Queen Elizabeth II's Britain: A Celebration Of British History Under Its Longest Reigning Monarch

Adolf Hitler was van 1933 tot 1945 kanselier van Duitsland en was voor het grootste deel van zijn tijd aan de macht als dictator en leider van de nazi-partij, oftewel de nationaal-socialistische Duitse Arbeiderspartij. Het fascistische beleid van Hitler versnelde de Tweede Wereldoorlog en leidde tot de genocide die bekend staat als de Holocaust en die resulteerde in de dood van zo'n zes miljoen Joden en nog eens vijf miljoen niet-strijders. "Als je wint, hoef je het niet uit te leggen... Als je verliest, moet je er niet bij zijn om het uit te leggen!" - Adolf Hitler. Dit is de beschrijvende, beknopte biografie van Adolf Hitler.

WRITTEN ALONGSIDE THE MAJOR ITV DOCUMENTARY, WITH EXTRAORDINARY ACCESS TO THE ROYAL FAMILY 'Dazzling, poignant and full of delicious surprises; the true story of how Elizabeth II took on the world - and won. The Crown is fictional. Here is the real thing.' - Andrew Roberts 'In Queen of the World Robert Hardman anatomizes from almost every conceivable angle the workings of soft power in creating the present Queen's global role ... His book is a veritable reference work and cornucopia, overflowing with significant anecdotes, people, traditions and incidents.' - Times Literary Supplement _____ Written by the renowned royal biographer, Robert Hardman, and with privileged access to the Royal Family and the Royal Household, a brilliant new portrait of the most famous woman in the world and her place in it. On today's world stage, one leader stands apart. Queen Elizabeth II has seen more of the planet and its people than any other head of state, and has engaged with them like no other monarch in British history. Since her coronation, she has visited over 130 countries across the ever-changing globe, acting as diplomat, stateswoman, pioneer and peace-broker, while also managing the responsibilities of a mother and grandmother, and her sixty-four-year marriage to the late Prince Philip. She has transformed her father's old empire into the Commonwealth, her 'family of nations', and has come to know its leaders better than anyone. In 2018, they would gather in her own home to endorse her eldest son, the Prince of Wales, as her successor. With extensive access to the Queen's family and staff, Hardman tells a true story full of drama, intrigue, exotic and even dangerous situations, heroes, rogues, pomp and glamour - and, at the centre of it all, the woman who has genuinely won the hearts of the world. _____ 'Superb' - Peter Hennessy 'Hardman's book, filled with new details, will be an essential source for any historian of modern Britain. It's also a glorious read' - William Shawcross, Spectator

Queen Elizabeth II is the longest-reigning British ruler and the longest-serving living monarch. Celebrate this record-breaking ruler in this commemorative edition from TIME.

DK Life Stories Queen Elizabeth II

Prince Philip Revealed

In April of 2011 LIFE ventured to London for our bestselling book The Royal Wedding of Prince William and Kate Middleton. This June we return to capture all the pomp and circumstance as England celebrates its queen's 60th year on the throne. All of the best photography from the festivities will be in these pages — as will so much else. Directly descended from Victoria, Elizabeth is now on the verge of supplanting that great queen as Britain's longest serving monarch ever — and LIFE has had its cameras trained on her since she was a little girl. We were there to record her precocious courage during World War II, her splendiferous marriage to Prince Philip, her glittery coronation, her travails and dramas in the modern age. The other characters that come and go in these pages are equally famous and compelling: Wayward Uncle Edward who had to abdicate the throne, the Queen Mum and her hats, Elizabeth's father George VI who overcame his stammer to rally his countrymen during the war, Prince Charles, Lady Diana, the grandsons Will and Harry — and on and on. We see these people move through palaces opulent beyond belief (Buckingham, Windsor), and estates that dwarf Downton Abbey (Sandringham, Balmoral). We learn of their lives, their loves, their scandals. Ever with her head held high, there is Elizabeth II. Here is her royal story, told in its entirety. This book will include not only grand photography of the Jubilee but of prior House of Windsor celebrations, including Victoria's own 60th anniversary celebration, Elizabeth's wedding, the so-called "Wedding of the Century" (Charles and Di's), and the recent marriage of Elizabeth's grandson to Princess Kate. It is a splashy, festive book. It fairly shouts: "Long live the queen!"

