

London: Pocket Sized Edition (An Infographic Guide To)

Fr. Robert Griffin, C.S.C. (1925–1999), was a beloved member of the Notre Dame community. With his cocker spaniel, Darby O’Gill, he was instantly recognizable on campus. He was well known for his priestly work counseling students as university chaplain for thirty years, his summer ministry to the homeless and parishioners in New York City, and his weekly columns in the student newspaper, The Observer, in which he invited the campus community to reflect with him on the challenges and joys of being Catholic in a time of enormous social and religious change. This collection draws together essays that Griffin wrote for Notre Dame Magazine between 1972 and 1994. In them, he considers many of the challenges that beset church and campus, such as the laicization of priests, premarital sex, the erosion of institutional authority, intolerance toward gay people, and failure of fidelity to the teachings of the church. Griffin also ruminates on the distress that human beings experience in the ordinariness of their lives—the difficulty of communication in families, grief over the loss of family and friends, the agonies of isolation, and the need for forgiveness. Griffin’s shrewd insights still ring true for people today. His efforts to temper the winds of institutional rules, cultural change, and personal suffering reveal a mind keenly attuned to the need for understanding human limitations and to the presence of grace in times of change. Griffin quotes from the works of literary modernists, such as Fitzgerald and Hemingway, whose novels and short stories he loved; in these allusions and in his own reflections and experiences, Griffin bridges the spiritual and the secular and offers hope for reconciliation and comfort. This first-ever guide to focus solely on London street art proves that the city’s graffiti culture is clearly thriving. Shot in a riot of color by press photographer Alex MacNaughton, London Street Art presents a broad spectrum of writers and graffiti artists from crews all over London, including Hoxton, Shoreditch, Camden, and Hackney. Providing a lasting record of the best writers on the London scene, it captures pieces that last only a matter of hours or days before they are removed. From vast free masterpieces on walls, quirky stencils on doorways and pavements, to subtle stickers, tags and signatures, London Street Art is as hilarious as it is political, and showcases some of the most current, exciting and fresh urban art forms in the world. Hoxton Mini Press have made a name for themselves as a publisher that celebrates the creative and colourful character of east London. This is the third edition of their unashamedly biased, deeply opinionated (and very popular) guide to the area. With 20 new suggestions of where to eat, sleep, shop and drink this pocket-sized companion is the ultimate guide to the ever-changing face of east London, filled with beautiful photography, pithy reviews, a perfect weekend itinerary and a neighbourhood map showing where all of the places are located. It’s a must for east London locals and first-time visitors alike.

Although the British government declared its neutrality during the American Civil War, London nevertheless became an important center of Confederate overseas operations. This work examines the extensive Confederate activities in London during the war, including diplomacy, propaganda, purchasing for the Army and Navy, spying, Cotton Loan, and various business associations; reflections of the Civil War in British art and literature; and the extent of British support for the South. Appendices cover London firms with Confederate links, pro-Confederate publications, Confederate music published in London, the Southern lobby in Parliament, the Southern Independence Association, and the British Jackson Monumental Fund. The work also includes a chronology of events and a gazetteer of Confederate sites in London.

Two expert writers, Sujata Burman and Rosa Bertoli, have joined forces with architectural photographer Taran Wilkhu to create an unashamedly confident guide to the must-see buildings in London, spanning all the architectural styles: from Art Deco to postmodern, brutalist to futuristic. Over 50 buildings are included alongside four maps with guided city walks.

In A View from Abroad Nicolás Bas recreates, using a bibliographical approach, the manner in which Spain was regarded in Europe in the Eighteenth century, by consulting booksellers' catalogues, private book collections and key auctions in Paris and London.

With its debut in 1986, this definitive guide was hailed as a revolutionary new concept--taking visitors step by step through one of Europe's most fascinating and charming cities. Now fully revised and updated in its third edition, London Step by Step--in a handy, pocket-sized format--features more than 21 itineraries covering over 600 locations throughout London. Includes 28 large-scale maps.

Richard Tames describes how London has been chronicled, described, celebrated, named, and mapped over the twenty centuries of its existence to become a city treasured even by those who have never set foot in it as a byword for innovation and diversity. This book has been written for those who, knowing London, know that it is too vast, too complex, too elusive ever to be fully known but yet would like to know it better still.

Brimming with gorgeous photos and witty text, this elegant book celebrates London's most renowned and historic pubs. For centuries the pub has been an essential part of London's cultural and social fabric. This beautifully illustrated book takes readers through the doors of 25 historically and architecturally significant London pubs. Through photographs specially commissioned for this project, readers can explore these institutions--from snob screens to 400-hundred-year-old flagstone floors. Engaging texts highlight what makes each pub so special; their place in London's history, the personalities who have frequented them, the events that occurred inside, and the ways pubs have contributed phrases such as "on the wagon" and "one for the road" to the modern lexicon. This book reveals why The Lamb and Flag in Covent Garden earned the nickname the "Bucket of Blood", and features a pub that Charles Dickens described as a "great rambling queer old place". Furthermore, the book muses over the chances that Casanova paid a visit to The Dog and Duck in Soho, and uncovers the location of Charles De Gaulle's favorite wartime watering hole. These and other amusing anecdotal histories make this fascinating and luxuriously illustrated book a must-have for anyone with a love for the good old London pub.

This book is the dramatic, inspiring story of a remarkable man, born in Germany, who achieved greatness and fame in the United States, but who, like many other distinguished persons, undeservedly faded from history. Torn from a happy childhood, and desperate to leave Germany, he finally arrived here, speaking no English, with \$4.76 in his pocket. He found love and success. Before he died, he authored 28 books and nearly 1200 published articles. This book tells of his struggles and how he reached his goals, and was a pioneer in calling attention to new public health issues: calling attention to the deadliness of asbestos (1918) linking cancer and smoking (1915) proving that silicosis was a real disease that was killing thousands of American workers (1922) presenting preventive methods for malaria control (1917) predicting from his thousands of air miles in the 1920s that airplanes would replace trains for long-distance passenger travel, and also the danger that airplanes would become major war machines founding the American Cancer Society (1913) helping found the American Lung Association (1904)
