

## Encyclopedia Prehistorica: Mega Beasts

From renowned pop-up masters Robert Sabuda and Matthew Reinhart comes an awe-inspiring tribute to the world’s most beloved extinct animals and their 180-million-year reign on our planet. Open this book and a massive T. REX springs out, flashing a startling jawful of jagged teeth. Turn the next spread and a ravishing raptor unfurls and appears to fly off the edge of the page. Inside the amazing ENCYCLOPEDIA PREHISTORICA: DINOSAURS are “shield bearers” in full-body armor, creatures with frilly headgear, and weighty, long-necked giants. There are even amusing tidbits on the history of paleontology itself — like a pop-up version of a Victorian New Year’s dinner in the belly of a dinosaur model, or a pair of scientists locked in a literal tug-of-war over bones. Full of fascinating facts and lighthearted good humor, this breathtaking book includes fascinating, up-to-the-minute information about popular dinosaurs as well as many lesser-known varieties. With each of six spreads featuring one spectacular, large pop-up as well as booklets of smaller pop-ups and text, ENCYCLOPEDIA PREHISTORICA: DINOSAURS is a magnificent display of paper engineering and creativity — an astonishing book that will be read, admired, and treasured forever.

“ An enjoyable read that provides a substantial amount of detail on the biology, ecology, and distribution of these fantastic animals. . . Highly recommended. ” —Choice More than 10,000 years ago spectacularly large mammals roamed the pampas and jungles of South America. This book tells the story of these great beasts during and just after the Pleistocene, the geological epoch marked by the great ice ages. Megafauna describes the history and way of life of these animals, their comings and goings, and what befell them at the beginning of the modern era and the arrival of humans. It places these giants within the context of the other mammals then alive, describing their paleobiology—how they walked; how much they weighed; their diets, behavior, biomechanics; and the interactions among them and with their environment. It also tells the stories of the scientists who contributed to our discovery and knowledge of these transcendent creatures and the environment they inhabited. The episode known as the Great American Biotic Interchange, perhaps the most important of all natural history “ experiments. ” is also an important theme of the book, tracing the biotic events of both North and South America that led to the fauna and the ecosystems discussed in this book. “ Collectively, this book brings attention to the discovery and natural history of ancient beasts in South America while providing a broader temporal and geographic background that allows readers to understand their evolution and potential immigration to South America. ” —Quarterly Review of Biology “ An excellent volume . . . This book is likely to facilitate progress in the understanding of fossil mammals from the Americas. ” —Priscum

Treasure this signed Limited Edition of expert craftsman Robert Sabuda ’ s pop-up adaptation of a beloved under-the-sea tale. Come along on a magical journey under the sea in this pop-up adaptation of the beloved fairy tale “ The Little Mermaid, ” expertly crafted by renowned paper engineer Robert Sabuda. Amazing three-dimensional paper structures pop off each page, bringing a classic underwater adventure to life. A visually stunning story of adventure, true love, and sacrifice, this Limited Edition keepsake features an additional pop-up on the cover and is cloth-bound, signed by the author, hand-numbered for collectibility, and housed in a beautiful cloth slipcase.

C.S. Lewis’s classic Narnia books spring to life in the hands of award-winning paper engineer Robert Sabuda. Each of the seven books in the series has its own pop-up spread rendered in spectacular detail with stunning special effects. Experience a different adventure from Narnia on every spread in this beautiful addition to the Narnia library. Not suitable for children under 5 years. The most spectacular pop-up you have ever seen!

A Pop-Up Book from the Novel by Herman Melville

The Teacher-Student Relationship in Vajrayana Buddhism

A Tasty Pop-up

Roan, speckled, dappled, gray -- how many different horses are playing on these pages? A new novelty delight from renowned pop-up master Robert Sabuda. Watch with awe as majestic horses leap off the page when you open this stunning full-color pop-up book. Glorious images of horses grazing, prancing, and galloping in an idyllic farm setting are inspired by everyday scenes in rural America as well as by the real Ten Horse Farm (now an art studio) owned by artist and designer Robert Sabuda in upstate New York. This 3-D gem will draw horse enthusiasts of all ages.

In this brand-new original Sabuda story, two characters - a Dragon and a Knight - race through a book of Fairy Tales... each spread shows a different classic story, from Snow White to Cinderella, Rapunzel to Little Red Riding Hood and Aladdin. With characters who literally pop right off the page, this tour de force will have readers young and old racing through the book to see just how this chase will end!

