From the coauthor of the Trollhunters series, a sci-fi mystery comic about a teenage reporter tracking a conspiracy and trying to clear her father's name . . . Meet fourteen-year-old Sophie Cooper—redheaded Cuban-American, high school freshman, and daughter of a loving father currently under house arrest for embezzlement and money laundering. While her mother struggles to support the family, and her bratty younger brother, Kit, sits around tinkering with his “inventions,” Sophie has only one goal: clearing her father's name. When an internship opens up at the local news station, Sophie seizes the chance to do a little investigating of her own. Unfortunately, WMIA 7 isn't exactly CNN. In between logging Betacam tapes and fetching coffee for the station's washed-up reporting team, Sophie sifts through the “broken stories”: crank-calls and dead-end tips reporting everything from UFOs to alligator-men. However, one name keeps popping up: Matheson Savings and Trust, the bank that accused Sophie's father of money laundering. Sounds like a conspiracy to this cub reporter! Determined to follow her lead, Sophie sets out to investigate the

Cadi Tregaron is the 16-year-old daughter of a Cornish fisherman who is happy with her life but troubled by a recurring dream--of a great house standing in water and of the faceless man who waits for her there. When Cadi is cruelly orphaned she is taken into a wealthy family but she is too self-reliant to be spoiled by this change in fortune, and perhaps too self-reliant for her own good. In her new life at Meadhaven she finds mystery, danger, and a hidden enemy. She must uncover this enemy. Is it the wayward Richard Morton, the gray-eyed stranger who is always watching? Or Lucian Farrel, whose face now haunts her dreams? When Cadi finds that the house standing in water of her dream is a reality she discovers that she is bound to it by ancestry. As she comes to know heartbreak and grief, Cadi must learn the terrifying truth about her past to reveal the hidden enemy who threatens her life.

Kids love origami—and what could be cooler than transforming a piece of paper into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies. Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars. Like The Joy of Origami and Origami on the Go, this book puts an original spin on an ancient art. And like Star Wars® Scanimation® and Star Wars® Fandex®, it's a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website StarWarsOrigami.com, and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces origami definitions and basic folds. Bound in the back is the book's unique folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential lightsabers, the Death Star, and much more—true to the movies. Star Wars Origami includes a

Make Your Own U-Wing

After the Clone Wars, the Galactic Empire spared no expense to build a massive fleet of warships to enforce Imperial rule, intimidate defenseless worlds, and destroy all opposition. However, the Imperial Navy underestimated Rebel Alliance fighter pilots, who flew X-wing, Y-wing, A-wing, U-wing and B-wing starfighters, and whatever else they could obtain to fight their Imperial enemies. Decades later, Resistance pilots would fly next-generation versions of Rebel starfighters against the First Order. The Rebel Starfighters Owners' Workshop Manual presents a thorough history of the starfighters that served the Rebel Alliance and the Resistance. The history includes design origins, production, and modifications for each Rebel starfighter, and is fully illustrated with numerous photographs, schematics, exploded diagrams, and computer-generated artwork by Star Wars vehicle experts Chris Reiff and Chris Trevas.
