

Dead Silent (Cold Case Psychic Book 3)

Bizarre military history: In 1979, a crack commando unit was established by the most gifted minds within the U.S. Army. Defying all known laws of physics and accepted military practice, they believed that a soldier could adopt the cloak of invisibility, pass cleanly through walls, and—perhaps most chillingly—kill goats just by staring at them. They were the First Earth Battalion, entrusted with defending America from all known adversaries. And they really weren't joking. What's more, they're back—and they're fighting the War on Terror. An uproarious exploration of American military paranoia: With investigations ranging from the mysterious 'Goat Lab,' to Uri Geller's covert psychic work with the CIA, to the increasingly bizarre role played by a succession of U.S. presidents, this might just be the funniest, most unsettling book you will ever read—if only because it is all true and it's still happening today.
*The World has become a scary place - religious wars, global terrorism, genocide. The Information Age has transported us into the Anxiety Age. Everyone is on edge, wondering what is coming next. People want answers to the following: * Was the 2020 worldwide Coronavirus outbreak foretold? * What do all the great prophecies mean - Nostradamus and the Book of Revelation among them? * What will happen in the next 50 years? The next 100 years? * If the world is going to end - what happens then? If there is anyone who knows what is going to happen, it is Sylvia Browne. There is no one better placed to lead us through the myriad prophecies, beliefs, portents and signs about the end of the world. All the answers will be revealed in END OF DAYS. An introduction to the science of neuropsychiatry recounts the case studies of patients with mental limitations or brain damage whose seemingly unalterable conditions were improved through treatments that involved the thought re-alteration of brain structure.*
London, 1925. Glamorous medium Gloria Sutter made her fortune helping the bereaved contact loved ones killed during the Great War. Now she's been murdered at one of her own séances, after leaving a message requesting the help of her former friend and sole rival, Ellie Winter. Ellie doesn't contact the dead—at least, not anymore. She specializes in miraculously finding lost items. Still, she can't refuse the final request of the only other true psychic she has known. Now Ellie must delve into Gloria's secrets and plunge back into the world of hucksters, lowlifes, and fakes. Worse, she cannot shake the attentions of handsome James Hawley, a damaged war veteran who has dedicated himself to debunking psychics. As Ellie and James uncover the sinister mysteries of Gloria's life and death, Ellie is tormented by nightmarish visions that herald the grisly murders of those in Gloria's circle. And as Ellie's uneasy partnership with James turns dangerously intimate, an insidious evil force begins to undermine their quest for clues, a force determined to bury the truth, and whoever seeks to expose it...

Offers entries on 24 of the significant archetypes of horror and the supernatural, from the classical epics of Homer to the novels of Stephen King.

SHORTLISTED FOR THE CRIME WRITERS' ASSOCIATION ALCS GOLD DAGGER FOR NON-FICTION 'Brilliant and extraordinary' Philippe Sands 'Astounding ... Cooper is one hell of a detective' Alex Marzano-Lesnevich, author of The Fact of a Body 'Seductive ... Haunting' Ariel Levy, author of The Rules Do Not Apply In 1969, Jane Britton, an ambitious graduate student at Harvard, was found bludgeoned to death in her apartment. A whisper network kept Jane's story alive: a rumour of an affair with a professor that ended in tragedy when Britton threatened to expose him. Forty years later, when curious undergrad Becky Cooper first heard the story, she felt compelled to find out more. We Keep the Dead Close is an account of her complex and fascinating investigation spanning a decade.

In New York Times bestselling author Wendy Corsi Staub's riveting thriller, uncovering secrets in the past draws one woman into a killer's web. . . No Such Thing as Coincidence . . . Staring into his frightened blue eyes, investigative genealogist Amelia Crenshaw Haines vows to help this silent little boy who is unable—or unwilling—to communicate his past. Though her own roots remain shrouded in mystery, she relies on tangible DNA evidence to help fellow foundlings uncover theirs . . . until a remarkable twist of fate presents a stranger bearing an eerily familiar childhood souvenir. NYPD Missing Persons Detective Stockton Barnes has spent his career searching for other people's lost loved ones and outrunning a youthful mistep. Now a chance encounter with a key player from that fateful night leads him on a desperate quest to locate the one woman he's ever

regretted leaving—unless a savage killer finds her first. As Amelia and Barnes uncover intertwining truths—and lies—the real horror emerges not in crimes already committed, but in evil yet to come . . .

