Walk the streets of Istanbul and you'll see a city of wonderful contradictions: step out of a stylish modern bar and you're likely to turn a corner and find lamb kebabs roasting over coals on a tiny food cart, in the shadow of towering minarets. This fascinating place, where East meets West and Europe borders Asia, inspired Rebecca Seal and Steven Joyce to create Istanbul, a food tour of the city. From simple meze dishes to fragrant Ottoman-era stews, this book is full of delicious recipes – try roasted aubergines stuffed with spiced lamb, crunchy fennel salad with radishes and sumac, or chicken with almonds and apricots, and be transported to the kitchens of Istanbul. Set against the backdrop of Steven Joyce’s stunning food and travel photography, Istanbul is a colourful and exciting gastronomical jaunt around one of the world’s most fascinating cities.

Riso & risotti

First published in 1891, Pellegrino Artusi's La scienza in cucina e l'arte di mangiar bene has come to be recognized as the most significant Italian cookbook of modern times. It was reprinted thirteen times and had sold more than 52,000 copies in the years before Artusi's death in 1910, with the number of recipes growing from 475 to 730. And while this figure has not changed, the book has consistently remained in print. Although Artusi was himself of the upper classes and it was doubtful he had ever touched a kitchen utensil or lit a fire under a pot, he wrote the book not for professional chefs, as was the nineteenth-century custom, but for middle-class family cooks: housewives and their domestic helpers. His tone is that of a friendly advisor – humorous and nonchalant. He indulges in witty anecdotes about many of the recipes, describing his experiences and the historical relevance of particular dishes. Artusi's masterpiece is not merely a popular cookbook; it is a landmark work in Italian culture. This English edition (first published by Marsilio Publishers in 1997) features a delightful introduction by Luigi Ballerini that traces the fascinating history of the book and explains its importance in the context of Italian history and politics. The illustrations are by the noted Italian artist Giuliano Della Casa.
