry a millionaire? Did I see doctors, therapists and counsellors? Did I join a cult? No, none of these things. I used Magic. In this book, I share my true-life story of exactly how I went from rags to riches, from depression to awakening, and created a truly exceptional life for myself. Over the last few years, I've had many adventures and fantastic experiences. I have also life-changing insights

into magic, manifesting, and the whole business of being alive. These insights had such a profound effect on me they've changed my whole outlook on the world. I didn't know this sort of peace of mind was possible. I didn't know life could get this good. And until now, I told no one how I did it. Writing under the pen name, Genevieve Davis, I chose to remain completely anonymous, hiding my secret identity even from my own family. Finally, I have decided to go public, with this bitingly honest account of my discovery, mastery and belief in what I like to call Magic. By revealing my true identity I can finally prove to you that everything I said in my early books about manifesting an exceptional life was true. All of it. And then, I want to help you see what I have seen. I want to help you understand what I now understand. I want you create a life just as exceptional. For lovers of self-help, memoirs, and for those who like to believe that life should be magnificent. Even sceptics may read this book and start to wonder: Is Magic actually real?

In business - as in life - the right behaviours matter. But getting it right is tricky. Even when we acknowledge the need to change what we do and how we do it, life has a habit of getting in the way, upsetting even the best-laid plans. And just how do we manage those situations that can provoke even the most rational among us into behaving in ways we would rather forget? Triggers confronts head-on the challenges of behaviour and change, looking at the external factors (or 'triggers') - both negative and positive - that affect our behaviours, our awareness of when we need to change, our willingness (or otherwise) to do so and our ability to see the change through. Drawing on his unparalleled experience as an international executive educator and coach, Marshall Goldsmith invites us to understand how our own beliefs and the environments in which we operate can trigger negative behaviours, or a resistance to the need to change. But he also offers up some simple, practical advice to help us navigate the negative and make the most of the triggers that will help us to sustain positive change.

You are not broken. If you want to create a life you love, transform your reality, and manifest miracles with ease, this book is for you. You don't have to "fix" anything about yourself to do it. You don't have to think a certain way, heal your past, clear your emotions, or embrace any specific belief system. It's time to forget everything you know about the power of manifestation. Learn to connect to the hidden field of information where your intuition, inner "instructions," and natural genius are stored, remembering the powerful creator you already are. Make changes at the highest level and transform your life like magic. A complete system in a simple eight-week plan, this is the first and last book you will ever need on manifestation, creation, or self-help. If you're ready to live a Superconscious life, get started today.

Profits from this book will go to The Cotton Tree Children's Trust Orphanage, Sierra Leone. Advanced Magic is the final part in the Course in Manifesting trilogy - a complete course in becoming creator of your own exceptional life. In these three books I outline the exact steps that enabled me to move my own life from one of poverty and drudgery, to one of previously unimaginable wealth, purpose and joy. 'But Magic? I do hope you are joking!' That's what I would have said, five or ten years ago. I once despised all things 'New-Age', all these spiritual types and their airy-fairy views, their bad science and their irrational beliefs. I read all the New Thought and Law of Attraction greats, Wallace Wattles, Anthony Robbins, Rhonda Byrne, Napoleon Hill, Esther Hicks and Wayne Dyer. But no matter how closely I followed their instructions for manifesting love, money or happiness, I couldn't make it work. It was only when I recognised, accepted and finally embraced that what I was doing was actually some kind of Magic that suddenly things began to fall into place. Once I realised that the power came from within me, it was as if the light had suddenly been switched on and my manifestations began to work. I learned how to manifest money and love, but I also learned how to be happy, truly happy. If you're jaded by the whole New Age Law of Attraction idea, have become bored by its failure to deliver... these books are for you. It is my intention to lead you by the hand through a marvellous journey of wonder and adventure. Part one of this course, Becoming Magic, laid the groundwork for becoming a magical person, while the second book, Doing Magic, offered concrete techniques and instructions for bringing wonderful things into your life. And now, finally, we complete the journey with Advanced Magic. It's time to think a little deeper, feel a little keener, experience a little more intensely, and so consolidate and strengthen your knowledge. This book is designed to increase the fledgling power that you discovered from the first two books of the course. We now need to build on what has gone before, boosting your success, increasing your Magical power and making your manifestations more reliable... and more spectacular. Be warned: if you want a quick fix of positive thinking, to be told that using Magic and the Law of Attraction is fast and simple, and anyone can master it with ease, I suggest you buy a different book. But if you are serious about mastering Advanced Magic, if you are willing to treat this with the reverence, time, care, and study that it deserves, these books are for you. Being really, truly in control of making things happen, attracting things at will, using Advanced Magic consistently and reliably, is something of which only a very select few are capable. Come with me, and become one of them. Many people fail with Magic, Manifestation and the Law of Attraction just because they rush headlong into using techniques without adequate preparation, trying to create enormous manifestations, and making very simple but crucial mistakes. When they are disappointed, they imagine they have been duped. The sceptics are right. This is all a load of scammy nonsense. And they give up, declaring it just doesn't work. I am telling you that it does work. And you can make

