Designed for teaching astrophysics to physics students at advanced undergraduate or beginning graduate level, this textbook also provides an overview of astrophysics for astrophysics graduate students, before they delve into more specialized volumes. Assuming background knowledge at the level of a physics major, the textbook develops astrophysics from the basics without requiring any previous study in astronomy or astrophysics. Physical concepts, mathematical derivations and observational data are combined in a balanced way to provide a unified treatment. Topics such as general relativity and plasma physics, which are not usually covered in physics courses but used extensively in astrophysics, are developed from first principles. While the emphasis is on developing the fundamentals thoroughly, recent important discoveries are highlighted at every stage. Instruction covering four exam modules: listening, reading, writing and speaking. Includes one practice test and answer key. Script of accompanying audio recording

Concepts and principles aren't simply named or described in passing, but are explained in detail. The Mometrix IELTS study guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answer explanations, and that's another area where our guide stands out. The Mometrix test prep team has provided plenty of IELTS practice test questions to prepare you for what to expect on the actual exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. Many concepts include links to online review videos where you can watch our instructors break down the topics so the material can be quickly grasped. Examples are worked step-by-step so you see exactly what to do. We've helped hundreds of thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for Mometrix Test Preparation guides, and our IELTS Book for General Training and Academic 2021 – 2022 – IELTS Secrets Study Guide is no exception. It's an excellent investment in your future. Get the IELTS review you need to be successful on your exam.

English for Psychology in Higher Education Studies The Garnet Education English for Specific Academic Purposes series won the Duke of Edinburgh English Speaking Union English Language Book Award in 2009. English for Psychology is a skills-based course designed specifically for students of psychology who are about to enter English-medium tertiary level studies. It provides carefully graded practice and progression in the key academic skills that all students need, such as listening to lectures and speaking in seminars. It also equips students with the specialist language they need to participate successfully within a psychology faculty. Extensive listening exercises come from psychology lectures, and all reading texts are taken from the same field of study. There is also a focus throughout on the key psychology vocabulary that students will need. The Teacher's Book includes: Comprehensive teaching notes on all exercises to help teachers prepare effective lessons Complete answer keys to all exercises Full transcripts of listening exercises Facsimiles of Course Book pages at the appropriate point in each unit Photocopiable resource pages and ideas for additional activities The Garnet English for Specific Academic Purposes series covers a range of academic subjects. All titles present the same skills and vocabulary points. Teachers can therefore deal with a range of ESAP courses at the same time, knowing that each subject title will focus on the same key skills and follow the same structure. Key Features Systematic approach to developing academic skills through relevant content. Focus on receptive skills (reading and listening) to activate productive skills (writing and speaking) in subject area. Eight-page units combine language and academic skills teaching. Vocabulary and academic skills bank in each unit for reference and revision. Audio CDs for further self-study or homework. Ideal coursework for EAP teachers.

"Providing a resource for students preparing for the requirements of the International English Language Testing System, this workbook and cassettes are aimed at both classroom and individual use. The authors provide full explanations of the format of each test, many useful skills, strategies for approaching the questions, and a range of practice tests for the Listening, Reading and Writing modules." – product description.

This publication is a self-study book on writing. It is designed primarily for English language students at an advanced level, i.e. the Cambridge Certificate in Advanced English, Cambridge Proficiency and those students preparing to achieve approximately between 6.0 and 7. 5 in the IELTS exam. The book has been written from a cognitive, rather than a grammatical, point of view. --pref.

Objective IELTS is a 2-level IELTS preparation course providing comprehensive training for both the Academic and General Training modules. The course is uniquely informed by the Cambridge Learner Corpus, using analysis of real IELTS candidate papers. The 2 levels of Objective IELTS can be used on their own or consecutively, so that lower-level students requiring a high band score can start preparing early. Each level offers 60-80 hours of study, which can be extended using the Workbook and CD-ROM.

New Insight Into IELTS Student's Book Pack

Complete IELTS combines the very best in contemporary classroom practice with stimulating topics aimed at young adults wanting to study at university. The Teacher's Book contains full teaching notes, answer keys and advice on exam tasks, and also provides extra photocopiable resources, including tests and activities to use in class.

This book "is a comprehensive, integrated course for students preparing to take the International English Language Testing System examination for university entrance or professional purposes. It provides essential information and advice about IELTS modules and tasks, graded exam skills development and exam practice tasks, and an invaluable end section providing supplementary language and writing practice." -- back cover.

This student text book is aimed at advanced C1 level learners. The aim of the series is to give students the chance to expand their vocabulary in different areas. Each unit deals with a common vocabulary topic: the vocabulary is taught through a variety of exercises with lots of illustrations to make them more lively and interesting.This series can be used as Time Fillers; when teachers have some extra time and they need something to do to help students revise what they have already been taught. Alternatively, it can also be used to help weak students enrich their vocabulary in various common topics. Levels B1, B2, C1 and C2 in this series have also been written for students who are planning to take the IELTS exam. They cover some of the main vocabulary points that IELTS candidates will need for the listening, reading, writing and speaking components of the exam. The vocabulary that students acquire in each of these books will help them to achieve the score they want in the IELTS exam. The 15 units in each of these books, focus on topic-specific vocabulary areas. These may be required in the IELTS exam (for example, economy, education, health, etc). Some Exercises focus on general vocabulary items which can be used in all aspects of the English language. Many of these words are relevant to specific tasks in the IELTS exam (for example, describing how something works, writing a letter or describing a house).

This popular and reliable series is aimed at all students preparing to sit their IELTS exams. It retains many of the features which make this series so popular: clear grammar explanations, themed vocabulary units to contextualise words and phrases, and a variety of exercise types to provide plenty of practice. This is the ideal accompaniment for any IELTS student or preparation class.
