medium to do so. This often results in uninspiring presentations consisting of countless lackluster slides which their audience are forced to sit through – sometimes at the expense of their own sanity. In *How to Make Your Point Without PowerPoint*, renowned public speaker Douglas Kruger aims to end the tedium of the PowerPoint medium. He offers 50 practical suggestions to enhance your presentation skills – including the kinds of formats you can use, different methods of delivery and some alternative visuals – so you and your team can trade in the slides and get brainstorming. This book proves that it is possible to do an excellent job, even a superior one, without slides, by learning to truly engage and persuade. In this way, you will stand out every time and, as the

Reclaim your space, inside and out
When you look at the clutter in your home, does it feel like you need an excavator to find the calm beneath the chaos? Do you try again and again to implement sustainable organizational systems without any success? Does the reason for your clutter always seem to come down to too little time or not enough space? If so, the time has come to look at the clutter beneath the clutter--the fears, doubts, and energy drains that are the true culprits of the muck. In the follow-up to her Wall Street Journal best-selling book *What Your Clutter Is Trying to Tell You*, decluttering expert, lifestyle designer, and coach Kerri Richardson helps you to:

Döstädning, or the art of death cleaning, is a Swedish phenomenon by which the elderly and their families set their affairs in order. Whether it's sorting the family heirlooms from the junk, downsizing to a smaller place, or setting up a system to help you stop misplacing your keys, death cleaning gives us the chance to make the later years of our lives as comfortable and stress-free as possible. Swedish death cleaning can be used to help you de-clutter your life, and take stock of what's important.

Margareta Magnusson has death cleaned for herself and for many others. Radical and joyous, her guide is an invigorating, touching and surprising process that can help you or someone you love immeasurably, and offers the chance to celebrate and reflect on all the tiny joys that make up a long life along the way.