When the spirit of a young male prostitute comes to psychic Tennyson Grimm asking him to find the John who brutally murdered him, Tennyson can't say no. Only able to communicate through the use of images, rather than words, getting any information out of the young man is frustrating and slow going. Cold Case Detective, Ronan O'Mara has been on a roll solving cases since he and Tennyson last teamed up to solve the Michael Frye case. Unfortunately, the red-hot romance that had blossomed between them during that investigation is now off in a ditch, thanks to Ronan's self-confessed pigheadedness. Despite the rift in their relationship, they agree to work together to solve the young ghost's murder. Tennyson and Ronan discover they are in for more than they bargained for when more dead teenagers start to reveal themselves to Tennyson. Realizing they might have a serial killer on their hands, the two men work tirelessly to stop this madman from killing again, but when the killer targets the son of a prominent member of the Boston Police Department, can Ronan and Tennyson save him before it's too late?

Do you think you or somebody you know might have psychic powers? This book lets you test if you or friends have actual psychic or spiritual powers. The tests in the book are all 100% scientific and are the same as those found in genuine parapsychology labs, but each can be done with nothing more than common household items. There are tests for telepathy (ESP), clairvoyance, astrology, telekinesis, astral projection, psychometry, dowsing, and many more. You do not need to know anything about these subjects to do the tests. Every step, from set up to scoring, has been done for you. All you have to do is to have fun! The author has a Ph.D. in statistics from Cornell University, and is currently a professor of statistics at the Cornell Medical School.

While shooting a TV commercial in Los Angeles, Marla Frees was given a message. The father of the actor sitting across from her wanted the actor to know he was happy about the new baby. But there was a twist—the father was deceased. The actor was shocked. Marla was God-smacked. Increasingly, messages from deceased loved ones and a powerful psychic awareness demanded her attention. Marla followed her heart, left acting, and never looked back. She now uses her gifts to help families from the heartfelt to Hollywood find healing. American Psychic tells the spiritual journey of a small-town girl who develops her psychic gifts and relationship with God on a synchronistic path that weaves through the trauma of her childhood, the drama of her acting career, and adventures in healing and transformation. Along the way, she's explored her abilities with U.S. military “psychic spies,” assisted detectives on homicide cases, and delved into the science behind her abilities with physicist Thomas Campbell. Marla has learned to trust the voice of “Spirit,” which never fails her. Marla Frees' story of spiritual transformation takes us into realms that will astonish, inspire—and heal.

A critical investigation into the use of psychotropic drugs to pacify and control inmates and other captives in the vast U.S. prison, military, and welfare systems For at least four decades, U.S. prisons and jails have aggressively turned to psychotropic drugs—antidepressants, antipsychotics, sedatives, and tranquilizers—to silence inmates, whether or not they have been diagnosed with mental illnesses. In Silent Cells, Anthony Ryan Hatch demonstrates that the pervasive use of psychotropic drugs has not only defined and enabled mass incarceration but has also become central to other forms of captivity, including foster homes, military and immigrant detention centers, and nursing homes. Silent Cells shows how, in shockingly large numbers, federal, state, and local governments and government-authorized private agencies pacify people with drugs, uncovering patterns of institutional violence that threaten basic human and civil rights. Drawing on publicly available records, Hatch unearths the coercive ways that psychotropics serve to manufacture compliance and docility, practices hidden behind layers of state secrecy, medical complicity, and corporate profiteering. Psychotropics, Hatch shows, are integral to “technocorrectional” policies devised to minimize public costs and increase the private profitability of mass captivity while guaranteeing public safety and national security. This broad indictment of psychotropics is therefore animated by a radical counterfactual question: would incarceration on the scale practiced in the United States even be possible without psychotropics?

