River Flows in You Sheet Music

The author proposes, through this book, an alternative approach to the piano, which completes, perfects and updates traditional methods. This collection, designed to allow the beginner student to be able to perform a piece of music from the first lessons, intends to provide valuable help to transform the piano into a pleasant travel companion through a progressive and rewarding approach. The 55 pieces, captivating and modern, deal with the most varied technical and musical aspects. The collection includes 41 two-handed pieces, 9 three-handed and 5 four-handed. The volume also includes audio tracks, downloadable for free from the author's website, with all the songs in the book.

The Story of Boogie-Woogie: A Left Hand Like God examines the socio-historical background of the boogie-woogie piano style, from its early appearances in the barrelhouses of lumber, turpentine, and railroad camps in the southern United States, to its emergence at rent parties in Chicago and St. Louis, to its rise as a popular form of music in the nightclubs of New York, to its status as an international craze during World War II. In this enhanced revision of A Left Hand Like God, Peter J. Silvester presents a comprehensive history of boogie-woogie, describing the style's appearance and development, its offshoots, and the pianists who made it famous, and studying its impact on rhythm and blues, urban blues, and big band swing, leading to the eventual revival of 'classical' boogie-woogie in concerts and festivals. Silvester discusses significant European and American pianists of boogie-woogie throughout history, providing biographical information about their life styles and musical influences and offering an analysis of their important recordings. The book also includes a new chapter on the contribution of national and independent record companies to the recording of boogie-woogie music. A thorough bibliography and a final appendix providing many of the bass patterns common in boogie-woogie make this a valuable reference.

Mika - Life in Cartoon Motion (Songbook)

A Step 3 BIOGRAPHY READER about the unsung historical figure and Founding Mother Elizabeth Schuyler Hamilton. Hamilton,

the musical, is igniting American history fever in adults and kids--especially about the central figures of the play. Kids clearly want to know more, and this companion to early reader Alexander Hamilton: From Orphan to Founding Father will fill the void. Eliza Hamilton was so much more than just Alexander Hamilton's wife. She was a spirited girl who grew up to be a strong woman with a big heart and amazing strength of character. She rescued many children in need during her life. In fact, she and others established New York City's first orphanage--which became a place that is still helping needy children to this day. She lived for 50 years after Hamilton's death in the infamous duel, and she preserved his historical legacy and contributed to American history with other Founding Mothers in ways that will finally be shared widely with those newly interested in Colonial and Revolutionary War times. Step 3 Readers feature engaging characters in easy-to-follow plots about popular topics--for children who are ready to read on their own.

Two of DC's greatest villains take center stage in this new Absolute Edition from Eisner Award-winning writer Brian Azzarello and artist Lee Bermejo! This slipcase contains two hardcovers and collects the Luthor: Man of Steel 5-issue mini-series and the original graphic novel JOKER, along with sketchbook pages and more!

(Piano Solo Songbook). "I think there is a similarity between the infinite big and the infinite smallness of everything," says Yann Tiersen. "It's the same experiment looking through a microscope as it is a telescope." Named after a chapel in a small village on the island of Ushant, Kerber marks a new chapter in critically-acclaimed composer Yann Tiersen's career. A chapter still true to Tiersen's nuanced and subtle approach but one that sets out with his most overtly electronic material to date. Beautifully textured, highly immersive and thoughtfully constructed, Tiersen creates an electronic world, providing an environment in which the piano source exists. A sense of place has often been a central theme in Tiersen's work and here that is no different. Each track is tied to a place mapping out the immediate landscape that surrounds Tiersen's home, linking back to his thoughts on the possibilities of the infinite smallness. This official, exclusive folio is beautifully printed on high-quality, uncoated paper with striking graphic artwork. All seven pieces are presented for solo piano and follow an exclusive introduction to the project.

Spartiti per pianoforte arrangiati con scopo didattico da Francesca Zatti. Contiene alcune sigle di famosi cartoni animati: Capitan Harlock, Oggy e i maledetti scarafaggi, Judo Boy, Mazinga, L'incorreggibile, Lupin Starzinger, Sampei, One Piece, Astro Robot, Jeeg robot, Gundam. Piano Cartoons Facilissimo

Film Themes: The Piano Collection

Readings in high & low

This is the famous "Turkish Rondo" from Mozart's 11th Piano Sonata, and this edition by Willard Palmer includes helpful technical performance footnotes. (Guitar Sheet). Solo guitar sheet music for the popular song by composer Yiruma.

Over three decades, Paul Griffiths's survey has remained the definitive study of music since the Second World War; this fully revised and updated edition re-establishes Modern Music and After as the preeminent introduction to the music of our time. The disruptions of the war, and the struggles of the ensuing peace, were reflected in the music of the time: in Pierre Boulez's radical reformation of compositional technique and in John Cage's development of zen music; in Milton Babbitt's settling of the serial system and in Dmitry Shostakovich's unsettling symphonies; in Karlheinz Stockhausen's development of electronic music and in Luigi Nono's pursuit of the universally human, in Iannis Xenakis's view of music as sounding mathematics and in Luciano Berio's consideration of it as language. The initiatives of these composers and their contemporaries opened prospects that haven't yet stopped unfolding. This constant expansion of musical thinking since 1945 has left us with no singular history of music; Griffiths's study accordingly follows several different paths, showing how and why they converge and diverge. This new edition of Modern Music and After discusses not only the music of the fifteen years that have passed since the previous edition, but also the recent explosion of scholarly interest in the latter half of the twentieth century. In particular, the book has been expanded to incorporate the variety of responses to the modernist impasse experienced by composers of the 1980s and 1990s. Griffiths then moves the book into the twenty-first century as he examines such highly influential composers as Helmut Lachenmann and Salvatore Sciarrino. For its breadth, wealth of detail, and characteristic wit and clarity, the third edition of Modern Music and After is required reading for the student and the enquiring listener.

Let's Play Music

Australian Chamber Music with Piano

Includes chord symbols and interlinear words.

This popular volume offers practical training in well-articulated pianistic passage work, particularly in playing the virtuoso music of the romantic period. In addition to this, each study is a complete music composition, demanding attention to dynamics and phrasing. Students who master Opus 299 have indeed progressed a long way in the "school of velocity." Available in a 112-page complete volume or in two separate books. This book represents the first critical survey of a section of a rich Australian corpus of chamber music. The author has included various instrumental combinations with piano as well as vocal music with piano. The survey is chronological, as well as by composer. An appendix to the work provides source material for future research into this area. The research has concentrated on progressive modernist music by Australian composers. The commentary utilizes the author's rich experience as composer, pianist and educator.

(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part, as well as in the vocal line.
