

If You Don't Know Where You're Going You'll Probably End Up Somewhere Else

This updated edition of a widely successful book offers sound, practical guidance for attaining the best possible future for yourself. Written by David P. Campbell, co-creator of the popular Strong-Campbell Interest Inventory, this easy-to-read book urges you to do things you like, things that interest you, and things you can do well, emphasizing how the daily choices you make will bring you closer to your ideal future. Campbell offers a simple method for setting goals, followed by advice for prioritizing, pursuing, and ultimately realizing those goals as a means to securing the future you've hoped and planned for.

Have you ever tried to explain the rules of football to someone from another culture? Or to a friend who doesn't understand sport? Now imagine trying to explain if both teams were wearing the same colours - or everyone wore different ones. Or if they all wore blindfolds - how could you explain that? Relationships can be as baffling as playing a game blindfolded. The stakes are high: losses can be disastrous but winning can lead to a lifetime of happiness. And you can't play the game - let alone win it - if you don't know the rules. In this book, Dr Irene Alexander explores what makes relationships work, covering everything from boundaries to sex. The essence is learning how to relate openly and effectively. When you achieve this, even conflict can be constructive and relationships will take on new depth and satisfying fullness.

The Crisis, founded by W.E.B. Du Bois as the official publication of the NAACP, is a journal of civil rights, history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers. It has chronicled, informed, educated, entertained and, in many instances, set the economic, political and social agenda for our nation and its multi-ethnic citizens.

When asked what my book was about, I would almost instantly blurt out self-help; but as the book was coming to an end, I realized that the book was more than just a self-help book. This book is a product of the world and all the people in it. While writing, I knew I wanted to make people feel good about where they were in their lives and where they dream to be. And I believe I did that. This book takes the reader all over the place. African American history, peoples personal struggles, and just plain old encouragement will be discussed in this book. And I even take it a step further by sharing my personal struggles with everyone. This book should uplift all the readers, and I hope it does just that. So enjoy, and thank you for the support.

*Perfect for readers of The Secret Life of Bees and The Help, a perceptive and searing look at Apartheid-era South Africa, told through one unique family brought together by tragedy. Life under Apartheid has created a secure future for Robin Conrad, a ten-year-old white girl living with her parents in 1970s Johannesburg. In the same nation but worlds apart, Beauty Mhali, a Xhosa woman in a rural village in the Bantu homeland of the Transkei, struggles to raise her children alone after her husband's death. Both lives have been built upon the division of race, and their meeting should never have occurred...until the Soweto Uprising, in which a protest by black students ignites racial conflict, alters the fault lines on which their society is built, and shatters their worlds when Robin's parents are left dead and Beauty's daughter goes missing. After Robin is sent to live with her loving but irresponsible aunt, Beauty is hired to care for Robin while continuing the search for her daughter. In Beauty, Robin finds the security and family that she craves, and the two forge an inextinguishable bond through their deep personal losses. But Robin knows that if Beauty finds her daughter, Robin could lose her new caretaker forever, so she makes a desperate decision with devastating consequences. Her quest to make amends and find redemption is a journey of self-discovery in which she learns the harsh truths of the society that once promised her protection. Told through Beauty and Robin's alternating perspectives, the interwoven narratives create a rich and complex tapestry of the emotions and tensions at the heart of Apartheid-era South Africa. *Hum If You Don't Know the World is a beautifully rendered look at loss, racism, and the creation of family.**

When Satnam Sanghera was two years old he discovered a secret about his father that would both darken, and illuminate his life. His father had been schizophrenic for almost all his adult life and, in the early years of his marriage to Satnam's mother, had been terrifyingly violent towards his family. The discovery would set the author on a journey into his family's past: from his father's harsh life in rural Punjab, to the terrifying early years of his parents' marriage in England; from his mother's extraordinary resilience as she brought up her young family in a foreign land, without any knowledge of its language, to the author's happy memories of his own childhood - his obsessions with George Michael and how to have the perfect top knot. And, most affectingly of all, this discovery would finally force Sanghera's own secret life into the glaring light: his longing for romantic love which he had, for fear of family rejection, kept utterly hidden from his beloved mother in the Midlands.

