A key text by a leading figure in Italian socialist feminism that remains relevant today, addressing the exploitation of women in the workplace and at home. Anna Kuliscioff (ca. 1854-1925) was a prominent figure in the revolutionary politics of her era, advocating for socialism and feminism. One of the founding members of the Italian Socialist Party, she actively contributed to the late-nineteenth-century flourishing of the Socialist International and the emergence of Italian socialism. For the last decades of her life, Kuliscioff's public militancy revolved around the "woman question." She viewed feminism through the lens of class struggle, addressing the double exploitation of women—in the workplace and at home. Kuliscioff fought a twofold battle: as a socialist, she unmasked the sexism of her colleagues; as a feminist, she criticized liberal-bourgeois feminism. In this key text, she makes her case for a socialist feminism. Originating as a lecture Kuliscioff delivered in April 1890 at a meeting of the the Milan Philological Circle (which denied membership to women), The Monoply of Man explicitly links feminism to labor. Kuliscioff argues that labor frees women from the prison of the household and potentially fosters their emancipation; she advances the principle of equal pay for equal work. She declares that woman is enslaved by both her husband and by capital, calls marriage a form of women's servitude, and demands that motherhood be better appreciated as work. It is only when woman is economically independent and resists capitalism, she argues, that she will achieve freedom, dignity, and the respect of man.

'I WANT TO INSPIRE PEOPLE. I WANT SOMEONE TO LOOK AT ME AND SAY: 'BECAUSE OF YOU I DIDN'T GIVE UP.' 'Goals is a very personal and deeply-moving collection of life-affirming and inspirational real-life stories from which Chelsea and Italy football legend Gianluca Vialli has drawn great strength and resolve during his battle with pancreatic cancer. The stories and the individuals involved have been selected by Vialli because they have offered him comfort and inspiration at the time of his greatest challenge, and he feels that they can do the same for many of us, whatever it might be that we are facing. The result is a beautifully-written and touching narrative which is by turns vital and poignant, spine-tingling and heart-rending. The very last story in Goals is Vialli's own, bravely and movingly chronicling his battle with this cruel illness.

Dr. Pawel Kohoutek, veterinarian and womanizer, looks out the window one morning to see his mistress approaching his house. Farce ensues as Kohoutek attempts to hide the woman from his eccentric family, the family's lodgers, and various offbeat visitors. The woman, expecting love and children and a future, does not make things easy. As he frantically runs around trying to keep her a secret, Kohoutek's memories -- mostly involuntary and (in true postmodern fashion) of questionable accuracy -- reveal in hilarious detail the life and crises of a hapless libertine and the forces that created him.

Exploring the City

Azzurri 1990: Firenze

A three-time winner of the FIFA Ballon d'Or, Cristiano Ronaldo's status as a footballing superstar is unquestionable. His insatiable desire to succeed and to improve himself year-after-year has seen him win almost everything there is to win in the game, including his first international silverware: a Euro 2016 winner's medal. Here, Madrid-based journalist Luca Caioli tells the inside story of the global superstar, featuring insights from those who know him best: coaches, teammates, girlfriends and even the man himself. Updated to include all the action from the 2016/17 season, the year after he claimed his third Champions League winner's medal and became the tournament's all-time top goalscorer, Ronaldo lays bare the career of a modern footballing icon.

'Superbly entertaining and incisive' - TLS The definitive history of the iconic football club: the glory, the scandal, the stars and its enduring influence on Italian life. Juventus utterly dominates the Italian game. Home to some of the biggest names in sport, it has won title after title, trophy after trophy.

However, parallel to the success and myth, there's a murkier reality. For one hundred years the club and its billionaire owners, the Agnelli family, have been synonymous with match-fixing, doping, political chicanery and more. While La Vecchia Signora remains Italy's best-supported team, it's also its most despised.

Juvel charts the story of Italy's great sporting dynasty, chronicling the triumphs and tragedies of the Agnellis, and of the icons - Boniperti, Del Piero, Ronaldo - who have been their sporting emissaries for almost a century. The pride of Italy or its dark heart? Footballing colossus or vanity project? With this unique institution, as with so much about life in Italy, things are seldom black and white...

Within a relatively short time, urban anthropology has emerged as one of the most vital fields of anthropology. During its formative period, however, it has lacked intellectual coherence. Exploring the Cityis a bold first attempt to provide just such a coherent and unified theoretical understanding of urbanism.

