Joel Saltzman teaches readers how to create "surprising, yeneivable" solutions, no matter the challenge or task at hand.Easily. Consistently. And economically. Shake That Brain! is a collection of creative andinspiring tips and tools for finding solutions in a variety ofareas—from sales, marketing, and product creation to ethics,innovation, and the bottom line. Backed by powerful and compellingexamples from a wide variety of real-life applications, Joel/Saltzman delivers energy, edge-and lots of fun-as he guides readersthrough a series of proven formulas for creating outstandingolutions, from harnessing the power of opposite thinking toturning your worst ideas into your best ideas ever. Filled withexercises, easy-to-apply formulas, entertaining pop-quizzes, andeye-opening teaching examples from the world of business,technology, advertising, and more, here's a solution-findingguidebook that can be used for succeeding on the job or at home. Joel Saltzman is a professional speaker, consultant, andbestselling author. He has conducted Shake That Brain!programs for Grey Advertising International, Harley Davidson, theU.S. Department of the Treasury, and Warner Bros. Studios. His workhas been called "witty and rewarding"

by People Magazine and he'sthe recipient of a national Audie award for "Best Educational andTraining Audio." His website is www.shakethatbrain.com For nearly sixty years, Wheelock's Latin has remained the quintus liber of beginning Latin textbooks. When Professor Frederic M. Wheelock's Latin first appeared in 1956, the reviews extolled its thoroughness, organization, and conciseness; one reviewer predicted that the book "might well become the standard text" for introducing students to elementary Latin. Now, nearly six decades later, that prediction has certainly proved accurate. This new edition of Wheelock's Latin has all of the features, many of them improved and expanded, that have made it the bestselling single-volume beginning Latin textbook: 40 chapters with grammatical explanations and readings drawn from the works of Rome's major prose and verse writers; Self-tutorial exercises, each with an answer key, for independent study; An extensive English–Latin/Latin–English vocabulary section; A rich selection of original Latin readings—unlike other Latin textbooks, which contain primarily made-up texts; Etymological aids, maps, and dozens of images illustrating aspects of the classical culture and mythology presented in the chapter readings. Also included are expanded notes on the literary passages, comments on vocabulary, and translation tips; new comprehension and discussion questions; and new authentic classical Latin readings, including Roman graffiti, in every chapter.

A lively and important argument from an award-winning journalist proving that the key to reversing North America's health crisis lies in the overlooked link between nutrition and flavor. In The Dorito Effect, Mark Schatzker shows us how our approach to the nation's number one public health crisis has gotten it wrong. The epidemics of obesity, heart disease, and diabetes are not tied to the overabundance of fat or carbs or any other specific nutrient. Instead, we have been led astray by the growing divide between flavor—the tastes we crave—and the underlying nutrition. Since the late 1940s, we have been slowly leeching flavor out of the food we grow. Those perfectly round, red tomatoes that grace our supermarket aisles today are mostly water, and the big breasted chickens on our dinner plates grow three times faster than they used to, leaving them dry and tasteless. Simultaneously, we have taken great leaps forward in technology, allowing us to produce in the lab the very flavors that are being lost on the farm. Thanks to this largely invisible epidemic, seemingly healthy food is becoming more like junk food: highly craveable but nutritionally empty. We have unknowingly interfered with an ancient chemical language:flavor!that evolved to guide our nutrition, not destroy it. With in-depth historical and scientific research, The Dorito Effect casts the food crisis in a fascinating new light, weaving an enthralling tale of how we got to this point and where we are headed. We've been telling ourselves that our addition to flavor is the problem, but it is actually the solution. We are on the cusp of a new revolution in agriculture that will allow us to eat healthier and live longer by enjoying flavor the way nature intended.

