

## Buy Low Rent High: How Anyone Can Be Financially Free In The Next 12 Months By Investing In Property

It has never been harder to get your foot on the property ladder. With house prices spiralling upwards, fewer properties available and wider economic uncertainty many people simply can't buy a home. However, by knowing how to increase your buying power, by sticking to certain disciplines and by increasing your awareness of the financial products out there, buying your home will no longer seem an impossibility. status; How to enhance your status ranking; The definition of buying power and ways to increase it; How mortgage companies really work; How to increase your credit worthiness; How to raise your your first deposit quickly; All the mortgage companies, with their criterias for First time buyers including 125 per cent LTV and high income multiple mortgage lenders; How to get value for money in property; How to deal with estate agents and negotiate effectively with them; Where else to look for that bargain property; How to increase your salary!

No matter how great you are at finding good rental property deals, you could lose everything if you don't manage your properties correctly! But being a landlord doesn't have to mean middle-of-the-night phone calls, costly evictions, or daily frustrations with ungrateful tenants. Being a landlord can actually be fun IF you do it right. That's why Brandon and Heather Turner put together this comprehensive book that will change the way you think of being a landlord forever. Written with both new and experienced landlords in mind, The Book on Managing Rental Properties takes you on an insider tour of the Turners' management business, so you can discover exactly how they've been able to maximize their profit, minimize their stress, and have a blast doing it! Inside, you'll discover: – The subtle mindset shift that will increase your chance at success 100x! – Low-cost strategies for attracting the best tenants who won't rip you off. – 7 tenant types we'll NEVER rent to--and that you shouldn't either! – 19 provisions that your rental lease should have to protect YOU. – Practical tips on training your tenant to pay on time and stay long term. – How to take the pain and stress out of your bookkeeping and taxes. – And much more!

Invest in real estate and never run out of money--using the hottest strategy in the real estate world!

I left everything and became financially free all over again from scratch, just to prove a point. I achieved financial freedom in a week and in this short book I explain step by step exactly how I did it and HOW YOU CAN TOO! In this book you will have the exact scripts and 'magic words' to secure property deals and actually make money in the REAL WORLD starting from scratch. Strategies covered include:- Deal Packaging – Rent-to-Rent- Serviced Accommodation- Networking and Selling – Securing Deals Without a Penny! The first time I became financially free took me 4 years of hard work. The second time only 7 days. The difference was my knowledge. In this book I do not hold back with information, despite it being only 87 pages long. You do not need luck or money, you need knowledge and implementation. My Financial Freedom Challenge #FFChallenge was featured in many newspapers and the BBC Six O'Clock News. Here is how one journalist, Phil Shanahan, told the story: "Without a penny to invest, young multi-millionaire property investor Samuel Leeds set off on an extraordinary undercover mission to prove he could become financially free again from scratch. Samuel left home in an old banger and headed for a hotel which had been pre-booked for him in an unfamiliar city. He had to make money by the end of the week or face eviction.Wearing a black wig and fake glasses, Samuel took on the alias of Lucas Ruby. He was denied access to his funds and could only deal with strangers. It was no stroll in the park and he was thrown out of a networking event when his cover was blown. But within seven days of arriving in Sheffield the 27-year-old entrepreneur had made an incredible £8,000 from selling property deals. He immediately invested the money in two city centre apartments generating a monthly rental profit of up to £2,650. On his return to Staffordshire, he stopped off at a homeless charity in Manchester to donate a £2,000 surplus from the challenge.By adopting the same strategies he preaches to thousands of students each year, the property tycoon proved beyond doubt that knowledge is key to becoming financially independent. A YouTube video on the Financial Freedom Challenge attracted half a million views in a fortnight.In this concise book Samuel Leeds explains in clear steps how he gained financial freedom in a week – and how you can too!"

Atlas Shrugged

On the surface, being a landlord seems pretty simple-you buy property, find renters, and the money rolls in. However, as all too many people have found out, it takes an incredible amount of know-how and hard work in order to be successful at it. Idiot's Guides: Making Money with Rental Properties is written by experts who have made the mistakes, learned the lessons, and have become highly successful at spotting properties with high rental potential, buying them at the right price and time, and finding tenants who pay on time and stay for the long haul. Readers will learn not only how to spot the right neighborhood and property, but how to buy it, when not to buy it, how to find the right tenants, how to manage the money flow, and more. In addition, readers will learn what to do when things go wrong, what legal protections they (as well as the tenants) have, and how to do it all without going broke and losing their minds in the process.

