

Mother Of Chaos (Princess Dracula Book 3)

Mina's Child imagines a second generation springing from the "heroes" in Bram Stoker's *Dracula*. In 1921, Mina and Jonathan Harker's daughter, Abree, a student at King's College, London, starts to question the extraordinary adventures her parents claim to have experienced in England and the Carpathians. Middle-aged Jonathan Harker is haunted by nightmares that Abree assumes to be about her brother, Quincey, killed in the Great War. As the Harkers follow the thread of their unease back to its source, they are haunted by memories of Lucy Westenra, fiancée to Arthur Holmwood, and the manner of Lucy's death. Having lost her brother, Quincey, in the Great War, Abree refuses to believe in a clear dividing line between good and evil. Abree suspects her parents' tales of glory hide a profound sense of guilt, particularly about the unexplained death of their friend, Lucy Westenra. The Harkers' maid, Jenny, it transpires, has reasons of her own to worry about the chaos in her employer's household. She is carrying Jonathan's child, but Harker plans to evade all such responsibilities. Jenny, suddenly unleashed as a destructive force against the household, decides to make the Harkers face their hypocrisy.

A neat chaos, an illusion where the main puppets are these seven billion people who populate the Earth, secretly guided by a small society named the Circle. This is Claire Baudin's world. The Baudins are one of the thirteen families that create the Circle, having a word to say in the way that the economy, politics or any development on the globe works or ever did. The Circle has always existed, like an image of God himself in the world; nobody knows how it started, not even Claire; everything is uncertain, covered in mystery. And just like the Circle, the Baudins have given generations after generations of men and women who have commanded over time the start of all the wars, the crisis, the historical periods. Everything was and still is their creation and they have obeyed the Circle's rule. Until now. Claire is an independent, twenty one year old girl who has just spread her wings and detached herself from her family, taking her sister with her and moving to the mansion bought for her by her grandfather. She, unlike all her whole family, is not ready to embrace the rules of her society. The way the world has been ruled without anyone knowing or approving it, the secrecy, the hunger which was placed in some parts of the globe, while others have been fed with gold, everything is repulsive for her; but most of all, she hates the idea of being forced to marry someone from her group just so that the legacy could continue its destiny only inside the Circle. She hates the thought of creating a marriage based on interests and not on true love, a frequent thing among all the thirteen families. She is almost sure she is going to be an abstinent, this is the only possibility she sees so she can get a part of the freedom she mostly desires. Until she meets Antoine. He is a normal boy, hired by the Circle, who has the ambition of becoming a great doctor in attempt to find a cure for his ill mother. She hasn't noticed him until one day when she decides to be nice to him for the secret purpose of defying the Circle just a little bit more. But what will happen when he will intrude on her life and affect

her judgment?

But her assassination attempt is thwarted, and Adrian threatens that if Isolde tries to kill him again, he will raise her as the undead. Faced with the possibility of becoming the thing she hates most, Isolde seeks other ways to defy him and survive the brutal vampire court. Except it isn't the court she fears most—it's Adrian. Despite their undeniable chemistry, she wonders why the king—fierce, savage, merciless—chose her as consort. The answer will shatter her world.

Among the abundant Alfred Hitchcock literature, Hitchcock's Motifs has found a fresh angle. Starting from recurring objects, settings, character-types and events, Michael Walker tracks some forty motifs, themes and clusters across the whole of Hitchcock's oeuvre, including not only all his 52 extant feature films but also representative episodes from his TV series. Connections and deeper inflections that Hitchcock fans may have long sensed or suspected can now be seen for what they are: an intricately spun web of cross-references which gives this unique artist's work the depth, consistency and resonance that justifies Hitchcock's place as probably the best known film director ever. The title, the first book-length study of the subject, can be used as a mini-encyclopaedia of Hitchcock's motifs, but the individual entries also give full attention to the wider social contexts, hidden sources and the sometimes unconscious meanings present in the work and solidly linking it to its time and place.