Mindshift reveals how we can overcome stereotypes and preconceived ideas about what is possible for us to learn and become. At a time when we are constantly being asked to retrain and reinvent ourselves to adapt to new technologies and changing industries, this book shows us how we can uncover and develop talents we hadn't realize we had!no matter what our age or background. We're often told to !follow our passions.!! But in Mindshift, Dr. Barbara Oakley shows us how we can broaden our passions. Drawing on the latest neuroscientific insights, Dr. Oakley shepherds us past simplistic ideas of !aptitude! and !ability,! which provide only a snapshot of who we are now!with little consideration about how we can change. Even seemingly !bad! traits, such as a poor memory, come with hidden advantages!like increased creativity. Profiling people from around the world who have overcome learning limitations of all kinds, Dr. Oakley shows us how we can turn perceived weaknesses, such as impostor syndrome and advancing age, into strengths. People may feel like they're at a disadvantage if they pursue a new field later in life, yet those who change careers can be fertile cross-pollinators: They bring valuable insights from one discipline to another. Dr. Oakley teaches us strategies for learning that are backed by neuroscience so that we can realize the joy and benefits of a learning lifestyle. Mindshift takes us deep inside the world of how people change and grow. Our biggest stumbling blocks can be our own preconceptions, but with the right mental insights, we can tap into hidden potential and create new opportunities.

This product is most effective when used in conjunction with the corresponding audio support. - You can purchase the book and double CD as a pack (ISBN: 9781444106831) - The double CD is also sold separately (ISBN: 9781444106930) (copy and paste the ISBN number into the search bar to find these products) Are you looking for a complete course in Hindi which takes you effortlessly from beginner to confident speaker? Here is an informative introduction to language: its origins in the past, its growth through history, and its present use for communication between peoples. It is at the same time a history of language, a guide to foreign tongues, and a method for learning them. It shows, through basic vocabularies, family resemblances of languages -- Teutonic, Romance, Greek -- helpful tricks of translation, key combinations of roots and phonetic patterns. It presents by common-sense methods the most helpful approach to the mastery of many languages; it condenses vocabulary to a minimum of essential words; it simplifies grammar in an entirely new way; and it teaches a language as it is actually used in everyday life.

The Surprising New Truth About Food and Flavor

Language is Music focuses on making learning foreign languages fun, easy and affordable for anyone with a desire to communicate effectively with people around the world. By applying over 100 simple tips to things you already do, such as listening to music or surfing the Web, you can experience the joy of "fluency" in any language without having to study abroad or spend money on private tutors. In Language is Music, Susanna Zaraysky masterfully shares her listening methods so that anyone can have fun learning any language. With over 100 tips and 100 free or low-cost internet resources, you will learn how to use daily activities, such as watching T.V. or listening to music; conversation partners; and attendance at cultural events to become a masterful speaker of any tongue. "Learning foreign languages is like learning to sing a song or play music," says self-made linguist Susanna Zaraysky and author of Language is Music. Zaraysky has what you might call "an ear" for languages, having used music to successfully learn English, Russian, French, Spanish, Italian, Portuguese, and Serbo-Croatian/all with excellent accents.

Advance Praise for Language is Music "I love it! I think it will help people who want to learn, and those who are curious about additional language learning. Many people want to learn a language but are frightened, or disappointed by the courses they have taken. Reading Language is Music will encourage them to try again, on their own and with friendly supporters." -- Dr. Eiba Maldonado-Colon, Professor Department of Elementary Education Bilingual Program, San Jose State University LET IT JUST ROLL OFF YOUR TONGUE. With lyrical insight and solid grammar, Susanna Zaraysky, author of Language is Music, provides easy steps for learning a language. Gone are the boring, disconnected strategies that most of us remember from school. You've never learned a language this quickly and easily. Zaraysky's methods embody fun, connection, rhythm, and above all...music. Suzanne Lettice, M.Ed Educator and Founder of The Global Education and Action Network "Forget dictionaries and phrase books. . . Susanna Zaraysky's easy-to-use guide to language learning is indispensable for any serious language learner wanting to become fluent--not just conversationally proficient--in another language. Language is Music will teach you how to make language acquisition a part of your daily life, and to recreate the kind of total-immersion environment necessary for fluency. . . Highly recommended reading for aspiring polyglots. Pick up this book and you too will be all ears!" Justin Liang, Japanese, Mandarin, Cantonese, Marshallese, Intermediate Spanish Back in France. I spent many years learning "academic" English in school. But I progressed much faster when I forced myself to listen to the BBC or not look at the subtitles when watching an American movie. I wish I had Susanna's book with it then. It's full of creative ideas and practical tips that are indispensable complements to the traditional methods of learning foreign languages -- and it's coming from someone you can trust, she speaks so many of them! -Philippe Levy, French native speaker This book is great. It showed me another aspect and a new approach of learning a language. I will put the book to good use. As a foreign English speaker, I spent many years at school learning English and did not make much progress. A lot of the tips that I read in this book, I learned them with time. However if I had read this book earlier, I would have made my life much easier and I would have saved so much time. I am going to apply the tips in Language is Music into learning a third language: Spanish. This many of them, I am sure I will make huge progress much faster. Not only is Language is Music useful in acquiring a foreign language, but the resources and websites in the book are valuable for someone who wants to travel abroad. -Fabien Hsu, French native speaker