Want to get started in property but worry you don't have enough money, time or experience? Stephanie and Nicky Taylor were there too. These dynamic sisters were working too hard, for too many hours. They wanted the time, freedom and options that property seemed to provide others, but they didn't know how to start and couldn't see anyone like them doing it. Since then, they have gone from financial uncertainty to building their own multi-million pound portfolio and creating an award-winning property business, HMO Heaven. Their unique Rent 2 Rent Success System will enable you to get started in property in a simple, ethical and low-risk way with little capital outlay. Their proven system has been used by hundreds of people across the country and has featured in publications, such as Entrepreneur magazine, The Telegraph and Property Investor Today. This book will: - Guide you right through the whole process, from getting into the right mindset to get started through to building and scaling up your portfolio - Reveal the 6 key areas you need to get right for rent to rent success - Share a proven, practical system that gets results, removes the stress and ensures you avoid expensive newcomer's mistakes If you're ready to become a gamechanger, join Stephanie and Nicky and get started on your property journey.

From the author of Amazon best-sellers "Property Investment For Beginners" and "Beyond The Bricks" Over the last 20 years, more than a million Brits have made life-changing profits from buy-to-let. But as prices keep rising and the tax landscape changes, investors need to get smarter in order to succeed. It's far from "game over," but the game is changing... for the better. The unwary and under-prepared will be squeezed from the market - leaving educated, strategic investors to have their best decade yet. The Complete Guide To Property Investment gives you the insight, information and action plan you need to navigate this new property landscape and come out on top. It starts by demonstrating - with real-life examples - a range of strategies suited to achieving different investment goals. Only then does it take you step by step through every aspect of researching, financing, buying and managing investment properties. You'll learn: How to formulate a strategy suited to achieving your investment goals Everything you need to know about financing your investments An exact step-by-step research process you can use to decide what to invest in How to manage your investments What the property cycle is, and how you can use it to your advantage How to build a profitable portfolio for the long-term - including scaling up, surviving recessions, and exit strategies. Whether you're turning to property to secure your retirement, start a new career or generate a stream of passive income, this book will be the most valuable investment you make.

Deregulation, revenge evictions, parliamentary corruption and day-to-day instability: these are the realities for the eleven million people currently renting privately in the UK. At the same time, house prices are skyrocketing and the generational promise of home ownership is now an impossible dream for many. This is the rent-trap: an inescapable consequence of market-induced inequality.Rosie Walker and Samir Jeraj offer the first critical account of what is really going on in the private rented sector and expose the powers conspiring to oppose regulation. A quarter of British MPs are landlords, rent strike is almost impossible and snap evictions are growing, but in the light of these hurdles The Rent Trap shows how to fight back.Drawing on inspiration from movements in the UK, Europe and further afield, The Rent Trap coheres current experiences of those fighting the financial burdens, health risks and vicious behaviour of landlords in an attempt to put an end to the dominant narratives that normalise rent extraction and undermine our fundamental rights.Published in partnership with the Left Book Club.

This National, International and New York Times Bestseller is an enthralling psychological thriller that spins one woman's seemingly good fortune, and another woman's mysterious fate, through a kaleidoscope of duplicity, death, and deception. Jane stumbles on the rental opportunity of a lifetime: the chance to live in a beautiful ultra-minim architect, on condition she abides by a long list of exacting rules. After moving in, she discovers that a previous tenant, Emma, met a mysterious death there--and starts to wonder if her own story will be a re-run of the girl before. As twist after twist catches the reader off guard, Emma's past and Jane's present become inexorably entwined psychological obsession.

Facing a volatile stock market, many people have turned to real estate as a way to invest their hard-earned money. While many investors opt to buy property and then sell it quickly, other investors choose to hold onto their property for a longer period of time to realize a greater return on their investment. Real estate experts Scott Frank diversified program for real estate investing that incorporates both approaches and enables investors to take control of their financial futures and build wealth over time. Their new book, Buy Low, Rent Smart, Sell High: Real Estate Investing for the Long Run outlines a win-win-win program, one where average people can reap significant financial gains.

