Criminal Law (Palgrave Macmillan Law Masters)

This open access book is the culmination of many years of research on what happened to the bodies of executed criminals in the past. Focusing on the eighteenth and nineteenth centuries, it looks at the consequences of the 1752 Murder Act. These criminal bodies had a crucial role in the history of medicine, and the history of crime, and great symbolic resonance in literature and popular culture. Starting with a consideration of the criminal corpse in the medieval and early modern periods, chapters go on to review the histories of criminal justice, of medical history and of gibbeting

Online Library Criminal Law (Palgrave Macmillan Law Masters)

under the Murder Act, and ends with some discussion of the afterlives of the corpse, in literature, folklore and in contemporary medical ethics. Using sophisticated insights from cultural history, archaeology, literature, philosophy and ethics as well as medical and crime history, this book is a uniquely interdisciplinary take on a fascinating historical phenomenon.

This is an account of the modern law of contract by a leading authority in the field. Through this fresh approach to the subject students should obtain a firm understanding of the central doctrines and the controversies associated with them.

Americas legal system harbors serious, widespread injustices. Many defendants are sent to prison for nonviolent offenses, including many victimless crimes. Convicts often serve

Online Library Criminal Law (Palgrave Macmillan Law Masters)

draconian sentences in crowded prisons rife with abuse. Almost all defendants are convicted without trial because prosecutors threaten defendants with drastically higher sentences if they request a trial. Most Americans are terrified of encountering any kind of legal trouble, knowing that both civil and criminal courts are extremely slow, unreliable, and expensive to use. This book explores the largest injustices in the legal system and what can be done about them. Besides proposing institutional reforms, the author argues that prosecutors, judges, lawyers, and jury members ought to place justice before the law for example, by refusing to enforce unjust laws or impose unjust sentences. Issues addressed include: The philosophical basis for judgments about rights and justice The problems of

Online Library Criminal Law (Palgrave Macmillan Law Masters)

overcriminalization and mass incarceration Abuse of power by police and prosecutors The injustice of plea bargaining The appropriateness of jury nullification The authority of the law, or the lack thereof Justice Before the Law is essential reading for everyone interested in legal ethics, the rule of law, and criminal justice. It is also ideal for students of legal philosophy.

The Palgrave Macmillan Law Masters series is a long-running and successful list of titles offering clear, concise and authoritative guides to the main subject areas, written by experienced and respected authors. The seventh edition of Criminal Law provides a comprehensive introduction to the basic principles of criminal liability and to the main criminal offences, together with insights into the controversies and debates that surround the subject. The

Online Library Criminal Law (Palgrave Macmillan Law Masters)

text is written in a clear and engaging style, making the fundamental concepts easy to grasp. This is an ideal companion for both law undergraduate and GDL/CPE students. This new edition has been thoroughly updated to reflect recent case law and statutory developments. The enhanced layout includes Hot Topic sections analysing the controversial cases of recent years, plus end of chapter summaries and suggestions for further reading.

2010-2011. These texts provide undergraduate students with the essential knowledge, skills and understanding required for success in Criminal Law, a compulsory module when studying for a law degree.

An engaging introduction to the more advanced writings on criminal law, designed to provide the additional insights necessary to excel in the study of the subject.

This book offers a comprehensive examination of the ways in which the criminal justice system of England and Wales has regulated, and failed or refused to regulate, lesbianism. It identifies the overarching approach as one of silencing: lesbianism has not only been ignored or regarded as unimaginable, but was deliberately

Online Library Criminal Law
(Palgrave Macmillan Law
Masters)

excluded from legal discourses. A series of case studies ranging from 1746 to 2013 from parliamentary debates to individual prosecutions shed light on the complex process of regulation through silencing. They illuminate its evolution over three centuries and explore when and why it has been breached. The answers Derry uncovers can be fully understood only in the context of surrounding social and legal developments which are also considered. Lesbianism and the Criminal Law makes an important contribution to the growing bodies of literature on feminism, sexuality and the law and the legal history of sexual offences.

