

## Our World (Usborne First Encyclopedias) (Internet Linked)

An internet-linked history of the Earth from its origins in the Big Bang right up to the dawn of the new millennium.

This new edition introduces young readers to the wonders of the past. Filled with historical information, from the first people, farmers, cities and civilisations all the way to the World Wars and the modern day, this text answers such questions as 'what were the pyramids for?' and 'who lived in the Forbidden City?'

Encyclopedia of the World's Biomes is a unique, five volume reference that provides a global synthesis of biomes, including the latest science. All of the book's chapters follow a common thematic order that spans biodiversity importance, principal anthropogenic stressors and trends, changing climatic conditions, and conservation strategies for maintaining biomes in an increasingly human-dominated world. This work is a one-stop shop that gives users access to up-to-date, informative articles that go deeper in content than any currently available publication. Offers students and researchers a one-stop shop for information currently only available in scattered or non-technical sources Authored and edited by top scientists in the field Concisely written to guide the reader though the topic Includes meaningful illustrations and suggests further reading for those needing more specific information

Presents information about the sciences, including such newly prominent fields as genetic engineering and nanotechnology, suggests activities and experiments, and offers definitions and questions.

First Encyclopedia of Science

My First Encyclopedia of Animals

A Great Big Book of Amazing Aquatic Creatures to Discover

Encyclopedia of the Human Body

Provides information on astronomy, including telescopes, space travel, and the solar system.

This dynamic and joyous exploration of difference helps young children learn to respond in a kind and equal way to everyone regardless of shape, size, age, physical and mental ability, gender, race, beliefs, language, culture, national identity, background, and so on. With topics ranging from clothes, hair, music and food to homes, festivals and families, there is plenty for children to talk about as they find out about diversity and see how differences relate to them.

A must-have for all dinosaur enthusiasts. Discover 400 million years of life from jawless fish to Allosaurus and giant sloths to the dawn of mankind. Organised into four easy-to-use sections plus a comprehensive reference section explaining how to find, study and date fossils.

From the bestselling queen of heart and humour, JENNY PEARSON, comes a great big soaring adventure about family and finding happiness. When Frank John Davenport inherits piles of money from a grandma he didn't know he had, things take an unexpected turn... Because the money comes with STRICT instructions...and a NEW grandpa. Frank quickly compiles a list of all the ways he can spend the money and look after his grumpy grandpa. Money may buy hot-air balloon rides, monster-truck lessons

and epic parkour experiences, but can Frank discover that happiness is, in fact, priceless? Praise for Jenny Pearson SHORTLISTED FOR THE COSTA BOOK AWARD, WATERSTONES CHILDREN'S BOOK AWARD, LAUGH OUT LOUD BOOK AWARD and the BRANFORD BOASE AWARD "Breaks records for funny and touching storytelling." David Baddiel "As funny and tender as it could ever be." Frank Cottrell-Boyce "Heart-warming and genuinely funny." The Times
