FACT: If it doesn't open, it's not your door. In 1816, having stolen a lovesick warlock's last two hellhounds, Grace Elizabeth Adair, a healing witch, has been lying low in Callington for months, half fearing, half hoping their passionate master will show up to claim his hounds and perhaps notice her. The day he arrives, not only does she catch his eye, but also that of his fiendish dark fae mother. Devlin Chase Dewer is bent on retrieving his hellhounds from a thieving witch so he can complete a mission to rid the Tower of London of an infestation of underworld creatures. If he succeeds, he will gain the approval of the Warlock Council, and be in a better position to wreck his revenge on the Coven Protectress who broke his heart and the Church Guard she chose over him. All his plans for reprisal wash away, however, when he is unexpectedly drawn to the enchanting light-fingered witch. Still, Dewer knows this new ill-thought longing is unlikely to lead anywhere. If witches and warlocks constantly warring with each other wasn't enough to spoil any chance at his and Grace's relationship lasting longer than a one night encounter, his witch-hating mother has shown up, intent on putting a spoke in his romantic inclinations. Come join USA Today bestselling author Shereen Vedam as she brings her epic Cauldron Effect series to an unforgettable close as a Regency witch and warlock break with tradition to pry open a Wyhcan door that has been shut for

I wanted to taste freedom. In a world where women are seen as a commodity to barter, Alaska promised a sanctuary. But to stay, I have to enter the wife lottery. Six men, one wife. And I have no say in who those men will be. It's more than a game of chance—it's my life falling into the hands of strangers. But the men who win my hand are ruggedly handsome and promise to protect me until death do us part. Fallon and his strong will. Giles and his protective streak. Salinger and his easy smile. Banks and his intellect. Emerson and his faith. Huxley and his charm. I want them all, each for a different reason. My body is awake, my heart beats wild. But I'm also a woman running from a past that's catching up. Fast. My father is coming for me and he'll make my husbands pay--and that's not a gamble. That's a guarantee. *The Wife Lottery is book one of a six book series. Passion and suspense fill the pages of this dystopian romance. The world as we know it may be over, but Tia and her six men of Alaska aren't giving up without a fight.

How did Canadian border officers come to think of themselves as a "police of the border"? This book tells the story of the shift to law enforcement in Canadian border control. From the 1990s onward, it traces the transformation of a customs organization into a border-policing agency. *Border Frictions* investigates how considerable political efforts and state resources have made bordering a matter of security and trade facilitation best managed with surveillance technologies. Based on interviews with border officers,

ethnographic work carried out in the vicinity of land border ports of entry and policy analysis, this book illuminates features seldom reviewed by critical border scholars. These include the fraught circulation of data, the role of unions in shaping the border policy agenda, the significance of professional socialization in the making of distinct generations of security workers and evidence of the masculinization of bordering. In a time when surveillance technologies track the mobilities of goods and people and push their control beyond and inside geopolitical borderlines, Côté-Boucher unpacks how we came to accept the idea that it is vital to deploy coercive bordering tactics at the land border. Written in a clear and engaging style, this book will appeal to students and scholars in criminology, sociology, social theory, politics, and geography and appeal to those interested in learning about the everyday reality of policing the border.

The ascension of King James of Scotland to the throne of England has united two age-old enemies. The king is determined to stamp out the clan feuds that have led to centuries of murder and mayhem. When his father is executed for assassinating the laird of another Lowland clan, Broderick Maxwell is unexpectedly thrust into leadership of his clan. He strives to resurrect his clan's reputation at a time when change is sweeping over Scotland. He must also take responsibility for raising his 11-year-old sister. Kyla MacKeegan is the daughter of a powerful Highland chieftain, and an accomplished sea captain who has plied the waters of the Hebridean Sea since childhood.

Anatoly Efros (1925-1987), one of the most admired and original directors of post-war Russia, directed at the Central Children's Theatre, Malaya Bronnaya Theatre, Lenkom Theatre, Moscow Art Theatre, and Taganka Theatre, and elsewhere including the Guthrie Theatre in Minneapolis and the Toen Theatre in Tokyo. He taught directing at the State Institute for Theatre Training and wrote several influential books. His productions received numerous awards for creative excellence. In *The Joy of Rehearsal*, his best-known work, Efros illuminates the dynamics of the director's creative work. He discusses the process of considering future plays, rehearsing them, and evaluating the results. Devoted to the principles of Konstantin Stanislavsky and Michael Chekhov, and inspired by the ideas of Bertolt Brecht, Efros also considers the practice of rehearsals and other features central to professional creative work. His productions of Shakespeare, Moliere, Chekhov and other classics were major events for those who looked to the theatre for social significance as well as aesthetic experience. Theatre students and professionals will benefit from the insights gained as Efros writes about his unique vision for the modern theatre.