\* Win One: Buying Low - The investors first win occurs by purchasing real estate at a 10-20 percent discount by seeking out motivated buyers and avoiding paying agent commissions. The book reveals the secret to buying foreclosed homes with clean titles from banks and mortgage companies. \* Win Two: Renting Smart - The property is

Not only does the investor get a down payment from the lease/purchasee, but he or she also receives monthly rent that usually exceeds the monthly mortgage payment. Also, the lease/purchasee takes on the maintenance and repair responsibilities and tends to be a better tenant in return for their special lease/purchase terms. In addition, the investor is able to receive tax write-offs. \* Win Three: Selling High - The final win results when the lease/purchasee exercises his or her right to purchase the property. The owner has realized the benefits of owning the property and has sold it to the lease/purchasee without agent commissions. If the lease/purchasee decides not to exercise his or her right, the investor can either extend the lease purchase agreement and increase the purchase price (based on property appreciation) or enter into another lease/purchase agreement with a new tenant and begin the cycle of wins all over.

USA TODAY BESTSELLER Take HOLD of your financial future! Learn how to obtain financial freedom through real estate. The final book in Gary Keller's national best-selling Millionaire Real Estate Investor trilogy teaches the proven, reliable real estate investing process to achieve financial wealth: 1. Find – the right property for the right terms 2. Analyze – an offer to make sure the numbers and terms make sense. 3. Buy – an investment property where you make money going in. 4. Manage – a property until it's paid for or you have a large amount of equity to leverage. 5. Grow – your way to wealth and financial freedom.

From prominent political thinker and widely followed Slate columnist, a polemic on high rents and housing costs—and how these costs are hollowing out communities, thwarting economic development, and rendering personal success and fulfillment increasingly difficult to achieve. Rent is an issue that affects nearly everyone. High rent is a personal financial strain. High rent drags on our country's overall rate of economic growth, damages the environment, and promotes long commutes, traffic jams, misery, and smog. Yet instead of a serious focus on the issue, America's cities feature niche conversations about the availability of “affordable housing” for poor people. Yglesias's first time, presenting newfound context for the issue and real-time, practical solutions for the problem.

Rental Property Investing for Beginners

The Value of Everything

The Rent Is Too Damn High

*In modern Britain, paying rent to a private landlord is financially ruinous. It costs more than paying a mortgage, hobbles the ability to save, and puts you on the hook for endless monthly payments - often for shabby, even dangerous cramped flats. Yet, for millions - mostly under 35 - renting privately is the only option. By 2025, more people are expected to rent than own their own homes. Members of today's Generation Rent who have done everything right - good education, good job - have been priced out of the property market for good. They are stuck. In this razor-sharp account of how a nation of homeowners gave way to a generation of renters haemorrhaging cash, Chloe Timperley tackles the myths and mysteries belying so many attempts to 'fix' Britain's broken housing market. She reveals who's being shafted, who's cashing in -- and the radical steps we must take if we are to bury a rotten idea: that hoarding rental properties is nothing more than a legitimate investment strategy. Let's start bringing Britons home.*

*The time has never been better for investing in real estate, and this book arms the millions of investors who are returning to real estate as an established instrument of wealth creation with surefire strategies for making a killing in the real estate market. Due to the pent-up demand for housing caused by the lull in housing starts during the 90s, as many as 11 million would-be American home-owners are currently vying for a rapidly dwindling pool of available properties. In Buy, Rent, and Sell Bob Irwin, one of America's most well-known and respected real estate author/experts, provides nuts-and-bolts advice and guidance on how to find good investment properties, how to successfully rent them, and how to quickly turn them around for a profit. Written in Irwin's trademark down-to-earth, jargon-free style, Buy, Rent, and Sell is an indispensable guide for novices as well as experienced real estate investors.*

*In the 10th Anniversary edition of this No.1 Best Selling property book, experienced property investor Simon Zutshi will share with you some of the secrets behind his Property Mastermind Programme, so that you can learn how to build a property portfolio and replace your income, using other people's time, money and experience. The book is designed to open your mind and stimulate your thinking to make you aware of some of the current possibilities available to you in the world of property investing. It is packed full of inspirational case studies to help build your personal belief of what you could achieve, in a relatively short amount of time, by investing in property. Although this book is focused on investing in the UK property market, the concept of finding and helping motivated sellers to reach an ethical win/win solution, works in every property market all over the world. You can build your personal wealth whilst helping other people solve their property problems.*

*Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, Atlas Shrugged is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America's best-loved novels by PBS's The Great American Read. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. Atlas Shrugged, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.*

*Billions of you have watched their videos and millions of you have followed them on social media. So here we go; it's time to back up because YouTube superstars. The Sidemen, are finally here in book form and they're dishing the dirt on each other as well as the YouTube universe. There's nowhere to hide as KSI, Miniminter, Behzinga, Zerkaa,Vikkstar123, Wroetoshaw and Tobjizle go in hard on their living habits, their football ability, and their dodgy clobber, while also talking Fifa, Vegas and superheroes. They'll also give you their grand house tour, letting you in on a few secrets, before showing you their hall of fame, as well as revealing some of their greatest shames. Along the way you'll learn how seven of the world's biggest YouTube stars started off with nothing more than a computer console, a PC and a bad haircut before joining forces to crush the internet. And they'll tell you just how they did it (because they're nice like that) with their ultimate guide to YouTube while also sharing their memories of recording their favourite videos as well as a typical day in the life of The Sidemen. You'll feel like you're with them every step of the way, smelling the 'sweet' aroma of the boys' favourite dishes in the kitchen, stamping your passport as you follow them on their trips around the world and kicking every ball as the boys gear up for the biggest football match of their lives. It's going to get personal. It's going to get intense, and JJ is going to have lots of tantrums, so take a moment to prepare yourself, because this is The Sidemen book you've been waiting for!*

*The world has changed forever. Governments have expanded their reach over their citizens' lives, Power is being consolidated by an elite few, and The world economy has become more volatile and unpredictable. Meanwhile, the internet, a globalizing world economy, and the emergence of the developing world present opportunities to anyone willing to make simple changes to their life. Geography is no longer a limitation for those willing to follow Andrew Henderson's 'Five Magic Words' and "Go where you're treated best." As the world's most sought-after expert on offshore tax planning, second passports, and global citizenship - cited by the BBC, Bloomberg, Elite Daily and more - Andrew has condensed his last ten years of investigative world travel into an unprecedented book to help entrepreneurs and investors keep more of their own money, live where they want, become citizens of the world, and improve their lives and the planet. Direct. Honest. Experienced. Unapologetic. Practical. Transparent. Even funny. The Nomad Capitalist will show you how to take his "E-K-G" formula to: ENHANCE your personal lifestyle, KEEP more of your money, and GROW your money by living, investing, banking, and doing business overseas. From foreign companies to offshore accounts and from overseas investments to dual citizenship, you'll find everything you need to know to begin a life of international proportions, storing gold in super-secret vaults, finding love in exotic locations, and improving everything from your health to your tax bill by simply "going where you're treated best." It is no longer enough to be a digital nomad. Those who want complete freedom from the world's broken systems must become Nomad Capitalists, learning to navigate the world system to reclaim their freedom and rediscover the possibilities of capitalism's greatest promises. Get the book to see how.*

This publication informs advocates & others in interested agencies & organizations about supplemental security income (SSI) eligibility requirements & processes. It will assist you in helping people apply for, establish eligibility for, & continue to receive SSI benefits for as long as they remain eligible. This publication can also be used as a training manual & as a reference tool. Discusses those who are blind or disabled, living arrangements, overpayments, the appeals process, application process, eligibility requirements, SSI resources, documents you will need when you apply, work incentives, & much more.

This book compares models of low-rent and high-rent development to explain the divergent growth of regions and to query the continued prioritization of industrialization over agriculture and export services as the engine of economic prosperity.

Who really creates wealth in our world? And how do we decide the value of what they do? At the heart of today's financial and economic crisis is a problem hiding in plain sight. In modern capitalism, value-extraction - the siphoning off of profits, from shareholders' dividends to bankers' bonuses - is rewarded more highly than value-creation: the productive process that drives a healthy economy and society. We misidentify takers as makers, and have lost sight of what value really means. Once a central plank of economic thought, this concept of value - what it is, why it matters to us - is simply no longer discussed. Yet, argues Mariana Mazzucato in this penetrating and passionate new book, if we are to reform capitalism - to radically transform an increasingly sick system rather than continue feeding it - we urgently need to rethink where wealth comes from. Who is creating it, who is extracting it, and who is destroying it? Answers to these questions are key if we want to replace the current parasitic system with a type of capitalism that is more sustainable, more symbiotic: that works for us all. The Value of Everything will reignite a long-needed debate about the kind of world we really want to live in.