it work. And these books will show you how. These three books will allow you to complete your journey to becoming a true creator of your own life, reawakening and rekindling your belief and interest in Spirituality, The Law of Attraction, Reality Creation, Cosmic Ordering or whatever you wish to call it. I prefer simply to call it Magic.

Becoming a Changemaker is a radically inclusive playbook for leading positive change. It's a fresh, inspiring, and research-backed guide to developing the mindsets and leadership skills needed to navigate, shape, and lead change and to thrive amidst uncertainty. A faculty member at UC Berkeley's Haas School of Business, Budak created and teaches the wildly popular course "Becoming a Changemaker," which has quickly grown into one of the most highly-rated courses anywhere on campus. It's regularly heralded by students as "transformative" and "life changing" but to date has only been accessible to students attending UC Berkeley. Budak is driven by the belief that anyone--regardless of title, personality, race, gender, age, or class--can be a changemaker. This inclusive vision of leadership is the beating heart of the "Becoming a Changemaker" course, and is the driving force for the book as well. Tailored to the millennial/Gen Z set who are exiting school and entering the workforce, this book makes the lessons, insights, examples and excitement from class accessible to all.

I'm one scrappy wizard. As someone with barely a flicker of magic, I've spent my life being mocked and surviving fights with bullies. But when my parents die in an accident, and I find myself responsible for our whole wizard house and family, I know my usual tactics aren't going to cut it. The situation veers from bad to catastrophic when my backstabbing cousin stages a coup and takes my family hostage. I barely manage to flee, but the only supernatural willing to help me is Killian Drake--the most feared vampire in the region, and a far more deadly villain than the jerk threatening my family. Is Killian sexy and charismatic? Heck yeah. He's also so powerful that my flight or fight instincts kick in every time our eyes meet. And he's definitely using me as his personal magic detector in his feud against the local fae. But Killian is also the first person to believe I might have more than just a scrap of magic. And if I can convince him to train me, I might get strong enough to free my family and get my house back. I'm not sure what happens when a scrappy wizard is taught how to fight by a hall of deadly vampires, but I'm about to find out.

Larry Niven created his popular "Magic Goes Away" universe in 1967, and it has been a source of delight and inspiration ever since. By asking the simple question, What if magic were a finite resource?, Niven brought to life a mesmerizing world of wonder and loss, of hope and despair. The success of his first story collection, "The Magic Goes Away," birthed two sequel anthologies, "The Magic May Return" and "More Magic." All three volumes are collected here for the first time, with stories by Niven himself, as well as contributions by such luminaries of fantasy as Roger Zelazny, Fred Saberhagen, Steven Barnes, and Poul Anderson. Featuring a brand-new introduction by Larry Niven, "The Magic Goes Away Collection" gives readers insight into the breathtaking world of Niven and Jerry Pournelle's "The Burning City" and "Burning Tower" and stands on its own as a landmark in fantasy fiction.

