Roald Dahl's much-loved Matilda, now with Quentin Blake's original illustrations in full colour. Matilda Wormwood's father thinks she's a little scab. Matilda's mother spends all afternoon playing bingo. And Matilda's headmistress Miss Trunchbull? Well, she's the worst of all. She is a big bully, who thinks all her pupils are rotten and locks them in the dreaded Chokey. As for Matilda, she's an extraordinary little girl with a magical mind – and now she's had enough. So all these grown-ups had better watch out, because Matilda is going to teach them a lesson they'll never forget. Matilda is also a phenomenally successful, award-winning London stage musical, adapted for the stage by Dennis Kelly with music by Tim Minchin. 'A true genius . . . Roald Dahl is my hero' – David Walliams Look out for new Roald Dahl apps in the App store and Google Play- including the disgusting TWIT OR MISS! inspired by the revolting Twits.

This Beginner Book starring P.J. Funnybunny is a bunny-rific tale of discovery Meet P. J. Funnybunny in this humorous and touching Beginner Book by Marilyn Sadler and Roger Bollen. It's Not Easy Being a Bunny tells the "tail" of P.J. and his quest to become something other than what he is. Is it more fun to be a bear, a bird, or a pig? Read along as P.J. tries to determine who he is--and where he belongs. Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning. "Sick of being a bunny, P. J. Funnybunny takes off to become a bear. Hibernation gets dull, so he tries being a bird. And so it goes, with beavers, pigs, possums, and skunks--till P. J. realizes that bunnyhood is for him. The short, repeating text is ideal for beginners and the bright, humorous cartoons will get immediate attention." --School Library Journal.

Tools and Techniques to Escape the Rat Race Quickly

Let's face it: Adulting is hard, especially when it comes to money management. In Money Honey, former financial advisor Rachel Richards achieves the impossible by bringing humor and sass to the dreaded subject of personal finance. An avid investor and business owner, Rachel talks straight about how to attain financial freedom. You'll find no shortage of valuable nuggets in this tough-love guide that will teach you how to: -Double your income and halve your expenses -Consolidate your student loans and lower your interest rate -Open a brokerage account and make a trade so that you can start investing in the stock market -Allocate your money between debt payoff, short-term savings, and retirement -...and lots more! Most importantly, you'll learn Rachel's 7 Simple Steps for getting your financial \$hit together. If you're ready to whip your finances into shape and have fun while doing so, this book is for you.

The book is divided into four chapters, and each chapter serves a different purpose. Deals with a different pain. Heals a different heartache. Milk and Honey takes readers through a journey of the most bitter moments in life and finds sweetness in them because there is sweetness everywhere if you are just willing to look.

Honey Bunny Funnybunny likes to save her money, but also enjoys spending some on herself and being generous with her friends.

The debut cookbook from the Saveur blog award-winning Internet expert on making eating cheap dependably delicious As a college grad during the recent great recession, Beth Moncel found herself, like so many others, broke. Unwilling to sacrifice eating healthy and well—and armed with a degree in nutritional science—Beth began tracking her costs with obsessive precision, and soon cut her grocery bill in half. Eager to share her tips and recipes, she launched her blog, Budget Bytes. Soon the blog received millions of readers clamoring for more. Beth's eagerly awaited cookbook proves cutting back on cost does not mean cutting back on taste. Budget Bytes has more than 100 simple, healthy, and delicious recipes, including Greek Steak Tacos, Coconut Chicken Curry, Chorizo Sweet Potato Enchilada, and Teriyaki Salmon with Sriracha Mayonnaise, to name a few. It also contains expert principles for saving in the kitchen—including how to combine inexpensive ingredients with expensive to ensure that you can still have that steak you're craving, and information to help anyone get acquainted with his or her kitchen and get maximum use out of the freezer. Whether you're urban or rural, vegan or paleo, Budget Bytes is guaranteed to delight both the palate and the pocketbook.

