

## Mangy Mummies, Menacing Pharaohs And Awful Afterlife: A Moth Eaten History Of The Extraordinary Egyptians (Awfully Ancient)

Deadly magic and malice threaten Merle and Serafin in this breathtaking sequel to The Water Mirror. Merle -- carrying the mysterious Flowing Queen within her -- and Vermithrax, the winged stone lion, are flying into Hell. They are looking for help in freeing Venice from the invading Egyptian pharaoh and his mummy warriors. But some truly nightmarish surprises await them as they travel to the center of Hell and encounter its sinister ruler -- Lord Light. Serafin remains in Venice, where the gorgeous sphinx Lalapeya recruits him into a plot to assassinate the pharaoh. But does Lalapeya really believe a small group of boys can outwit the cunning sphinx commanders and kill the most powerful man on earth? Betrayal lurks in unexpected places, and startling revelations occur as Merle and Serafin learn that evil takes many shapes in the astonishing world of Dark Reflections.

Stories of the Creation, saints, and sinners tell of Adam, Abraham, Noah, Moses, and other revered figures; anecdotes describe tribes, people, languages, and sites such as the Jaffa Gate at Jerusalem. Still others illustrate social ideas, superstitions, plant and animal lore, and magical cures. Filled with wit, wisdom, and humor.

From feast days of gods and goddesses to victory celebrations, the ancient Egyptians looked for any excuse to throw a party. However, the largest social group included slaves, laborers, and peasants who worked really hard and likely didn't get to enjoy these occasions as much as the pharaoh or his family. Fun facts about how mummies were created, the ins and outs of the Egyptians gods and goddesses, and more engage readers in an important historical period. A colorful layout, complete with comical illustrations, complements the main content's lighthearted tone and entertaining take on ancient Egypt.

Humour in the Contemporary Egyptian Novel

The Book of Spices

Dictionary of the British English Spelling System

Douglas Brooke Wheelton Sladen was an English author. He studied at Trinity College, Oxford, and went to Australia (1879), where he became the first professor of history in the University of Sydney. Subsequently he traveled much and settled in London as a writer. Poems by Margaret Thomas were included in a work in the 1880s. Sladen takes up his pen to describe the humours of Egyptian society, Egyptian servants, and, above all, the humours and delights of travel in Upper Egypt. He gives glimpses of all the everyday life of the Englishman in Egypt, from doing business (with Egyptians) to donkey-riding. He also devotes several chapters to the eccentricities of the Egyptian Court. The incidents in them were the actual experiences of a very high official and his wife, given to him for publication. Not less interesting to some people than the humours of Egyptian high-life, Egyptian patriotism and Egyptian morality will be the advice on curio-buying in Egypt when you have not much money to spend. The book is not entirely taken up with anecdotes and absurdities. Like Queer Things about Japan and Queer Things about Persia, it devotes half its pages to the monuments, the romance, the mystery, and the poetry of the Orient. The fascination of Egypt is extraordinary; its monuments are matchless.

A child's perfect dictionary Thousands of fascinating entries, definitions, photographs and pictures make this dictionary essential reference for readers, writers and curious minds of all ages. Organised like a traditional dictionary from A to Z, clear descriptions and examples explain and illustrate everything from Astronaut to Zoo. Perfect for building your child's understanding of language and improving their spelling and grammar. Packed with special full-page features on major subjects and developed in close consultation with experts in children's language teaching, this is the ultimate reference tool for your child.

The Greek Magical Papyri in Translation, Including the Demotic Spells

Lily has grown up believing she accidentally killed her mother when she was four. She not only has her own memory of holding the gun, but her father's account of the event. Now fourteen, she yearns for her mother, and for forgiveness. Living on a peach farm in South Carolina with her father, she has only one friend: Rosaleen, a black servant whose sharp exterior hides a tender heart. South Carolina in the sixties is a place where segregation is still considered a cause worth fighting for. When racial tension explodes one summer afternoon, and Rosaleen is arrested and beaten, Lily is compelled to act. Fugitives from justice and from Lily's harsh and unyielding father, they follow a trail left by the woman who died ten years before. Finding sanctuary in the home of three beekeeping sisters, Lily starts a journey as much about her understanding of the world, as about the mystery surrounding her mother.