A magnificent tribute to the life and reign of Queen Elizabeth II, who is set to become the longest reigning British monarch, and a celebration of the British royal family, Queen Elizabeth II and the Royal Family is a stunning visual guide to the Queen, from her childhood to today. Telling the story of the House of Windsor, including events such as the royal wedding of Prince William and Kate Middleton, and with profiles on key people such as Princess Diana and Prince Harry, right up to the birth of William and Kate's second child, this is the complete guide to the world's most famous royal family. It also includes the complete history of the kings and queens of England and Scotland, tracing the line of succession to the throne. This is the perfect book for anyone who loves the Queen and royal family, or is interested in the history of the British monarchy

Met reg. In addition to his TV-documentary, A vision of Britain, the Prince of Wales stresses the need to preserve the character of towns and cities, the desirability of reviewing existing planning laws and the importance of providing an architecture which people really want, and which is on a human scale. He emphasises the positive side of contemporary architecture and expands upon the idea of an architectural Ten Principles, a set of 'sensible and widely- agreed rules, saying what people can and what they cannot do'.

HRH Queen Elizabeth II was crowned Queen of the United Kingdom, and Head of the Commonwealth, in Westminster Abbey on 2 June, 1953 at the age of 27, the 40th monarch since William the Conqueror and the great-great granddaughter of Queen Victoria. She celebrated her Silver and Golden Jubilees in 1977 and 2002 respectively, her 80th birthday in 2006 and in 2012 will celebrate a 60 years on the throne, equaling Victoria as the only British monarch to have celebrated a Diamond Jubilee. During Elizabeth's long reign the world has witnessed sweeping changes, not least of which was the dissolution of the British Empire. Queen Elizabeth II - A Royal Life in Pictures records the major events of her reign, during which she has carried out her duties with a huge programme of visits in the UK as well as many foreign tours, her world travel being unprecedented by any previous monarch. In an age when photography has become the ubiquitous medium, the Queen has been one of the most photographed women in the world, with strong media interest ever since the days of her childhood as a young princess. Revealed here in almost 250 unique pictures, taken by photographers of the Press Association over a period of more than 80 years, is a fascinating documentation of the life of an extraordinary woman.

Our Queen

ELIZABETH II: A QUEEN FOR OUR TIME is a lively and affectionate celebration of the beloved monarch and a beautiful visual record of her extraordinary reign over the past twenty years leading up to her platinum jubilee. For as long as many of us can remember, Queen Elizabeth II has been an omnipresent figurehead—an icon. As Head of the Commonwealth, she is respected and admired around the world in equal measure. Her stalwart presence has signaled stability, neutrality, and responsibility. Uniting all that is British as an ambassador and statesperson, Queen Elizabeth II has seen more of the planet and its people than any other head of state and has engaged with them like no other monarch in British history; she is unquestionably a global voice for our time. As a Getty Images royal photographer, Chris Jackson has been granted privileged access to the monarch and the British royal family. He has documented the Queen's official engagements over the past two decades, during a period of seismic changes in the British monarchy. "Photographing Her Majesty the Queen has, and is, one of the biggest privileges of my career as Getty Images Royal Photographer. As we head towards the celebration of her Platinum Jubilee, she remains at the heart of a nation and Commonwealth's affections, and is hugely admired and respected around the world," says Jackson.. "This book is my personal perspective across the last, almost two decades, documenting many different facets of the Monarch's life, from the formal ceremony to family life and those unexpected and heartwarming moments that left me smiling behind the camera". In Jackson's photographs, documenting public and private moments and accompanied by warm and engaging text offering a personal perspective and behind-the-shot anecdotes, ELIZABETH II: A QUEEN FOR OUR TIME captures her majesty's great elegance and charm. From royal tours and state dinners to family time and equestrian triumphs, this book takes us to the heart of what it means to be the head of the British royal family. Much has also been made of the Queen's enduring style, and Jackson shines a spotlight on the coats, dresses, evening gowns, jewels, bags, and accessories that make up her coordinated wardrobe.