A practical guide to prosperity magic using amulets, talismans, and rituals. Elhoim Leafar, author of The Magical Art of Crafting Charm Bags, offers a clear, basic treatise on the magic of prosperity and manifesting positive abundance. No prior magical experience is required, although the material is also suitable for adepts. The book is divided into two sections: The first section guides the reader through some basic, if simultaneously sophisticated, magical theory including the power of attraction. Readers are encouraged to develop a magical mindset. The second section puts theory into practice. Leafar features 21 (3 x 7, a very magical and auspicious number, as adepts will immediately recognize) rituals, amulets, and talismans for creating and living the life you

desire. Techniques are derived from diverse influences blending modern paganism with Afro-Caribbean and Latin American magic, reflecting the author's background and making the material accessible to readers walking a variety of magical paths.

Magic is everywhere, from the big spectacle celebrity of David Copperfield and Siegfried and Roy to the quirky Penn and Teller to the spooky David Blaine and Criss Angel to the endless material on YouTube. But until now, learning it has never been easy—that's all about to change with Magic, a book that does for close-up magic what How to Grill does for barbecue. Written by charismatic young magician Joshua Jay, Magic combines expertise, photographs, and step-by-step directions showing how to perform 100 tricks. Joshua Jay took home the top prize at the World Magic Seminar (the Olympics of magic) when he was just 16 years old. Now he continues to perform magic, write about magic, eat, sleep, and breathe magic. Here, he brings all his passion and knowledge to teaching magic. Each trick is broken down into the Effect, the Secret, the Set-up, and, most important, the Performance, with lessons on what to say, how to direct the audience's attention, where to keep your hands, and so on. (In other words, how to be smart about the things your audience is surprisingly clueless about.) Here are the Ten Greatest Card Tricks; tricks to dazzle a dinner date; tricks to perform for the boss (poke a hole through his shirt, then magically mend it); tricks especially for kids; and even tricks for an audience in another state—with "Australian Self-Help," you can find a participant's chosen card over the phone. It's the Aha! book for a subject whose time has come.

People of good will on both the left and the right are secretly asking themselves the same question: how has the conversation on race gone so crazy? Bestselling author and acclaimed linguist John McWhorter argues that an illiberal neoracism, disguised as antiracism, is hurting black communities and weakening the social fabric. We're told to read books and listen to music by people of colour but that wearing certain clothes is 'appropriation.' We hear that being white automatically gives you privilege and that being black makes you a victim. We want to speak up but fear we'll be seen as unwoke, or worse, labelled a racist. According to John McWhorter, the problem is that a well-meaning but pernicious form of antiracism has become, not a progressive ideology, but a religion - and one that's illogical, unreachable, and unintentionally neoracist. In Woke Racism, McWhorter reveals the workings of this new religion, from the original sin of 'white privilege' and the weaponization of cancel culture to ban heretics, to the evangelical fervour of the 'woke mob.' He shows how this religion that claims to 'dismantle racist structures' is actually harming his fellow black Americans by infantilizing black people, setting black students up for failure, and passing policies that disproportionately damage black communities. The new religion might be called 'antiracism,' but it features a racial essentialism that's barely distinguishable from racist arguments of the past. Fortunately, for all of us, it's not too late to push back against woke racism. McWhorter shares scripts and encouragement with those trying to deprogramme friends and family. And most importantly, he offers a roadmap to justice that actually will help, not hurt, black people. A NEW YORK TIMES BESTSELLER

Rosicrucian Magic is a book of magical reformation that lays a path of contact with spirits and beings through a lens of integrity. Drawing upon wisdom and knowledge from the ancient world through to eighteenth century influences and beyond, Frater Acher takes us on a journey of discovery on Becoming Alike to the Angelic Mind as originally articulated by Johannes Trithemius. Frater Acher draws deeply from decades of experience as a practitioner and researcher of Western Magic to teach the reader how to unlock mystical texts and magical ritual. Rosicrucian Magic illuminates a path through the Mysteries and highlights how spirit communion evolves to become an everyday practice rooted in experience, ethics, knowledge and wisdom. At the heart of the book, and for the first time in English language, Frater Acher presents a full translation and in-depth analysis of a forgotten high-degree ritual from the famous Order of the Golden and Rosy Cross. The occult artist José Gabriel Alegría Sabogal contributes beautiful new original illustrations, and has painstakingly restored the ritual's secret seal, a central symbol of mystical mediation.
