

Raiden's Choice (A Ravens MC Novel Book 1)

Lily wakes up alone and afraid in the middle of the forest. Unaware of how she got there, a familiar voice whispers into her ear. "I need you to let me into your mind and into your thoughts. I need you to let me in completely." When worlds are turned upside down, many lives are affected. Dreams can shatter in an instant and hope will not last forever. "I can give you everything you want and more. I will be the magic story you've been told." When a creature of the dark comes, bearing a message, will love be able to last a lifetime or will the cracks of doubt force the last bit of air from Lily's lungs. "Only two more years and you will be mine forever." He smiles down at her lovingly. "Now go, you shouldn't get separated from the group." He hugs her one last time before ushering her into the forest. "I will meet you here again tomorrow." What would you be willing to give up for the one you love? This book can be classified as a fast-paced romantic thriller, based on a world where werewolves and other strange entities live secretly amongst us.

Ash's life is anything but normal these days. Having unlocked his Dantian, he's grown in power. Grown to the point where he has others that depend on him for that power. In this world of martial arts, only the strong and the ruthless survive. Everyone else is merely a stepping stone on their path of Cultivation, or an obstacle to be overcome. Or knocked down. A world where the strong rule, and the weak die. Utilizing the Hall, the voice in his head that calls itself Locke, and all the powers available to him, Ash has begun his own journey of Cultivation. Except that as a Fated One, his journey is a narrow and winding path between two cosmic forces. Each one vying for dominance. And that has nothing to do with what Locke has planned for him. This is his second step in his life as a Cultivator. Overcoming his first tribulation, and solidifying his Dantian. This is a VeilVerse novel. Warning and minor spoiler: This novel contains graphic violence, undefined relationships/a full harem, unconventional opinions/beliefs, and a hero who is tactful as a dog at a cat show. Read at your own risk.

Video games are a complex medium that merits careful interpretation and insightful analysis

I've learned that sometimes club family can betray you deeper than anyone. Now that I know the truth...who can I trust? The woman who has saved my ass time and again or my own flesh and blood who wants me to help him bring down the very club I've been calling my family? Can I betray the Rykers knowing they turned their backs on me once? I call myself loyal...but that's not loyalty. I have a choice to make. Family or blood. "Savages. That's exactly what we are. It's what I am." *Lincoln's Choice is book two in the Ravens MC series. It references characters and events from Raiden's Choice (A Ravens MC Novel: Book One) but can be read as a standalone novel. The darkest hour approaches... To recover the final fragment of the Sword of Life, you are forced to make an uneasy alliance with the exiled prince who seeks its twin, the Sword of Death. The next phase of your quest takes you through the alleyways of the city of Crescentium, where assassins lurk in the shadows and fanatic crusaders are vigilant to mete out punishment to any who break their harsh laws. But mortal foes are not your greatest threat. You must embark on a ship that voyages between worlds, face jinn and fire wizards, and contend against the still-powerful remnants of forgotten gods. In this land of sorcery, you will encounter terrors and wonders more fabulous than you have ever

imagined - until your ultimate destination, the very shores of Life and Death, where you come face to face with your greatest foe. Blood Sword can be played either solo or in a team of up to four people, providing the most exciting challenge yet in fantasy adventures, combining the best of role-playing, novels and tabletop games. What reviewers say: "A lush and gorgeous campaign, one of the best I've played..." "Without exaggeration, the finest entry in the best 'ongoing story' gamebook series ever crafted..." "A grand adventure. Ends on an absolutely awesome cliffhanger that leaves you just gasping to read the fourth book in the series..."
