*'An unforgettable novel.' - Washington Post At the turn of the twentieth century, as the oppression of Russia's imperial rule takes its toll on Finland, the three Koski siblings - Ilmari, Matti and the politicized young Aino - are forced to flee. They settle among a community of Finns in Deep River - a town on the western edges of*

But while they are climbing and felling trees one-hundred metres high, Aino is organizing the country's fledgling labour movements. As the Koskis strive to rebuild lives and families in an America in flux, they also try to hold fast to the traditions of a home they can never return to. And so the seasons change, the decades pass and the*

Using the British Empire as a case study, this succinct study argues that the establishment of overseas settlements in America created a problem of constitutional organization that created deep and persistent tensions within the empire during the colonial era and that the failure to resolve it was the principal element in the decision of thirteen continental colonies to secede from the empire in 1776. Challenging those historians who have assumed that the British had the law on their side during the debates that led to the American Revolution, this volume argues that the empire had long exhibited a high degree of constitutional multiplicity, with each colony having its own discrete constitution and the empire as whole having an uncodified working customary constitution that determined the way authority was distributed within the empire. Contending that these constitutions cannot be conflated with the metropolitan British constitution, it

argues that British refusal to accept the legitimacy of colonial understandings of the sanctity of the many colonial constitutions and the imperial constitution was the critical element leading to the American Revolution.

From international bestselling author

Cristina Caboni comes an exquisite and engrossing novel of two women, centuries apart, bound by a love of books and a longing for self-discovery. With her delicate touch, Sofia Bauer restores books to their original splendor. In this art she finds refuge from her crumbling marriage and the feeling that her once-vibrant life is slipping away. Then an antique German edition takes her breath away. Slipped covertly into the endpapers is an intriguing missive, the first part of a secret...from one bookbinder to

another. Two hundred years ago, Clarice von Harmel defied the constraints of family and society to engage in a profession forbidden to women. Within three separate volumes, Clarice bound her own hidden story filled with pain, longing, and love beyond all reason. A confession that now crosses centuries to touch the heart of a stranger. With the help of book collector Tomaso Leoni, Sofia connects the threads of Clarice's past, page by page, line by line, town by town. She's determined to make Clarice's voice

heard. With each new revelation, Clarice is giving Sofia the courage to find her own voice and hope for the future she thought was lost.

This year, Graphis awarded over 500 winners, many of whom receive full-page presentations of their entries. Also presented is a Q & A with Ellen Lupton, Curator of Contemporary Design at the Cooper Hewitt Museum in New York City, and a list of international poster museums.

Smith. The war is over, Hitler is dead - and yet his evil legacy lives on. Former Special Operations

**Street? What is the best place to pick huckleberries? Grandpa is telling stories to an audience of Cranbrook town folk that include his 10 year old grandson. His tales include the imagined escapades of one Charlie Ed: an elephant who successfully evaded his pursuers, and in the weeks of his freedom "climbed mountains, swam rivers and worked at a logging camp. This story provides a much needed historical record suitable for children's as well as adult reading. Too often we do not know the history in our own back yard. **What was the real nature of medieval lordship in southern Italy? What can this region and its history bring to the great European debates on feudalism and aristocratic powers, their structures and evolution, and their social and economic impact? What contribution can the Kingdom of Sicily make to studies of the relationships between sovereigns, nobilities and peasant societies? And can the study of seigneurial powers and rural societies reshape the old arguments regarding the economic backwardness of the Mezzogiorno (the South of Italy) and the central role of its monarchy? This book offers the first systematic analysis of lordship in southern Italy in the twelfth and thirteenth centuries, under the Norman, Staufen and**

**early Angevin kings. It offers new interpretations of the powers of the nobility, and of rural societies and royal policy. It reveals the complexity of interactions between the king, nobles and peasants, and how they occurred and were expressed through laws and violence, feudal relations and economic investments, debates on freedom and serfdom, and the exploitation of people and natural resources. In these interactions a leading role is played by peasant societies - with previously unsuspected levels of dynamism - to set against that of the kings, who were determined to curb aristocratic powers, and of the nobles who were obliged to adapt their lordship in response to powerful rural societies and crown policies. What emerges is a hitherto unseen**

This course describes how the church expanded and faced challenges through the period from the Reformation to modern times.

“The innocence of childhood collides with the stark aftermath of war in this wrenching and ultimately

redemptive tale of family, seemingly impossible choices, and the winding paths to destiny, which sometimes take us to places far beyond our imaginings.” - Lisa Wingate, #1 New York Times Bestselling Author of *Before We Were Yours* and *The Book of Lost Friends* "Ardone's beautifully crafted story explores the meaning of identity and belonging...recommended to fans of Elena Ferrante's Neapolitan novels." - *The Library Journal* "[*The Children's Train*] leaves you with a great sense of the importance of family and the tough decisions that must be faced as a result of that love." - *Shelf Awareness* Based on true events, a heartbreaking story of love, family, hope, and survival set in post-World War II Italy—written with the heart of *Orphan Train* and *Before We Were Yours*—about

poor children from the south sent to live with families in the north to survive deprivation and the harsh winters. Though Mussolini and the fascists have been defeated, the war has devastated Italy, especially the south. Seven-year-old Amerigo lives with his mother Antonietta in Naples, surviving on odd jobs and his wits like the rest of the poor in his neighborhood. But one day, Amerigo learns that a train will take him away from the rubble-strewn streets of the city to spend the winter with a family in the north, where he will be safe and have warm clothes and food to eat. Together with thousands of other southern children, Amerigo will cross the entire peninsula to a new life. Through his curious, innocent eyes, we see a nation rising from the ashes of war, reborn. As he comes to enjoy his

new surroundings and the possibilities for a better future, Amerigo will make the heartbreaking choice to leave his mother and become a member of his adoptive family. Amerigo's journey is a moving story of memory, indelible bonds, artistry, and self-exploration, and a soaring examination of what family can truly mean. Ultimately Amerigo comes to understand that sometimes we must give up everything, even a mother's love, to find our destiny. Translated from the Italian by Clarissa Botsford