During his reign, King Charles I (1600-1649) assembled one of Europe's most extraordinary art collections. Indeed, by the time of his death, it contained some 2,000 paintings and sculptures. *Charles I: King and Collector* explores the origins of the collection, the way it was assembled and what it came to represent. Authoritative essays provide a revealing historical context for the formation of the King's taste. They analyse key areas of the collection, such as the Italian Renaissance, and how the paintings that Charles collected influenced the contemporary artists he commissioned.

Following Charles's execution, his collection was sold. This book, which accompanies the exhibition, reunites its most important works in sumptuous detail. Featuring paintings by such masters as Van Dyck, Rubens and Raphael, this striking publication offers a unique insight into this fabled collection. **AUTHORS:** Desmond Shawe-Taylor is Surveyor of the Queen's Pictures. Food is a central component of life in correctional institutions and plays a critical role in the physical and mental health of incarcerated people and the construction of prisoners identities and relationships. An understanding of the role of food in correctional settings and effective management of food systems may improve outcomes for incarcerated people and help correctional administrators to maximize the health and safety of individuals in these institutions. This report summarizes existing research about food systems in correctional settings and provides examples of food programmes in prison and remand facilities including a case study of food-related innovation in the Danish correctional system. Specific conclusions are offered for policy-makers administrators of correctional institutions and prison food services professionals and ideas for future research are proposed.

Life among the living is complicated, too, by a gruff professor who can ' t take his eyes off Ainsley, and an enticing new job offer for Joachim. What starts as an adventurous trip abroad turns into mayhem, murder, and...a magical moose? And everyone—well, perhaps not the moose—is a suspect in the death of the ghostly young man who brings them together to expose secrets, loves lost, and a crime that will shock them all. Washington was rarely isolated from the world during his eventful life. His diary for 1751-52 relates a voyage to Barbados when he was nineteen. The next two accounts concern the early phases of the French and Indian War, in which Washington commanded a Virginia regiment. By the 1760s when Washington's diaries resume, he considered himself retired from public life, but George III was on the British throne and in the American colonies the process of unrest was beginning that would ultimately place Washington in command

of a revolutionary army. Even as he traveled to Philadelphia in 1787 to chair the Constitutional Convention, however, and later as president, Washington's first love remained his plantation, Mount Vernon. In his diary, he religiously recorded the changing methods of farming he employed there and the pleasures of riding and hunting. Rich in material from this private sphere, *The Diaries of George Washington* offer historians and anyone interested in Washington a closer view of the first president in this bicentennial year of his death.

First published in 1988, this encyclopedia serves as an overview and point of entry to the complex interdisciplinary field of Victorian studies. The signed articles, which cover persons, events, institutions, topics, groups and artefacts in Great Britain between 1837 and 1901, have been written by authorities in the field and contain bibliographies to provide guidelines for further research. The work is intended for undergraduates and the general reader, and also as a starting point for graduates who wish to explore new fields.

As a young man, Sir Gabriel Winters left behind his status as a gentleman, turning his back on his secret desires and taking a self-imposed vow of celibacy. Now he's a chaste, hardworking vicar, and his reputation is beyond reproach. But, try as he might, he's never forgotten the man he once desired or the pain of being abandoned by his first love. Tibetan Buddhism teaches compassion toward all beings, a category that explicitly includes animals. Slaughtering animals is morally problematic at best and, at worst, completely incompatible with a religious lifestyle. Yet historically most Tibetans--both monastic and lay--have made meat a regular part of their diet. In this study of the place of vegetarianism within Tibetan religiosity, Geoffrey Barstow explores the tension between Buddhist ethics and Tibetan cultural norms to offer a novel perspective on the spiritual and social dimensions of meat eating. Food of Sinful Demons shows the centrality of vegetarianism to the cultural history of Tibet through specific ways in which nonreligious norms and ideals shaped religious beliefs and

