*Welcome to Our Cabin Guest Book . .*

*This Welcome To Our Home guest book is a warm and welcoming way to greet your guests, allow them to record their memories, and certain to leave a lasting impression. It's the perfect addition to your beach vacation rental home, whether it's a beach house, seaside cottage, beachfront condo or coastal cabin, and an extra special special personal touch to add to any Airbnb, Homeaway, or VRBO rental guest experience. With an elegant and modern soft cover paperback design featuring gorgeous watercolor effects and whimsical starfish, coral and seashells, it's designed to impress. Not your average sign in guestbook - it features pretty, colorful pages, a warm intro to your guests on the first page and a beautiful quote about the importance of treasuring memories. Following the intro page and quote page are 50 full-color pages created in an easy-to-fill-in format, complete with thoughtful prompts including places for your guest to write in guest names, dates of stay, where they are traveling from, favorite things they did, the most interesting things they've seen, their favorite restaurant, their favorite memory from their trip, and a space for anything else they'd like to share. Our guest book series are designed by an independent designer who spent years working in design and marketing for luxury vacation rental companies, learning and studying what really delighted vacation rental guests and crafting and developing brands, imagery, products and experiences that catered to those guests. Place your sign in guestbook somewhere where guests will see it first thing - a kitchen table, coffee table, or entryway. Be sure to let them know about the book and let them know you hope they'll sign it and share some special memories. This book is sure to remain a treasured family keepsake for years to come. It's a lovely thing to reflect back on and see the joy that sharing your rental home brought to others. And your guests will enjoy flipping through it too! It's also a wonderful feedback tool both for you, and future guests. Seeing the positive feedback and collection of handwritten personal experiences from past guests is the ultimate "social proof". It can also be helpful in staving off minor inconveniences, poor experiences at specific establishments for your current guests based on what past guests have given positive or negative feedback on such as restaurants they dined at and loved, etc. Guests sometimes leave suggestions. They may note they wish your home had a specific kitchen utensil or a cooler blanket. They are often more likely to include those types of things when they are writing it down while still at your home, versus after a long trip home. That sort of feedback can be the most valuable of all. It not only gives you the opportunity to address it sooner, but you can proactively let the guest know you have, or will consider or address their suggestions. These things can be the extra little nudge some guests need to take time to leave that final online review on a listing site, while also further securing their stay in your home and you as a host, as a very positive experience.*