Lois E. Scott has generated and collected pithy one-liners for the past 50 years, gems that her husband Fred refers to as LOISisms. These one-liners can cut through the froth to the heart of a topic with wisdom, common sense, and often humor. They may give comfort to a hurting person, or challenge a teenager as he or she struggles to deal with this world. With these gems, she has guided and instructed three sons and eleven grandchildren and their friends. She is now working on seven great-grandchildren. Friends and family have enjoyed and have been challenged by her kitchen bar stool ministry. Hopefully, these gems will give the reader a laugh or two, or as the Christian comedian Ken Davis would say, "lighten up and live!" If you are a believer in Jesus Christ, these gems may provide some food for thought as you live your life and raise your children. If you have not yet come to a saving relationship with the living Christ, hopefully some of these gems will challenge you to contemplate your relationship with Him, and hence your future beyond this limited time you have on this earth.

And How I Plan to Return the Favor!

"This is me. I am what I am and I'm not going to fix myself." "Follow your heart." How can someone can be so beautiful, be well-off, have pain in their heart, yet bear it and survive? This story, of a young lady, tells us a lot about the foretelling of traditional myths, covering humanity in a name of blame games and about the practices of an education system as culture. In a conformist society, Pankhuri, is a young, audacious, from an orthodox family. She is a student who plots illustration and imaginary tales with illustrations. She has been suffering from survival of Hassel's depression and anxiety for the past eight years and maybe, there are more many days to come. This is when she crosses a conflux welded road of a boy named Reraan, a successful man, a good leader but has a heart of stone. How badly a bipolarity of religious affairs dragged their wishes behind where it matters. An innocent transformation from a bellicose prisoned girl to a young woman leader with multiple failures and downfalls. Will she treat her career and love equally? How did her unstable functioning establish her well in life? What lessons doeshe get from her failure and fear? This is not only at love story but realities we come across in daily life. We shall be the witness of this rugged and beautiful bond and unwrapped mystery behind the two worlds.

Through Elin's experiences and words of hard-earned wisdom, readers may findpractical strategies for overcoming any adversity. (Christian)

Ever since the beginning of the world, man has contained within him an insatiable desire to be the captain of his own ship and master of his own fate. It's a natural flaw in man in our fallen state. It really becomes problematic when pride prevents one from looking outside their selves for help or for the correct answers in life. It's not that God has abandoned us with no direction or answers, it is simply the failure to launch in oneself a humbling posture to allow us to receive that which God has given to us freely "his wisdom." "If any of you lacks wisdom, let him ask God, who gives generously to all without reproach, and it will be given him" (Jas 1:5, ESV). After years of history on display, man makes the same mistake every day. He understands what faith is and knows how to apply it but fails to seek out wisdom to point him in the right direction to place his faith. Where you place your faith determines the directions your path of life will be. Will you travel the long, hard, pothole-ridden dusty road, or the well"paved, smooth, and straight road that sojourners decided to take before you to success. Why not follow them and make it easier on yourself? The book is my commentary of examples from my life where it seemed I always did it the hard way. Taking the wrong road because I trusted my feelings instead of the trust GPS (men never stop to ask for directions). I wrote this book from my failures and my search for truth to help others reach for wisdom in decision-making processes. Of course, everyone still has that great gift from God of freedom of choice to make decisions in what they think is right. In the end, it may lead to the lemonade stand. (Proverbs 14:12)