Meet the man who makes the mission of learning any language possible! The all-you-need guide to learning a language.

Everyday Thai for Beginners is a language textbook that lays the essential groundwork for mastering authentic spoken Thai. The textbook provides an introduction to the basics of communication using Central Thai vocabulary and idioms. Professor Wiworn Kesavataa-Dohrs has developed and perfected the methods and materials used in this volume over her many years of Thai language instruction at the University of Washington. The course book has proved effective in teaching university students, and it can be used more widely in a variety of teaching and learning contexts. Organized into a total of seven units and thirty thematic lessons, the book is designed to be used for a one-year study of Thai, taking a total of thirty weeks and 150 hours to complete. Basic Thai reading and writing ability is assumed from the outset in order to avoid using transliteration systems that hinder the mastery of correct pronunciation and intonation. Accompanying the book is an easy-to-use CD containing recordings of the vocabulary and drills in MP3 format.

How to Learn Any Language

Provides users with the linguistic tools to immediate communication on an elementary level, whether one's goals are travel, business, or further study of the language. Each lesson consists of a dialogue that gives a taste of everyday Finnish conversation and life in Finland, vocabulary that introduces basic words, idioms that present commonly used phrases, grammars that explains the structure of the language and how to use them, and exercises to test understanding and active language skills.

Learn to apply basic German grammar and vocabulary to reading and translating progressively complex texts with the seventh edition of JANNACH'S GERMAN FOR READING KNOWLEDGE. Recognized as the leader in teaching reading skills, this text provides the tools you need to read specialized literature in your field. The Book Companion Website contains the readings that appear in each chapter, plus new comprehension questions and activities about the readings that are designed to let you practice specific reading skills. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The whole of The Catcher in the Rye is in the Oxford English Dictionary, waiting to be unscrambled, and so are all the novels of our past, present, and immediate future en-thu-si-ast Function: noun : a person filled with enthusiasm : as a: one who is ardently attached to a cause, object, or pursuit b: one who tends to become ardently absorbed in an interest A dictionary, despite its heroic effort to pin down language, is destined for failure the moment a single word is printed; language, with its eternal mutations, is forever uncontainable. In Dictionary Days, award-winning essayist Ian Stavans explores our very human need to "seize upon the meaning of a word." Owner of hundreds of dictionaries, he follows a fascinating, zigzagging history of lexicography across many languages, including English, French, Spanish, German, Arabic, Hebrew, Latin, and Cyrillic. Throughout his journey, Stavans spots strange meaning inconsistencies, uncovers unusual origins, and shares extraordinary and often hilarious anecdotes. With a dazzling knowledge of dictionaries through the ages, matched by a lively wit, Stavans reaches far beyond the margin of the page and pays a worthy tribute to a discipline that is at once inspiring and maddening. "For dictionaries are oracles: nothing is outside them—except the impossible."

Teaches tricky idioms and phrases so common in the English language.

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe occupies an unrivaled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages better than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and business man managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.theLinguist.com.