The Palgrave Handbook of Criminal and Terrorism Financing Law focuses

Online Library Criminal Law
(Palgrave Macmillan Law
Masters)

on how criminal and terrorist assets pose significant and unrelenting threats to the integrity, security, and stability of contemporary societies. In response to the funds generated by or for organised crime and transnational terrorism, strategies have been elaborated at national, regional, and international levels for laws, organisations and procedures, and economic systems. Reflecting on these strands, this handbook brings together leading experts from different jurisdictions across Europe, America, Asia, and Africa and from different disciplines, including law, criminology, political science, international studies, and business. The authors examine the institutional and legal responses, set within the context of both policy and

Online Library Criminal Law
(Palgrave Macmillan Law
Masters)

practice, with a view to critiquing these actions on the grounds of effective delivery and compliance with legality and rights. In addition, the book draws upon the experiences of the many senior practitioners and policy-makers who participated in the research project which was funded by a major Arts and Humanities Research Council grant. This comprehensive collection is a must-read for academics and practitioners alike with an interest in money laundering, terrorism financing, security, and international relations.

This book investigates the use of duress as a defence in international criminal law, specifically in cases of child soldiers. The prosecution of children for international crimes often only focuses on whether children can and should be prosecuted under international law. However, it is rarely considered what would happen to these children at the trial stage. This work offers a nuanced approach towards international prosecution and considers how children could be implicated and defended in

Online Library Criminal Law
(Palgrave Macmillan Law
Masters)

international courts. This study will be of interest to academics and practitioners working in international criminal law, transitional justice and children's rights.

This volume explores the continuous line from informal and unrecorded practices all the way up to illegal and criminal practices, performed and reproduced by both individuals and organisations. The authors classify them as alternative, subversive forms of governance performed by marginal (and often invisible) peripheral actors. The volume studies how the informal and the extra-legal

Online Library Criminal Law
(Palgrave Macmillan Law
Masters)

unfold transnationally and, in particular, how and why they have been/are being progressively criminalized and integrated into the construction of global and local dangerhoods; how the above-mentioned phenomena are embedded into a post-liberal security order; and whether they shape new states of exception and generate moral panic whose ultimate function is regulatory, disciplinary and one of crafting practices of political ordering.

The Palgrave Macmillan Law Masters series is a long-running and successful list of titles offering clear, concise and

Online Library Criminal Law (Palgrave Macmillan Law Masters)

authoritative guides to the main subject areas, written by experienced and respected authors. This ninth edition of *Legal Method* provides a lively introduction to the nature of the English legal system and its sources, and to the techniques which lawyers use when handling those sources. The text assumes no prior knowledge and makes its content accessible by clarity of expression rather than by dilution of content. In addition to more conventional sources, writers as varied as Jonathan Swift, Alexander Pope and T. S. Eliot are cited. This is an ideal course companion for both law

Online Library Criminal Law (Palgrave Macmillan Law Masters)

undergraduate and GDL/CPE students. Includes end of chapter summaries and self-test exercises.

Well-selected and authoritative, Palgrave Core Statutes provide the key materials needed by students in a format that is clear, compact and very easy to use. They are ideal for use in exams.

Great Debates in Family Law

Lawyers Et Judges on Civil Et Criminal Law

Online Library Criminal Law (Palgrave Macmillan Law Masters)

This bestselling, classic textbook provides a clear and straightforward account of criminal law, while also introducing current debates about the nature, scope and functions of the law and discussing wider controversies surrounding the basic doctrines. Written by one of the UK 's leading experts on criminal law, this book is compact yet comprehensive, well-structured, stimulating and engaging. This book offers a historical presentation of how international criminal law has evolved from a national setting to embodying a truly international outlook. As a growing part of international law this is an area that has attracted

Online Library Criminal Law (Palgrave Macmillan Law Masters)

growing attention as a result of the mass atrocities and heinous crimes committed in different parts of the world. Çakmak pays particular attention to how the first permanent international criminal court was created and goes on to show how solutions developed to address international crimes have remained inadequate and failed to restore justice. Calling for a truly global approach as the only real solution to dealing with the most severe international crimes, this text will be of great interest to scholars of criminal justice, political science, and international relations.

