

Nice One Centurion (The Centurion Series)

Few tank designs have been as effective, versatile and long-lived as that of the British Centurion. Conceived during the Second World War as the answer to the superior German Tiger and Panther tanks and to the lethal 88mm gun, this 52-ton main battle tank incorporated the lessons British designers had learned about armored fighting vehicles during the conflict, and it was free of the major faults that had impaired the other British tank designs of the time. The Centurion was so successful that it served in the British Army and in numerous other armies across the world from 1945 until the 1990s. Pat Ware's highly illustrated history of this remarkable tank covers its design and development, its technical specifications and the many variants that were produced. He tells the story from the design brief of 1943, through testing and trials to the tank's entry into service. In addition, he traces the course of the Centurion's subsequent career, as it was up-dated, up-gunned and adapted to operate in varied conditions and conflicts all over the world including Korea, the Indo-Pakistan wars, Vietnam and the Arab-Israeli wars. His expert account of this remarkable fighting vehicle is accompanied by a series of color plates showing the main variants of the design and the common ancillary equipment and unit markings. His book is an essential work of reference for enthusiasts."

The Centurion by author B. Michael Scallan tells the frightening and chilling story of Dr. Cole Stevens, a prominent and well-placed scientist on the verge of unheard of success. But, when Dr. Stevens is diagnosed with a strange sleep disorder, he finds his nightmares and reality colliding, turning an innocent vacation into a fight for his life, and his soul. Accused of a grizzly murder, Dr. Stevens finds himself in a race to uncover the dark truth behind his horrifying visions, and the murder he is accused of committing, never suspecting the cataclysmic path that awaits him and the lives that hang in the balance. Written in masterful, dramatic prose, author Scallan has written a novel that pushes all the right buttons horror fans expect, while building multi-dimensional characters and flawless plotting that will keep any reader spell-bound. This is horror fiction that ranks right up there with the best in the genre, and will surely please horror fans, or anyone who just loves a good story well told. The Centurion is one horror page-turner best read with the lights on.

When the Centurion and a squadron of six vessels and 1,959 men and boys set out from England in 1740, on a round-the-world expedition, they were unaware of the terrifying events that awaited them in the days ahead. The squadron, under the command of Commodore George Anson, had departed from England with every

hope of a successful mission to harass and take prizes in the Spanish possessions of the Americas and in Asia. The journey proved more challenging than anticipated, and at times, it seemed nightmarish and beyond anything experienced by the crew. The ship survived two huge waves and a lightning strike. Then, there was the great loss of life amongst the crew who perished due to the devastating symptoms of scurvy. Despite these setbacks, there were moments of pure joy, especially when the Centurion captured the fabulously wealthy Manila-Acapulco Galleon in the Philippines, the Nuestra Senora de Covadonga. Throughout the Centurion's career as a royal naval warship in the eighteenth century, she played a role in the capture of Quebec during the French and Indian War and the invasion of Havana in the Seven Years War. She was also instrumental when dealing with the Barbary Corsairs of Algeria and Morocco. Amongst the famous men who sailed on this vessel were John Harrison, the inventor of the first maritime sea clock, and Joshua Reynolds, the celebrated portrait painter. The details of the journeys to the Americas, Asia, and Europe are described in this biographical-travelogue of the Centurion.

The Centurion's Wife (Acts of Faith Book #1)

Shakespeare's plays have been adapted or rewritten in various ways since the 17th century. This anthology brings together 13 theatrical adaptations of Shakespeare's work from around the world and across the centuries.

