

My First Devotional (My First Study Bible)

31 full-page, full-color Scripture images complement the short devotions that fill this unique "coffee table" devotional. In its pages, you'll discover that peace can transcend circumstances. "Everyday Praise" explores the practice and blessings of praise through meditations consisting of biblical insights; the author's personal testimonies and observations; probing questions and applications; and heart-felt prayers of praise. The vibrant images pull you into each encouraging word. Reminder phrases accent the point of each message. Each entry in "Everyday Praise" reads quickly but probes deeply, as a catalyst to spiritual growth. Too often we believe we have to endure life. Yet in Christ Jesus, we can find joy and peace even in the midst of difficult circumstances. But that's only possible when our focus shifts from those circumstances to the One who promises to be our strength ... our hope. That's where praise comes in. We all face struggles. Hard times will come. When it does is, we often wonder, "How can I praise God in the middle of this mess?" It's a question I've asked. Maybe you have too. Because praising God comes easy during life's grand moments. Yet, in the difficult ones, glorifying Him can just as easily be forgotten. However, that's precisely the time we need to worship! God deserves praise. God commands praise. Christians need to praise! Reflecting on God's unchanging nature offers a reminder of His faithfulness when storms hit. Singing hymns of truth provides an oasis when you find yourself in the desert. Remembering the promises of God brings daily challenges into perspective. Begin to gain greater peace as you practice praising God with this unique gift book. Two additional sections in "Everyday Praise" will further immerse you into this idea of praise. The first pulls out each reminder phrase for ease of memorization. While the second lists 31 additional Bible verses to incorporate into your daily praise habit. Move a little further along the path of peace and contentment as you open the pages of "Everyday Praise," and begin exploring and cultivating the habit of daily praise. (A download link to a free companion journal is also provided in the book.)

Dear Widowed Friend, As I have traveled this path, retracing my first year's journey without Bobby, it has been quite painful, as you can probably guess. However, it has been worth traveling this road again if somehow this devotional and my widowhood experience in this first year has helped you. It is with a humble heart, that I ask God to take this devotional and use it to minister to the new widow as well as to the seasoned widow. God is beginning to restore joy in my life. Having found my new purpose in life and reaffirming the Lordship of Jesus-reaffirming my love for Him above all else-this has made for the beginning of major healing in my heart. Will the time ever come when there will be no pain for us? I don't know, because I'm still on this journey with you. At this point, there are many things that I do not know, but I do know the One who does, and his name is Jesus Christ! I pray that if you don't know this Jesus-my Savior and friend-that you would come to know Him today! Remember that I care that you hurt and I'm praying for you! Peggy Latchem Widowed 01-17-04

Transparency is vital to the building and strengthening of every relationship and every ministry. It allows people to see you as approachable and to feel safer when talking to you. Transparency is the gateway to trust, and trustworthiness is an important quality which people seek in a good, moral leader. They want to know: Is this person trustworthy? Is this person honest? How do I know I can trust to this person without fear of condemnation? It is with this in mind that Rohini Townsend approaches writing, friendships, ministry, and life itself. Her desire to see people healed and whole has led to a candor and openness that is sure to tug at the heartstrings of the despondent. Put Some Shoes On is an emotional and gripping story of one little girl's journey through heartache, rejection, abuse, and turmoil. Chronicling her path from scared child to broken, rebellious teen to powerful, anointed woman of God, the author shares the most intimate moments of her life with refreshing transparency and soul stirring honesty. It is not only a story of past hurts, it is a story of learning, growing, and seeking a deeper relationship with God -- the steps and sacrifices that are required for that level of depth and connection to the Father. Raw, poignant, and insightful, Put Some Shoes On was written to heal. It was written with your salvation in mind. This is a story of overcoming and, while on that journey, discovering who you are, and more importantly, WHOSE you are. Every step you take was known in the mind of the Father to guide you towards recognizing the spiritual gifts He has placed in you. Be not weary in well doing. Do not allow your circumstances to define you. Do not be consumed by trials and heartache. Take your experiences and let God use them to mold you into a powerful Kingdom citizen. Put some shoes on and walk boldly in your Godly identity.

This is the story of a young woman living in the Midwest, attempting to have a peaceful, normal life just like anyone else. Coworkers and neighbors know very little about her, assuming her to be reclusive and odd. They are unaware of the gruesome secrets she hides from every day. There are a few, however, who do know her secrets, but they are missing one important detail... where she is currently hiding. For many years she has eluded capture, but her history is about to catch up with her in more ways than one. Not only is the darkness of her past about to ascend, her past will also become her savior. Loving Lily witnesses one woman's struggle to overcome a terrible past and internal demons in order to be free to love and to live.

