Diary Of A Griefer: Book 2 (Crafty Tales 82)

"I'm scared I'll forget you..." From the perspective of a young child, Joanna Rowland artfully describes what it is like to remember and grieve a loved one who has died. The child in the story creates a memory box to keep mementos and written memories of the loved one, to help in the grieving process. Heartfelt and comforting, The Memory Box will help children and adults talk about this very difficult topic together. The unique point of view allows the reader to imagine the loss of any they have loved - a friend, family member, or even a pet. A parent guide in the back includes expert information from a Christian perspective on helping children manage the complex and difficult emotions they feel when they lose someone they love, as well as suggestions on how to create their own memory box. The Memory Box received a 2017 Moonbeam Award in the Picture Books for All Ages category. Launched in 2007, the Moonbeam Awards are intended to bring increased recognition to exemplary children's books and their creators, and to celebrate children's books and life-long reading. The Memory Box received the Mom's Choice Award Gold Medal. The Mom's Choice Awards (MCA) evaluates products and services created for children, families and educators. The program is globally recognized for establishing the benchmark of excellence in family-friendly media, products and services. The Memory Box was chosen as a finalist for the 2017 Midwest Book Award in the Children's Picture Books category. Artful Grief is a decade long study of loss by an art therapist, in the aftermath of her daughter's suicide. On October 11, 2001, Sharon received a phone call in the middle of the night from the New York City Police Department telling her that her seventeen year old daughter Kristin, had "fallen" from the roof of her college dormitory. So began her journey into the labyrinth of unspeakable grief. As the ?rst year drew to a close she found no comfort in traditional therapy, and no solace in spoken or written words. In surrender to her inner art therapist's guidance, she began to create collages. She cut and tore images out of magazines and glued them on various size paper. The paper was a safe and sacred container, receptive to the fullness of emotion, story and paradox. Over time there was transformation and healing. Artful Grief A creative roadmap through violent dying and grief. A dose of "soul medicine" for survivors. A way to retrieve the pieces of a shattered life, with paper, scissors and glue. A resourceful tool for those suffering with complicated grief and/or PTSD. A place for the unspeakable to be seen and heard. A process to quiet the mind and open the heart. A visual experience of trauma images as illustrations of hope. A sample of prophetic dreams and meditations that are illuminating. A heartfelt sharing of "intimate secrets" for understanding and compassion. A surprising "grief gift" that is inspiring.

Painfully honest in its dissection of his thoughts and feelings, this is a book that details his paralysing grief, bewilderment and sense of loss in simple and moving prose. Invaluable as an insight into the grieving process just as much as it is as an exploration of religious doubt, A Grief Observed will continue to offer its consoling insights to a huge range of readers, as it has for over fifty years. An illustrated journal for meeting grief with honesty and kindness—honoring loss, rather than packing it away With her breakout book It's OK That You're Not OK, Megan Devine struck a chord with thousands of readers through her honest, validating approach to grief. In her same direct, no-platitudes style, she now offers How to Carry What Can't Be Fixed—a journal filled with unique, creative ways to open a dialogue with grief itself. "Being allowed to tell the truth about your grief is an incredibly powerful act," she says. "This journal enables you to tell your whole story, without the need to tack on a happy ending where there isn't one." Grief is a natural response to death and loss—it's not an illness to be cured or a problem to be fixed. This workbook contains no clichés, timetables, or checklists of stages to get through; it won't help you "move past" or put your loss behind you. Instead, you'll find encouragement, self-care exercises, and daily tools, including: •Writing prompts to help you honor your pain and heartbreak • On-the-spot practices for tough situations—like grocery store trips, the sleepless nights, and being the "awkward guest" • The art of healthy distraction and self-care • What you can do when you worry that "moving on" means "letting go of love" • Practical advice for fielding the dreaded "How are you doing?" question • What it means to find meaning in your loss • How to hold joy and grief at the same time • Tear-and-share resources to help you educate friends and allies • The "Griever's Bill of Rights," and much more Your grief, like your love, belongs to you. No one has the right to dictate, judge, or dismiss what is yours to live. How to Carry What Can't Be Fixed is a journal and everyday companion to help you enter a conversation with your grief, find your own truth, and live into the life you didn't ask for—but is here nonetheless.