A large percentage of us will only ever achieve financial independence when we reach state pension (or social security) age and retire. Unfortunately, the age at which that occurs is now being gradually increased as life expectancies improve and public finances worsen. Some of us will be more fortunate than that. We'll use our employer's pension and maybe the tax benefit of ISA's to retire a few years early. Unfortunately, the benefits of employer pensions are also being gradually eroded as defined benefit pensions go the way of the dodo and defined contribution schemes become the standard. To make matters worse globalisation and other factors are preventing earnings from increasing at any meaningful level. Combined this means our financial independence dates must get closer and closer to state pension (or social security) age which is getting later and later in our lifetimes. Depressingly some of us will also never make financial independence as we'll die while still working and others will make it because ill health will force us onto a life of benefits. Back in 2007 I decided that none of those routes were very attractive and went a different way. A way that I have seen very few travel. I built and executed on a plan that changed the way I thought about work, how I lived and how I invested which enabled me to build a seven figure pound sum in less than 9 years enabling me to be early financially independent in my early 40's. This book shares the tools and techniques behind that plan and then goes on to share how I physically applied them. It covers both psychological and quantitative elements. It covers saving, investing and how to recognise when you have enough wealth amassed to mutter those liberating words 'I'm now financially independent'.

Financial education is now a necessary skill for survival. Why empowerment and education? Because education without action fails! So, now what? Your parents likely didn't face this issue, and you weren't taught personal finance in school. Where are you supposed to learn how money works? More importantly, how to make money work for you? On the verge of receiving your first paycheck or laying out your financial plan, you need to know what to do, what not to do, and where your money is supposed to go. Jedidiah Collins faced the same dilemma when he was handed his first paycheck as an NFL player. The idea of planning for his long-term financial security was the last thing on his mind. In *Your Money Vehicle*, Jedidiah unwraps the complicated language of money into short, digestible stories that give you the clarity it took him years to find. You'll walk through ten questions designed to start you on your financial journey and receive guidance on how to get started with cash management, taxes, investments, and more as you create your personal plan. You'll walk away with the skills to make money work for you and help others do the same!

A gorgeous clothbound edition of Jean Rhys's great masterpiece of desire and madness in the Caribbean, published for the novel's fiftieth anniversary. Born into the oppressive, colonialist society of 1930s Jamaica, white Creole heiress Antoinette Cosway meets a young Englishman who is drawn to her innocent beauty and sensuality. After their marriage, however, disturbing rumours begin to circulate which poison her husband against her. Caught between his demands and her own precarious sense of belonging, Antoinette is inexorably driven towards madness, and her husband into the arms of another novel's heroine. This classic study of betrayal, a seminal work of postcolonial literature, is Jean Rhys's brief, beautiful masterpiece. This anniversary edition includes a new appendix featuring letters, photographs and manuscript pages from the novel's first publication in 1966. 'She took one of the works of genius of the nineteenth century and turned it inside-out to create one of the works of genius of the twentieth century' Michele Roberts, *The Times*

Born out of the popular blog Kale & Caramel, this sumptuously photographed and beautifully written cookbook presents eighty recipes for delicious vegan

and vegetarian dishes featuring herbs and flowers, as well as luxurious do-it-yourself beauty products. Plant-whisperer, writer, and photographer Lily Diamond believes that herbs and flowers have the power to nourish inside and out. "Lily's deep connection to nature is beautifully woven throughout this personal collection of recipes," says award-winning vegetarian chef Amy Chaplin. Each chapter celebrates an aromatic herb or flower, including basil, cilantro, fennel, mint, oregano, rosemary, sage, thyme, lavender, jasmine, rose, and orange blossom. Mollie Katzen, author of the beloved Moosewood Cookbook, calls the book "a gift, articulated through a poetic voice, original and bold." The recipes tell a coming-of-age story through Lily's kinship with plants, from a sun-drenched Maui childhood to healing from heartbreak and her mother's death. With bright flavors, gorgeous scents, evocative stories, and more than one hundred photographs, Kale & Caramel creates a lush garden of experience open to harvest year round.

Show Me The Money, Honey: the truth about Big Pharma's war on salt, chocolate, cholesterol & the natural health products that could save your life. Salt. Sugar. Fats. We spend trillions on health globally, but what haven't you been told? Just how bad are our diets, and just how good are the natural products we reach for? A compelling investigation into 'bad' foods and natural supplements. Discover what the science really says... Show Me The Money, Honey is the sequel to Wishart's international bestseller Vitamin D, praised by doctors and researchers for its thoroughness. Now, Wishart asks whether our low-fat, low-salt, low-cholesterol health policy is actually killing us, as new studies challenge 50 years of conventional medical wisdom. This book affects everyone alive and breathing. Once you read it, your life may change forever.

"Lavishly illustrated with over 300 colour illustrations, photographs and diagrams, this book is an up to date guide to the biology of the honeybee. It is an introduction for students, beekeepers and others"--Publisher's website.