Fascinated about the expeditions of Sir Francis Drake and Captain James Cook? Then you'll love this account of the Centurion's circumnavigation of the globe, one of the greatest accomplishments in the history of maritime exploration and naval warfare. In 1740, George Anson and his fleet set off to harass Spanish commerce in the Pacific and attack towns on the coasts of Chile and Peru. Four years later, over half the men had died and of the seven ships which left Portsmouth only the Centurion had completed its objective of attacking Spanish possessions around the globe. Although this journey came at the cost of numerous lives and ships, the Centurion had succeeded in capturing the biggest prize of all time, the Acapulco galleon. Captain Philip Saumarez kept a daily record of the voyage around the world in his four log books, which along with a wealth of letters and documents give brilliant insight into life aboard these ships. Leo Heaps has compiled and edited these manuscripts to provide a complete chronicle of the expedition which saw men decimated by scurvy, mutinies among marooned sailors, ships battered by mountainous waves around Cape Horn and eventual glory in the capture of the gold-laden Nuestra Señora de la Covadonga. Log of the Centurion is a unique account of a daring

maritime expedition across the high seas of the globe in the mid-eighteenth century. "It is a tribute to her officers that she not only captured the greatest prize at sea, but that she returned at all." Christopher Lloyd, former Professor of History at the Royal Naval College, Greenwich "It is an absorbing tale ... The merit of this book lies in its realistic evocation of the mid-18th century. We have fine descriptions of China and the delicate negotiations conducted with the Manchus for supplies and repairs. Patagonia, Juan Fernandez (Crusoe's island), Madeira, and other exotic places are vividly described."

Regis A. Courtemanche, History: Reviews of New Books

A classic historical fantasy revolving around immortality, a theme that was dear to Edwin Lester Arnold and the writers of the late 19th Century. Marcus Lepidus accepts the position of Centurion to be near the maiden he was in love with, only to meet a premature death. Centuries later, he is brought back to life and finds himself in world much different from his own and while he tries to adapt to his new life he also offers a unique view on the modern and perhaps more civilized world. Mystery, history and romance mix in a tale that overcomes the boundaries of time. This version includes the full text of the 1901 edition, a short biography of the author and the complete bibliography of Arnold's fictional and non-fictional works.

Her Frankish mother dead, 17-year-old Aemilia arrives at Soissons in Roman Gaul in search of her Roman father whom she has never met. She knows only that his name is Tarunculus and that he is a former centurion. She finds an old man fixed on the past, attempting in vain to kindle a spark of patriotism in his dispirited countrymen. Soon, Aemilia is caught up in her father's schemes to save the Empire and the intrigues of the Roman nobility in Soissons. In the war between Franks and Romans to decide the fate of the last imperial province, Providence will lead her down a path she could never have imagined. Written and illustrated by master storyteller Justin Swanton, Centurion's Daughter is a thoughtful and compelling journey to a little-known period of history when an empire fell and the foundations of Christendom were laid. In the year that Mount Vesuvius destroyed Pompeii, the Roman Centurion Vitellan set off for the twenty-first century as Imperial Rome's last human-powered time machine. He killed an unfaithful lover by just letting her grow old, but her hate pursued him across seven centuries. In 1358 he stood with a few dozen knights against an army of nine thousand to defend the life of a beautiful countess...and earned a love that would conquer death. Now Vitellan has awakened in the twenty-first century, a bewildered fugitive, betrayed and hunted in a world where minds and bodies are swapped and memories are bought, sold, and read like books. But worst of all, a deadly enemy from the fourteenth century is still very much alive--and

With the city of Rome, continuing to increase in numbers, there is all ways a need for more building, of ways, for the people to get from one place to another part of the city. Caesar decides that the, most needed improvement for the city, is to build a new bridge. To do this, Caesar is faced with the problem of having to raise taxes for money and the lack of new slaves to labor in the construction. After conferring with his advisers, Caesar decides that the best option is to start a war, plunder the conquered cities, and bring back their treasures to Rome, and use the captured people as slaves to do the work. To please the taxpayers, Caesar must find a hero from the battle whom the people can cheer and become "The Hero of Rome." Caesar can then reward the people's new hero.

