

Free As A Bird: The Story Of Malala

This well-loved story by an American writer draws from universal truths as it tells a lyrical tale of a small bird that changes the life of a cold and bare mountain. Read, performed and presented through puppets all over the world, it has also been dramatised innovatively in different countries, the most recent being Japan. This new edition has rich and evocative illustrations by Stephen Aitken, who lives in Himachal Pradesh.

This condensed paperback encyclopedia documents the enduring cultural impact and musical legacy of the Beatles, providing readers with a one-stop resource to the Fab Four's compelling story and breadth of achievements. • Provides an easy-to-use, single-volume condensed version of the hardcover edition of Greenwood's The Beatles Encyclopedia: Everything Fab Four • Presents expansive, detailed information about the Beatles' lives and their iconic music that secured their place in history • Analyzes the Beatles' body of work, including collective efforts and solo releases, and identifies the significant people, places, and events that impacted their work • Includes a selected bibliography of print and electronic resources that are accessible and useful to students and general readers alike

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

What is a bird? And how is it different from a mammal or a reptile? Some birds are huge and some are tiny. Some birds are fantastically colorful and some are plain. But what do all birds share? Early nonfiction expert Lizzy Rockwell explains that birds have beaks, wings, and feathers, and hatch from eggs. Other animals might have some of these features in common, but only a bird has them all. Only a bird is a bird! A clear text and beautiful illustrations cover dozens of different birds and their shared characteristics, as well as the unique qualities of unusual birds, such as penguins and peacocks. A great companion to Rockwell's A Mammal is an Animal.

Dickie Bird, who retired in June 1996, had an umpiring career spanning 66 Tests, three World Cup finals and nearly 100 one-day internationals. As the finest umpire in cricket history and one of the game's most endearing characters, he was also one of a rare breed—a natural eccentric who delighted onlookers while never losing the respect of his fellow professionals.

Set on a 19th century farm in rural Lancashire near Liverpool, this heartwarming saga is the story of Poppy Appleton, a girl who grew up in ignorance and poverty but has been adopted by a prosperous farmer's wife. At Long Reach farm, Eliza Goodall teaches Poppy all the skills she would have passed on to her own daughter: the skills that would enable a young lady to become the mistress of a farm just like Long Reach. And when the time comes for Eliza's son Richard to choose a wife, it seems only natural that he should choose Poppy. But though she feels nothing but affection for Richard and all her new family, the only man for whom she has ever felt love is an Irish boy, Conn MacConnell. And when he returns unexpectedly, Poppy has to choose between loyalty and love.

The thoughts illustrated in this book are from Gurdeep Singh Walia aka Guru Ka Das Walia. He has written a number of books and developed a spiritual web portal (www.lotusdivine.com) as he has continued through his spiritual journey to help, guide and add value to other like-minded individuals. "In life when all doors were shut the ultimate door was opened by the grace of my Spiritual Guides. Lord Shiva took me into his shelter and opened doors that were shut which lead to an exceptional change in thy's life."

The inspiring true story of Malala Yousafzai, human rights activist and the youngest ever winner of the Nobel Peace Prize, from

debut author/illustrator Lina Maslo. Celebrate the power of one young woman speaking up for change with Free as a Bird. This beautiful nonfiction picture book is perfect for sharing at home or in the classroom. When Malala Yousafzai was born, some people shook their heads because girls were considered bad luck. But her father looked into her eyes and knew she could do anything. In Pakistan, some believed girls should not be educated. But Malala and her father were not afraid. She secretly went to school and spoke up for education in her country. And even though an enemy tried to silence her powerful voice, she would not keep quiet. Malala traveled around the world to speak to girls and boys, to teachers, reporters, presidents, and queens—to anyone who would listen—and advocated for the right to education and equality of opportunity for every person. She would shout so that those without a voice could be heard. So everyone could be as free as a bird. Free as a Bird is the inspiring true story of a fearless girl and the father who taught her to soar. A unique way to celebrate the power of a young woman, and to honor a father who strives to let his daughter shine.

What Is a Bird?

As prize-winning journalist Steve Braunias stands on an apartment balcony on a sultry summer evening, a black-backed gull flies so close he is instantaneously bowled over with happiness: 'I thought: Birds, everywhere. I wanted to know more about them.' This book is the result - a wondrous personal journey into the amazing world of birds, and the people ensnared, captivated and entranced by them: the passionate tribe of bird-watchers and twitchers.

This groundbreaking work features hand-colored, life-sized prints of North American birds based on field drawings made by famous wildlife artist John James Audubon. The work includes images of six now-extinct birds. This is the seventh of seven volumes.