THE SUNDAY TIMES BESTSELLER 'A total page-turner that will keep you guessing from start to terrifying finish' KARIN SLAUGHTER _____ How can you prove your innocence when you can't remember the crime? Being a cop runs in Billy Harney's family. The son of Chicago's Chief of Detectives whose twin sister, Patti, also followed in their father's footsteps, Billy would give up everything for the job - including his life. After a brutal shooting, Billy is left for dead alongside his tempestuous former partner and an ambitious assistant district attorney. But somehow Billy survives - and is charged with double murder. Billy remembers nothing about the shooting. What happens when media and politics become forms of entertainment? For as our world begins to look more and more like Orwell's 1984, Neil's Postman's essential guide to the modern media is more relevant than ever. "It's unlikely that Trump has ever read Amusing Ourselves to Death, but his ascent would not have surprised Postman.ⓘ -CNN Originally published in 1985, Neil Postman's groundbreaking polemic about the corrosive effects of television on our politics and public discourse has been hailed as a twenty-first-century book published in the twentieth century. Now, with television joined by more sophisticated electronic media[from the Internet to cell phones to DVDs]it has taken on even greater significance. Amusing Ourselves to Death is a prophetic look at what happens when politics, journalism, education, and even religion become subject to the demands of entertainment. It is also a blueprint for regaining control of our media, so that they can serve our highest goals. [A brilliant, powerful, and important book. This is an indictment that Postman has laid down and, so far as I can see, an irrefutable one.ⓘ [Jonathan Yardley, The Washington Post Book World

Presents recipes ranging in difficulty with the science and technology-minded cook in mind, providing the science behind cooking, the physiology of taste, and the techniques of molecular gastronomy.

A man awakens from a 5-year coma to discover he has powers to see visions of the past, present and future, a power which drives him insane.

In this uniquely fascinating book, world-renowned psychic Sylvia Browne recounts her aptivating life as a clairvoyant, telling of her earliest "readings" as a young child in Kansas City, and of her first contact with "Francine", her spirit guide. In engrossing detail, Sylvia tells how her "gift" has assisted police departments in their search for missing children and dangerous criminals -- and how her predictions of wars, plane crashes, and momentous world events were sometimes heeded -- or tragically ignored. But more than anything else, this is the remarkable story of one woman's psychic odyssey, for it offers illuminating insight into how we can better understand ourselves and our own psychic abilities.

The unforgettable tale of an orphan in Victorian London, based on the boy whose plight inspired Dr Barnardo to found his famous children's homes.

The Social Security Administration (SSA) uses a screening tool called the Listing of Impairments to identify claimants who are so severely injured that they cannot work at all and thus immediately qualify for benefits. In this report, the IOM makes several recommendations for improving SSA's capacity to determine disability benefits more quickly and efficiently using the Listings.

All her life Violet has grappled with her ability to sense the echoes of those who have been murdered and the matching imprint that clings to their killers. Now that she has an imprint of her own, Violet's gift is intolerable. Torn between her desire to lead a normal life and the pressure from the Center to continue her work tracking down killers, Violet's world starts to unravel...and some of her most carefully guarded secrets are exposed. When she learns that an underground group has been carrying out murders on the orders of their Charles Manson-like leader, Violet is pulled into one final deadly hunt...where her ability may not even be able to save her.

A monster assembled by a scientist from parts of dead bodies develops a mind of his own as he learns to loathe himself and hate his creator. Shelley's suspenseful and intellectually rich gothic tale confronts some of the most important and enduring themes in all of literature-the power of human imagination, the potential hubris of science, the gulf between appearance and essence, the effects of human cruelty, the desire for revenge and the need for forgiveness, and much more.

End Of Days

There Are No Dead Here

In Agatha Christie's Dumb Witness, Hercule Poirot investigates the very suspicious death of an elderly spinster who, fearing the very worst, had written to the great detective prior to her demise. Everyone blamed Emily Arundell's accident on a rubber ball left on the stairs by her frisky terrier. But the more she thought about her fall, the more convinced she became that one of her relatives was to kill her... On April 17th she wrote her suspicions in a letter to Hercule Poirot. Mysteriously, he didn't receive the letter until June 28th... by which time Emily was already dead...

A new edition of an occult classic, which includes a new introduction by Mary K. Greer, author of Women of the Golden Dawn, and a new afterword with excerpts from rarely seen documents by Fortune herself describing how the book came about. After finding herself the subject of a powerful psychic attack in the 1930s, famed British occultist Dion Fortune wrote this detailed instruction manual on one's own paranormal attack. This classic psychic self-defense guide explains how to understand the signs of a psychic attack, vampirism, hauntings, and methods of defense. Everything you need to know about the methods, motives, and physical aspects of a psychic attack and how to overcome it is here, along with a look at the role psychic elements play in mental illness and how to recognize them. This is one of the best guides to detection and defense against psychic attack from one of the leading occult writers of the twentieth century.