***-Discount 55%- This book is the result of our first-hand experience in the field, which we wish we had when we set out in search of our first homes to buy to put to income. There are many opportunities in real estate in America. However, there are also risks that you need to be aware of, and somewhat calculate before buying a home in the USA. Often these risks are ignored if you rely solely and exclusively on real estate agencies. From the need to clearly understand the dynamics of this mode of investment and then to be able to control it directly was born the course Income Houses in the USA and then the book you are about to read. Our strength is that in addition to being real estate consultants, we do things for ourselves first. The Investing in the United States project was born out of our need to diversify what we had managed to build over years of work. We didn't want to create a second job for ourselves! We wanted to make money work for us, without using financial instruments that were difficult to control, and always remaining in the real estate sector. Studying, taking courses with the N.A.R. and the F.I.A.I.P. back in 2005, and experimenting first hand, we realized that we had to buy houses in the U.S. that in addition to having an excellent rental income could also have a prospect of revaluation in the medium to long term. Since we were all married, with children, living and working in Italy, the essential condition was to be able to work remotely so that we did not have to deal directly with the management of the house and the tenant. Our goal was to build an extra income, not dependent on our work. To understand a kind of "pension". We wanted to invest in a country with a strong economy, a lively real estate market, and above all that had strong protection of property. A country that in addition to protecting tenants also protects homeowners. A country where houses can give much higher net returns than in Italy. A country with few but clear and precise rules. We found all this in the United States. Initially, we bought houses through organized structures. It all seemed fantastic but we realized that something wasn't right... So we took the plane to touch the American reality and we decided to invest time and money in training and direct experience in the field. We wanted to invest part of our resources to generate monthly income without our direct intervention but always having control over the investment made. I confess that sometimes we got burned, but every mistake we made us grow to find the best way to achieve our goal, which, if you're reading this, is also your goal. With this book, we've laid out the road to your goal of real estate investing in the USA. We are all different and there is no one-size-fits-all solution. But there is the best solution for you. Go deeper, understand the dynamics of this investment method, and then, once you get off on the right foot, you'll see that the road will be downhill and you too will discover the pleasure of collecting an extra paycheck every month without going to work... A pleasant feeling. Today more than ever creating a second or third economic income, disconnected from our main job is essential. We all discovered this during the recent lockdown. Work situations can change in a week!!! Having an income disconnected from your job can be a lifeline. Invest in your future and that of your family, invest in income-producing real estate in the USA.***

***New York Times Bestseller Over 2.5 million copies sold For David Goggins, childhood was a nightmare - poverty, prejudice, and physical abuse colored his days and haunted his nights. But through self-discipline, mental toughness, and hard work, Goggins transformed himself from a depressed, overweight young man with no future into a U.S. Armed Forces icon and one of the world's top endurance athletes. The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring Outside magazine to name him The Fittest (Real) Man in America. In this curse-word-free edition of Can't Hurt Me, he shares his astonishing life story and reveals that most of us tap into only 40% of our capabilities. Goggins calls this The 40% Rule, and his story illuminates a path that anyone can follow to push past pain, demolish fear, and reach their full potential.***

*Why do high schools and colleges require students to take courses in English, math and science, yet have absolutely no requirements for students to learn about personal money management?Why Didn't They Teach Me This in School? 99 Personal Money Management Lessons to Live By was initially developed by the author to pass on to his five children as they entered adulthood. As it developed, the author realized that personal money management skills were rarely taught in high schools, colleges and even in MBA programs. Unfortunately, books on the subject tend to be complicated, lengthy reads. The book includes eight important lessons focusing on 99 principles that will quickly and memorably enhance any individual's money management acumen. Unlike many of the personal money management books out there, this book is a quick, easily digested read that focuses more on the qualitative side than the quantitative side of personal money management. The principles are not from a text book. Rather, they are practical principles learned by the author as he navigated through his financial life. Many are unorthodox in order to be memorable and provoke deeper thought by the reader.*

Facing a volatile stock market, many people have turned to real estate as a way to invest their hard-earned money. While many investors opt to buy property and then sell it quickly, other investors choose to hold onto their property for a longer period of time to realize a greater return on their investment.