*practices. Barstow offers a detailed analysis of the debates over meat eating and vegetarianism, from the first references to such a diet in the tenth century through the Chinese invasion in the 1950s. He discusses elements of Tibetan Buddhist thought--including monastic vows, the Buddhist call to compassion, and tantric antinomianism--that see meat eating as morally problematic. He then looks beyond religious attitudes to examine the cultural, economic, and environmental factors that oppose the Buddhist critique of meat, including Tibetan concepts of medicine and health, food scarcity, the display of wealth, and idealized male gender roles. Barstow argues that the issue of meat eating was influenced by a complex interplay of factors, with religious perspectives largely supporting vegetarianism while practical concerns and secular ideals pulled in the other direction. He concludes by addressing the surge in vegetarianism in contemporary Tibet in light of evolving notions of Tibetan identity and resistance against the central Chinese state. The first book to discuss this complex issue, *Food of Sinful Demons* is essential reading for scholars interested in Tibetan religion, history, and culture as well as global food history.*

Ugliness or unsightliness is much more than a quality or property of an individual's appearance—it has long functioned as a social category that demarcates access to social, cultural, and political spaces and capital. The editors of and authors in this collection harness intersectional and interdisciplinary approaches in order to examine ugliness as a political category that is deployed to uphold established notions of worth and entitlement. On the Politics of

Ugliness identifies and challenges the harmful effects that labels and feelings of ugliness have on individuals and the socio-political order. It explores ugliness in relation to the intersectional processes of racialization, colonization and settler colonialism, gender-making, ableism, heteronormativity, and fatphobia. On the Politics of Ugliness asks that we fight against visual injustice and imagine new ways of seeing.

In the contemporary fascination with images of crime, violence gets under our skin and keeps us enthralled. The Scene of Violence explores the spectator's encounter with the cinematic scene of violence - rape and revenge, homicide and serial killing, torture and terrorism. Providing a detailed reading of both classical and contemporary films - for example, Kill Bill, Blue Velvet, Reservoir Dogs, The Matrix, Psycho, The Accused, Elephant, Seven, Thelma & Louise, United 93, Zodiac, and No Country for Old Men - Alison Young returns the affective processes of the cinematic image to the study of law, crime and violence. Engaging with legal theory, cultural criminology and film studies, the book unfolds both our attachment to the authority of law and our identification with the illicit. Its original contribution is to bring together the cultural fascination of crime with a nuanced account of what it means to watch cinema. The Scene of Violence shows how the spectator is bound by the laws of film to the judgment of the crime-image.

Like battles, some redemption cannot be won... In early 1746, Alasdair Macintyre is headed home after the rout at Culloden on Drummoissie Moor, in sight of Inverness. The battle has been lost and scar on his face that makes him so ferocious-looking that even children run from him in terror. He learns his father has betrothed him to a local lass—a nearly blind woman—in exchange for a sizeable dowry and a chunk of land. The woman brings with her a companion that hates him immediately. He has no interest in having a chain around his neck, not even in the form of a woman he once knew as a girl—a gangly, twig of a girl. But Beiris is no longer the girl Alasdair Macintyre remembers. She's blossomed into a stunning woman, though one that is terrified of the scarred Highlander she's betrothed to.

Since its original publication in 2000, this text has been intended for students studying HRM for the first time. Its major features are its comprehensive and wide-ranging nature which deals with all major aspects of HRM in a down to earth and practical way, alongside the necessary theoretical underpinning. The key strength is its accessibility to students new to the subject area where it combines a clear explanation with numerous relevant and interesting cases and comments. The range and nature of HRM is fully illustrated by a combination of real life and fictional case studies which heighten awareness of key issues involved in HRM today. This

new edition will continue to be appropriate for undergraduate courses, especially first and second year students studying an HRM degree but also for post-graduate courses where many students are new to the field of HRM. It continues to be divided into 12 chapters to provide one topic a week on a modular course, but it may be extended into two semesters. It has been revised to place a greater emphasis on the role of human resources in improving organisational and employee performance. These revisions include the greater use of technology in resourcing and development areas, the change of emphasis from 'recruitment/selection' to 'talent management' and the use of social networking developments as an aid to HR management. Recent legal developments will also be covered including those relating to age discrimination and the regulation of agency workers. It will be supported by a supplement for tutors and additional web-based cases and other materials for tutors and students.