A one year old twin is kidnapped and never found. Through a series of investigations by the surviving twin 25 years later, Seth uncovers the plot resulting the death of three involved and the re-uniting of Seth's twin after the twin was acquitted by Reason of Insanity of three counts of murder Interesting su-plot and the interactions of all involved in the story. Surprise ending.

Books 4-6 in the Psychic Seasons Series Wherever She Goes Kat Canton sees too much—even while she sees nothing at all. Used to being both blind and psychic, she does the best she can with the cards she has been dealt. Even if those cards are of the Tarot variety. With two strikes against her, Kat has given up on love completely. Who would want to date a blind psychic? It isn't until her fr

Gustavia shows up at Kat's door with a new client for a reading that everything changes. A pair of pesky ghosts force Kat into making new friends, helping to solve an old family mystery, and chasing a madman bent on revenge. Then comes the fateful day when a pair of warm brown eyes pierces the fog clouding her vision, and Kat is literally blindsided by the chance at love. Now, Kat is faced w

the choice of learning to let light and love shine though, or forever stay safe in her nest of darkness. Earthbound Bones Sometimes even an angel can't go home again. Glen Runciter is dead. Or is he? Someone died in the explosion orchestrated by his business rivals, but even as his funeral is scheduled, his mourning employees are receiving bewildering messages from their boss. And the world around them is warping and regressing in ways which suggest that their own time is running out. If it hasn't already.

I 'm Magg McAllister, and I am an honest-to-godness modern-day candlestick maker. I work in my family 's shop in the historic district of Larkhaven, Georgia, and also make a pretty penny from sharing videos of my process online. My life is simple, quiet, and all mine... until a white cat with mismatched eyes shows up outside my shop and refuses to leave. When I take him home, things get really weird. As in, I can now see things and people that were never there before. It gets even freakier when a homeless spirit introduces her to me via a handwritten letter. This specter claims that I share her name and will also share her fate if we can 't solve the mystery that 's haunted our town since 1781... and quickly, because she won 't be able to maintain her strength for much longer. Talk about a cold case! Can I actually find a way to free my eighteenth-century counterpart? Or his my new feline companion just signed my death warrant by opening my eyes to the secret supernatural plane in our otherwise sleepy small town?

With correction slip dated March 1999

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control — from the author of The Laws of Human Nature. In the book that People magazine proclaimed “ beguiling ” and “ fascinating, ” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“ Law 1: Never Outshine the Master ”), others the value of confidence (“ Law 28: Enter Action with Boldness ”), and many recommend absolute self-preservation (“ Law 15: Crush Your Enemy Totally ”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, The

48 Laws of Power is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Deep in the wilderness, murder awaits... Jasmine imagined a relaxing camping trip along the beautiful White Mountain trail would be the perfect way to take a break and forget about the murder investigations plaguing her life. However, she can't shake the feeling that something is wrong-and when she experiences a harrowing vision soon after embarking on her trip, her suspicions are confirmed. After she and her group stumble upon shocking new information about a long-lost cold case, Jasmine's hopes of a quiet getaway are crushed. Isolated from the outside world and armed only with her wits, she becomes determined to solve the murder-but it quickly becomes clear that somebody is hell-bent on stopping the truth from ever being brought to light... As the weather turns sour and tensions rise within her group, Jasmine scrambles to unmask the killer and identify the elusive threat that haunts her visions. Is a mysterious killer lurking on the mountainside? Or does someone in her group harbour a dark secret? If you love thrilling detective stories with plenty of tension, a loveable sleuth, and a head-scratching who-dun it, then Jasmine's adventure on the White Mountain trail is a fun and cozy paranormal mystery that will keep you coming back for more.

Cielo Drive cuts like a beautiful scar along the bottom of a V-shaped canyon in the hills of Bel Air, off of Benedict. In February, 1969, as she looked out on it from the red farmhouse at 10050 Cielo she and her husband Roman Polanski had just rented, Sharon had no way of knowing that she only had 6 months to live. On the night of August 9th, members of "The Manson Family" would invade that house and murder Sharon and three of her closest friends. But strangely, half a year earlier, she'd had a brush with a different killer. It happened after her younger sister Patti, then 11, looked across at the ominous Spanish-Moorish estate Sharon called "The Beasted House." In "Restless Souls," their remarkable memoir, Alisa Stasman and Brise Tate write that Patti then hiked down and across Cielo, walking up to No. 1436 Bella Drive. There, she encountered an open gate where white pillars bore the name: Falcon Lair. Once the home of Rudolf Valentino, it had been purchased in 1953 by the fabulously wealthy heiress Doris Duke. The wrought iron gates were open when Patti wandered inside. Suddenly, she heard, the caretaker yell, "This is private property!" Startled, she turned and lost her balance, skinning her knee, when just then, a black limo pulled in. A tinted

