What if I'm always kidding myself? Billy Ballew wants to be married, but he's been engaged to three women and can't get to the altar. He wants to be a contractor, but he's so dyslexic he has to force himself to read and fears the contractor's license test more than death. He wants to please his mother, but all she wants is for him to give her grandchildren. What Billy doesn't want is to find out he's gay. But then he meets Shaz, the one guy so flamboyant Billy can't even be seen with him without losing all his friends - and his family. One more thing Billy wants and can't have. Maybe he should just stay home with his cats. KNIGHT OF OCEAN AVENUE is a gay awakening, total opposites attract, trying to please your mother, religious confrontation, learning who you are romance.

The World's Top Photographers and the Stories Behind Their Greatest Images

Doctor Strange

Caroline Webb knows what it means to lose the person you love most. Twenty years ago, her five-year-old daughter, Hayley, was the light of her life. Then came the terrible day when Hayley was kidnapped from her favourite swing. More than a month passed before her burned, lifeless body was found. All that remained was the silence of Caroline's heartache, and her guilt. Now, Caroline has started over with a new husband. She even has another precious daughter, Melinda. She thinks she has put the ghosts of her past behind her. But then Hayley's favorite doll reappears, strange murders rock the Webbs' small town, Caroline even claims she has heard the voice of the little girl she lost all those years ago. Could Hayley still be out there somewhere, somehow? Now a killer waits in the wings--waiting to make Caroline live her worst nightmare yet.

A fiercely independent divorce lawyer learns the power of family and connection when she receives a cryptic message from her estranged mother in this bittersweet, witty novel from the nationally bestselling author of *Someone Else's Love Story* and *Gods in Alabama*—an emotionally resonant tale about the endurance of love and the power of stories to shape and transform our lives. Born in Alabama, Paula Vauss spent the first decade of her life on the road with her free-spirited young mother, Kai, an itinerant storyteller who blended Hindu mythology with southern oral tradition to re-invent their history as they roved. But everything, including Paula's birth name Kali Jai, changed when she told a story of her own—one that landed Kai in prison and Paula in foster care. Separated, each holding secrets of her own, the intense bond they once shared was fractured. These days, Paula has reincarnated herself as a tough-as-nails divorce attorney with a successful practice in Atlanta. While she hasn't seen Kai in fifteen years, she's still making payments on that Karmic debt—until the day her last check is returned in the mail, along with a mysterious note: "I am going on a journey, Kali. I am going back to my beginning; death is not the end. You will be the end. We will meet again,

and there will be new stories. You know how Karma works." Then Kai's most treasured secret literally lands on Paula's doorstep, throwing her life into chaos and transforming her from only child to older sister. Desperate to find her mother before it's too late, Paula sets off on a journey of discovery that will take her back to the past and into the deepest recesses of her heart. With the help of her ex-lover Birdwine, an intrepid and emotionally volatile private eye who still carries a torch for her, this brilliant woman, an expert at wrecking families, now has to figure out how to put one back together—her own. The Opposite of Everyone is a story about story itself, how the tales we tell connect us, break us, and define us, and how the endings and beginnings we choose can destroy us . . . and make us whole. Laced with sharp humor and poignant insight, it is beloved New York Times bestselling author Joshilyn Jackson at her very best.

Nudes

Chess Strategy for Club Players

The Art of the Film: Fantastic Beasts and Where to Find Them

This is a book for those who know the rules of chess and are keen to start winning games. The quickest way to improve your chess is to learn tactics. But not just knowing the themes - you need to get used to using them in real positions. Master tactician John Nunn has thoughtfully crafted a course that gives you the basic nuggets of knowledge and immediately invites you to start finding tactical ideas for yourself. Chess Tactics Workbook for Kids is the first in a new series of books that help players gain chess skills by tackling hundreds of carefully chosen exercises. The themes are similar to those in Gambit's best-selling 'Chess for Kids' series, but the focus is on getting vital hands-on experience. Many positions build on ones given earlier, showing how advanced ideas are normally made up of simpler ones that we can all grasp. Each chapter introduces a basic theme and features dozens of exercises, with solutions that highlight the key points. In each chapter there are tips on what to look out for to help spot tactical ideas. As the chapters progress, we increasingly see how tactical ideas are combined together, with ideas from previous sections repeatedly appearing as part of a deadly one-two punch. The book ends with a series of six test papers where you are given no clues about the themes involved. Dr John Nunn is one of the best-respected figures in world chess. He was among the world's leading grandmasters for nearly twenty years and won four gold medals in chess Olympiads. In 2004, 2007 and 2010, Nunn was crowned World Chess Solving Champion, ahead of many former champions.

Step inside the world of the talented art departments who, led by Academy Award®-winning production designer Stuart Craig, were responsible for the creation of the unforgettable characters, locations and beasts in J.K. Rowling's Fantastic Beasts and Where to Find Them.

Beethoven; A Critical Biography

Strange Origin

Novel for primary school-age readers. Lizzie and Joanne go to great lengths to track down their favourite writer, R U Goodfellow, and invite the author as a mystery guest to a party for their teacher, who is just as enthusiastic about Goodfellow as they are. The author's identity proves a big surprise for all. Author is a prolific children's writer whose previous titles include 'Eleanor, Elizabeth', a novel for older readers, and 'Big Dog', a picture book. Illustrations throughout.

A window-crashing, high-flying, globe-traveling, ghost-battling adventure from the earliest days of Doctor Strange's training in the mystic arts! Part Indiana Jones, part Lord of the Rings, thrill to this new tale of how a selfish, arrogant surgeon collided with a hot-headed martial artist to become the greatest team the mystic arts have ever seen! If only they can stop hitting each other and figure out how all this magic stuff works anyway. Also featuring DOCTOR STRANGE (2015) #1, by Jason Aaron and Chris Bachalo.

This book explains in a clear and simple way what life is and how it flows within our cells, between people and through people. It is a practical manual that will help us to "feel" life, to vibrate and breathe the life inside of our bodies and of all living beings. A key focus of this work is how emotional impact affects our pericardium, which is the membrane that envelops, maintains and protects the heart.

This new 3rd edition has, besides various corrections and improvements, a new introduction and a brand-new chapter called ' Total Control '. In this 35-page chapter Grooten adds the final instructive brick to his formidable, yet very accessible, building: inspired by Tigran Petrosian ' s playing style he explains amateurs how to exploit small advantages. With a new set of exercises. ---- Every club player knows the problem: the opening has ended, and now what? First find the right plan, then the good moves will follow! With this book, International Master Herman Grooten presents to amateur players a complete and structured course on: how to recognize key characteristics in all types of positions how to make use of those characteristics to choose the right plan His teachings are based on the famous "Elements" of Wilhelm Steinitz, but Grooten has significantly expanded and updated the work of the first World Champion. He supplies many modern examples, tested in his own practice as a coach of talented youngsters. In Chess Strategy for Club Players you will learn the basic elements of positional understanding: -- pawn structure -- piece placement -- lead in development -- open files -- weaknesses -- space advantage -- king safety -- exploiting small advantages. The author also explains what to do when, in a given position, the basic principles seem to point in different directions. Each chapter of this fundamental primer ends with a set of highly instructive exercises.