Author's Note About four years ago, I walked out of my life. Leaving professional middle class behind me, I set out in search of something more than acquiring and performing. I was so tired of being disappointed every time I arrived at a goal and found nothing there. I couldn't name it, but I suspected there was more to understand about this life. Receiving that understanding became my priority. Whether I was hiking or writing, dancing or crying, all I wanted was to know the more. My way of being changed immediately and gradually as I learned to let go of old stories and step into new freedom. I know now that Love, as a principle, is what I and you have been looking for. It is the beauty, freedom, and wellbeing that we imagine "heaven" to be. And the truth is we don't need to wait. We can live in Love and all its Joy right now. We don't have to die to live in heaven. Proof of Heaven by Eben Alexander has been on the New York Times bestseller list for fifty-nine weeks. Browsing in Barnes and Noble days after I finished this manuscript, I picked up Alexander's book. I was interested solely because he is a neurosurgeon, not the kind of guy typically writing about heaven. Skimming, I noticed that his near death experience was strikingly similar to my own nonphysical experiences. So I read the whole the whole book in an afternoon. My first impression was true. Alexander and I have indeed received nearly identical revelations: Love is all there is. Fear isn't real. We can't fuck it up. Separation isn't possible. Every question is the answer. We both feel that we must share these universal principles as best we can to everyone who can hear them. We both learned to move into

"heaven" by focusing on the feeling of it. We both know that everyone has the ability to do the same, and we can do it now. What if you are not who you think you are? I also share Alexander's challenge of putting nonphysical experiences into words after they have come through the filter of my physical body. It's like describing Einstein this way: He was a man. Can you imagine how much you would miss if that's all you knew of him? That's how it feels to offer you words about the experience of god. I offer them only because they might interest you enough to have your own experience. Well, that and because I really cannot imagine being able to keep this Joy all to myself. What if you have suffered enough? That is what I have been asking myself for the last few years, and now, I am asking you. Even if we are the worst people on the planet (whatever that means), we have more than paid our debt. We have spent enough days in fear and shame to punish our worst mistakes. If you don't believe that, at least ask yourself how continuing to punish yourself benefits anyone. Withholding joy and peace from your own life perpetuates misery in every life. What if you are so much more? I am writing to you to say that I have spent the last ten years in deliberate pursuit of the answer to this question. What I learned changed everything for me. What Alexander learned changed everything for him. It can change everything for you too. My message is not meant to challenge or replace a life that is working for you. What I am suggesting is a way of living that fulfills and delights moment by moment. If you aren't enjoying your life as much as surviving it, I suggest a change. What do you have to lose? You don't have to spend seven days in a coma to have the experience of Alexander. That is his message, and it is mine. He died. I sat. We learned the same good news: There are no prerequisites. You don't have to be a certain kind of person. No history or flaw can disqualify you. There are no rules, no competition, and nothing to achieve. As I illustrate with my own life experience, there is only Love, and we can choose to enjoy it at anytime.

Marriage on the Rock is based on Psalm 127 verse one which says, "Unless the Lord builds the house, its builders labor in vain." It is a daily devotional providing guidance for most marital circumstances. The book is based on Biblical principles; ones that should serve Christians well. However, if the principles are true, which I believe they are, people need not be practicing Christians to improve marriage. Even the strongest marriages can benefit from periodic reminders of how they can demonstrate their love and respect for one another. As a counselor I saw far too many couples who had been married for ten to forty years; they had amassed such bitterness and unforgiveness that they could not move past the hurt and pain that they had inflicted on one another. By the time couples come to me they were usually certain their spouse was the primary cause. They had little hope that things would change. Some had even tried counseling at some point but failed to apply what they learned. Every person needs to accept their contribution to the state of their marriage. Each needs to be willing to change whether or not their spouse is willing, for we can only change ourselves. In most cases the primary culprit is self-centeredness. When we learn to die to self, amazing things can happen.

A 365 Day Walk with the Word

Life Is So Daily! A 365 Day Walk With The Word By Pastor Cecil A. Thompson In the 1970's I was on the ministerial staff of a large church. At one of our weekly staff meetings, the Senior Pastor announced that he wanted to start daily devotionals. Each staff member was to write seven devotionals which would be printed and distributed to the congregation each Sunday. Unfortunately, the project only lasted a short while because staff members complained that it was impossible to produce material for seven days. Thirty years later, September 15, 2000, I

was pastoring a small congregation and requested the members email addresses. The number of responses surprised me so I sent them a short devotional message. Once again the response surprised me. They wanted me to send more! As I prayed about the commitment it would require on my part, the Lord prompted me to use this method to share His Word through my life experiences. The Daily E Votional was born. At the outset I sent out a new message seven days a week. Some of my spiritual counselors advised me to reduce it to five days a week or I would not have the energy to sustain it. I listened and limited the E Votionals to five days a week. The other change I made was to shorten the messages. Can I let you in on a little secret? It is much easier to write much than to write little. I eventually tried to cut back to a single page and encapsulate the message within four paragraphs. I also discovered that people like stories, which reminded me that Jesus used stories as the basis for much of His teaching. He painted word pictures that allowed the people to visualize His message. I have had a very unique work history all the way from driving a milk delivery truck, to jet aircraft mechanic, to police officer, to juvenile probation officer, to Air Force Personnel Officer, to Missile Launch Officer, to Nuclear Safety Officer, to Criminal Justice Planner and, through almost all of it, a preacher and teacher of God's Word. This book provides a full year of selected Daily E Votionals to assist you in making each day more meaningful in serving the Lord. My desire for each of us is that we will allow every situation in our life an opportunity to serve the Lord. May God bless you, Dear Hearts! Pastor Cecil