window went down and a tall woman in black lowered her sunglasses to ask who she was. Once she ID'd herself as Patti, whose sister Sharon lived "across in the red barn," Doris knew that this wasn't just any child. She was the sibling of the hottest young star in town. So Doris snapped to the caretaker, "Stop being such an ogre and bring Patti in, so we can clean those scraps. And get me the Polanski's phone number." Later, the Duke staff was bandaging Patti's knee when Sharon arrived, "nervously chewing her lower lip" and apologizing to the blond billionaire who was the 3rd richest woman in the world behind Queen Elizabeth & Queen Juliana. But by then, Sharon Tate was Hollywood royalty herself; her husband Roman, coming off "Rosemary's Baby," was a kind of cinematic prince. So why was she nervous? What would make her bite her lip in the face of a woman whose caretaker's aggressive warning had caused her little sister to draw blood? Since

Sharon killed that summer, we'll never know. But one thing is clear: this wasn't the first time Sharon Tate had been pulled into Doris Duke's orbit. 2 1/2 years earlier, one of Sharon's closest friends, Eduardo Tirella, had been violently killed after Doris crushed him under a two-ton station wagon. At the time, all 16 Eduardo's friends suspected he'd been murdered. The brutal stabbing of Sharon Tate is the tragic tale of a young woman of great promise cut down in the prime of life. But the same could be said for Eduardo, whose own Hollywood career was just catching fire, when he told the possessive, heiress he was leaving her. Just minutes before she ran him down outside the gates of her Newport, RI estate. Because she had the money and power, Doris Duke succeeded in effectively erasing his death from the narrative of her troubled life. For more than 50 years, the real truth behind what happened at Rough Point in 1966 has been hidden.

Until now!

When Poppy Sinclair and her boyfriend visit snowy Cambridge, she doesn't expect to discover the body of a student - arms outstretched in the act of smearing bloody angel wings on the chapel's floor. Suddenly, Poppy is faced with the possibility that the one closest to her heart might be the one committing the most heinous of crimes. Dodging porters and police, dreading what she might find, Poppy follows the clues left by a murderer bent on revenge... Long-hidden secrets are chillingly revealed, an avenging angel seeks forgiveness and red-hot vengeance must be quelled in the amazing new Poppy Sinclair thriller.

The bloody story of the rise of paramilitaries in Colombia, told through three characters — a fearless activist, a doped journalist, and a relentless investigator — whose lives intersected in the midst of unspeakable terror. Colombia's drug-fueled cycle of terror, corruption, and tragedy did not end with Pablo Escobar's death in 1993. Just when Colombians were ready to move past the murderous legacy of the country's cartels, a new, bloody chapter unfolded. In the late 1990s, right-wing paramilitary groups with close ties to the cocaine business carried out a violent expansion campaign, massacring, raping, and torturing thousands. There Are No Dead Here is the harrowing story of three ordinary Colombians who risked everything to reveal the collusion between the new mafia and much of the country's military and political establishment: JesúriValle, a human rights activist who was murdered for exposing a dark secret; IváVeláez, a quiet prosecutor who took up Valle's cause and became an unlikely hero; and Ricardo Calderón dogged journalist who is still being targeted for his revelations. Their groundbreaking investigations landed a third of the country's Congress in prison and fed new demands for justice and peace that Colombia's leaders could not ignore. Taking readers from the sweltering Medellínstreets where criminal investigators were hunted by assassins, through the countryside where paramilitaries wiped out entire towns, and into the corridors of the presidential palace in BogotáThere Are No Dead Here is an unforgettable portrait of the valiant men

and women who dared to stand up to the tide of greed, rage, and bloodlust that threatened to engulf their country.

A Cold Case

The Brain That Changes Itself

Alice Metcalf was a devoted mother, loving wife, and accomplished scientist who studied grief among elephants. Yet it's been a decade since she disappeared under mysterious circumstances, leaving behind her small daughter, husband, and the animals to which she devoted her life. All signs point to abandonment... or worse. Still Jenna — now thirteen years old and truly orphaned by a father maddened by grief — steadfastly refuses to believe in her mother's desertion. So she decides to approach the two people who might still be able to help her find Alice: a disgraced psychic named Serenity Jones and Virgil Stanhope, the cynical detective who first investigated her mother's disappearance and the death of one of her mother's co-workers. Together these three lonely souls will discover truths destined to forever change their lives.

