

Mystic Kiss (Mystic Tides Book 3)

King of Bad Jeff Mean would rather set fires than follow rules or observe curfew. He wears his bad boy image like a favorite old hoodie; that is until he's recruited by Super Villain Academy - where you learn to be good at being bad. In a school where one kid can evaporate all the water from your body and the girl you hang around with can perform psychic sex in your head, bad takes on a whole new meaning. Jeff wonders if he's bad enough for SVA. He may never find out. Classmates vilify him when he develops good manners. Then he's kidnapped by those closest to him and left to wonder who is good and who is bad. His rescue is the climactic episode that balances good and evil in the super world. The catalyst - the girl he's crushing on. A girlfriend and balancing the supers is good, right? Or is it...bad? Polar Opposites The supers are balanced. Academies have altered their curriculum to teach both sides of the super power spectrum. All's well in the super world. Right? When Mystic kidnaps Oceanus, Jeff learns it isn't all right. Turning to the newly balanced supers for assistance, he panics to find they've done nothing to rescue Oceanus. When no ransom request follows, he worries Mystic's plan never included returning his girlfriend. Frustrated, he's forced to work with the only super willing to help. Oceanus' ex-villain, ex-boyfriend, Set. Mystic isn't the only one hiding something. Nothing about Jeff is balanced. Temper flares result in scorched clothing or flying furniture, and his charm has become an indiscriminating people-magnet. Jeff is convinced, or maybe just hopeful, that his lack of control is directly related to Oceanus being gone. But will he and Set find her before Jeff loses control completely and will they find her alive? Super Bad The world is in chaos. Violence and thievery reign. And with the supers still balanced, it's only getting worse. Without good versus evil, the supers care less and less. In order to restore purpose, the world needs its super heroes and its super villains, but the one who balanced them in the first place is missing. Sandra's concern over finding her brother Jeff, isn't her only problem. Her pathetic excuse for super powers has left her needing a new ankle. And though she's still very much committed to her boyfriend, Source, she's growing unreasonably attracted to Set, the

boy who double-crossed Jeff by stealing his girlfriend. When Sandra is taken and held as bait by some kids who want to unbalance the super world, it becomes the inciting event that changes things for supers everywhere and forces them to answer the question, "Hero or villain?"

It's a way to contain her anger toward the animals that destroyed her life. Her ability to spot the truth makes her a good detective, but her hatred for the bad guys gives her renewed drive and determination to live. Bear shifter Rhys Donovan has his hands full, keeping his bar running smoothly and his brothers in line. When he realizes women are going missing, and his bar connects them to one another, he calls for reinforcements. One sniff of the sexy detective in charge of their case and he knows she's meant to be his. But, given her hatred of shifters, getting her to admit her fate lies with him will be one of the hardest challenges of his life. When her painful past resurfaces and new secrets are revealed, it takes more than their sizzling chemistry to solve their mysterious case and finally convince her that she's meant to be his.

Nina Bennett When I sense someone in trouble, I'm the first to volunteer my help. My premonitions give me an edge, but don't always warn me when trouble is headed my way. It's hard to be a savior when you're the one who needs help. And when Harlon Simmons barrels into my life, trouble stared me straight in the eyes and laughed. The man needs my help, and won't take no for an answer. Harlon Simmons scoffed when a psychic friend claimed I needed help from a woman I'd save in the woods. But Nina Bennett, my damsel in distress, has a track record of her premonitions coming true. Convincing her to help save my sister should have been easy...after all, Nina admitted I was the man who'd starred in her dreams. But dreams aren't real life, and I didn't have time to play the role of Prince Charming. Together, we try to invoke her premonitions, but the result is...unexpected. She is knocked unconscious, leaving me with no option but to kidnap her and ask for forgiveness later. Someone is trying to kill Harlon's loved ones and time is running out. Sex, Magick, Aleister Crowley, Orgasms, Erotic Dances, Angelic Beings, Revolutionary Activism, Liberation, Persecution, Defiance, and Suicide. Persecuted by Anthony Comstock and his Society for the Suppression of Vice, this turn-of-the-century heroine was also a spiritualist who learned many secrets of high magick through her claimed wedlock to an angelic being. Born in Philadelphia in 1857, Ida Craddock became involved in occultism around the age of thirty. She attended classes at the Theosophical Society and began studying a tremendous amount of materials on various occult subjects. She taught correspondence courses to women and newly married couples to educate them on the sacred nature of sex, maintaining that her explicit knowledge came from her nightly experiences with an angel named Soph. In 1902, she was arrested under New York's anti-obscenity laws and committed suicide to avoid life in an asylum. Now for the first time, scholar Vere Chappell has compiled the most extensive collection of Craddock's work including original essays, diary excerpts, and suicide letters--one to her mother and one to the public.