The scrolls of Mary of Magdala have been found! Two thousand years ago, a unique child was born into a world of unimaginable disregard for human life. Vengeful gods and cruel kings ruled over the desperate masses for whom life was short, hopeless and brutal. This is the story of how that young man came to stand at the crossroads of change and then ultimately choose an untrod path to show humanity how to lift itself up from the squalor of its existence. New Outlook

Did you ever ask, "What is the meaning of life?" Find out what Scripture has to say about the answer to this question as you develop a strategic life plan that is centered on God's purpose and vision for your life. Learn to see your entire life and all the everyday things that you do as divine assignments given to you by God Himself. You may change your perspective on life and gain a whole new passion for living. "To begin this process we must understand our origin. Where do we come from? Why are we here? What is the meaning of life? What (or who) defines our purpose? These are the most fundamental questions for a business to answer before creating a business plan, and they are the most fundamental, foundational knowledge that an individual must acquire and define before any meaningful plan for life can be developed." "The intent of this book is to be a guide to a stronger understanding of God's purpose for you, and to apply this understanding to the defining of values and a vision for your life. In later chapters you will see how applying the foundation of purpose, values and vision through ALL of the missions in your life with a clear strategy that maintains focus on your original purpose, will help reveal God's purpose for your life." "When asked to define their purpose in life people often state that they were meant to be an engineer, or accountant, or doctor, or clergymen, or parent, or whatever. Someone may be called to one of these specific missions, but a mission in life is different from life's purpose. ... A mission is a life role, or assignment... Purpose is a fundamental meaning, or reason for being..."

The Chief Centurion is an action packed novel about a First Century Roman Centurion named Claudius Lysias who makes his living in one of the hardest professions in the history of the world, that of a Roman soldier. You will march with him as he joins the Roman Army and does his basic training in Jerusalem before being posted to his first assignment in the remote village of Capernaum on the Sea of Galilee. There he comes in contact with the individual who will divide history between BC and AD, Jesus of Nazareth. Next you will travel with him as he sails to Gaul (modern day France), rises to the rank of centurion, and leads his men into battle against the Celts when Rome invades Britain in AD 43. He serves in the Second Legion Augusta, commanded by the future Emperor Vespasian and participates in all the

major battles of that illustrious legion. Finally, you will travel with him back to Jerusalem in the twilight of his army career to become the Chief Centurion of the Fortress Antonia. There he falls in love with a beautiful woman, puts down a rebellion led by "The Egyptian," and is called upon to rescue the Apostle Paul from an angry mob. His life will never be the same! You will feel the weight of the armor and the sweat pouring off his body as he undergoes the rigors of Roman Army training and the daily grind of a soldier as he marches over the dusty hills of Judea. You will go with him into battle against Germans, Britons, and Jews as he fights those enemies of Rome. You will grieve with him as his only real friend in life dies in battle and his wife and children are killed by a plague. Finally, in the twilight of his army career, you will watch him as he falls in love again and tries to learn just what it means to be a Christian in first century Judea. The book contains real people in history that we know about from the Bible and the writers of ancient history such as Josephus, and Tacitus. Men like Pontius Pilate, Titus Vespasian, Procurator Felix, and the Apostle Paul. These men come alive and will leap off the pages as you follow Centurion Lysias from one adventure to another.

This seventh volume in the Documenta Q series is concerned with the reconstruction of the Q text behind Luke 7:1-10 par. Matt 7:28a, 8:5-13. The Centurion's Faith has always been a key passage for theories of the development and transmission of gospel sayings traditions. The International Q Project's presentation of the critical text of Q 7:1-10, together with the exhaustive history of research on which it is based, will considerably enhance research in the Sayings Gospel Q, the historical Jesus, and New Testament christology. The database and evaluations are a fully expanded and revised version of those presented and discussed at the meeting of the International Q Project in Claremont, CA 1994. Just prior to the bibliography, at the conclusion of the volume, the resultant critical text of Q 7:1-10 is printed. This Greek text is followed by English, German, and French translations. The Centurion's Empire