If You Light My Way

It started out to be what I would identify as a normal day. After work I was running an errand. I was in a parking lot when the car in front of me started to back up, so I extended my arm on the steering wheel to beep. I was hit anyway. There wasn't any damage, and I felt fine, so I didn't think it was necessary to exchange names, but luckily I remembered his license plate. Thirty to forty-five minutes later, my shoulder started to ache. Ten days later, my arm and hand were nonfunctional. It started out as a sprain, and it developed into reflex sympathetic dystrophy (RSD), which is currently known as complex regional pain syndrome (CRPS). Unfortunately, when my insurance company contacted the man who had backed into me, he denied it. Nearly two years later, thirty-two hours before the statute of limitation was up, there was a twist of fate: I was blindsided with a phone call. And this is when I hired my attorney, Elliott Pelegrin. It's my hope after reading, If You Get Me Out of This One....readers will realize one needs determination not only to recover from RSD/CRPS, but any conflict. I was in for the fight of my life, I made it through because I did exactly what my doctors, therapists, and attorney told me to do. It took a lot of time, work, patience, and mostly determination. I gave it my best shot. Several times I've heard Robin Roberts from Good Morning America say, "Make your mess your message." It took me twenty-nine years before I could openly discuss my mess.

"Hilarious from start to finish." --Affaire du Coeur Includes irresistible recipes!

Can she light up his life when hers goes dark? Oriana Sanders shouldn't be drawn to Nicanor Pessoa. The handsome, brooding tango dancer couldn't ever be interested in an elementary school teacher. He reminds her of her inner-city students—troubled but full of potential, if only she can point him to the joy of the Lord. Nicanor has known many beautiful women, but none with the vibrant zest for life that emanates from Oriana. She attracts him like a moth to a flame, making him want to forget the secrets and guilt that have burdened him for years. But how can he forget, when the worst secret of all is the one Oriana won't be able to forgive? Their growing feelings for each other seem unstoppable until they face a darkness that threatens to tear them apart. Can God help them forgive the unforgivable and bring them through the shadows into the light? (A note to readers: If You Light My Way was previously published as This Shadow.) Equal Shares tells a fascinating story—the history of a group of dynamic tapestry workers who changed the economic life of their community. The authors examine a key community-based cooperative in Botswana that was launched in the early 1970s, and is hailed as a model for development and social change. With little formal education, virtually no job experience, still working their own agricultural lands, and many as single mothers, the co-op workers have maintained their business for over twenty-five years. Equal Shares is written in different voices, and tells the story of the defining moments in the lives of the Oodi Weavers. As the workers weave their village stories into the tapestries, the book weaves a story that depicts their evolving collective experience. It's a model of community action. Inspiring reading for all those fighting to take control of their economic lives.

Louisiana Coffeewith lots of cream is Dr. Betty Reynolds fifth book to be published. Not surprisingly, this book is not about coffee, nor is it about cream. Instead, it is a delightful medley of intriguing tales covering four generations of a New Orleans Creole family. Since Creole usually denotes a mixing of bloods, the color of their skin can be as varied as the color of ones coffee ranging from dark, dark, chocolate to the lightest of rich cream. This fictional memoir appropriately starts a hundred years ago in New Orleans home of the family matriarch, Bertha Mayberry. Bertha's story is a mysterious one that she preferred to be kept locked among other family secrets. She was particularly sensitive about having to reveal her mistreatment of being trapped in a bordello when she first arrived in New Orleans as a young girl. Her romantic rescue ended in tragedy, but she did transcend in the end and married a popular Black jazz musician named William Sweetwater Lewis. Together they gained respectability by working hard and providing their five daughters with a good education, a passion for music, and a young life filled with parties and gala events in a city that was known for them. Bertha's children as well as her children's children follow their own paths in choosing where and how they will live out their lives. Their accounts of triumphs and mishaps take you on a fascinating journey to experience the mysteries of black magic in the Louisiana swamps, a numbers racket in Detroit and the casinos in Las Vegas when the mob was in control. Some leave the safety of their ancestral home on Bourbon Street to carve out new lives in other far-away places such as the Jersey Shores, Philadelphia, or New York. Whatever their destination, each member of the Lewis clan brings to the saga an interesting storyline that shares his/her unique motivations, desires and actions that sometimes lead to less than favorable consequences. Louisiana Coffees meant to inform, rather than to alarm. It is a tell-all fiction that might open some eyes as what goes on in a different world on the other side of the cultural divide.