Takemoto's journey across Japan continues, and though he's sleeping in empty lots and subsisting on convenience store food, he seems to be getting closer to understanding what made him ride away from school and his friends. But with his money running out and his bike on its last legs, will he have to give up his quest before he finds what he's looking for? -- VIZ Media

Whether you accept it or not - 'Dowry' has become a curse in our country and the time has come to fight it, using the very same 'mentality' of dowry seekers. The worst part about dowry is that it has been strategically linked to 'Pride'. On one hand you have the groom's father boasting about the dowry amount received, (basking in the pride of his son's ability of attracting such an amount) and on the other hand, you have the girls father, who pays that 'Dowry' with pride, believing it is his way of expressing his love for his daughter. Dowry today, has moved to a fairly advanced stage and is being conducted in many different & creative ways. The groom is treated like a 'Product', with the attributes and features that satisfies the needs and wants of the 'Consumer' - namely the bride's family. Both parties decide to form a relation, either as a 'Merger' or an 'Acquisition' - based on their abilities to do either. All parents are (unknowingly) following typical market strategies that a Product company uses to promote their wares in the market which includes amongst other things, listing its attributes and features in a bid to attract prospective buyers who conduct an Evaluation before finally making a Purchase.

*The stakes are higher. The witches are deadlier. And the romance is red-hot. The eagerly anticipated sequel to the New York Times and Indiebound bestseller *Serpent & Dove* is perfect for fans of Sarah J. Maas and is an instant New York Times bestseller! Lou, Reid, Coco, and Ansel are on the run from coven, kingdom, and church—fugitives with nowhere to hide. To survive, they need allies. Strong ones. But as Lou becomes increasingly desperate to save those she loves, she turns to a darker side of magic that may cost Reid the one thing he can't bear to lose. Bound to her always, his vows were clear: where Lou goes, he will go; and where she stays, he will stay. Until death do they part. Don't miss *Gods & Monsters*, the spellbinding conclusion of this epic trilogy, coming July 2021!*

*"Passive Income From Broke to 7 Figures in 12 Months" is an aggressive 2020 step by step guide on how to create multiple Passive Income Streams from scratch (starting with no money), with the goal of reaching Financial Freedom and of becoming a wealthy person. In this book, the secrets of how the richest men in the world have created their fortune, starting from nothing, from personal money management and from the creation of the first sources of earning, until the use of it as financial leverage to create other (passive) income streams, are unveiled. It is an established fact that, almost all millionaires and billionaires in the world have at least 4 to 7 sources of income, of which most, if not all, are passive. The following topics have been discussed inside the book: * Personal Money Management Tips * Personal money management tools * Best personal money management * Free personal money management * Passive Income * Passive Income for Life * Passive Income Real Estate * Passive Income Dropshipping * Passive Income Blogging * Passive Income Books and Audiobooks Self Publishing * Digital Passive Income * Passive Income Investing * Financial Freedom * Abc's of financial freedom * How to gain financial freedom * Financial freedom tips * Financial freedom foundation * Financial*

freedom wealth management * Financial Freedom with Real Estate * Total Financial Freedom About the author: Fab Bale is an investor, serial entrepreneur and business consultant. Having started from \$0, Fab used the pattern he has detailed in this book to become a highly successful businessman, founding companies across several industries including Hospitality, Real Estate, the Food Industry and Information Technology.