Hannerz draws upon the urban perspectives of other disciplines as well, such as history, sociology, and geography, to bring intellectual unity to the history and development of urban anthropology.

Cristiano Ronaldo

Juvel!

A journey into the soul and our time, lived with joy and courage. A be lulled by the events of life, without stand still, in spite of the bad weather. I am a person who lived an experience, and never stopped loving life. Helped by friends and not just them, to face and fight against storms in life. Keep smiling

Cass Pennant was one of the best-known figures of the I.C.F. He has used his unique position as a West Ham insider to bring together these first-hand accounts of the men who were at the eye of the storm, both on and off the terraces. These tales from the terraces range from the inflamed East End rivalry with Millwall to the shed-end-battles with Chelsea, from aggravation at Anfield's Kop to the disaster at Heysel. The stories unfold against a backdrop of sharp fashion and music, such as The Cockney Rejects and Sham 69, that became the hallmark of the hoolifans.

Tutto quello che devi sapere sul mito granata La storia granata come non l'avete mai letta Per il calcio non esiste un unico vocabolario. Ne esistono tanti quante sono le squadre. In questo solco il Torino, la squadra piu antica d'Italia, ne ha consolidato uno proprio che va arricchendosi di stagione in stagione, mano a mano che nuovi personaggi (presidenti, dirigenti, allenatori o calciatori) entrano a far parte della vita del club e vittorie o sconfitte ne segnano la storia. Un dato è certo: una mano straordinaria alla creazione di questo specialissimo vocabolario l'ha data la tifoseria, instancabile nel creare suggestioni e in modo particolare appellativi per i suoi beniamini. Anche in questo modo si può raccontare un club sportivo: aggiungere qualche cosa in piu a una storia intensa e straordinaria come quella granata. Franco Ossola Franco Ossola Junior, torinese, figlio dell'omonimo campione del Grande Torino caduto a Superga, architetto e scrittore, collabora con diversi quotidiani sportivi. È autore di numerosi libri tra cui, I 30 grandi del Torino, Grande Torino per sempre! Con la Newton Compton ha pubblicato 101 motivi per odiare la Juventus e tifare il Torino, 101 gol che hanno fatto grande il Torino, Il Torino dalla A alla Z e, scritti a quattro mani con Renato Tavella, Cento anni di calcio italiano (Premio Selezione Bancarella 1998) e Il romanzo del Grande Torino (Premio CONI e Selezione Bancarella 1995), da cui è stata tratta la fiction RAI in due puntate Il Grande Torino, per la regia di Claudio Bonivento.

Inquiries Toward an Urban Anthropology

A Cute Children Story To Teach Kids About Strangers and Safety.

"The definitive biography of Cristiano Ronaldo, named Football Book of the Year at the Cross Sports Book Awards 2016 Fully updated to include the 2017-18 season and Ronaldo's transfer to Juventus Cristiano Ronaldo is one of the greatest footballers of all time, a dream he pursued from the age of just twelve when he left his humble origins on Madeira behind. It wasn't long before he had the biggest clubs in Europe knocking on his door, but it was Manchester United who won the race for his signature. Under the tutelage of Sir Alex Ferguson, Ronaldo developed into the complete footballer and athlete, winning three league titles and a Champions League along the way. He then became the biggest galactico of them all when he transferred to Real Madrid for a record-breaking fee. Unprecedented success in the Champions League and a record-equalling five Ballons d'Or followed, before his sensational move to Juventus in the summer of 2018. Guillem Balague, respected football journalist and expert on the Spanish game, provides the definitive account of a twenty-first-century footballing icon. City-making is an art, not a formula. The skills required to re-enchant the city are far wider than the conventional ones like architecture, engineering and land-use planning. There is no simplistic, ten-point plan, but strong principles can help send good city-making on its way. The vision for 21st century cities must be to be the most imaginative cities for the world rather than in the world. This one change of word - from 'in' to 'for' - gives city-making an ethical foundation and value base. It helps cities become places of solidarity where the relations between the individual, the group, outsiders to the city and the planet are in better alignment. Following the widespread success of The Creative City, this new book, aided by international case studies, explains how to reassess urban potential so that cities can strengthen their identity and adapt to the changing global terms of trade and mass migration. It explores the deeper fault-lines, paradoxes and strategic dilemmas that make creating the 'good city' so difficult.