Utilizing Foucault's genealogical method, this book traces the

Online Library Criminal Law (Palgrave Macmillan Law Masters)

development of the victim from feudal law, arguing that the historical power of the victim to police, prosecute and punish offenders informed the modern criminal law and justice system. This book advocates the victim as an agent of change, a new perspective for today's justice system.

A clear and rigorous introduction to the fascinating area of sports law, providing a solid grasp of the necessary legal principles and examining the way that the law has become a means of regulating modern sport at both the professional and amateur levels.

international criminal justice. It explores the efforts of three successive generations of international prosecutors, recognising the vital roles they play in the enforcement of international criminal law. By critically examining prosecutorial performance during the pre-trial and trial phases, the volume argues that these prosecutors are simultaneously political actors serving in the interests of economic liberalisation. It also posits that international

Online Library Criminal Law
(Palgrave Macmillan Law
Masters)

prosecutors help wage a mostly silent and largely unacknowledged politico-cultural war fought for control over the institutions governing modernist international affairs. As the author contends, international prosecutors are thus best understood as agents not only of the law and politics, but also of a war fought by proponents of various utopian projects. As research continues to accumulate on the connections between media and crime, #Crime explores

Online Library Criminal Law
(Palgrave Macmillan Law
Masters)

the impact of social media on the criminal legal system. It examines how media influences our perceptions of crime, the perpetration of crime, and the implementation of punishment, whilst emphasizing the significance of race, ethnicity, class, gender, and sexuality. It offers an accessible and in-depth examination of media and in each chapter there are case studies and examples from both legacy and new media, including discussions from Twitter that are being used to

Online Library Criminal Law
(Palgrave Macmillan Law
Masters)

raise awareness of criminal legal issues. It also includes interviews with international scholars and practitioners from Australia, Belgium, and the United States to voice a range of global perspectives. This book speaks broadly to those interested in criminology, criminal justice, media and culture, sociology, and gender studies.

Contains Criminal Law, seventh edition plus Core Statutes on Criminal Law 2011-2012. These texts provide undergraduate students with the

Online Library Criminal Law
(Palgrave Macmillan Law
Masters)

essential knowledge, skills and understanding required for success in Criminal Law, a compulsory module when studying for a law degree.

This book surveys the development of laws surrounding the crime of money laundering and the associated changes in the anti-money laundering (AML) industry. The policy of attempting to deal with crime by attacking its financial products started in the arena of drugs, but quickly moved to organised crime, terrorism, corruption and tax. Now

Online Library Criminal Law (Palgrave Macmillan Law Masters)

the focus has shifted once again to organised crime and to immigration. In the wake of the failure of the 'war on drugs' a huge amount of money is now being spent on a global surveillance and reporting system, and we do not know whether the system works or not. What Went Wrong With Money Laundering Law? documents the events which, taken independently, could each be seen as rational responses to specific problems and as incremental adjustments to the focus of the law.

Online Library Criminal Law
(Palgrave Macmillan Law
Masters)

Taken together, however, it is demonstrated that they have led to significant changes in the law and to the current situation. Underlying the entire AML industry is the crime of money laundering, which, having been devised more to provide a trigger for the reporting machinery than to describe and condemn a particular category of harmful behaviour, is now being used in a far wider range of cases than is appropriate. This book will be of great interest to scholars and

Online Library Criminal Law
(Palgrave Macmillan Law
Masters)

practitioners of criminal
and financial law, socio-
legal studies and
criminology.