'A wonderful book... beautifully told. He packs his pages with fascinating, often hilarious anecdotes and information. A social history which is a surprise and a delight' Val Hennessy, Daily Mail Critic's Choice Scholarly, authoritative and above all supremely readable, Stephen Moss's book is the first to trace the fascinating history of how and why people have watched birds for pleasure, from the beginnings with Gilbert White in the eighteenth century through World War Two POWs watching birds from inside their prison camp all the way to today's 'twitchers' with their bleeping pagers, driving hundreds of miles for a rare tick. 'Thoroughly researched and well-written' Mark Crocker, Guardian 'Moss knows his subject intimately and writes about it with just the right mixture of affection and occasional quizzicality' Jonathan Bate, Sunday Telegraph 'It would be difficult to imagine anyone producing a more comprehensive, thoughtful, intelligent and entertaining examination of how people have watched birds at each point in history. In fact, it is one of the few books which might prove such compulsive reading that even a dedicated twitcher might forego a day in the field to stay at home to finish it' Bryan Bland, Birding World Natalie, who likes to write poems, goes to a poetry reading and discovers that a poem needs to be read out loud at just the right time.

Excerpt: The Beatles Anthology is a documentary series on the career of The Beatles. It was broadcast on television in six abridged parts between November and December 1995. An eight volume VHS set and an 8 disc Laserdisc set were released on 5 September 1996. The series was re-released on DVD in 2003, with an 81-minute special-features disc. An official documentary on The Beatles career had been in the pipeline as far back as 1970.

Long-time friend and Apple Corps manager Neil Aspinall had compiled footage from various sources around the world of concert, interview and television appearances. From this archival footage, Aspinall assembled a 90 minute feature film which was tentatively titled The Long and Winding Road and was completed in 1971. At this point, none of the former members had any involvement with the project and plans for its release lay dormant until 1980, when John Lennon stated as part of a legal deposition against the producers of the musical 'Beatlemania' that: "I and the other three former Beatles have plans to stage a reunion concert," an

event to be filmed as a finale of The Long and Winding Road (which was now to be a television special). According to Lennon's widow, Yoko Ono the concert would have been held in England: "Just days before his brutal death, John was making plans to go to England for a triumphant Beatles reunion. His greatest dream was to recreate the musical magic of the early years with Paul, George and Ringo...(he) felt that they had travelled different paths for long enough. He felt they had grown up and were mature enough to try writing and recording...

Plundering the globe, there is no shortage of brilliant ways to cook it, whether you need a quick supper on the table after work, something for a lazy summer barbecue or a feast to nourish family and friends. From quick Vietnamese lemon grass and chilli chicken thighs and a smoky chicken salad with roast peppers and almonds, through to a complete feast with pomegranate, barley and feta stuffed roast chicken with Georgian aubergines, there is no eating or entertaining occasion that isn't covered in this book. In A Bird in the Hand, Diana Henry offers a host of new, easy and not-so-very-well-known dishes, starring the bird we all love.

A ballerina tale with a thoroughly modern twist! Casey Quinn has got more grace in her pinkie toe than all those prissy ballet-school girls put together, even if you'd never guess it from the looks of her too-long legs and dirty high-top sneakers. It's 1959, and freckle-faced Casey lives in the red-dust countryside of South Carolina. She's a farm girl: Her family can't afford ballet lessons. But Casey's dream is to dance in New York City. And if anyone tries to stand in her way, she's going to pirouette and jeté right over them! Casey's got the grit, and Casey's got the grace: Is that enough to make it in Manhattan someday? Or might the Big Apple have something even better in mind? When she meets a visionary choreographer she calls "Miss Martha," Casey's ballerina dream takes a thoroughly, thrillingly modern twist!

How to Watch a Bird

The Art of the American Slave Song

The bird book for birders and nonbirders alike that will excite and inspire by providing a new and deeper understanding of what common, mostly backyard, birds are doing—and why: "Can birds smell?"; "Is this the same cardinal that was at my feeder last year?"; "Do robins 'hear' worms?" "The book's beauty mirrors the beauty of birds it describes so marvelously." —NPR In What It's Like to Be a Bird, David Sibley answers the most frequently asked questions about the birds we see most often. This special, large-format volume is geared as much to nonbirders as it is to the out-and-out obsessed, covering more than two hundred species and including more than 330 new illustrations by the author. While its focus is on familiar backyard birds—blue jays, nuthatches, chickadees—it also examines certain species that can be fairly easily observed, such as the seashore-dwelling Atlantic puffin. David Sibley's exacting artwork and wide-ranging expertise bring observed behaviors vividly to life. (For most species, the primary illustration is reproduced life-sized.) And while the text is aimed at adults—including fascinating new scientific research on the myriad ways birds have adapted to environmental changes—it is nontechnical, making it the perfect occasion for parents and grandparents to share their love of birds with young children, who will delight in the big, full-color illustrations of birds in action. Unlike any other book he has written, What It's Like to Be a Bird is poised to bring a whole new audience to David Sibley's world of birds.