This book will give you the skills to learn to speak any language with confidence. It uses techniques that can easily be incorporated into your daily life, while making use of whatever resources you have available. Whether you are starting out with your first foreign language or wishing to add to your repertoire, you'll find a wealth of easy-to-follow advice and achievable goals. Discover how to: -Speak with greater confidence and accuracy -Effectively learn vocabulary and grammar -Use time on the internet and social media to learn a language -Read real books, websites and articles in a foreign language -Pass exams that certify your language skills

Presents a series of techniques for acquiring a foreign language, including news ways of training the tongue for pronunciation, use of visual imagery for connecting sounds and spelling, and spaced-repetition methods for learning new vocabulary. Your voice matters, especially as a leader. Every day, you have an opportunity to use your voice to have a positive impact--at work or in your community. You can inspire and persuade your audience--or you can distract and put them to sleep. Nervous, rambling robotic--these presentation styles can ruin a talk on even the most critical topics. And with each weak performance, career prospects dim. To get ahead and make an impact, you need to deliver well-crafted messages with confidence and authenticity. You must sound as capable as you are. Public speaking is a skill, not a talent. With the right guidance, anyone can be a powerful speaker. Learn to conquer fear, capture attention, motivate action, and take charge of your career with Speak with Impact. Written by an opera singer turned CEO, speaker, and executive communication coach, the book unravels the mysteries of commanding attention in any setting, professional or personal. Whether it's speaking up at a meeting, presenting to clients, or talking to large groups, the book's easy-to-use frameworks, examples, and exercises help you kickstart the creative process Compose a clear and concise message Engage your audience through storytelling and humor Banish filler words and uptake Strengthen and project your voice Use breathing techniques to overcome stage fright Use effective body language Build your executive presence Deliver presentations with confidence and authenticity When you know what to say and how to say it, people listen. Find your powerful voice, and step into leadership. Speak with Impact.

German to Become Fluent in Multiple Languages

Polyglot: How I Learn Languages

- Do you want to become fluent in the language(s) you are interested in? - Are you sick of studying languages without the results you were hoping for? - Are you looking for efficient study routines and easy-to-apply language learning strategies? - Do you love languages and don't want to wait for years before starting to learn new ones? - Are you interested in learning more than one language at the same time? - Do you want to know the advantages of multilingual learning? - Do you want to be able to switch from one language to another with ease? - Do you want to stop mix languages up? - Are you looking for interesting language learning activities? - Do you want to find ways to improve your speaking and feel more confident? - Do you only have little time and want to know what to focus on to reach your goals?If you can relate to any of the above, this book is for you! In this book, you will find a detailed description of my multilingual method, a method that anyone can follow to learn multiple languages at the same time without mixing them up. It involves easy steps and fun activities, many efficient learning strategies for learning any language (as well as one at a time too), and examples of efficient study routine, tools and strategies to keep you motivated. Even though it may seem like a challenge, learning more than one language at the same time is not only possible but also speeds up your learning process, and even just five minutes a day, provided you use them efficiently (a methodology widely explained throughout this book), are enough to help you see amazing results and become more confident in your language(s). So don't wait any longer, get started now!

How adult learners can draw upon skills and knowledge honed over a lifetime to master a foreign language. Adults who want to learn a foreign language are often discouraged because they believe they cannot acquire a language as easily as children. Once they begin to learn a language, adults may be further discouraged when they find the methods used to teach children don't seem to work for them. What is an adult language learner to do? In this book, Richard Roberts and Roger Kreuz draw on insights from psychology and cognitive science to show that adults can master a foreign language if they bring to bear the skills and knowledge they have honed over a lifetime. Adults shouldn't try to learn as children do; they should learn like adults. Roberts and Kreuz report evidence that adults can learn new languages even more easily than children. Children appear to have only two advantages over adults in learning a language: they acquire a native accent more easily, and they do not suffer from self-defeating anxiety about learning a language. Adults, on the other hand, have the greater advantages--gained from experience--of an understanding of their own mental processes and knowing how to use language to do things. Adults have an especially advantageous grasp of pragmatics, the social use of language, and Roberts and Kreuz show how to leverage this metalinguistic ability in learning a new language. Learning a language takes effort. But if adult learners apply the tools acquired over a lifetime, it can be enjoyable and rewarding.