Discover the full and fascinating story of Prince Philip—one of the most important, influential, and elusive royals—in this colorful and revelatory biography written by the renowned royal family expert and editor-in-chief of Majesty magazine. The son of Greek and Danish royalty, consort to the queen, and the grandfather of Princes Harry and William, Prince Philip has been at the heart of the royal family for decades—yet he remains an enigma to many. Now, Ingrid Seward, the editor-in-chief of Majesty magazine, brings her decades of experience covering the royal family to this fascinating and insightful biography of Queen Elizabeth II's husband, and father, grandfather, and great-grandfather of the next three kings of England. From his early childhood in Paris among aristocrats and his mother's battle with schizophrenia to his distinctive military service during World War II and marriage to Elizabeth in 1947, Seward chronicles Philip's life and reveals his many faces—as a father, a philanthropist, a philanderer, and a statesman. Though it would take years for Philip to find his place in a royal court that initially distrusted him, he remains one of the most complex, powerful, yet confounding members of Britain's royal family. Entertaining, eye-opening, and informative, Prince Philip is perfect for any anglophile and fans of the series The Crown.

Elizabeth II's Reign examines the recent history of Britain: Exploring the Britain the Queen was born into and took over when her reign began, the Commonwealth, changing social times / family, fashion, technology and work the book builds up a picture of how life in Britain has changed. The book is bought alive with humourous cartoon and by memories in the form of quotes from people who remember the events and changes from the past 60 years. It is illustrated with pictures of the Queen and the Royal family and historical photos of life in Britain. With panels of facts about the Queen and the Royal Family, this is a great read for children and young adults in the year of the Queen's Diamond Jubilee. Contents include: Sixty years on the throne The end of the War (Rationing, marriages and births, a crumbling Empire; united for peace) A new Queen (King for a year; the Queen's father; coronation day; open to the public; good times...and bad) Family life (getting married; seen not heard; school days; pass or fail; all together; women's rights; all sorts of families; somewhere to live; instant houses; building blocks) Healthier and wealthier (paying the price; health for free; changing jobs; haves and have nots; the poverty line; going places; travelling by train; on the roads; it's good to talk; talking and walking; using computers) The way we live (a changing population; favourite food; super shops; well dressed; minis, bell-bottoms and safety pins; at the movies; what's on the box; from ballroom to the Beatles; festival time; by the seaside; packaged up) Looking ahead Timeline; further information Index

*Includes pictures *Includes quotes by the Queen about her life and reign *Includes online resources and a bibliography for further reading *Includes a table of contents "When I was twenty-one I pledged my life to the service of our people and I asked for God's help to make good that vow. Although that vow was made in my salad days, when I was green in judgement, I do not regret nor retract one word of it." - Elizabeth II Until the implementation of new legislation on March 26, 2015, men were given preference to women in the British royal line. This system of male primogeniture meant that women seldom inherited the throne, and even when they did, they were often dominated by male councillors. Those women who married British kings gained the title of Queen, but they were queen consorts, holding the title with no power. This makes Elizabeth II one of a select few queens regnant - queens ruling in their own right - and one of even fewer to set her own course in the history of her family and its throne. This is ironic given that history and Elizabeth's relation to preceding monarchs made it highly unlikely that she would ever even inherit the throne. It was only the abdication of her uncle, in circumstances that shocked the world, that put the young Princess Elizabeth's father on the throne and made her the heir. In less tumultuous times, hers would not have been the head that wore the crown. Nonetheless, Queen Elizabeth II has become so much a part of British society and culture that her presence is taken almost for granted, setting the standard people now expect of a British monarch. The longest lived and second longest reigning monarch in British history, Elizabeth II has overseen her country during a time of incredible turmoil and ever-accelerating change, providing a stable figure at the heart of a nation going through seemingly endless upheavals. Her impact in this regard extends beyond the United Kingdom and all the way to those countries of the Commonwealth over which she is still monarch. In too many ways to count, hers has been an extraordinary reign, but even as she has been able to portray herself as a figure of tradition, she has been a modern queen in many respects, so even as she reaches old age and her subjects are forced to consider what life will be like without her, she has set the Royal Family on a path to modernity. Queen Elizabeth II: The Life and Legacy of Britain's Second Longest Reigning Monarch traces the life of Elizabeth II and the history of her reign. Along with pictures of important people, places, and events, you will learn about Queen Elizabeth II like never before, in no time at all.