Hear the songs and learn about 12 of North America's woodland birds. Being able to identify a bird's song is a skill that brings joy and fosters an appreciation of nature. Some bird songs are distinctive and easily recognized, like the common loon and wild turkey. Hawks as a group are distinctive but the individual species vary, as do the owls. Picking up the songs of a Black-capped Chickadee and a White-breasted Nuthatch, however, is not easy. That is where this enchanting book comes into its own. The Little Book of Woodland Bird Songs features recordings of twelve bird songs from some of the best-known woodland species seen and heard in North America. It is an interactive board book that is ideal for curious young readers. The sturdy pages are easy to turn and the twelve song buttons, each with a portrait of the bird, are easy to activate. The high-quality sound module is encased in durable plastic and the one-inch (3-cm) speaker makes it easy to hear and differentiate the elements of the bird's song, such as pitch, tempo and trills. Beautiful lifelike illustrations aid in identifying the birds and a descriptive paragraph and facts panel provide information such as the time of day the bird is likely to sing, what it eats, behavior traits and how it constructs its nest. All twelve birds have winter or summer ranges in the United States or Canada. This means that readers are sure to see most if not all the birds in at least one season over the year. Red Crossbill Sharp-shinned Hawk Hermit Thrush Blue-gray Gnatcatcher Black-capped Chickadee Purple Finch Common Loon Barred Owl Red-eyed Vireo

Wild Turkey White-breasted Nuthatch Downy Woodpecker. Birds can be hard to spot at the best of times and never more so than in the woods. Once you learn to recognize these bird sounds, a walk through the forest will never be the same. This partner to *The Little Book of Backyard Bird Songs* is sure to become another family favorite.

Short-listed for the 2010 Governor General's Award for Children's Literature, the 2010 Snow Willow Award and the 2011 CLA Young Adult Book Award Born with Down syndrome, Ruby Jean Sharp comes from a time when being a developmentally disabled person could mean growing up behind locked doors and barred windows and being called names like "retard" and "moron." When Ruby Jean's caregiver and loving grandmother dies, her mother takes her to Woodlands School in New Westminster, British Columbia, and rarely visits. As Ruby Jean herself says: "Can't say why they called it a school – a school's a place you go for learnin an then after you get to go home. I never learnt much bout ledders and numbers, an I sure never got to go home." It's here in an institution that opened in 1878 and was originally called the Provincial Lunatic Asylum that Ruby Jean learns to survive isolation, boredom, and every kind of abuse. Just when she can hardly remember if she's ever been happy, she learns a lesson about patience and perseverance from an old crow.

Making a Bird

Enslaved African Americans longed for freedom, and that longing took many forms—including music. Drawing on biblical imagery, slave songs both expressed the sorrow of life in bondage and offered a rallying cry for the spirit. Like a Bird brings together text, music, and illustrations by Coretta Scott King Award-winning illustrator Michele Wood to convey the rich meaning behind thirteen of these powerful songs.

What is it like to be a swift, flying at over one hundred kilometres an hour? Or a kiwi, plodding flightlessly among the humid undergrowth in the pitch dark of a New Zealand night? And what is going on inside the head of a nightingale as it sings, and how does its brain improvise? Bird Sense addresses questions like these and many more, by describing the senses of birds that enable them to interpret their environment and to interact with each other. Our affinity for birds is often said to be the result of shared senses – vision and hearing – but how exactly do their senses compare with our own? And what about a birds' sense of taste, or smell, or touch or the ability to detect the earth's magnetic field? Or the extraordinary ability of desert birds to detect rain hundreds of kilometres away – how do they do it? Bird Sense is based on a conviction that we have consistently underestimated what goes on in a bird's head. Our understanding of bird behaviour is simultaneously informed and constrained by the way we watch and study them. By drawing attention to the way these frameworks both facilitate and inhibit discovery, it identifies ways we can escape from them to seek new horizons in bird behaviour. There has never been a popular book about the senses of birds. No one has previously looked at how birds interpret the world or the way the behaviour of birds is shaped by their senses. A lifetime spent studying birds has provided Tim Birkhead with a wealth of observation and an understanding of birds and their behaviour that is firmly grounded in science.

Celebrate the bonds between fathers, sons, and nature with this lovely, sun-drenched debut picture book. I am a bird. I glide into arms open wide. I'm the hands that hold and the eyes that shine... when it's you and it's me and the sea. A boy and his father spend their day at the beach, exploring the shore, the sand, the water, and everything in between. The result is a warm, elegant celebration of nature, connection, and the myriad relationships formed all around us.