Tells how to learn a foreign language by using all available language tools, taking advantage of brief moments of free time, using a special vocabulary memory system, and reading publications and watching movies in the language one's learning The Higher Reality of Business The health of business is inextricably linked with the health of humanity and nature. But our current approaches to leadership treat business as entirely separate—and the result has been recurring economic, environmental, and human crises. In this extraordinary book, Ram Nadimula uses evocative parables and stories from the ancient Indian wisdom texts, the Upanishads, to introduce Being-centered leadership. This new kind of leadership is anchored in the concept of Being, the fundamental reality that underlies all phenomena. Being-centered leaders are guided by an innate sense of interconnection—the good of the whole becomes an integral part of their decisions and actions. Using the experiences of over twenty trailblazing CEOs, as well as those from his own life, Nadimula describes a four-stage road map every aspiring leader can use to reconnect business to the wider world—to the benefit of all.

You Can Learn Any Language -- Are you hesitating to learn a new language because you've heard it's difficult? Or are you trying right now but finding it harder than you imagined? What if you could become fluent in a new language in a very short period of time -- just months, or maybe even weeks? You can learn any new language quickly and easily. It doesn't require pain or frustration. It can be fun, exciting and enlightening. Of course, to have this experience you do need to know a few things. You need to find and use your hidden talent -- something we call the Third Ear. The Third Ear takes you step by step along a path to think about language learning in totally new ways. Ways that help you realise you already know how to learn any language. You just needed to be reminded.

Half of the people who see the title to this book might be thinking, "Learn Japanese by watching anime?" What a load of crap!" Such a thing certainly sounds like a crazy pipe dream that a great number of anime fans share. And if you watch anime with English subtitles like most people, Japanese fluency will remain merely a dream. You will not learn Japanese outside a small handful of basic words. If you turned off the English subtitles, you would be taking your first steps towards a successful Japanese language learning program. Of course, this is not the only step either. The following steps contained within this book describe a fascinating process of how anyone can learn Japanese to fluency through the material he or she watches and reads for fun. Inside of this book is a method that allows you to learn and never forget thousands of new Japanese vocabulary words, phrases, grammar points, and kanji that you encounter when any Japanese language source of your choice. This includes anime, manga, dramas, movies, videos, music, video games, and visual novels. This is a book dedicated to answering the question of how to speak Japanese fluently by extensively reading and listening to native Japanese language materials. If you are looking for a Japanese language textbook that teaches Japanese grammar, vocabulary, and kanji, you will not find it here. But if you are struggling with the question of how to learn Japanese or if you have trouble remembering the Japanese language that you have learned, why not try something new and different? Use this book to help you learn Japanese from Dragon Ball, Sword Art Online, Naruto, One Piece, Fairy Tail, One Punch Man, Death Note, Bleach, Attack on Titan, and more!

On the eve of his 40th birthday, Gary Marcus, a renowned scientist with no discernible musical talent, learns to play the guitar and investigates how anyone!of any age !can become musical. Do you have to be born musical to become musical? Do you have to start at the age of six? Using the tools of his day job as a cognitive psychologist, Gary Marcus becomes his own guinea pig as he takes up the guitar. In a powerful and incisive look at how both children and adults become musical, Guitar Zero traces Marcus's journey, what he learned, and how anyone else can learn, too. A groundbreaking peek into the origins of music in the human brain, this musical journey is also an empowering tale of the mind's enduring plasticity. Marcus investigates the most effective ways to train body and brain to learn to play an instrument, in a quest that takes him from Suzuki classes to guitar gods. From deliberate and efficient practicing techniques to finding the right music teacher, Marcus translates his own experiences!as well as reflections from world-renowned musicians!into practical advice for anyone hoping to become musical, or to learn a new skill. Guitar Zero grounds the popular theory of an innate musical instinct while simultaneously challenging the idea that talent is only a myth. While standing the science of music on its head, Marcus brings new insight into humankind's most basic question: what counts as a life well lived? Does one have to become the next Jimi Hendrix to make a passionate pursuit worthwhile, or can the journey itself bring the brain lasting satisfaction? For all those who have ever set out to play an instrumentful way that they could!Guitar Zero is an inspiring and fascinating look at the pursuit of music, the mechanics of the mind, and the surprising rewards that come from following one's dreams.