The Remarkable Story of Elizabeth II's Seventy-Year Reign and the Future of the Monarchy

"Clive Irving's immensely readable book brings real authority, context and personal insight to our understanding of the Queen ... The Last Queen is as entertaining as it is essential, and I read it with gusto." – Tina Brown, author of The Diana Chronicles "A brilliant and gripping analysis of the monarchy and the House of Windsor by the master of investigative journalism." – Robert Lacey, author of Battle of Brothers "Sensational" – Daily Express "Fascinating" – FT Magazine *** 'The Firm', as the royal family styles itself, judged by real corporate standards, is a mess. Any consultants called in from outside to scrutinise its inner workings would find all the familiar flaws of a family business that has outgrown its original scale and design. There is no overall strategy, just a collection of warring divisions pursuing their own ends. And this will be a profound problem when the Queen dies, because make no bones about it, the Queen's mortality determines the mortality of the monarchy. Under Charles III, the monarchy can never be the same; indeed, its very survival is in doubt. In The Last Queen, pioneering investigative reporter Clive Irving paints a revelatory portrait of Elizabeth II's extraordinary reign, setting it within the dramatic transformation of Britain itself over the same period. Now expanded to include the death of Prince Philip, the fallout from Megxit and the banishment of Prince Andrew, this compelling account asks: how long will the institution survive beyond the second Elizabethan era?

It is an amazing feat in the 21st century that Queen Elizabeth II, a small woman in her late - eighties, should be one of the most recognisable people on the planet. Her voice is redolent of another era, her interests are esoteric to many of her people, her opinions on anything from the weather to politics are almost entirely unknown, and her whole life has been lived without ever mingling on equal terms with anybody, except for one heady evening in 1945 when she slipped out of Buckingham Palace incognito to join the crowds celebrating the end of the war in Europe. The world has utterly, irreversibly, and radically evolved since she ascended the throne in 1952 and yet, in an era of instant celebrity, she remains, more popular than ever and seemingly largely unchanged: a bastion of certainty and comfort to the British and many other people during uncertain times. On 9th September 2015, she will beat Queen Victoria's record and become the longest - reigning monarch in British history. The question is: How secure is the British Royal Family? How much depends on the person of the Queen herself, and how much on the institution? To answer these questions, Royalty Inc. will combine a history of the British Crown's evolution through the modern age with a journalistic peek behind the curtain at the machinery that sustains the Windsors today. Written by the Guardian's former Royal correspondent, its line will be neither royalist nor republican. Instead it will take a clear - eyed look at a host of issues, including the future of the Commonwealth, the Monarchy's role in the British constitution and class system, Prince Charles' notorious 'black spider memos', the true scale of the Royal finances, the legacy of Diana, and the problems and pressures faced by any heir to the throne in the future.

Discover the inspiring story of Queen Elizabeth II, the longest-reigning monarch in British history, in this fascinating kids' biography. This compelling ebook looks at Elizabeth's life, both as a public and private figure. It traces her early years as a princess, her experiences in the women's army during World War II, her coronation and her life as Queen both at home and in the public eye. Learn how Elizabeth has worked alongside 13 British prime ministers, met leaders from around the world, and has remained a stable presence as head of the British royal family. DK Life Stories goes beyond the basic facts to tell the true life stories of history's most inspiring people. Full-colour photographs and hand-drawn illustrations complement age-appropriate, narrative text. Definition boxes, information sidebars, and inspiring quotes add depth, while a handy reference section at the back makes DK Life Stories the one biography series everyone will want to collect.

Bitcoin est la première devise cryptographique au monde basée sur un système de réservation organisé de manière décentralisée. Les paiements sont légitimés de manière cryptographique et traités via un réseau d'ordinateurs ayant des droits égaux (peer-to-peer). Contrairement au système bancaire traditionnel, aucune compensation centrale des mouvements d'argent n'est nécessaire. Les preuves de propriété des bitcoins sont stockées dans des portefeuilles numériques personnels. Le taux de change d'un Bitcoin au cours légal suit le principe de la fixation des prix en bourse. Le système de paiement Bitcoin a été inventé par Satoshi Nakamoto, apparaissant sous un pseudonyme, selon Nakamoto en 2007, qui l'a décrit dans une publication en novembre 2008 et a publié un logiciel open-source de référence pour ce système en janvier 2009. Le réseau Bitcoin est basé sur une base de données décentralisée partagée par les participants, la "blockchain", dans laquelle toutes les transactions sont enregistrées. Des techniques cryptographiques sont utilisées pour garantir que les transactions valides avec les Bitcoins ne peuvent être effectuées que par le propriétaire respectif et que les unités monétaires ne peuvent pas être émises plus d'une fois. De nouvelles unités Bitcoin sont créées en résolvant des tâches cryptographiques appelées "exploitation minière". Voici la courte introduction descriptive et concise de Bitcoin.