"Every one of these stories is about YOU." --Anthony de Mello Everyone loves stories; and in this book the bestselling author of *Sadhana: A Way to God* shares 124 stories and parables from a variety of traditions both ancient and modern. Each story resonates with life lessons that can teach us inescapable truths about ourselves and our world. De Mello's international acclaim rests on his unique approach to contemplation and ability to heighten self-awareness and self-discovery. His is a holistic approach, and in the words of one reviewer: "his mysticism cuts across all times and peoples and is truly a universal invitation." *The Song of the Bird* uses the familiar yet enduring medium of the story to illustrate profound realities that bring us in touch with the problems and concerns of daily life, as well as with our common spiritual quest. The aim is to develop the art of tasting and feeling the message of each story to the point that we are transformed. "Let the story speak to your heart, not to your brain," the author directs. "This may make something of a mystic out of you." Enhanced by lovely ink drawings, this is indeed a volume to treasure, to share, and to read many times over, for it is everyone's best companion on the road to spiritual growth.

What is a bird? To answer that, we must understand how birds are different from all other living things and how they fit into the diversity of life on Earth. This excellent RSPB guide to bird anatomy looks at the avian body, system by system, how it evolved, and how it functions. Chapters explore traits that are unique to birds, including their remarkable one-way breathing cycle, their trimmed-down skeleton, how feathers permit flight, provide weather-proofing and add beauty, and the avian bill - a lightweight replacement for both teeth and food-handling forelimbs. Each chapter tackles a particular body system and includes detailed anatomical illustrations, from cells and organs to skeletons and muscles, to show how birds' anatomical adaptations enable all their physical feats and fascinating behaviour. Feature spreads offer more in-depth analysis on topics like birdsong, temperature control, ornamentation, unusual diets, social behaviour, nocturnal adaptations, mutation and natural selection. Featuring more than 300 diagrams and colour photos, this fascinating new book also looks at the human impact on the avian world and reveals how behaviour and anatomy work together to produce these vibrant living beings that delight and inspire us so much.

“A modern coming-of-age full of love, desperation, heartache, and magic” (Andrew Sean Greer, Pulitzer Prize-winning author) about “the ways in which family, grief, love, queerness, and vulnerability all intersect” (Kristen Arnett, New York Times bestselling author). Perfect for fans of *The Perks of Being a Wallflower* and *The Thirty Names of Night*. Though Owen Tanner has never met anyone else who has a chatty bird in their chest, medical forums would call him a Terror. From the moment Gail emerged between Owen’s ribs, his mother knew that she had to hide him away from the world. After a decade spent in hiding, Owen takes a brazen trip outdoors in the middle of a forest fire, and his life is upended forever. Suddenly, Owen is forced to flee the home that had once felt so confining and hide in plain sight with his uncle and cousin in Washington. There, he feels the joy of finding a family among friends; of sharing the bird in his chest and being embraced fully; of falling in love and feeling the devastating heartbreak of rejection before finding a spark of happiness in the most unexpected place; of living his truth regardless of how hard the thieves of joy may try to tear him down. But the threat of the Army of Acronyms is a constant, looming presence, making Owen wonder if he’ll ever find a way out of the cycle of fear. A heartbreaking yet hopeful novel about the things that make us unique and lovable, *The Boy with a Bird in His Chest* grapples with the fear, depression, and feelings of isolation that come with believing that we will never be loved, let alone accepted, for who we truly are, and learning to live fully and openly regardless.

A Bird Lovers Coloring Book with 50 Mindful Bird Designs (Bird Coloring Book)

To make a bird, you'll need hundreds of tiny, hollow bones, so light you can barely feel them on your palm, so light they can float on air. Next you'll need feathers, for warmth and lift. There will be more besides - perhaps shells and stones for last touches - but what will finally make your bird tremble with dreams of open sky and soaring flight? This picture book shows how even the smallest of things, combined with wonder and a steady heart, can transform into works of magic.

In 2004, *Rolling Stone* ranked "Imagine" at #3 in its list of "The 500 Greatest Songs of All Time." "Imagine" was issued as a single a month after the album in the United States, catalogue Apple 1840, and peaked at #3 on the *Billboard* Hot 100. It reached number one in Canada on the RPM national singles chart, remaining there for two weeks, and was Lennon's only solo Australian number one single, spending five weeks there. When asked about the song in one of his last interviews, Lennon declared "Imagine" to be as good as anything he had written with the Beatles. The song is one of three Lennon solo songs, along with "Instant Karma!" and "Give Peace a Chance," in the Rock and Roll Hall of Fame's 500 Songs that Shaped Rock and Roll. *Rolling Stone* ranked "Imagine" the third greatest song of all time in their editorial *The 500 Greatest Songs of All Time*.