King and Collector

Originally published in 1928, and written by journalist Daniel Venegas, Las aventuras de Don Chipote is an unknown classic of American literature, dealing with the phenomenon that has made this nation great: immigration. It is the bittersweet tale of a greenhorn who

Download File PDF Kilty Pleasures (Clash Of The Tartans Book 3)

abandons his plot of land (and a shack full of children) in Mexico to come to the United States and sweep the gold up from the streets. Together with his faithful companions, a tramp named Policarpo and a dog called Skinenbones. Don Chipote (whose name means "bump on the head") stumbles from one misadventure to another. Along the way, we learn what the Southwest was like during the 1920s: how Mexican laborers were treated like beasts of burden, and how they became targets for every shyster and lowlife looking to make a quick buck. The author, himself a former immigrant laborer, spins his tale using the Chicano vernacular of the time. Full of folklore and local color, Don Chipote is a must-read for scholars, students, and all who would become acquainted with the historical and economic roots, as well as with the humor, of the Southwestern Hispanic community. Ethriam Cash Brammer, a young poet and scholar, provides a faithful English translation, while Dr. Nicolás Kanellos offers an accessible, well-documented introduction to this important novel in 1984. scholarship, and charts future directions for this field. Since their development over twenty-five years ago, queer scholarship and politics have been hotly contested fields, equally embraced and dismissed. Amid calls for criminology and criminal justice institutions to respond more effectively to the injustices faced by LGBTIQ people, criminologists have recently developed a Queer Criminology and turned to queer scholarship in the process. Through a sweeping analysis of critical criminologies, as well as issues as varied as shame and utopian thought, Matthew Ball points to the many opportunities for criminology to engage further with the more politically disruptive strands of queer scholarship. His analysis highlights that criminology and queer theory are 'dangerous bedfellows', and that navigating the tension between them is central to confronting the social and criminal injustices experienced by LGBTIQ communities. This book will be of particular interest for scholars of criminology, criminal justice, LGBTIQ studies, gender studies and critical theory.

Multicultural aspects of psychology have received some attention in the literature in the last decade. A number of texts currently address these significant concerns, for example, *Counseling the Culturally Different* (Sue & Sue, 2008); *Handbook of Multicultural Counseling* (Potterotto et al., 2009); and *Handbook of Multicultural Counseling*

Download File PDF Kilty Pleasures (Clash Of The Tartans Book 3)

Competencies (Pope-Davis & Coleman, 2005). In their most recent editions, several of these books address more nuanced complexities of diversity, for example, the intersections of gender or social class with race-ethnicity. Meanwhile, other texts have addressed gender issues in psychology (Handbook of Counseling Women, Counseling Men), with some attention paid to racial-ethnic and other diversity concerns. Clearly the progression of scholarship in this field reflects the importance of incorporating multiple aspects of diversity within psychology. However, no book currently exists that fully addresses the complexities of race-ethnicity and gender together. Better understanding of the dual impact of race-ethnicity and gender on psychological functioning may lead to more effective conceptualizations of a number of mental health issues, such as domestic violence, addictions, health-related behaviors and achievement. Exploring the impact of race-ethnicity and gender also may provide a broader understanding of self-in-community, as this affects individuals, families and other social groups and work and career development. Topics of interest may include identity development, worldviews and belief systems, parenting styles, interventions for promoting resilience and persistence and strategies for enhancing more accurate diagnostic and treatment modalities. Today's world is comprised of multiple and intersecting communities that remain in need

Download File PDF Kilty Pleasures (Clash Of The Tartans Book 3)

of psychological models and interventions that support and promote both individual and collective mental health. We believe that utilizing unidimensional conceptual models (e.g. focusing solely on race-ethnicity or gender) no longer adequately addresses psychological concerns that are dynamic, complex and multi-faceted. The proposed Handbook will focus on timely topics which historically have been under-addressed for a number of diverse populations.

A brand new sizzling standalone contemporary romance by New York Times, Wall Street Journal, and USA Today bestselling author Katy Evans. It was supposed to just be a quick trip to Manhattan. My best friend was heartbroken. She needed support, and I needed inspiration. I hoped to love the city.

Bustling. Crazy. Inspiring New York. But I ended up at the airport, heading home in the same condition that I arrived. In a rut. Add to all that, missing my flight and losing my laptop—the laptop, where the Best Love Story Ever sat on my hard drive. Enter Noah Steele. Eerily familiar. Movie star. Heartthrob. Sultry romeo with bedroom eyes. (But we're not going there.) He missed his flight too. Noah is so smoldering, lip-bitingly hot, he's not taken seriously as an actor, and is struggling to launch his career in New York. He's only ever had superficial girlfriends, so he's having trouble showing true passion in his acting—the same challenge I'm having with this book. When we met, we didn't know
