**Vibrant woodcuts are paired with new poems, creating a special dialogue between image and text, each throwing light on the otherThis collaboration has found a new resonance during the current pandemic, with our heightened awareness of the power of touch. The artworks celebrate the ability of hands to make, do, and communicateThis creative collaboration between artist Naoko Matsubara and poet Penny Boxall celebrates in words and colours the beauty and variety of the human hand. The series of dynamic woodcuts at the heart of this book was initially inspired by the artist's wonder at the busy hand movements of her baby son and grew into a wider celebration of hands in all their extraordinary variety - hands engaged in music, sport, prayer, or creative acts. The woodcuts convey a sense of joy and energy, whether exploring the symbolism of gestures, playing with form and colour, or expressing a mood or emotion. Penny Boxall's new poems were specially written to accompany the woodcuts. In their clarity and playfulness, their range of mood and their deceptive simplicity, they form a remarkable creative synergy with the art works. During the coronavirus pandemic the subject of hands - and the idea of touch or its absence - has taken on a new significance. Many of the images in the series have taken on powerful new meanings: healing hands, hands finding ways to occupy hours of furlough, or hands clapping in support of those working to keep us safe. We are particularly delighted that this elegant book has been designed by Yoshiki Waterhouse, Naoko Matsubara's son, whose baby hands were the original inspiration for the series.**

Revised and expanded edition of Susan Branch's first illustrated cookbook published in 1986. 'Stand. Breathe. Look. Try to empty my mind. Somehow, for some reason, I have been brought to this place to tell this story, now. So tell it. That's all.' When Lin-Manuel Miranda's groundbreaking musical Hamilton opened in London's West End in December 2017, it was as huge a hit as it had been in its original production off- and on Broadway. Lauded by critics and audiences alike, the show would go on to win a record-equalling seven Olivier Awards - including Best Actor in a Musical for Giles Terera, for his portrayal of Aaron Burr. For Terera, though, his journey as Burr had begun more than a year earlier, with his first audition in New York, and continuing through extensive research and preparation, intense rehearsals, previews and finally opening night itself. Throughout this time he kept a journal, recording his experiences of the production and his process of creating his award-winning performance. This book, *Hamilton and Me*, is that journal. It offers an honest, intimate and thrilling look at everything involved in opening a once-in-a-generation production - the triumphs, breakthroughs and doubts, the camaraderie of the rehearsal room and the moments of quiet backstage contemplation - as well as a fascinating, in-depth exploration of now-iconic songs and moments from the musical, as seen from the inside. It is also deeply personal, as Terera reflects on experiences from his own life that he drew on to help shape his acclaimed portrayal. Illustrated with dozens of colour photographs, many of which are shared here for the first time, and featuring an exclusive Foreword by Lin-Manuel Miranda, this book is an essential read for all fans of Hamilton - offering fresh, first-hand insights into the music and characters they love and know so well - as well as for aspiring and current performers, students, and anyone who wants to discover what it really felt like to be in the room where it happened.

The Independent's 2017 Book of the Year 'If Malcolm Gladwell were to write a book about wine, the results wouldn't linger much more pleasurably on the palate than this accessible, adventurous, amusing and informative book by Bianca Bosker' - The Times Professional journalist and amateur drinker Bianca Bosker didn't know much about wine - until she discovered the world of elite sommeliers who dedicate their lives to the pursuit of flavour. Fascinated by their fervour and seemingly superhuman sensory powers, she set out to uncover what drove their obsession, and whether she, too, could become a 'cork dork.' With boundless curiosity, humour and a healthy dose of scepticism, Bosker takes the reader inside underground tasting groups, exclusive New York City restaurants, mass-market wine factories and even a neuroscientist's fMRI machine as she attempts to answer the most nagging question of all: what's the big deal about wine? Funny, counterintuitive and compulsively readable, Cork Dork does for drinking what Kitchen Confidential did for dining out, ensuring you'll never reach blindly for the second cheapest bottle on the menu again.