In this boxed set, we'll be tackling the familiar challenges of personal finance management... but in an unfamiliar way. INCLUDED IN THIS COLLECTION: BOOK 1: Rethinking Budgeting - How to Escape the Poverty Mindset and Create a Lifestyle That Works for You BOOK 2: The Minimalist Budget - A Practical Guide On How To Save Money, Spend Less And Live More With A Minimalist Lifestyle BOOK 3: Dollars & No Sense - Why Are You Spending Your Money Like An Idiot? DESCRIPTION: In this boxed set, we'll be tackling the familiar challenges of personal finance management... but in an unfamiliar way. If your main money problem is simply "I don't have enough of it!", you may be surprised at the approach these books will take. Here, you will NOT find the same old tips and tricks on how to save money by re-using teabags or buying rice in bulk. Instead, we'll get to the very heart of what money actually means, how we spend it and why, and what you can do to start using what you have right now to create a lifestyle that has meaning for you. "Budget" - it's a meager little word, one that all too often comes after "tight". Maybe you think of this word as an adjective, something to describe a cheap and substandard car or hotel. "Budget" brings to mind rationing... a kind of money diet. If you're like many people, budgeting is something you do with a kind of deflated spirit. Budgeting means bargain bin quality and the sad sense that what you want is going to be just out of reach. With these books, we'll try to go a little deeper. We'll consider the root causes of careless spending, as well as the three biggest but largely invisible money myths we all believe in to some extent. We'll then consider ways to start creating a budget that works for you and your goals, rather than against it. So much budget and personal finance advice out there is about solving problems using the same thinking that created them. These books will try a different approach to budgeting altogether. And it starts with a fact that many personal finance guides out there avoid like the plague. My hope with these books is that they'll give you a starting point to begin to reconsider your relationship to money and, by extension, your relationship to yourself and the world you live in. My hope is that you'll find something that inspires you to think differently and make different choices, ones that will leave you feeling more in control and more fulfilled than ever before. We each only have one life - here's to spending it wisely! WHAT ARE READERS SAYING? "This is definitely not just another cut-and-save type of book. While it does deliver a wealth of very solid advice on how to make drastic changes in your spending habits and provide great advice on how to save money in a variety of areas, it gave me so much more food for thought that I could ever have anticipated. This book ties all of the above into our own personal psychology and our attitudes about money, possessions and the role they play in our lives. The next time someone asks for advice on this topic, I will definitely recommend this collection." "This incredible guide is packed with information on how to revamp your lifestyle. The author breaks down multiple budgeting strategies and end with a step-by-step actionable plan. Plenty of food for thought, excellent strategies offered and nicely organized." "This is the type of book everyone should read. It takes on a gargantuan task: asking you to re-evaluate money as it pertains to your life personally, culturally, and literally." You're going to earn plenty of money over your lifetime. Are you going to waste it on stupid crap that doesn't make you happy, or let it buy your freedom and your most audacious dreams? We never get an instruction manual about how money works. Most of what we learn about money comes from advertising or from other people who know as little as we do. No wonder we make such basic mistakes. No wonder we feel disempowered and scared. No wonder so many of us just decide to stick our heads in the damn sand and never deal with it. In Manage Your Money Like a F*cking Grown Up, Sam Beckbessinger tells it to you straight: how to take control of your money to take control of your life. In this clear and engaging basic guide to

managing your finances, you will learn: - How to trick your dumb brain into saving more, without giving up fun - How to make a bona fide grown-up budget - Why you need to forget what you've learned about credit - How to negotiate a raise - Why buying a house (probably) won't make you rich - The one super-simple investment you need With helpful exercises, informative illustrations (also: kittens) and straightforward advice, this book doesn't shy away from the psychology of money, and is empowering, humorous and helpful. The book you wish you'd had at 25, but is never too late to read.

Jill Winger, creator of the award-winning blog The Prairie Homestead, introduces her debut The Prairie Homestead Cookbook, including 100+ delicious, wholesome recipes made with fresh ingredients to bring the flavors and spirit of homestead cooking to any kitchen table. With a foreword by bestselling author Joel Salatin The Pioneer Woman Cooks meets 100 Days of Real Food, on the Wyoming prairie. While Jill produces much of her own food on her Wyoming ranch, you don't have to grow all—or even any—of your own food to cook and eat like a homesteader. Jill teaches people how to make delicious traditional American comfort food recipes with whole ingredients and shows that you don't have to use obscure items to enjoy this lifestyle. And as a busy mother of three, Jill knows how to make recipes easy and delicious for all ages. "Jill takes you on an insightful and delicious journey of becoming a homesteader. This book is packed with so much easy to follow, practical, hands-on information about steps you can take towards integrating homesteading into your life. It is packed full of exciting and mouth-watering recipes and heartwarming stories of her unique adventure into homesteading. These recipes are ones I know I will be using regularly in my kitchen." - Eve Kilcher These 109 recipes include her family's favorites, with maple-glazed pork chops, butternut Alfredo pasta, and browned butter skillet corn. Jill also shares 17 bonus recipes for homemade sauces, salt rubs, sour cream, and the like—staples that many people are surprised to learn you can make yourself. Beyond these recipes, The Prairie Homestead Cookbook shares the tools and tips Jill has learned from life on the homestead, like how to churn your own butter, feed a family on a budget, and experience all the fulfilling satisfaction of a DIY lifestyle.