In April 1956, C.S. Lewis, author of The Chronicles of Narnia, married Joy Davidman, an American poet with two small children. After four intensely happy years, Davidman died of cancer and Lewis found himself alone again, and inconsolable. In response, he wrote this journal, freely confessing his pain, rage, and struggle to sustain his faith. In it he finds the way back to life. Now a modern classic, A Grief Observed has offered solace and insight to countless readers worldwide. This new edition includes the original text of A Grief Observed alongside specially commissioned responses to the book and its themes from respected contemporary writers and thinkers: Hilary Mantel, Jessica Martin, Jenna Bailey, Rowan Williams, Kate Saunders, Francis Spufford and Maureen Freely.
A collection of autobiographical essays by one of the greatest poets to come from Palestine. "Every beautiful poem is an act of resistance," asserts Darwish. Both voice of the Palestinian people and one of the most transcendent poets of his generation, Mahmoud Darwish also wrote several remarkable volumes of autobiographical essays over the course of his life. First published in Beirut in 1973, these probing essays ask vital questions about the existentially complex realities the Palestinians in Israel face and the ambiguity of Darwish's own identity as an Israeli Palestinian. They call upon myth, memory, and language to delve into the poet's experience of house arrest, his encounters with Israeli interrogators, and the periods he spent in prison. Meditative, lyrical, rhythmic, Darwish gives absence a vital presence in these linked essays. Journal is a moving and intimate account of the loss of homeland and, for many, of life inside the porous walls of occupation—no ordinary grief.

"In the sentence 'She's no longer suffering,' to what, to whom does 'she' refer? What does that present tense mean?" --Roland Barthes, from his diary The day after his mother's death in October 1977, Roland Barthes began a diary of mourning. For nearly two years, the legendary French theorist wrote about a solitude new to him; about the ebb and flow of sadness; about the slow pace of mourning, and life reclaimed through writing. Named a Top 10 Book of 2010 by The New York Times and one of the Best Books of 2010 by Slate and The Times Literary Supplement, Mourning Diary is a major discovery in Roland Barthes's work: a skeleton key to the themes he tackled throughout his life, as well as a unique study of grief--intimate, deeply moving, and universal.

Challenging conventional wisdom on grief, a pioneering therapist offers a new resource for those experiencing loss When a painful loss or life-shattering event upends your world, here is the first thing to know: there is nothing wrong with grief. "Grief is simply love in its most wild and painful form," says Megan Devine. "It is a natural and sane response to loss." So, why does our culture treat grief like a disease to be cured as quickly as possible? In It's OK That You're Not OK, Megan Devine offers a profound new approach to both the experience of grief and the way we try to help others who have endured tragedy. Having experienced grief from both sides—as both a therapist and as a woman who witnessed the accidental drowning of her beloved partner—Megan writes with deep insight about the unspoken truths of loss, love, and healing. She debunks the culturally prescribed goal of returning to a normal, "happy" life, replacing it with a far healthier middle path, one that invites us to build a life alongside grief rather than seeking to overcome it. In this compelling and heartful book, you'll learn: • Why well-meaning advice, therapy, and spiritual wisdom so often end up making it harder for people in grief • How challenging the myths of grief—doing away with stages, timetables, and unrealistic ideals about how grief should unfold—allows us to accept grief as a mystery to be honored instead of a problem to solve • Practical guidance for managing stress, improving sleep, and decreasing anxiety without trying to "fix" your pain • How to help the people you love—with essays to teach us the best skills, checklists, and suggestions for supporting and comforting others through the grieving process Many people who have suffered a loss feel judged, dismissed, and misunderstood by a culture that wants to "solve" grief. Megan writes, "Grief no more needs a solution than love needs a solution." Through stories, research, life tips, and creative and mindfulness-based practices, she offers a unique guide through an experience we all must face—in our personal lives, in the lives of those we love, and in the wider world. It's OK That You're Not OK is a book for grieving people, those who love them, and all those seeking to love themselves—and each other—better.