Sexual Outlaw, Erotic Mystic

Fire and Ice Clothes designer and fire starter, Grey Sinclair is known for her over-the-top personality and her need for personal space. There's no room for professions of love or public displays of affection in her cozy little world of fashion and mayhem and certainly no room for a permanent man. Fireman Beck Marshall knows the small seaside town of Blansett holds secrets; he can feel the magic drifting on the wind. After a routine fire inspection with Grey Sinclair, he knows his life will never be the same, and he becomes determined to make the fiery little woman his own. When her cousins cast a love spell that goes horribly wrong and Grey's world is turned upside down, there's only one man who can help. When Grey's at Beck's mercy, it turns into a battle of wills to see who will break first. All Grey knows is that it isn't going to be her. *Push and Pull* Sydney Janzen has it all.

She loves her life and is perfectly content in every way. Then Nick Spencer comes to Magicville, pushes his big, hunky body into her tidy world, and tries to pull her into a world of chaotic sensations. Nick Spencer knows a push when he feels one. When Sydney Janzen tries to push him out of her life, he recognizes she's filled with powerful magic. Sydney, however, can't control Nick with her talent like she can most others, and Nick takes advantage, pulling her closer until she's wrapped up in his life without a touch of magic on his part. Nick's special talent allows him to feel magical signatures, and the women of Mystic Tides soon learn that someone is out to steal The Hammer of Demons from Sydney's special collection. The cousins will have to work their special brand of magic to keep their town safe and evil at bay. Song and Sea Halona Jacobs lives in the town of Blansett, North Carolina, better known as "Magicville." With three best friends, three cousins at that, she was never lonely, until the day of a tragic accident. Now a decade later, she remains tethered to grief and guilt, feeling the swirls of emotions around others but numb to her own. She is missing that emotion that brings meaning to life. Drake Adams comes into her world like a tsunami. He floods her with feelings she hasn't known in a very long time. In town for a production, he has no plans to stay in this small town until he is charmed by one of its locals. He now must convince Halona that he is the man for her. Things have not always been easy for Halona and her three equally beautiful cousins, but together, they can ward off anything. And they intend to keep their town safe, come hell or high water. Dreams and Magic Bethany Kent, earth witch and healer, can't seem to heal herself when she feels her power fading. She's at a standstill in her life. Worse, her grandmother, once a powerful witch in her own right, seems to have been struck down with dementia. When Kal Burke, the new police chief, brings Grandma home with a warning after finding her on a beach trying to con the tourists, one look at the sexy police chief and Bethany is ready to commit a crime of passion. Kal Burke is more than he seems. He's been tracking a paranormal badass for the past three years and followed him to Blansett. Now, he's wondering if the earth witch and her grandmother are victims of the demon he chases. As he races to protect the town and save the woman he loves from evil magic, Kal unearths dark secrets that could destroy Bethany and her cousins. Combining their powerful magic with his own, Kal plays a dangerous game of cat and mouse with an ancient malevolence hellbent for revenge.