Your guide to achieving personal financial success from the beginning! \$1 from every book sold goes directly to benefitting a children's education charity. CONGRATULATIONS! Please take a moment to pause and celebrate yourself. You are taking a massive leap forward in your life and, after you finish this book, you will have all the tools you need to make outstanding financial decisions every single day for the rest of your life! This book is for you if: You feel like you could have a better understanding of how to manage your money that's congruent with your goals. You're like the average kid in America and you never learned how to manage your money. You're a parent who wants to help educate your kids, so that they can excel in every area of their lives, including their finances. You're a recent college graduate and you want to get started on the right track financially. You're graduating high school and want to know how to build a solid financial foundation. You're working on getting your financial house in order. You want to learn more about finances and integrate healthier financial habits into your life. I run into so many people these days that are just confused about everything going on with their finances. Many of these people happen to be close friends and family, and I'm determined to help. Let's all be honest here: Between bankers, planners, brokers, attorneys, accountant, and 17 other professionals you could easily spend more money than you probably have in your bank just trying to find the right advice. We don't learn personal finance in school and the world just serves to confuse us more the longer we spend in it. The other unspoken thing is that everyone thinks their method, or their plan, is the best way or the only way. The truth about finance is that there's a lot of "gray" area. There are multiple solutions to one problem. There are multiple pathways to every outcome. I'm here to clear everything up. My personal mission is to help young professionals take control of their financial lives by creating a "pay yourself first" system, avoiding unnecessary costs, asking better questions, and becoming empowered through knowledge. In my head, by reading this book, you will learn so much about all aspects of personal finance, that you will become a resource among your group of friends for all things finance, regardless of what you do for a living. It's a lofty goal.

Want to invest in real estate but don't have the time? Outsource your investments with passive syndications! Even if you don't have time to be in the trenches, you can still add real estate to your investment portfolio. Syndication deals provide an avenue to invest in real estate without tenants, toilets, or trash--and this comprehensive guide will teach you to invest in private offerings the right way. Syndications are to real estate like mutual funds are to stocks: A typical deal involves multiple investors passively financing a fund, while a manager is responsible for picking the real estate and managing the portfolio. Author Brian Burke, a syndications insider with decades of experience with forming and managing syndication funds, will show you how to evaluate sponsors, opportunities, and offerings so you can pick the right sponsors and achieve the highest odds of a favorable outcome. Inside, you'll learn: How to find real estate syndication investment sponsors--and how to evaluate them to find the best possible opportunities The practical skills you need to understand income, cash flow projections, and investor waterfalls Red flags to look for and tricks that syndication sponsors can play How various debt options affect risk and return The biggest and most common underwriting mistakes that sponsors make The important difference between identified asset syndications and blind pool funds Typical sponsor fees and profit splits The tax implications of syndication investments and how to implement a proper reporting strategy How to measure alignment of interest, judge performance projections, and more!

With so many crazy and extreme diets on the market, it's hard to know what to eat and how to maintain a healthy regime. We have lost our way when it comes to diet and succumb to extreme measures that promise short term rewards. In spite of our extreme attempts to get in shape, we are still unsatisfied with how we look. The Harley Plan puts an end to these extreme behaviours that are making us fat and tells you exactly how to achieve your best physique in just 15 days. Get ready to press the proverbial 'reset' button on your metabolism and exercise regime and prepare to revise your entire outlook on health. The Plan is comprised of three phases, each lasting five days. Weight loss begins on day one of 'Phase I' and in all three phases, you will eat five times daily - thus igniting your metabolism to run more efficiently. Furthermore, the plan will show you how to make simple, healthy meals that can be prepared in less than five minutes. Finally, you'll learn just how easy it is to exercise an optimal amount, so as not to trigger your appetite. It is so simple and you'll be able to maintain this program for the rest of your life. In just 15 days, you will lose weight with ease and can expect to lose 5 inches in just 5 days.

Ken Honda—Japan’s #1 bestselling personal development guru—teaches you how to achieve peace of mind when it comes to money with this instant national bestseller. Too often, money is a source of fear, stress, and anger, often breaking apart relationships and even ruining lives. We like to think money is just a number or a piece of paper, but it is so much more than that. Money has the ability to smile, it changes when it is given with a certain feeling, and the energy with which it imbues us impacts not only ourselves, but others as well. Although Ken Honda is often called a “money guru,” his real job over the past decade has been to help others discover the tools they already possess to heal their own lives and relationships with money. Learn how to treat money as a welcome guest, allowing it to come and go with respect and without resentment; understand and improve your money EQ; unpack the myth of scarcity; and embrace the process of giving money, not just receiving it. This book isn’t to fix you, because as Ken Honda says, you’re already okay!