Initially it was not my intention to write a book, I was just looking for answers. Answers to questions I had after my involvement as an infantry paratrooper with the 101st Airborne during the Vietnam War. And my life after death experience after I was stung by Giant Black Wasps went into anaphylactic shock and flat lined. I suffered a cardiac arrest and complete respiratory failure. I was later able to relate procedures the medical staff used to resuscitate me while I was dead. I don't have to wonder about life after death, I know.

Things To Come will give the reader a thorough understanding of what the Bible says and what Christianity means for a believer. The book is divided into six sections; The Covenants, covers God's Covenants, His chosen people and God's will for mankind. The Holy Spirit, whom the Father sent to us after Christ's ascension, details the twelve current ministries of the Holy Spirit in our lives. The Prince of Darkness explains Satan's role in everyday life. Satan is not omnipresent so he cannot possibly involve himself in the daily affairs of eight billion people. God's Providential involvement in everyday life is revealed in the 4th chapter. The Tribulation and the Rapture addresses the final eventual battle between good and evil; Christianity and Islam. The final chapter The Alpha and the Omega specifies the personal relationship a believer has with Christ. Things To Come is a very good book for anyone that desires a deep understanding of Scripture and either does not have the time for daily reading of Scripture or finds the Bible hard to understand. A word about PTS (PTSD), there is no D, PTS is not a disorder. PTS is natural reaction of stress experienced after a person is exposed to a traumatic event. Many people suffer from PTS, it can be the result of a rape, an assault, the loss of a spouse, a child, a sibling, witnessing a horrific event or an accident. What makes PTS different for soldiers is that they are subject to frequent traumatic events over a long period of time. People respond differently to traumatic events, some are more resilient than others. Frequency, duration, and the extreme nature of the event all play a role in recovery. A major component of PTS is the moral dissonance we experience. The event can completely destroy our belief system, the ideas we held that made sense of the world we live in. At any point in time we are a summation of what we know and the experiences we have gone through. Events and information change how we see the world and in effect change who we are. A traumatic event can be so life changing that we are in effect a different person and after a traumatic event, the new you. In order to recover from PTS, it is imperative we reconstruct a new belief system that encompasses our new reality and the new you. In Just War, I (Tom Newman) recount the events that destroyed my worldview and fundamentally changed the person I was. The Company I was with in Vietnam experienced a 97 percent casualties and fatalities. Within my first 30 days in country we had a friendly fire incident that killed eleven and severely wounded nineteen of my fellow troopers. I also witnessed the

aftermath of the regular assassination of four year old children. Additionally, when we retook the city of Hue we found the shallow graves of 2,800; judges, doctors, clergy, policeman, and politicians, anyone that could organize a resistance against the communists. It was a very long process for me to make sense of my new realities and the new me. My other book; A Brief History of the Bible' Things To Come, is the information I needed to reconstruct a new worldview bases on my experiences and the new person I had become. If you want to get your life back after suffering from PTS, it is imperative you find a new worldview for the new you.

The Bible's story of creation in Genesis names Adam as the first human in history. His story with Eve in the Garden of Eden is widely known-but what if he actually played a larger part in the story of humanity? In The Gospel of Adam, David L. Bishop takes well-known stories and characters from history and presents them through the eyes of Adam, as though he were living throughout all time on a mission to restore fallen humanity to a place worthy of returning to perfection. Following Adam through his profound interactions with Noah, King David, Jesus of Nazareth, and even Adolf Hitler, this book shows how Adam struggles not only with his mission to help humanity but also his own internal doubts as a man of faith. In the vein of works like The Da Vinci Code and The Last Templar, Bishop's The Gospel of Adam weaves history, philosophy, religion, and politics throughout a thought-provoking first-person narrative that both challenges and inspires the reader to consider what it really means to be human.

Hamon takes readers on a journey throughout the history of the church. Beginning at the origination of the church in the 1st Century, he proceeds to its deterioration during the Middle Ages to the restoration of the church from the time of the Reformation to the present.

The "I'm Going..." series deals with the uncomfortable trips children need to make sometimes: going to the dentist, getting a haircut, the first day of school and other events. In the first volume we meet the little kid who doesn't like to do anything new, but in this story they are facing the frightening reality of having to go to the hospital. Hospitals are no fun for grown-ups, but for kids it can be really strange and scary. "I'm Going to the Hospital" is fun to read, but perfect for the little kid if your life should they ever need to visit a hospital. This book will prepare a child for what a hospital is like and hopefully ease some of those fears in addition to letting them know that what they are feeling is normal.