Are you looking for a passive income investment opportunity? You can make money with real estate rental property investing, and I can show you how! In my book, How to Start Run and Grow a Truly Passive Rental Property Business, I will teach you how to make money by investing in rental real estate as a landlord entrepreneur. If you're considering using real estate investing to obtain financial freedom, build wealth, or contribute to your retirement, this book is for you. I have come to realize that creating multiple streams of passive income is one of the best ways to become wealthy. The method that I prefer is by entering into rental real estate investing. When I came to America as a young man, my uncle mentored me in the ways of business. I learned under his watchful eye all about how to invest in and manage rental properties to create a steady and positive cash flow. You could say that I feel like I have been in this business my whole life. The goal of my book is to teach you how to go about getting started buying, fixing up, and renting residential properties for profit. I wrote the book to approach the absolute beginner to make the process as easy as possible for someone just starting out. This book should give you a firm grasp on the overall industry, processes, terminology, and best practices involved in the rental property business. Even if you have little seed money to get started, you can invest in real estate. Renting houses, apartments, duplexes, even single rooms, or storage space can be lucrative and does not take as much day-to-day management as you might think. You will learn all about making passive income with rental properties. This book will give you a starting point for beginning a profitable business. In my book, you will learn: Ways to buy houses as rental properties All about different methods of obtaining a loan to start: FHA, USDA, VA loans How to use your own starter funds with your IRA or 401K accounts Understanding the property rental business with terminology and how the process works Specific reasons why you should enter into the real estate rental business Specific tax deductions you can take with rental properties Other ways to make money with your rental house How to rent out the property by room How to rent storage space Answering frequently asked questions about property rental Calculating how much profit you can expect to make on a rental property Troubleshooting property issues including filling vacancies Marketing your rental property How to manage the property for ultimate financial gain All of this and so much more is yours when you purchase this book. I recommend buying this book in the Kindle format so that you can get the best reading experience. Be sure to click "Buy Now, " so you can start making a positive passive income with residential real estate rentals.

Buy Low Rent High will: - Challenge the conventional approach to property investing - Teach how anybody can buy property with no money - Explain why now is the best time to invest in property - Reveal strategies that work in the real world to create fast financial freedom "This is the #1 Property Investing book of all time!" - Benevolence Mac Samuel Leeds has helped thousands of investors towards achieving their goal of financial freedom. Being able to make complicated strategies become simple philosophies, Samuel has earned a reputation for being one of the most inspiring investors in the U.K.

This book is about investing in sub \$30k properties (under \$30,000) and becoming a wealthy real estate investor enjoying the profits now, rather than later ... with only 2-5 properties instead of hundreds or overly priced properties. This book on investing in rental properties for beginners is the foundation of what I've built 47,000 person social media platform on - helping the average person get involved in rental properties on an average income, and building the cash flow of their dreams with 2-5 properties. That's it. This will teach you (the ordinary investor) how to tailor your investment strategy to your pocketbooks (and no one else's). You don't need to ask your parents or friends for loans because the best approach to building a rental portfolio is by purchasing units in modest neighborhoods that offer really high rents (i.e. purchase a \$44,000 rental that earns \$1200 a month in rents). If being a real estate investor is your dream and being a landlord is not, this is the book for you! The author will personally take you through the steps she's used on over 560 people to build their dream income and lifestyle.

Ready to turn your dreams of being a real estate investor into a reality? Then hit the BUY NOW button!

How did Britain's economy become a bastion of inequality? In this landmark book, the author of The New Enclosure provides a forensic examination and sweeping critique of early-twenty-first-century capitalism. Brett Christophers styles this as 'rentier capitalism', in which ownership of key types of scarce assets—such as land, intellectual property, natural resources, or digital platforms—is all-important and dominated by a few unfathomably wealthy companies and individuals: rentiers. If a small elite owns today's economy, everybody else foots the bill. Nowhere is this divergence starker, Christophers shows, than in the United Kingdom, where the prototypical ills of rentier capitalism—vast inequalities combined with entrenched economic stagnation—are on full display and have led the country inexorably to the precipice of Brexit. With profound lessons for other countries subject to rentier dominance, Christophers' examination of the UK case is indispensable to those wanting not just to understand this insidious economic phenomenon but to overcome it. Frequently invoked but never previously analysed and illuminated in all its depth and variety, rentier capitalism is here laid bare for the first time.

-Do you want to know the profitable renting strategies using the "buy low and rent high" approach? -Do you want to spend less and gain more?If yes!
