Mummy's Curse/Revenge/Bogey Babysitter

The Devouring

From the New York Times bestselling author of the Alex Rider series! A teen gang leader taken for a deadly ride by a car with a mind of its own. . . . A boy haunted by a phantom cobra. . . . A reality TV show pitting teens against grown ups, with only one survivor. . . . From whose twisted mind can such gruesome stories unfold? Only Anthony Horowitz. From the internationally bestselling author of the Alex Rider missions, this collection of harrowing tales is sure to have you smiling in terrified pleasure. But whatever you do, don't turn out the lights!

Warning: Too rude for parents and for slimy toad little brothers! These are Horrid Henry's very own jokes: the jokes that grossed out Mom and Dad... that made Aunt Ruby run home... that sent Miss Battle-Axe screaming from class. Be horrid! Read Henry's jokes. Then tell them to the world!

Joe is just starting to hope that he is free of undead pets when he is visited by Fluffy, a pet rabbit who was snapped up by a hungry fox. Fluffy ' s owner lost a necklace in her back yard, and she ' s going to be in big trouble if it isn ' t found. Fluffy can ' t bear to see her owner in distress and she demands that Joe finds the necklace—now! Can Joe do what Fluffy wants, or will the undead pet be hopping around forever?

Horror films divide opinion. It wasn ' t until 1973 that a horror film (The Exorcist) was nominated for an Oscar for Best Picture and many respected critics still regard them with amused condescension. The public ' s view is also sharply divided. Some cinema goers revel in the thought of being made very, very afraid, while some just don ' t like horror films because they don ' t want to be frightened. This guide, which is for both the fan and the more faint-hearted, steers an illuminating path through a genre that has, since the early days of cinema, split off into many sub-divisions - folk horror, slasher movies, Hammer, sci-fi horror, psychological thrillers, zombie movies, among others. Times change but movie-makers can always find a way to tap into what we fear and dread, whether it ' s blood-sucking vampires or radioactive mutations, evil children or the living dead. This book also gives concise biographies of the many actors and directors who saw their careers – for better or worse – defined by their association with horror movies, and who created a genre that is instantly recognisable in all its forms and continues to find new and ingenious ways of scaring us in the dark.

A NEW YORK TIMES BESTSELLER AN NPR BEST BOOK OF THE YEAR A CHICAGO PUBLIC LIBRARY BEST BOOK OF THE YEAR "Inescapably compelling." —VICTORIA SCHWAB, #1 New York Times bestselling author of The Invisible Life of Addie Larue "A masterful and monstrous retelling." —STEPHANIE GARBER, #1 New York Times and internationally bestselling author of Caraval and Legendary A stunning and dark reimagining of Frankenstein told from the point-of-view of Elizabeth Lavenza, who is taken in by the Frankenstein family. Elizabeth Lavenza hasn’t had a proper meal in weeks. Her thin arms are covered with bruises from her "caregiver," and she is on the verge of being thrown into the streets . . . until she is brought to the home of Victor Frankenstein, an unsmiling, solitary boy who has everything—except a friend. Victor is her escape from misery. Elizabeth does everything she can to make herself indispensable—and it works. She is taken in by the Frankenstein family and rewarded with a warm bed, delicious food, and dresses of the finest silk. Soon she and Victor are inseparable. But her new life comes at a price. As the years pass, Elizabeth's survival depends on managing Victor's dangerous temper and entertaining his every whim, no matter how depraved. Behind her blue eyes and sweet smile lies the calculating heart of a girl determined to stay alive no matter the cost . . . as the world she knows is consumed by darkness. **Ebook exclusive: the full text of Mary Shelley's FRANKENSTEIN**

From the author of How We Die, the extraordinary story of the development of modern medicine, told through the lives of the physician-scientists who paved the way. How does medical science advance? Popular historians would have us believe that a few heroic individuals, possessing superhuman talents, lead an unselfish quest to better the human condition. But as renowned Yale surgeon and medical historian Sherwin B. Nuland shows in this brilliant collection of linked life portraits, the theory bears little resemblance to the truth. Through the centuries, the men and women who have shaped the world of medicine have been not only very human, but also very much the products of their own times and places. Presenting compelling studies of great medical innovators and pioneers, Doctors gives us a fascinating history of modern medicine. Ranging from the legendary Father of Medicine, Hippocrates, to Andreas Vesalius, whose Renaissance masterwork on anatomy offered invaluable new insight into the human body, to Helen Taussig, founder of pediatric cardiology and co-inventor of the original "blue baby" operation, here is a volume filled with the spirit of ideas and the thrill of discovery.