Sarah Gristwood is a best-selling biographer, former film journalist, and commentator on royal affairs.

In the many years that Queen Elizabeth II has served the United Kingdom she has seen a lot of changes in world history and in her own country, from the days of Empire to the present days of the British Commonwealth. Born in 21 April 1926, Elizabeth Alexandra Mary has been Queen of the United Kingdom, Canada, Australia, and New Zealand since 6 February 1952. And she is also Head of the Commonwealth and queen of 12 countries that have become independent since her accession: Jamaica, Barbados, the Bahamas, Grenada, Papua New Guinea, Solomon Islands, Tuvalu, Saint Lucia, Saint Vincent and the Grenadines, Belize, Antigua and Barbuda, and Saint Kitts and Nevis. More than titles, Elizabeth II has accumulated a very unique experience of live, ruling her country and also by the many historic visits and meetings she has been involved, as well by the various wars and conflicts involving many of her realms. For all that she has been living for and with, her words give important lessons. Learn to know better this popular and unique ruler in this curated selection of Queen Elizabeth quotes.

Elizabeth II

Britain's Television Queen

Amazing people who have shaped our world

Two Marriages That Changed History

A Queen for Our Time

Great Britain specialised stamp catalogue. Volume 4. Queen Elizabeth II decimal issues

Focusing purely on Queen Elizabeth II's relationship with television, this book shows how she was ahead of the game in helping to change the face of British television from the outset of her reign in 1953 when she let the cameras into Westminster Abbey. The Queen embraced television at a time when Winston Churchill and her government advisors recommended that she should keep them out - on the grounds that the cameras would destroy her royal mystique - right through the 1950s which was Britain s television decade (for reasons that are not generally understood today), when Britain became the first nation in the world to have public service television. In 1969 the Queen opened the doors to the cameras once again for the invention of Britains first family-reality-TV, fly-on-the-wall programme, showing how she and her husband the Duke of Edinburgh and their children, Charles and Anne, went about their daily lives, thereby giving the seal of royal approval to reality-TV, ahead of the first programmes in the United States and the UK that followed in her wake. Queen Elizabeth II can accurately be described as a television queen, the first monarch to understand and embrace television and, in particular reality-TV, which is why she was light years ahead of other royals and her government ministers. Television was for her a right of passage and, not until she ran into bad and stormy weather with Princess Diana in the 1980s and 1990s, did she have any image problems with television. These problems no longer remain today, evidently, as once again the television arrangements are in full swing for her Diamond Jubilee celebrations this June. Queen Elizabeth II remains the most televised and visualised person in the world.

In November 2017 the Queen and the Duke of Edinburgh celebrated their 70th wedding anniversary. As a 13-year-old Princess, she fell in love with Prince Philip of Greece, an ambitious naval cadet, and they married when she was 21; when she suddenly became Queen at 25, their lives changed forever. Philip has been her great support, but fortunately she also had a solid foundation that helped prepare her for a life dedicated to duty. With previously unpublished material and unique memories from friends and relatives who have known her since childhood, this book looks afresh and in richer depth at her life as Princess, glittering yet isolating. Vivid detail and anecdotes reveal more about her, the era in which she grew up and the people who shaped her life. The archives of royal confidante Lady Desborough and Private Secretary Sir Alec Hardinge reveal unseen letters from the Princess and the royal family, giving intimate insights into their lives and minds. Here is her sadness at the death of her nanny, Alah; her joy in her children; her melancholy as a young wife when Philip returns to his ship; the sensitivities of her father. Here too is the Princess with the aristocratic Bowes Lyons, her mother's family, who featured significantly in her life, yet rarely appear in books. The author sheds new light on anomalies surrounding the birth of her mother who, it has been asserted, was the daughter of the family's cook. The strain of wartime on the royal family is highlighted in new material contrasting the stance of the Princess's uncles, the Duke of Windsor and David Bowes Lyon. In contrast with her upbringing, Philip's early life was turbulent, although their lives shared some interesting parallels. Lady Butter, a relation of Philip and friend of the Princess, recalls time spent with each of them; and unpublished documents show how intelligence agencies considered the socialist influence of the Mountbattens on Philip and thus on the royal court. More importantly, Princess traces how an "ordinary country girl" suddenly found herself in the line of succession to the crown at age ten when her Uncle, the Duke of Windsor, abdicated the throne to his brother Albert ("Bertie" to family and friends), the once and future King George VI. Breaking new ground for a future English monarch, she became the first female member of the royal family to serve on active duty during World War II, and broke tradition by sending her children away to school rather having them privately tutored. Indeed, by the time of her coronation in 1953, she had already achieved a "broad and solid background from which she could draw during the rapidly changing times of her long reign. Out of a little princess they made a Queen."

