

Children's Book Of Recipes: 30 Fun Dishes For Young Chefs (Educational Series For Kids 4 9 Years 2)

We created this book for children, but we recommend it for adults as well. It's for those who don't like to read boring bricks of text but prefer to get right down to business, learning skills as they go. You won't find a book easier to use than this one. Not only does it have illustrated recipes for delicious dishes with concise, detailed descriptions, but it also has important information about the basics of baking that we've simplified and illustrated. The recipes have been tested by many people. We've chosen the best ones. Recipes that have received the highest ratings. Meticulously tested and proven. Only popular and very tasty dishes. The dishes are varied, taken from different cuisines. Sweet and savory, festive, and healthy, vegan and even meat. You'll find both familiar classics and exotic new recipes. Most of them are sweet and sure to please children. Different baking techniques are used to teach and develop your child's key kitchen skills. Simple, but not primitive. Easy to make. Recipes are broken down into 3 categories of difficulty, but even the most difficult ones are manageable for a child. Most recipes require 3 to 10 ingredients. Don't require gourmet ingredients. Chances are you already have everything you need, or you can find it at the nearest supermarket, regardless of the country you live in. In addition, there are substitution options for many of the ingredients. Most recipes require only the most basic cooking utensils. And even for those, there are substitution options: no microwave -- make a water bath; no mixer -- use a whisk. Not just recipes. The book will teach your kids the basics of baking. It's as easy as 1 - 2 - 3. Your child will not be confused. The book contains illustrated instructions on every necessary step: from washing their hands before they start to cleaning up after themselves afterward. A clearly illustrated safety manual that your child won't skip. It's clear and simple enough to grasp after one read-through. The book introduces key baking terminology in a simple, visual way. It's better to show with a picture what "knead" or "grease" means than to explain in words. Not only can a child cook the chosen dish easily, he or she will find an interesting fact about it at the end of the recipe. This book can serve you for a lifetime! Even a 4-year-old child can understand the book, because it illustrates in detail absolutely every action, ingredients, and even tools. Children will love the fun illustration style and the cute, friendly kitten character. Simple, short, but comprehensive comments on the steps will be easily understood by an older child. Even adults will enjoy using this book. The recipes here are versatile, and the information is instantly readable. These recipes aren't just for once. They are suitable for many different situations, from Christmas or birthdays to an everyday breakfast or picnic. You'll want to cook them again and again! The book is very easy to navigate. The ingredient quantities are given in both metric and imperial systems at a glance. It has the Cooking Time Index and the Occasion Index. Steps which might require adult supervision are marked with a special red icon. Each recipe has a notes page where you can rate the recipe, make adjustments, and write in personalized options. This large, bright, and beautiful 245-page book makes a great gift. There is a bonus coloring page included absolutely free for kids of all ages to enjoy. Pick up your copy today and get your kids excited about baking!

To get our children to eat healthily, we must learn to be creative. This can be tricky, but you can create some of their favorite dishes and add a few healthy ingredients, and they will never know. The main idea is to make the food look exciting and interesting as well as ensure you are using ingredients they like when you create these healthy dishes. The best way to get your kids to eat is to make sure they cannot see the parts they do not like in the dish. Our recipes are designed to get kids to eat healthily and even enjoy eating all the foods you want them to eat. Padma Lakshmi, bestselling author and host of Bravo's Top Chef and Hulu's Taste the Nation, and Caldecott Honor-winning illustrator Juana Martinez-Neal team up in this celebration of food and family. “Some of my fondest memories from childhood are of cooking with the women in my family. It is the foundation for all I have spent my life working on.” -Padma Lakshmi Neela loves cooking with her amma and writing down the recipes in her notebook. It makes her feel closer to her paati who lives far away in India. On Saturdays, Neela and Amma go to the green market and today they are buying tomatoes to make Paati's famous sauce. But first, Neela needs to learn about all the different kinds of tomatoes they can pick from. And as Neela and Amma cook together, they find a way for Paati to share in both the love and the flavors of the day. Bestselling author and host of Bravo's Top Chef and Hulu's Taste the Nation Padma Lakshmi takes young readers on an intergenerational journey full of delicious flavors and fun food facts that celebrates a family's treasured recipes. And Caldecott Honor-winning illustrator Juana Martinez-Neal brings this circle of women to life with vivid detail and warmth. Tomatoes for Neela lovingly affirms how we can connect to other cultures, as well as to our own, through food.

The Stone Thrower is a moving story about race and destiny written by a daughter looking for answers about her own black history.

A child's first six years can be an exciting culinary journey which takes him or her from mashed banana, through home-made pizza, to their first mild curry. By introducing our children to a wide variety of tastes from an early age, we can help them to grow into a lifelong habit of intelligent eating. By making the dishes ourselves, we can give them foods that we know are nutritionally balanced in every way. More than a cookbook, this indispensable kitchen companion not only offers delicious recipes for every day of the year, but also contains a wealth of information on child nutrition--from weaning and introducing solids to packing lunches and serving up party foods for older children. It emphasizes an easy approach to food preparation, with no complicated measurements or methods. Most important of all, there's a wide variety of recipes for every stage of childhood development, complete with 50 "first food" recipes, 7-day meal planners, and sound snack ideas. Practical tips accompany the dishes, including methods for promoting healthy eating habits that support brain development and a strong immune system. The emphasis is on practical parenting throughout - the recipes are quick and easy to make (no complicated measurements or methods), and are guaranteed to give enjoyment to your growing family. For parents concerned about kids' allergies, there is a two-page spread on managing allergies and intolerances (wheat, gluten, milk, soy, peanuts and additives), and every recipe has a symbol key to show which allergens (if any) are present. The Introduction offers advice on food combining, essential nutrients, weaning and feeding problems.

Based on surveys representing five hundred youth book clubs across the country and interviews with parents, kids, educators, and librarians, The Kids' Book Club Book features: _ the top fifty favorite book club reads for children ages eight to eighteen; _ ideas and advice on forming great kids' book clubs-and tips for kids who want to start their own book clubs; _ recipes, activities, and insights from such bestselling children's book authors as Christopher Paolini, Lois Lowry, Jerry Spinelli, Nancy Farmer, Christopher Paul Curtis, Andrew Clements, Laurie Halse Anderson, Norton Juster, and many others. From recipes for the Dump Punch and egg salad sandwiches included in Kate DiCamillo's Because of Winn-Dixie to instructionson how to make soap carvings like the ones left in the knot-hole of a tree in Harper Lee's To Kill a Mockingbird, this book provides a bounty of ideas for making every kids' book club a success.
