

*Policing and Punishment in London 1660-1750*

*Policing the City*

*War Crimes, Trials and the Reinvention of International Law*

*Policing Scotland*

*Comparative Criminal Justice*

The prison, that most lasting legacy of Victorian England, was the dominant site of punishment, society was more heavily policed, and court procedures had become longer, more formal and more concerned with the rights of the defendant. This book offers a comprehensive and up-to-date account of these important developments. As well as looking at the underlying causes of change in the criminal justice system, the book concludes with a consideration of the ways in which the evolution of modern society has been shaped by the developments in the criminal justice system.
