òBoys are emotionally illiterate and don't want intimate friendships.ó In this empirically grounded challenge to our stereotypes about boys and men, Niobe Way reveals the intense intimacy among teenage boys especially during early and middle adolescence. Boys not only share their deepest secrets and feelings with their closest male friends, they claim that without them they

would go **Ó** Yet as boys become men, they become distrustful, lose these friendships, and feel isolated and alone. Drawing from hundreds of interviews conducted throughout adolescence with black, Latino, white, and Asian American boys, **Deep Secrets** reveals the ways in which we have been telling ourselves a false story about boys, friendships, and human nature. **Boys** descriptions of their male friendships sound more like something out of **Love Story** than **Lord of the Flies**. **Ó** Yet in late adolescence, boys feel they have to **Ó**man up **Ó** by becoming stoic and independent. **Vulnerable**

emotions and intimate friendships are for girls and gay men. "No homo" becomes their mantra.

Rather than a "boy crisis," Way argues that boys are experiencing a "crisis of connection" because they live in a culture where human needs and capacities are given a sex (female) and a sexuality (gay), and thus discouraged for those who are neither. Way argues that the solution lies with exposing the inaccuracies of our gender stereotypes and fostering these critical relationships and

While there are many definitions of Kabbalah, this volume focuses on the discrete body of literature which developed between the twelfth and seventeenth centuries. The basis for most of this kabbalistic literature is the concept of the ten sefirot, the complex schema depicting the divine persona, and speculation about the inner life of God. It maintains the conviction that all human action reverberates in the world of the sefirot, and thus influences the life of divinity. Proper action helps to restore harmony and unity to the world of God, while improper action reinforces the breach within God brought about originally*

*compassionate men Over the past two decades there has been an explosion of new studies that have expanded our knowledge of how boys think and feel. In How to Raise a Boy, psychologist Michael Reichert draws on his decades of research to challenge age-old conventions about how boys become men. Reichert explains how the paradigms about boys needing to be stoic and "man like" can actually cause them to shut down, leading to anger, isolation, and disrespectful or even destructive behaviors. The key to changing the culture lies in how parents, educators, and mentors help boys develop socially and emotionally. Reichert offers readers step-by-step guidance in doing just this by: • Listening and observing, without*

New York Times contributor Kate Stone Lombardi unveils the surprisingly close relationship between mothers and sons. Mother after mother confessed to Lombardi that her husband, brothers, and even female friends and family criticize the fact that she is "too close" to her sons. Many of these women are often startled by the strong connection they feel with their sons; but rarely do they talk about it because society tells them to push their little boys away and not "baby" them with too much cuddling and comforting. It is as if there were an existing playbook-based on gender preconceptions dating back to Freud,*

Lombardi's much-needed narrative is the first and only book to share truly revealing interviews with mothers who have close relationships with their sons, as well as interviews with these women's sons and husbands. Lombardi persuasively argues that the rise of the new male-one who is more emotionally intelligent and more sensitive without being less "manly"-is directly attributable to women who are rejecting the "mama's boy" taboo. Highlighting new scientific studies, The Mama's Boy Myth begins a fresh story-one that will be welcomed by mothers, fathers, and sons alike. The child from twelve to twenty-four*

Michelle Baker comes to the border town of Brownsville, Texas with her family. Left alone to watch the house while her parents are in Mexico, she begins to feel a great sense of isolation in a place where she has no friends or relatives, no one to call on, and more importantly, no one to notice if she should be missing . In September, she begins the fall at college. Being new to the area and alien to the culture which is 90% Hispanic, she's reluctant to make friends until she meets Raul. His crisp, unaccented English and cool manner attract her at first, quickly developing into kindred feelings as

Raul shares many secrets. Michelle has a natural gift for being able to communicate with the spirit world, and reveals this to Raul in their initial conversation. In return Raul unveils to Michelle that he believes himself to be a werewolf. Michelle passes off his werewolf' story as eccentricity, as well as some sort of morbidity having to do with the death of his father, in which he recites his grief about continuously throughout his phrases. Later that evening, Raul invites her to The Blue House, the place where his father died. Carelessly leaving with him that night, Michelle finds herself in a fearful situation: Raul drives her to the country side of Brownsville, to the small community of San Pedro where the run down farm house stands in the

Once inside the house, Michelle finds herself amidst unworldly memories of living there. She feels an instant connection to the house as one would feel to someone they'd once known, even though she'd just arrived. Raul drugs and seduces her, delivering a painful bite. She begins to fear him and really feel that he is a werewolf. He fills her head with his lycanthropic desires and ideas, intensifying her fears. It isn't long before Michelle begins to have nightmares that she, too, is a werewolf. The feelings of familiarity with the blue house become more intense, and when Michelle goes

He begins dark rituals of magic to try and end Michelle's life, and when black magic fails, he literally tries to kill her on several foiled attempts. To Raul's dismay, Michelle has an eye for his friend who'd broken up his former relationship, and soon after she turns away from him, Michelle begins seeing Cecilio, further fueling an already raging fire of hate.