Master magician Harry Houdini and English ghost researcher Harry Price were true pioneers in both establishing skepticism and scientific methods in the newly created field of paranormal research. They set the foundation for future 20th Century researchers such as J.B. Rhine. Joseph Banks Rhine was a botanist who later developed an interest in parapsychology and psychology. Rhine founded the parapsychology lab at Duke University, the Journal of Parapsychology, and the Foundation for Research on the Nature of Man. He also initiated the Parapsychological Association. Rhine also coined the term ESP! think the reader will find that 1957's Parapsychology: Frontier Science of the Mind is as relevant today as it was when it first written.

Museum curator, Harrison Kirkpatrick, has been fascinated by the American Revolution since childhood, but never in his wildest dreams did he ever imagine falling in love from afar with a soldier who fought for America's freedom. Through a series of events too wild to be believed, Harrison is thrown back in time to 1775, mere days before the Battle of Bunker Hill, finding himself at the business end of a musket held by the very man he has been pining for.Massachusetts Militiaman, Gannon Chalmers, does not know what to make of the strange man he finds wandering around Bunker Hill days before his unit is to engage the British Redcoats. Is this man friend or foe? What he does know is that there is an undeniable attraction growing between them that he must resist at all costs.As the battle draws closer, so do Gannon and Harrison. Can they deny the passion threatening to explode between them like a powder keg? Or will Gannon's abundance of caution keep him from giving in to the one man who could lay claim to his heart? On the brink of a war that will change the history of the world, the pair must decide what price they are willing to pay for freedom, and how much they are willing to sacrifice for love.

The International Bestseller 'With clarity and compassion, DiAngelo allows us to understand racism as a practice not restricted to "bad people." In doing so, she moves our national discussions forward. This is a necessary book for all people invested in societal change' Claudia Rankine Anger, Fear, Gull, Denial. Silence. These are the ways in which ordinary white people react when it is pointed out to them that they have done or said something that has - unintentionally - caused racial offence or hurt. After, all, a racism is the worst thing a person can be, right? But these reactions only serve to silence people of colour, who cannot give honest feedback to 'liberal' white people lest they provoke a dangerous emotional reaction. Robin DiAngelo coined the term 'White Fragility' in 2011 to describe this process and is here to show us how it serves to uphold the system of white supremacy. Using knowledge and insight gained over decades of running racial awareness workshops and working on this idea as a Professor of Whiteness Studies, she shows us how we can start having more honest conversations, listen to each other better and react to feedback with grace and humility. It is not enough to simply hold abstract progressive views and condemn the obvious racism on social media - change starts with us all at the practical, granular level, and it is time for all white people to take responsibility for relinquishing their own racial supremacy. 'By turns mordant and then inspirational, an argument that powerful forces and tragic histories stack the deck fully against racial justice alongside one that we need only to be clearer, try harder, and do better'

David Roediger, Los Angeles Review of Books 'The value in White Fragility lies in its methodical, irrefutable exposure of racism in thought and action, and its call for humility and vigilance' Katy Waldman, New Yorker 'A vital, necessary, and beautiful book' Michael Eric Dyson

A Cold Case is the story of how Andy Rosenzweig, retired Manhattan cop, reopened an investigation into a double murder that had happened more than thirty years earlier. It bothered him that Frankie Koehler, the notoriously dangerous suspect, had eluded capture. In a

surprising, intensely dramatic narrative, Philip Gourevitch has transformed Rosenzweig's crusade into a searing literary masterpiece, reckoning with the forces that drive one man to murder and another to hunt murderers. Philip Gourevitch's first novel, We Wish to Inform You That Tomorrow We Will Be Killed With Our Families: Stories from Rwanda, won the Guardian First Book Award. 'A gripping, hard-boiled crime story of the highest order - and one which, in the end, transports the reader to some of the most troubling precincts of human enquiry' Irish Times 'Atmospheric, honest and intelligently written, avoiding the obvious in favour of the thought-provoking' Daily Telegraph 'His work feels trim and ageless, like a classic...It whips through arresting events at high speed...I didn't put it down until I

hit the back cover' New Statesman