In celebration of Queen Elizabeth II's diamond jubilee, the author of Monarchy: The Royal Family at Work offers the fascinating inside story of the long-lasting queen and her achievements.

Queen Elizabeth II and the Royal Family is a magnificent tribute to the life and reign of Queen Elizabeth II and a celebration of the British royal family, from the first English kings through the birth of the queen's second grandchild to Prince William and Kate, the Duchess of Cambridge. Highly illustrated with photographs and timelines throughout, Queen Elizabeth II and the Royal Family tells the story of the House of Windsor, and includes events such as the royal wedding of Prince William and Kate Middleton and profiles on key people such as Princess Diana and Prince Harry. Graphics illuminate details of the queen's personal and private life, vivid photographs highlight important events, special features showcase the royal residences, and timelines untangle the complete history of the kings and queens of England and Scotland, tracing the line of succession to the throne. This gorgeous book is the most complete visual history of Britain's most enduring icon, Queen Elizabeth II, and the royal family.

Royalty Inc.: Britain's Best-Known Brand (Large Print 16pt)

This electronic version has been made available under a Creative Commons (BY-NC-ND) open access license. Moving images of the British monarchy are almost as old as the moving image itself, dating back to an 1895 American drama, The Execution of Mary Queen of Scots. And from 1896, actual British monarchs appeared in the new 'animated photography', led by Queen Victoria. Half a century later the 1953 coronation of Elizabeth II was a milestone in the adoption of television, watched by 20 million Britons and 100 million Nort Princess Diana's funeral was viewed by 2.5 billion worldwide. In the first book length examination of film and television representations of this enduring institution, distinguished scholars of media and political history analyze the screen representations of royalty from Henry VIII to 'William and Kate'. Seventeen essays by Ian Christie, Elisabeth Bronfen, Andrew Higson, Karen Lury, Glynn Davies, Jane Landman and other international commentators examine the portrayal of royalty in the 'actuality' picture, the early extended feature, amate Commonwealth documentary, New Queer Cinema, TV current affairs, the big screen ceremonial and the post-historical boxed set. A long overdue contribution to film and television studies, this book will be essential reading for scholars and students of British media and political history.

Her MajestyThe Court of Queen Elizabeth II

A new biography of Queen Elizabeth II, focusing on her early life, with new research and insights.

From the authors of An Infamous Mistress: "The tale of two juicy 19th-century scandals, both concerning the aristocratic Cavendish-Bentinck family" (Cheshire Life). Almost two books in one, A Right Royal Scandal recounts the fascinating history of the irregular love matches contracted by two successive generations of the Cavendish-Bentinck family, ancestors of the British royal family. The first part of this intriguing book looks at the scandal that erupted in Regency London, just months after the Battle of Waterloo, when the widowed L Duke of Wellington's married niece. Over two decades later and while at Oxford University, Lord Charles' eldest son fell in love with a beautiful Romany girl, and secretly married her. When his alliance was discovered, he was cast adrift by his family—with devastating consequences. A love story as well as a brilliantly researched historical biography, this is a continuation of Joanne Major and Sarah Murden's first biography, An Infamous Mistress, about the eighteenth-century courtesan Grace Dalrymple Elliott, whose daughter was the f book ends by showing how, if not for a young gypsy and her tragic life, the British monarchy would look very different today. "An easy read of a subject that keeps you engrossed from start to finish. This book is brilliant for those who enjoy the scandals of historical television, with the added authenticity of historical fact." —History of Royals "The plots may seem to come straight out of the world of Regency Romance but they are all true, and carefully annotated and verified by Major and Murden." —Naomi Clifford, author of The Murder o