Janette Oke has dreamed for years of retelling a story in a biblical time frame from a female protagonist's perspective, and Davis Bunn is elated to be working with her again on this sweeping saga of the dramatic events surrounding the birth of Christianity...and the very personal story of Leah, a young Jewess of mixed heritage trapped in a vortex of competing political agendas and private trauma. Caught up in the maelstrom following the death of an obscure rabbi in the Roman backwater of first-century Palestine, Leah finds herself also engulfed in her own turmoil--facing the prospect of an arranged marriage to a Roman soldier, Alban, who seems to care for nothing but his own ambitions. Head of the garrison near Galilee, he has been assigned by Palestine's governor to ferret out the truth behind rumors of a political execution gone awry. Leah's mistress, the governor's wife, secretly commissions Leah also to discover what really has become of this man whose death--and missing body--is causing such furor. This epic drama is threaded with the tale of an unlikely romance and framed with dangers and betrayals from unexpected sources. At its core, *The Centurion's Wife* unfolds the testing of loyalties--between two young people whose inner searchings they cannot express, between their irreconcilable heritages, and ultimately between their humanity and the Divine they yearn to encounter.

An archeologist unearths an ancient manuscript, buried in the ruins of the Galilean town of Capernaum. It turns out to have been written by the Roman officer (the centurion of the title) whose servant Jesus had healed. The centurion, upon

retirement and fascinated by Jesus's apparent power, researches all he can learn about the itinerant Jewish preacher. He interviews all who knew him and collects their writings, eventually composing the now rediscovered manuscript. Upon the centurion's death, his son buries the work in a sealed container to protect it from the rampaging Roman soldiers, who have just razed Jerusalem and destroyed the temple in 70 CE. There the manuscript lies until found by one Noah Leipzig, PhD, circa 196aEUR".

Alexandria "Alex" Moldovan fell asleep at a work retreat and woke up in the same place, just not in the right time. The situation improves when she's inadvertently rescued by a Roman Centurion, and as long as she can keep her wits - and his affections - she might just survive this. But trading one slave class for another doesn't help with the trouble that always seems to find her... Ixillius Traversi had been leading his century on a routine razing, but the slave he found imprisoned, injured and starved in the village is anything but typical. That she was alive seemed barely possible, and then she'd saved his life... and she wasn't afraid of him. He claimed the woman who called herself Alex as his slave, be it a curse or a blessing, but he still needs to know one thing: who is she? The Centurion's Woman is set in Germania Inferior circa 5 AD, and Maiden discovers that a two thousand year culture shock may be the easiest problem to overcome, but it won't be the last.....

Centurion Living

A Soldier for Rome

Set in A.D. 9 and based on an actual incident, Centurion moves from the

battlefields of Germany to intrigue and danger on the streets of Rome. As he nears retirement, Senior Centurion Glaxus Valtinius encounters incompetence, ambition, and betrayal at his last duty station near the Rhine River. After these factors lead to a catastrophic defeat at the hands of the Germanic Gauls, Glaxus must return to Rome to see that justice is done. While there, he is reunited with Calvinia, the woman he loves. Their happiness, as well as the fate of the empire, hinges on a climactic showdown before the Emperor himself.

Centurions were the guardians of Rome. At the height of the Roman Republic there were over five thousand qualified Roman Centurions in the Legions. To be a Centurion required that, in a mostly illiterate society, one be able to read and write clearly, to be able to convey and create orders, to be capable of not only performing every skill of a Roman soldier but teach every skill of a Roman soldier. Becoming a Centurion required intense physical ability, courage beyond the norm, years of sacrifice and a total devotion to the philosophy which was Rome. When Rome fell to barbarian invaders, there were less than five hundred qualified Centurions. Not because Rome had fewer people but because it had fewer willing to make the sacrifices. And the last Centurions left their shields in the heather and took a barbarian bride . . . We are . . . The Last Centurions.