Buy now to get the main key ideas from Gabriel Wyner's Fluent Forever Fluent Forever (2014) is a guide for anyone who wants to learn a new language quickly and efficiently. Gabriel Wyner introduces an effective memorization technique and offers step-by-step tips for navigating through the sounds, vocabulary, and grammar of your target language. In every step, you'll use the memorization technique to speed up the learning process and enhance your listening and reading comprehension as you progress toward fluent speech. Learning a language is one of the most deeply personal experiences you can have. It requires getting inside your head and changing your perceptions, and Wyner addresses that aspect, too.

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller Guitar Zero At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

A Frequency Dictionary of Japanese is an invaluable tool for all learners of Japanese, providing a list of the 5,000 most commonly used words in the language. Based on a 100 million word corpus, composed of spoken, fiction, non-fiction and news texts in current use, the dictionary provides the user with a detailed frequency-based list, as well as alphabetical and part-of-speech indices. All entries in the frequency list feature the English equivalent and a sample sentence with English translation. The dictionary also contains 25 thematically organised lists of frequently used words on a variety of topics such as food, weather, occupations and leisure. Numerous bar charts are also included to highlight the phonetic and spelling variants across register. A Frequency Dictionary of Japanese enables students of all levels to maximise their study of Japanese vocabulary in an efficient and engaging way. It is also an excellent resource for teachers of the language.

How to Learn a New Language in as Little as a Few Months – and Have a Blastload of Fun Doing It Let me make a prediction. I predict that many, many hundreds of people who will read this description will close this page in a few seconds. "Learn a new language in a few months? Are you out of your mind?" they'll say. "It's just too good to be true." And they will go back to their old language learning methods. You know which methods: toiling away at mind-numbing grammar exercises, learning words nobody uses, and, most importantly, never actually using your skills to communicate with another person. If you're still with me, I expect you to be different. You think there must be something better. After all, how could people master more than one foreign language in their lives if it usually takes a regular person several years just to learn the basics? The answer is simple – in one way or another, they follow the methods I share in How to Learn Any Language in a Few Months While Enjoying Yourself. They not only learn up to ten times faster than other people, they also have a lot of fun while doing it. How to Learn Any Language in a Few Months While Enjoying Yourself is for you if you want to learn: - without this one thing, you'll never learn a new language in just a few months. Learn what it is and how to apply it to your everyday life to practice your skills while doing your daily activities. - a completely free way to get native speakers to proofread your writings (and even explain to you all of your mistakes). This one site alone can dramatically improve your writing skills. - an extremely easy way to find a native speaker willing to help you learn her mother language. It's almost like having a private tutor. - the proper way to improve your listening skills while watching movies. Most people learning a foreign language do it the wrong way and it does nothing to improve their abilities. - how to achieve more with less when learning languages. You don't have to spend hours and hours cramming every single word and grammar rule. In fact, it works to your detriment. Learn what to do instead. - 9 common mistakes to avoid when learning languages. Reading this chapter alone can save you years of ineffective studies – especially mistake #3, so common among language learners. - a 5-step process to improve your reading skills. You can make your learning process much more enjoyable and effective by choosing the right things to read. Learn what these things are. - a fun idea to learn how to write the way native speakers do. You too can learn the slang and phrases only native speakers use – and know the language better than many academic professors. - how to dramatically improve your language skills when traveling. While it isn't necessary to go abroad to learn a language, it's a powerful way to cram a lot of learning into just a few days. - 5 common challenges of language learners and how to deal with them. Learn how to get over the fear of communicating with native speakers. Discover how to find more time to learn and practice your skills. Read three tips on how to deal with discouragement. If you're ready to supercharge your progress and become fluent in a foreign language in as little as a few months, click the buy button. Why kill yourself doing things the old, non-effective way, if you could make the process much easier and enjoy it more, too? P.S. As a gift for buying my book, you'll get a resource list with my favorite language learning sites. Keywords: learn a language in 3 months, learn a foreign language, learn another language, learn any language, become fluent in any language, be fluent in 3 months, learning languages, learn languages, learn languages fast, language learning methods, learning a new language, learning a language, learning foreign languages, learning another language, how to learn a new language, how to learn a foreign language