A case of measles affects spells cast by a witch living in the village of Ow. Features pop-up illustrations.

Although Tibetan Buddhism continues to grow in popularity, the crucial relationship between teacher and student remains largely misunderstood. Dangerous Friend offers an in-depth exploration of this mysterious and complex bond, a relationship of paramount importance in Tibetan Buddhist practice. According to Tibetan Buddhist tradition, the student must have complete trust in the teacher (the "dangerous friend") if he or she is to achieve any understanding. It is the teacher's responsibility to uphold the integrity of the tradition, the basis of which is compassion for all beings, by transmitting it properly to an appropriate student. Likewise, it is the student's responsibility to meet the challenge of carrying on the lineage of teachings. By entering such a relationship, both teacher and student accept the burden of protecting those teachings by understanding them completely and correctly, by practicing them fully and faultlessly, and by transmitting them without omission. Dangerous Friend includes discussions of the following topics: • Meeting and recognizing an appropriate teacher. • Understanding the gravity of entering the teacher-student relationship. • Shifting one's approach from spiritual materialism to genuine Buddhist practice. • Accepting the challenge of being truly kind, honest, and courageous.

The Complete Collection

**Informative, imaginative, and artistic activities for young naturalists everywhere. Following the best-selling Animalium, Katie Scott returns with a companion activity book. Bursting with fascinating facts and puzzles, this book offers hours of entertainment to artists and animal lovers. Beautiful and inspiring, the myriad activities in this book challenge readers to discover something new and use their imaginations to draw, decorate, and design on every tear-out page.**

**Funny Bones tells the story of how the amusing calaveras—skeletons performing various everyday or festive activities—came to be. They are the creation of Mexican artist José Guadalupe (Lupe) Posada (1852-1913). In a country that was not known for freedom of speech, he first drew political cartoons, much to the amusement of the local population but not the politicians. He continued to draw cartoons throughout much of his life, but he is best known today for his calavera drawings. They have become synonymous with Mexico’s Día de los Muertos (Day of the Dead) festival. Juxtaposing his own art with that of Lupe’s, author Duncan Tonatiuh brings to light the remarkable life and work of a man whose art is beloved by many but whose name has remained in obscurity. The book includes an author’s note, bibliography, glossary, and index.**

**The creators of the New York Times best-selling Encyclopedia Prehistorica series offer a mythic look at the mysteries of the past with an entire pantheon of remarkable pop-ups. (Age 5 and up) For all of recorded history, humans have sought to understand Earth’s mysteries in the realm of the divine -- and aspired to conduct themselves as heroes. Only gods, of course, could push the sun across the sky,forge entire continents, and impel mountains to touch the clouds. In this stunning volume, the incomparable team of Matthew Reinhart and Robert Sabuda take us to Ra-Atum’s land in Ancient Egypt; above the Grecian clouds to Zeus’s Mount Olympus; up to Norse god Odin’s frozen north; to the Far East, where the Jade Emperor sits in the heavens; into the wilds of Oceania, where Pele’s volcanic rage simmers below the earth; and to many more lands and times, all rich with sacred myths and legends.**

Provides readers of all ages with a colorful tour of medieval castles through detailed pop-up diagrams with informative and factual text about their construction, inhabitants, and the era in which they were used.

In time for the 200th anniversary of author Herman Melville’s birth, this graphically arresting, beautifully rendered pop-up retelling of Moby-Dick is a wonder to behold. Rich linocut artworks portray ten key chronological moments from the story in shadowbox-style pop-ups that reward time spent poring over the details and offer fresh perspectives on the classic. Each spread is accompanied by select quotations from the book, while brief page notes provide additional context for the depicted plot moments. With striking typography presented in an authentic broadsheet style, here is an adventure in book craft and storytelling.

The climactic volume of the best-selling series Within these dynamic pages lurk fearsome saber-toothed cats, bears taller than basketball hoops, and everyone ’ s favorite Ice Age giant -- the woolly mammoth. Prehistoric Yeti-like mammals, now-extinct birds, and giant flying lizards all come alive in a showcase featuring more than thirty-five astonishing pop-ups. In this third and final volume of the best-selling Encyclopedia Prehistorica series, 3-D masters Robert Sabuda and Matthew Reinhart tackle the titans of the ancient world, awing us with a humbling close-up look at some startling mega-beasts that preceded us on planet Earth. Lions and tigers and bears. . . . Stand back for a beast of a pop-up!