The scenes of this story are laid in Egypt -- Abu-Tabah, the inscrutable Egyptian, who appears and disappears so mysteriously, is not so blood-curdling a villain as Fu Manchu, but his exploits possess the same breathless interest that characterized the activities of the yellow doctor. In the latter half of the book, notably in the story, "The Valley of the Sorceress," there is an element new in Rohmer's work -- that of the supernatural...

The Story of the Amulet (1906) is a children ' s fantasy novel by English writer Edith Nesbit. The final book in Nesbit ' s beloved Pammead Trilogy—which also includes Five Children and It (1902) and The Phoenix and the Carpet (1904)—The Story of the Amulet is a tale of time travel, adventure, and the power of imagination. Described by American critic Gore Vidal as " a story of considerable beauty, " The Story of the Amulet follows a group of children who use the powers of an Egyptian artifact to travel through time in order to bring their family back together. Siblings Robert, Anthea, Cyril, and Jane live in central London with an old Nurse named Mrs. Green and her boarder, an Egyptologist named Jimmy. Their father, a war correspondent, has traveled to Manchuria for work, while their mother has taken their youngest brother to the Madeira islands off the coast of Portugal in order to recover from an illness. One day, the children go to the markets near the British Museum, where strange and rare objects are sold daily. There, they find their old friend " It " , the sand fairy known as the Pammead, who has been captured and is up for sale as an exotic monkey. The children free It, who advises them to purchase a magical Egyptian amulet with the power of time travel. Hoping to use the amulet to reunite their family, the children journey across time to such places as Babylon, Egypt, Tyre, and ancient England in search of the missing piece that will allow them to fulfill their wish. With a beautifully designed cover and professionally typeset manuscript, this edition of Edith Nesbit ' s The Story of the Amulet is a classic of English children ' s literature reimagined for modern readers.

**Animals, Museum Culture and Children's Literature in Nineteenth-Century Britain: Curious Beasties** explores the relationship between the zoological and palaeontological specimens brought back from around the world in the long nineteenth century—be they alive, stuffed or fossilised—and the development of children's literature at this time. Children's literature emerged as dizzying numbers of new species flooded into Britain with scientific expeditions, from giraffes and hippopotami to kangaroos, wombats, platypuses or sloths. As the book argues, late Georgian, Victorian and Edwardian children's writers took part in the urge for mass education and presented the world and its curious creatures to children, often borrowing from their museum culture and its objects to map out that world. This original exploration illuminates how children's literature dealt with the new ordering of the world, offering a unique viewpoint on the construction of science in the long nineteenth century.

**If you're craving a classic adventure novel from times gone by, King of the Khyber Rifles will definitely do the trick. Set in India around the time of the outbreak of World War I, the tale outlines the tensions between the restless and defiant natives of India and the British forces, which have been weakened by the demands of fighting against the Germans. Can secret agent Alhelstan King quell the simmering conflict before it's too late?**

**The many wives of Henry VIII are a well-known scandal of the Tudor family, which ruled England from 1485 to 1603. However, there were rebels, riots, and so many other fascinating events during the great family's reign to learn about! Readers find out all about life during Tudor England, toilets throughout history, death in ancient Egypt and more in these volumes. The main content addresses major historical eras in an engaging and amusing way. Readers won't be able to forget these gross, surprising facts, such as the reason ancient Egyptians liked to eat garlic and radishes, it kept them regular! Cartoons accompany the main content, adding both humor and commentary on the time period Full-color illustrations highlight particularly fun or important content Supplemental sidebars and interesting fact boxes give readers even more historical context and detail**

The ultimate book of names! With over 100,000 names, name generators, and more, this sourcebook is a must-have for any game designer or writer. A veritable host of nationalities and cultures are covered from Indian, Korean, and Mongol to Aztec and Mayan. From Medieval English to Spanish, from the fantastic to the mundane, from Italian, Jewish, Polynesian, and more, this extraordinary collection covers it all. Furthermore, a whole chapter is dedicated to place names and another to epithets. For the d20 enthusiast, a new core class, the Onomancer, comes to life with new rules on the magic of names and the naming conventions used by your world's powerful magi.

First published in 1895-96 as a serial in the Warsaw Illustrated Weekly, Pharaoh is one of the classic novels of Polish literature. It sets a timeless political drama in ancient Egypt during the fictional reign of Ramses XIII. Representing extensive historical research, this engrossing novel presents a panoramic and unforgettable view of Egyptian statecraft, industry, and social life. This new translation by Christopher Kasparek supersedes an earlier incomplete English version published in 1912.

An international bestseller which has sold over a million copies in the UK, Dreams From My Father is a refreshing, revealing portrait of a young man asking big questions about identity and belonging. The son of a Black African father and a white American mother, Barack Obama recounts an emotional odyssey, retracing the migration of his mother's family from Kansas to Hawai'i, then to his childhood home in Indonesia. Finally he travels to Kenya, where he confronts the bitter truth of his father's life and at last reconciles his divided inheritance. Written nearly fifteen years before becoming president, Dreams from My Father is an unforgettable read. It illuminates not only Obama's journey, but also our universal desire to understand our history and what makes us who we are.

From feast days of gods and goddesses to victory celebrations, the ancient Egyptians looked for any excuse to throw a party. However, the largest social group included slaves, laborers, and peasants who worked really hard and likely didnt get to enjoy these occasions as much as the pharaoh or his family. **Walden describes a two-year period that Thoreau spent living alone next to a remote pond. He built his own cabin and lived as self-sufficiently as possible, aided only occasionally by his family. The work is a rumination on self-reliance, the majesty of nature and the duty of the individual to express one's singularity. It his best known work and is still very widely read today.**

**This book will tell all you need to know about British English spelling. It's a reference work intended for anyone interested in the English language, especially those who teach it, whatever the age or mother tongue of their students. It will be particularly useful to those wishing to produce well-designed materials for teaching initial literacy via phonics, for teaching English as a foreign or second language, and for teacher training. English spelling is notoriously complicated and difficult to learn; it is correctly described as much less regular and predictable than any other alphabetic orthography. However, there is more regularity in the English spelling system than is generally appreciated. This book provides, for the first time, a thorough account of the whole complex system. It does so by describing how phonemes relate to graphemes and vice versa. It enables searches for particular words, so that one can easily find, not the meanings or pronunciations of words, but the other words with which those with unusual phoneme-grapheme/grapheme-phoneme correspondences keep company. Other unique features of this book include teacher-friendly lists of correspondences and various regularities not described by previous authorities, for example the strong tendency for the letter-name vowel phonemes (the names of the letters ) to be spelt with those single letters in non-final syllables.**

**Calli Guerrero-Waite faces a wrenching moral dilemma. Caught in a painful marriage, she sees a new life opening up for her when she has an affair with Jake Sanchez. Ready to divorce her anthropologist husband, circumstances abruptly alter. Conscience calls her one way, love another. The way that Calli and Jake confront the pull of conscience, the dictates of Calli?s powerful husband, the scorn of family and friends, and a concern for her two sons forms the crux of Darwin?s Law.**

"Historical Miniatures" by August Strindberg (translated by Claud Field). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten – or yet undiscovered gems – of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

Egyptians are known among the Arabs as awlī d al-nukta, Sons of the Jokes, for their ability to laugh in face of adversity. This creative weapon has been directed against socio-political targets both in times of oppression and popular upheaval, such as the 2011 Tahrir Revolution. This book looks at the literary expression of Egyptian humour in the novels of Mu ammad Mustaj b, Khayr Shalab , and amd Ab Julayyil, three writers who revive the comic tradition to innovate the language of contemporary fiction. Their modern tricksters, wise fools, and antiheroes play with the stereotypical traits attached to the ordinary Egyptians, while laughing at the universal contradictions of life. This ability to combine local and global culture, literary traditions and popular references, makes them a stimulating read in an intercultural perspective. Combining humour studies and literary criticism, this book examines language play and narrative creativity to understand which strategies craft Egyptian literary humour. In doing so, it sheds light on the contribution of humour to literary innovations of Egyptian fiction since the late Seventies, while adding new writers to those who are considered the masters of humour in the Arab world.
